THE CANADIAN OUTLOOK

The trend of recent events seems to justify the expectation that the Dominion is about to enter upon a period of increased prosperity and progress. The position assigned to Canada during the Jubilee celebration as the premier colony of the Empire, and the attention that has thereby been the late Artemas Ward, "This is -called to it, especially in the Brit- a goak." ish Isles, and the potent influence that the Dominion is shown now to exert in the councils of the Imperial Government in matters of diplomacy and negotiation with the neighbouring republic, have all tended to give Canada an importance much greater than it has | years and a half, left yesterday for Buchitherto enjoyed in the estimation of emigrants from Great Britain and the European continent, while the rich gold discoveries in British Columbia and the Klondyke will prove a special attraction to those who are seeking new homes on

this side of the Atlantic. It is expected that next spring will witness a great increase in the learned that you purpose leaving Moncton number of immigrants to our shore, who will go to people our great West. If the policy now being entered upon by the Domin- you before you leave that we appreciate ion Government looking to the development of trade from Maritime ports, and increased railroad accommodation is steadfastly and in helping him to fulfill the duties incumenergetically pursued, business in the Eastern provinces must also receive an impetus, and we will share in the general prosperity. In view of all the circumstances the time seems opportune for a general and united effort to be made by all true Canadians independent of party politics to assist we ask you to accept this small token of as far as possible in giving effect to the policy of trade development which the government has apparently resolved to pursue. The best men of both parties can well unite on this common ground, while the great body of the independent electorate which is not particularly interested in the success or failure of political leaders, will no doubt heartily approve of all proper efforts on the part of the Executive looking to increased trade and the general prosperity of the people. There has been possibly in the past too much bickering over questions of mere party politics or party policy. What we should particularly desire is, that if possible, Canada as a whole shall be able to take advantage of the special opportunities now offering for the development of her great resources, and that the revenue of the country shall be honestly and judiciously expended. If this is done, questions of Free Trade and Protection and kindred party shibboleths can without any serious disadvantage be disregarded for the pres-

caused by the death or resignation of the late members, for Drummond and Arthabaska, for Rimouski and for Temiscouta. The writs have been issued and the elections will be held simultaneously. Nomination is to take place on November 6th, and polling on November 13th in all three constituencies.

This procedure by the Dominion Government is in a line with a correct interpretation of the election law, and is much more commendable than the practice that has hitherto frequently been pursued of bringing such by-elections on at different dates,—the first therefore no grand jury summoned. being held in a constituency in which the administration is supposed to be strong with the hope and expectation of manufacturing for plff., Wm. Rev. Donat LeBlanc, who has been acting as assistant to Rev. H. A. Meahan, in St. Bernard's church for the last two touche where he has been sent by the bishop to act as vicar for Rev. Father Michaud. On Wednesday night a number of parishioners, learning of his intended departure, assembled in the C. M. B. A. hall, where an address and purse were presented to him. The address, which was as follows, was read by Mr. Onesime LeBlanc, while the presentation was made is now before the Court. This is an by Mr. Amie P. Bourque :-

"REVEREND AND DEAR SIR: Having to take up your residence in another parish, we are here assembled this evening to express to you the sorrow that such a change has caused us. We wish to show the good that you have done among us and at the same time to thank you for the services you have rendered us as well as our reverend pastor, Rev. H. A. Meahan, bent in a parish as large as this.

We do not wish to let you depart from Moncton with out expressing our sentiments of regret and showing you that the seed you have sown has not fallen on barren soil, but that your so journ among us will always be regarded as one of our happiest rememberances. We then beg of you when in your field of labor not to forget us and before saying good bye to you our gratitude.

Signed on behalf of the parishioners." Rev. Father LeBlanc replied in a brief but appropriate manner. He said he did not feel that personally he deserved any thanks for what he had done while in Moncton, but as a clergyman he had tried to do his duty and accepted the gift as coming to him as a minister of the gospel more than a man. He would always look back to his stay in Moncton as among the most pleasant and happiest of his life and he would never forget the people of this

THE ST. JOHN MURDER.

St. John, Oct. 23.—During the course of Walsh's examination in St. John yesterday, Chief Clark and Capt. Jenkins gave evidence as to a conversation they had with Walsh after his arrest. Mr. Morrill objected to this evidence, but it was allowed. Chief Clark said to Walsh, "We have come to see you about this affair between you and Meahan, but you needn't say anything unless you like." Walsh made answer "We were all up on Glenn's hill. Rooney had left and I was pegging rocks at an oyster can. Meehau was coming along the road and the stone struck him. He fell, and I ran to him and said.

ran away and left him lying there and did not call any rssistance." The captain said he asked Walsh about his hat, and he told him he wore a soft felt one with a brass affair at the top. He also said he had no falling out with Walsh

I had had a pain in my side, so bad that I had to give up work. I give my side a good bathing with your Liniment and it gave me immediate relief, so that in twenty

minutes I was able to go about my work. Mrs. A. Hamilton, Brookfield, writes:- Dear Sir, I cannot speak too highly of your excellent Liniment. There was a lump growing on the inside of my eye for nearly two years; it grew as large as the end of my finger. I tried to drive it a way with iodine, to no purpose; the doctor said that their were no remedy but to cut it out. I told him that was the last alternative, as it would destory my eye. I than tried the British Liniment; after applping it one month the lump entirely disappeared, so my eye is as well as ever. I have found it to surpass anything for cramps and diarrhoea

Captain Bishop, Hopewell, writes: -- Dear Sir, I have suffered with a constant pain in my breast day and night for nine month. I tried every Liniment 1 could get, to no purpose. By three applications it was perfectly cured.
