ADVERTISE.—This is the season of the year, when our merchants will find it to their advantage to bring their business more particularly to the notice of the country dealers and farmers. The latter are now disposing of their surplus crop and stock and soon, with good sleighing, will be coming to our towns to purchase their holiday goods and winter supplies, and the merchants will be sure of a good and steady demand for whatever they have to sell. Judicious advertising in the local newspapers will be found to assist trade at this season very materially. Now-a-days, people want to know what the merchants has to sell, THE REVIEW office is a medium for reaching a large number of people in town and country.

DOES IT PAY?

We are often asked if it pays to spend the money and time we do advertising in so many papers.

Our answer is YES. Every mail brings us requests for samples and orders from samples sent out a few days before.

To make advertising successful there must be something more than mere newspaper statements. Unless backed up by honest service no business can hope to gain the confidence at home or abroad.

We make no statements that are in any way misleading, and our motto "The Truth About Each Article Sold" is carried out to the letter. Everything exactly as advertised is the solid foundation of this business.

We are told that no other house gives anything like the attention to out-of-town orders that we do; nor do the samples sent out compare favorably with ours.

The "proof of the pudding, &c." and that's why we are anxious to have you try our splendid mail system.

This week we mention two of our leading departments that have a provincial-wide reputation.

Dress Stuffs and Mantle Cloths.

The samples of these sent out are so generous in size that you can make selections from them just as well as if buying from the pieces.

Fancy Dress Stuffs, from 35c. to \$1.10 a yd.
Mantle Cloths, from 25c. to \$2.50 a yd.

including the Blanket Cloths in Black, Navy and Red, at \$1.40 a yard—54 inches—very popular for misses' and children's storm coats.

Write for samples now while stock is complete.

We prepay expressage on all purchases of \$5.00 and upwards.

SOUTH BRANCH NOTES.

Nov. 22 1897.—In looking over THE REVIEW, I noticed there has been no notes from South Branch for a long time, I am beginning to think the people around hear are a little slow about writing, but I suppose dull times make dull people.

I note that a good many of our young men have been making preparations, and are leaving the Branch for the lumber woods. I presume that they will be greatly missed especially by some of the fair sex, as Jimmie intends taking the gray horse with him.

The thrashing mills are very numerous in this section the grain crop is coming out a very good yield, after such poor prospects in the early part of the season.

We are pleased to hear that Miss Jessie Mitchell of South Branch and Miss Etta Warren late of Boston, but formerly of East Branch, have removed to Kingston, and have opened dress making rooms in Mrs. Burke's house, we wish them every success in their undertaking.

We are pleased to hear that Martin Welsh of East Branch who has been very ill, is rapidly recovering.

Miss Flora Livingston has been visiting friends in South Branch.

I understand Miss Warren does her cutting by the Milford Beauty System, one of the latest and best dress cutting systems out.

We hope to hear more from the South Branch Readers.

A PROPOSAL TO TAKE 300 YOUNG WOMEN TO THE GOLD FIELDS.

AUBURN, N. Y., Nov. 18.—Charles Carrington, of Seattle, Wash., has created no little stir among the young women of Auburn during the last week. Carrington announced his business here to be the selection of two hundred or three hundred healthy women whom he proposes to take to Alaska in the spring for the purpose of equalizing the disparity between the male and the female population that it is supposed that will exist in the gold regions next season. The matrimonial agent is an ex-miner, and proposes to pay the expenses of the party, getting his remuneration out of the sums that will be paid for wives on his arrival. "It is a perfectly legitimate business," said he, "and I consider myself a benefactor. There are thousands of young women in the East who are unable to find husbands in their own communities, and would gladly avail themselves of this opportunity if they could be certain of getting good partners for life. None but actual miners who are not afraid to work, and who have cleaned up a good lot of pay dirt will have a chance to get any of these girls.

"I am making a careful selection of good, respectable young women, and every one of them will be worth her weight in gold. I think a girl is foolish who would object to a husband on those terms. I have had a good many applications, and the only thing they object to is being auctioned off."

Eleven young women were signed during the man's stay in Auburn, and he has now gone to Utica to enlist some more.

HEAD A MASS OF SCABS

COULDN'T GO NEAR THE STOVE.

Treated by Different Doctors.

CURED BY DR. CHASE.

The most intractable and distressing skin diseases which defy all manner of treatment—even the best medical skill—are readily cured by Dr. Chase's Ointment. MRS. JOS. QUERN, hotelkeeper's wife, at Ethel, Ont., was troubled with Eczema of the Head and Face for about 9 years, and was so bad at times she could not go near the hot stove to do her cooking. Her head was one mass of scabs, and although she treated with doctors it kept getting worse. On hearing of Dr. Chase's Ointment, she got some, and was delighted to find the first application do her good. She used two more boxes of her good. She is now free from disease, can do her own cooking, and would not begrudge \$200 for the good it has done her.
