A FARM IDYL.

THE OLD MAN DID.

Who built them splendid buildin's
Where grain and hay are hid?
Who built that noble pig-pen?
The old man did!

Who built them bull-proof fences,
The glowing fields amid?
Who cleared that cedar slashing?
The old man did!

Who slew the deadly mustard
In happy spring crops hid?
Who thrashed the rowdy ragweed?
The old man did!

Who built that splendid mansion
No mortgage for a lid?
Who planted all the orchard?
The old man did!

He did it with affection,
It was his joy and pride;
And when his work was finished
The old man did!

THE YOUNG MAN DID.

Who let the homestead crumble,
The lilac trees amid?
Who wrecked the old verandah?
The young man did!

Who let the caterpillar,
With tents come in unbid,
To spoil the splendid orchard?
The young man did!

The noble big barn building,
From its foundations slid,
Who let it go to ruin?
The young man did!

Who let the rascal ragweed,
The fertile fields amid?
Destroy the wholesome clover?
The young man did!

Who with an awful mortgage
The noble acres hid?
Who destroyed the sugar bush?
The young man did!

The farm is lying yonder,
You know he isn't there;
He's keepin' tavern somewheres,
I really can't tell where.

FOURTEENTH ANNUAL SESSION.

OF KENT COUNTY SUNDAY SCHOOL CONVENTION; METHODIST CHURCH, BUCTOUCHE, SEPT. 19TH, 1899.

First session opened at 2 p. m. Rev. R. G. Vans, in the absence of Rev. D. Fraser, led the prayer and praise service, which was one of sweet communion.

President Davis took the chair and proceeded to nominate committees. Credential Committee, Revs. R. G. Vans, C. H. Manaton and W. R. Robinson.

Credential Committee reported and on motion the report was received as partial and committee allowed to sit again.

The Committee on Resolutions was appointed as follows:— Donald Misheau, Miss Louise McKee, Mrs. I. Carter.

Nominating Committee, Rev. D. B. Bayley, Miss Humphrey, Mrs. DeOloqui, Mrs. Gordon, Mrs. Manaton, Rev. H. A. Meek, Mrs. Lawson and Mrs. Robertson.

Rev. C. H. Manaton gave a pleasant welcome from the trustees of the church, the pastor and people of Buctouche to the Convention, to the church and the homes of the people. He welcomed also in the name of the children to bring whom to Jesus was the great aim of the Sunday school. Best of all he welcomed in the name of his Lord and Master.

The elements of all true service and success were, he held, to be self-surrender and sacrifice. The only true life was the life for others. He urged faith in God and the work and the sense of the dignity and importance of co-working with God. Rev. Mr. Vans added very appropriate remarks. He paid compliments, not only

Fishermen's Pride.

That is the brand of FLOUR and TEA that is giving our customers such great satisfaction. Everybody is praising them. When you are in need of another pound of Tea or barrel of Flour, be sure you get "FISHERMEN'S PRIDE."

DRY GOODS! DRY GOODS!! DRY GOODS!!!

We have just received a large stock of new goods including Underwear, Top Shirts, Flannel, Homespun, Canadian Tweeds, Blankets, Legging Hose, etc., etc., etc.

We would like to have you call and examine these goods and compare prices. No trouble to show goods.

to County but to parish Conventions. He urged fidelity in the work amid all the discouragements being sure God would give His reward.

Miss Vans read a most admirable and inspiring paper on the Need and Importance of Primary work. Primary work is the only true foundation and demands the best devotion, love and ability. The child's soul is worth more than the body, and should have the greater attention. The difficulties of the work were defined and the advantages of black boards and separate class rooms, or screened corners. An earnest and profitable discussion of this paper followed by President Davis, W. Lawson, C. H. Manaton and Mrs. Manaton.

On motion of Rev. W. Lawson seconded by Rev. C. H. Manaton and by unanimous vote of the Convention the paper of Miss Vans was ordered to be published. Hymn, "Work to do for Jesus" at the suggestion was sung by Rev. D. B. Bayley, making the Convention feel at home. Mr. Bayley then gave an able address on "Christ the Sunday school Teacher's model. Jesus was fully prepared for His work, and prepared in the only way all eminent workers are prepared, by a long and patient course of training in ordinary life by ordinary methods. The teaching of Jesus was backed by the purity of His life. He lived as he taught the righteousness of God.

