DIED SUDDENLY.—The Rev. Father Michaud, pastor of Buctouche, received a telegram from his cousin, Bishop Michaud of Burlington, Vermont, on last Sunday, that the very Rev. Father Lynch, Vicar General of the Diocese of Burlington, who accompanied his Bishop to Buctouche to assist at the dedication of the church, died suddenly on Sunday last. Father Lynch was about 66 years old, and seemed to be in good health at his last visit to Buctouche.—Transcript.

HIGH SCHOOL CERTIFICATES.—On Monday afternoon High School Certificates were presented to the following successful candidates: Ernest Stevenson, Annie Finigan, Rinda Shaddick, Agnes Cochran, Fannie Jardine, Margaret Richard, Gladys Hudson and Nellie Stewart. Speeches were made by Rev. W. Lawson Rev. H. A. Meek, Robert Hutchinson Esq., Fred S. Sayre Esq., Trustee, and W. Arthur Cowperthwaite, the former principal and by the present head-master. All urged the necessity of faithful attendance at school of earnest attention to all school duties as a basis of future success. The hearty co-operation of the parents was emphatically urged that the best results might be attained. Several ladies showed their interest in the school by their presence. It is to be desired that parents should visit the school frequently as an encouragement to teachers and pupils.

COWPERTHWAITHE-SAYRE.—An interesting event took place at the residence of Charles J. Sayre, Esq., yesterday morning, when his second daughter, Miss Emily, was united in matrimony with Mr. W. A. Cowperthwaite, M. A. The nuptial knot was tied by the Church of England Rector, the Rev. H. A. Meek, in the presence of a number of friends at 9 o'clock after which luncheon was partaken of and amid hearty congratulations and showers of good wishes the happy couple took the train, amid showers of rice and paper, for their future home at Easton, Md., (being accompanied by a few friends to Kent Jct.) where Mr. Cowperthwaite has been engaged to take charge of the teaching staff of the "Naval Academy." They will visit Boston, New York and Philadelphia on the way, reaching Easton on or about Sept. 20th. Miss Sayre will be much missed by her many friends with whom she was very popular, especially in the church of which she was a member and willing worker. Her sweet alto voice will be missed in the church choir of which she was a member for some years. Mr. Cowperthwaite was principal of our schools here for three years, which position he resigned to take a course at "Harvard" from which he graduated with the degree of M. A. The Bride was attired in a most becoming and natty traveling suit of purple cloth, with white hat and purple trimming, and looked charming (so say the ladies.) The many handsome and useful presents presented to the Bride and Groom, attest to the warm place they each had won in their friends hearts, and they no doubt will ever cherish a warm and loving feeling for all the friends they now bid farewell to, when making new friends in a new and strange land. THE REVIEW extends hearty congratulations and joins with the members in best wishes for the future welfare and prosperity of the young couple. *Bon voyage, Artie.*

Doctors said Incurable

But the Notary, Mr. Lemire, was cured of Kidney Disease in two months by Dr. Chase's Kidney-Liver Pills.

It is only when thoroughly convinced of the superior merit of a remedy that public men will give their sanction. Mr. E. H. Lemire, Notary Public, 1692 Notre Dame Street, Montreal, tells of his remarkable recovery from a severe attack of kidney disease. When doctors had failed, Dr. Chase's Kidney-Liver Pills saved his life. He writes: "I give this statement, first because it is only just that the merit of Dr. Chase's Kidney-Liver Pills should be made known, and again in order that others may profit by my experience. For years I suffered with kidney disease which doctors pronounced incurable. Thanks to Dr. Chase's Kidney-Liver Pills which I have used for two months, I am completely cured. They helped me from the first, and the cure is now perfect." Dr. Chase's Kidney-Liver Pills act directly on the kidneys, and through their combined influence on the kidneys and liver, cure the most complicated diseases of these delicate organs. Word comes from Woodstock that Chas. L. Smith has resigned his seat in the legislature, to accept the postmastership of that town, the government having dispensed with the services of Col. Vince who insisted on practicing law besides running the post office. The government, it is understood, gave Col. Vince the opportunity of choosing to serve the public or his own private interests, and having declined to retire from law, he is given the chance to give his profession all his time. This was a very reasonable position for the government to take, and will meet with general approbation.—Fredericton Herald.