Jesus was thoroughly devoted to His work. Jesus was a mighty man of prayer. Jesus never claimed His rights to any position. He as king of all worlds and men relinquished all—even His life to save others. All these points were enlarged and applied to the Sunday school teachers' work and all urged to copy Him. Jesus uttered His greatest truths in obscure places and to small numbers. He did it all under the power of the Divine Spirit. This admirable address was spoken to by President Davis, Revs. W. R. Robinson and W. Lawson.

The strong and weak points of a Sunday school were dealt with by Wm. Lawson, Mrs. Campbell, Mr. Vans and Mr. Manaton, President Davis and W. R. Robinson. Second Session opened at 7:30 by a praise and prayer service led by Rev. D. B. Bayley. The meeting was marked by the presence and blessing of God. Brethren and sisters alike took part in prayer and testimony most freely.

Minutes of previous session read and approved. Rev. H. A. Meek delivered a profitable address on Seeking Spiritual Results. The first point was our material and our responsibility. We have our duty to perform in living in faithful and trustful obedience to God. Responsibility is three fold to God, to the children and to ourselves. Soul is the material. How is it to be used to the best advantage? Make your scholars realize Jesus is really interested in them. This is best done by our deep, intense interest in them.

The second point is the Equipment. It is from God by His Holy Spirit. The presence and power of the Holy one Jesus were insisted on as absolutely essential in seeking Spiritual results. Prayer is a

great force in our work. County Secretary seconded the spiritual address of Mr. Meek.

Rev. Mr. Lucas addressed the Convention on Provincial work and its Methods. When God would do a work He generally moves one man then others. Lazy and indifferent men are awakened and aroused and take it up and the world has a movement. Thus it is with the Sunday school movement. It is of God and based on divine principles. The underlying principles of Provincial Sunday school work are:—

1 Organization. So highly important in every department of work, and relations of work.

2 Education. This used to apply merely to day school or college work, but now applied to the preparatory training in Normal and Primary departments.

3 Evangelization. This used to apply chiefly to foreign missions now under this movement is as applicable to home, church and Sunday school.

4 Co-operation. All in Christ find their point of divine contact and unity in this grand work.

Methods as necessary as principles, they being:—

- 1 Conventions. All doing a grand work.
- 2 Institutes.
- 4 Home Department.
- 5 Visitation.
- 6 Literature.

The field was then discussed.

- 1 The World.
- 2 The Continent.
- 3 The Province.
- 4 The County.
- 5 Parish.
- 6 School.
- 7 Home.
- 8 Individual.

The convention listened with as much profit as pleasure to the enlargement and application of these principles and methods.

Rev. Mr. Vans sang a solo, "When the Mists have Rolled Away," with powerful effect, Convention joining in chorus.

Offering and questions being taken, Rev. Mr. Lucas answered them satisfactorily.

The following telegram was read and the secretary requested to send a reply on behalf of Convention:—

To Sunday School Convention, Buctouche, N. B.

Harcourt, N. B.

Greeting though not present with you, you have our heart felt sympathy and prayers that God may bless you in every session.

A DUNN,
J. B. HUMPHREY.

Sept. 19th, '99.

The answers to the questions were very profitable. Meeting closed with the Benediction by Rev. D. B. Bayley.

THIRD SESSION.

Minutes of the third Session opened at 9:30 a. m. Rev. A. Lucas leading the praise service in the absence of Rev. Wm. Townsend. Mr. Lucas also gave a brief Bible lesson on John X chapter and Ezekiel 34 chapter. President Davis then took the chair.

Minutes of previous session read and

approved.

The Secretary of the Credential committee requested time to complete report as more Delegates would come.

Rev. A. Lucas read a letter from Mr. G. S. Simms, St. John Chairman of the Provincial Executive which Convention accepted and a motion of its various points discussed. On motion Rev. R. G. Vans, President Davis and the Secretary be a Committee to answer the letter of Mr. Simms. Mrs. W. Lawson, on motion was appointed canvasser in the Convention for the "Sunday School Advocate."

"In the Harvest field" was sung and President Davis was requested to read his paper on "The greatest Need of our Sunday schools." Mr. Davis showed the variety of views which obtained in regard to this question. His own conviction was the Sunday school's greatest need is the Holy Spirit.

1 The gift of the Holy Spirit is the study and teaching of the Word.

2 Unity of mind was the ground on which the blessing came to the waiting disciples. The same is the case now.

3 Spiritual light is the only true light for the student and teacher. Power differs from strength. Influence differs from power. A giant may have strength like Goliath or R. G. Ingersoll, but David the stripping, and a spiritual minded student and teacher, have power. A very solemn consideration was given to this subject by Rev. R. G. Vans, H. A. Meek, Mrs. Lawson and W. R. Robinson.

The Secretary read executive report and after fullest discussion was on motion adopted. Secretary also read his report:

Gratitude to God is my first note! Not one of our County or parish officers to my knowledge, has been called up higher during the year. We could not be expected to speak in regard to the rank and file of our fellow-workers, some of whom doubtless, have "Entered into rest." Their sorrowing friends, I scarcely need say, have the warmest sympathy, and earnest prayers that, the consolations and succours of the all-gracious and all-mighty One, may ever abound unto them! May the going away of our comrades incite us to greater diligence, more ardent zeal, and stricter fidelity in our glorious work!

From the reports of schools which have reached me:

1. The encouraging number of scholars who have been converted, or are members of the church. This is our supreme end and joy, as well the life and hope of the Church.

2. The creditable number of "Evergreen" schools in both country and town. But while we congratulate some on the devotion and energy thus displayed, and assure them of a return; we would affectionately urge others "Go and do likewise!"

3. The establishment of several Normal classes in a strict sense; as well some which, though they may not properly be called such are looking in that direction, and will, we venture to hope, develop into real Normal classes.

4. Regular Teachers' Meetings should be far more numerous than reported in order to attain, or maintain the high standard of efficiency in teachers, so necessary for the fullest possible success in their great work.

5. I would suggest monthly prayer meetings in the schools on the first or last Sabbath of each month, and once a quarter on the week night services. Let the Sabbath and week night meeting for this purpose be as fixed as it can be, so that it may be regularly anticipated, and prepared for by teachers and scholars.

6. I regret the financial returns from some schools have been so small compared to their means, and more so that some have made no returns at all in this respect. It is important that Parish officers ever keep this essential point in view in their correspondence and in their visitations.

7. Let us all resolve in divine grace to be more faithful, prayerful and believing in our work, and His blessing on whom alone we depend, must fall and abide upon us. Amen! Statistical report which follows enters into all other details.

Submitted dear fellow-workers in His name, by your servant in Him.

W. LAWSON,
Co. Sec.

Rev. A. Lucas ably treated "The teachers Responsibility for his Scholars out of Class" in the absence of Rev. D. Fraser. Visitation of scholars is a great help to them. It is important to visit to keep those who are regular in their attendance, and to regain those who do not attend. The surroundings of scholars should be considered and good reading provided for them. Rev. H. A. Meek added timely remarks, as did the Secretary and Mrs. W. Irving.

Time being up, on motion resolved we adjourn till 2 p. m., and the first order of

the session be Mrs. Manaton's paper, "Blest be the tie that binds", and benediction by Bro. Robinson, closed session.

When disease has become chronic and deep seated it is often difficult to cure it. That is the reason why it is best to take Hood's Sarsaparilla when disease first shows itself—in pimples, headaches, indigestion, or other troubles which tell of poor blood, weak stomach or disordered liver or kidneys. This great medicine regulates the whole system. It never disappoints.

A MILLION FOR A PATENT.

There are many people so sceptical as to the value of patents, that they are ready to condemn any one who applies for a patent as guilty of snafu of folly. The following offer made by one of the most prominent and responsible business men in the U. S., should tend to cause the sceptics to seriously consider the subject of the value of patents.

President Charles J. Glidden, of the Erie System of Telephone Companies, has offered to pay \$1,000,000 for a telephone repeater which would be as efficient in telephoning as a telegraph repeater is in telegraphing. A telephone repeater is a machine for repeating sound. From the earliest days of the telephone, inventors have sought to make such repeaters, but up to the present time, this invention has not been made.

As an additional incentive to inventors proposing to compete for this prize, Marion & Marion, of Montreal, offer to refund all moneys paid them by any inventor applying through them and winning this prize, and to patent this invention in all desired foreign countries free of charge.

The statement of the missionary income of the Methodist Church for the year 1898-99 has been issued. The total is \$266,675.49, an increase for the year of \$23,923.50. The Toronto conference gave \$40,094 an increase of \$2,419.63. The General Board of Missions of the Methodist Church will meet in Quebec on October 12 to 16, and delegates will be there from Vancouver to Halifax.
