

GRIPPE EPIDEMIC

Again Sweeping Over Canada
With Unusual Virulence.

The most Violent Attack Since 1890, Leaving Behind
a Host of After Effects that Make Life Miserable--
Prompt and Effective means should be Taken to
Strengthen the System.

La grippe, now sweeping over this country in one of its periodic epidemics, is one of the most treacherous and difficult diseases with which medical science has to cope. It is in its after effects that it is particularly disastrous, and these assume many forms, prominent among which may be mentioned heart weakness, bronchial and lung troubles, nervous prostration, alternate chills and fever, a feeling of constant lassitude and an indisposition to either mental or physical exertion. Often the sufferer does not recover from the after effects of la grippe for months and in cases of previously enfeebled constitutions and among those of advanced age, the number of cases terminating fatally is appalling.

Even after a middle attack of la grippe it is imperative that the system should be thoroughly toned up, the nerves strengthened and the blood enriched. Dr. Williams' Pink Pills is the only medicine that can be depended upon for promptness and thoroughness in this emergency. These pills are a true blood feeder, bringing to the vital fluid the constituents that give it richness, redness and strength, thus driving out disease and acting as a tonic and bracer to the whole system.

Mr. Harry Dagg, a well known farmer living near Ninica, bears testimony to the great value of Dr. Williams' Pink Pills in

removing the after effects of la grippe. The disease left him a victim to cold chills, violent headaches, dizziness and severe palpitation of the heart. Mr. Dagg says: "I finally went to Boissevain and consulted a doctor, who stated that the trouble was likely to develop into consumption. I was under his care for about three months, but was gradually growing weaker and unable to do any work. At this stage one of my neighbors advised me to give Dr. Williams' Pink Pills a trial, and my case was critical I determined to give them a fair trial, and purchased a dozen boxes. Before the third was used there was good evidence that they were helping me, and before the dozen boxes were used I was as strong and vigorous as I had ever been, and I can heartily recommend Dr. Williams' Pink Pills for the manifold troubles that follow an attack of la grippe."

If you have suffered from an attack of la grippe procure a supply of Dr. Williams' Pink Pills at once, and they will put you right. Insist upon getting the genuine, as imitations never cured anyone. If your dealer does not keep them, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed post paid at 50c. a box or six boxes for \$2.50.

CHINA.

EMPEROR TRAINING GOATS AND MONKEYS.

PEKIN, Jan. 16.—The palace reports describe ill-feeling between the Dowager Empress and the Emperor. On several occasions recently the emperor, it is claimed, disobeyed the Dowager Empress. The chief amusement of the Emperor at present, the palace reports also say, is training goats and monkeys.

Reports from Shan-Tung province say the populace there is almost in a state of rebellion. The missionaries anticipate trouble. It is added that French warships have been ordered to Foo-Chow.

THE SILVER CHAMPION.

DENVER, Colo., Jan. 16.—Col. W. J. Bryan and his wife arrived in Denver today. They were met by a reception committee and escorted to the residence of Hon. M. Patterson. Later a public reception to Col. Bryan was given by the Denver Bi-Metallic league, and hundreds of people embraced the opportunity to grasp the hand of the silver champion. This evening Mr. and Mrs. Patterson held a reception for the distinguished visitors, which members of the legislature and other prominent people attended.

PLUNGED TO HIS DEATH.

Insidious Disease Lurks Everywhere.
A bright young man in Grey County, Ont., thoughtlessly plunged into the lake at a summer resort when the blood was above the normal heat. The shock stopped the kidneys work. Poisons which should have been carried off were circulated through the system. Dropsy was the result, and one bright autumn the mourning badge was on the door, and a promising young life was snuffed out. He trusted himself to skilled physicians, but they failed to do what South American Kidney Cure would have done. It clears, heals and puts and keeps the kidneys in perfect action. A specific for all kidney ailments. Sold by W. W. Short.

IN CONVICTS UNIFORM.

SING SING, N. Y., Jan. 16.—William A. Moore, the convicted badger, reached Sing Sing prison this afternoon and is now wearing the state convict's uniform. He comes here under sentence for 19 years. With allowances for good behavior he will be released in 31 years and 9 months. He will then be about 46 years old.

The February Number of the Delineator is called the Midwinter Number. And presents a variety of illustrations and descriptions of present and prospective styles in every department of dress, a number of literary features that make the Magazine one of the most readable of the month, together with discussions of great household interest. In Notable Women in English Society (second paper), Mrs. Fenwick Miller completes a graphic, attractive sketch of the personalities of prominent characters in England to-day. The Commander of the Grut, a story by Harriet Riddle Davis, in a charming romance of the recent war. Mrs. Alice Meynell contributes another scholarly child-study in the series on the boy and his development. Home work and play for February, in the new Kindergarten Series, by Sara Miller Kirby, outlines instructive lessons based on the commemorative days of the month. In the series on The Cultivation of the Voice by Eleanor Georgen, attention is directed to the full value of the consonants. The dapers on Amateur Photography, by Sharlot M. Hall, are concluded in this number by another article on essential formulas. A group of suggestions for Church Fairs, A Remembrance party, A Calico Carnival and a Mother Goose Fair, and an entertainment for St. Valentine's day, provide material for lively social enjoyment, and the household subjects—Frozen puddings, A chapter on soup and simple entertaining have a particular value in the domestic economy. In addition there are the usual departments that have contributed to establish the magazine as the leader of its class. Club women and Club life, by Helen M. Winslow, Girls' interests and occupations, by Lafayette McLaws, and College News, by Carolyn Halstead, covering a wide range of timely themes; Fancy stitches and Embroideries, by Emma Haywood, Social observances, the Dressmaker, Millinery, Lace-Making, knitting, Crocheting, Tatting, the Newest Books, etc., etc.

CORNELL UNIVERSITY.

ITHACA, N. Y., Jan. 16.—It was announced tonight that the trustees of Cornell University will appoint T. F. Crane, the present dean of the faculty of far and sciences, to perform the duties of President Judge Schurman, during the latter's absence in the Philippines. President Schurman's leave of absence will extend to January 1, 1900.

A New Departure.

Dr. Marschand, the celebrated French physician, has at last opened his magnificently equipped laboratory in Windsor, Ont. There is a large staff of chemists and physicians at his command, and the men and women of Canada may now procure the advice of this famous specialist free of charge.

Dr. Marschand has a world-wide reputation for successfully treating all nervous diseases of men and women, and you have but to write the doctor to be convinced that your answer, when received, is from a man who is entitled to the high position he holds in the medical fraternity.

Why suffer in silence when you can secure the advice of this eminent physician free of charge.

All correspondence is strictly confidential and names are held as sacred. Answers to correspondents are mailed in plain envelopes.

You are not asked to pay any exorbitant price for medicines, in fact it rarely happens that a patient has expended over 50 cents to one dollar before he or she becomes a firm friend and admirer of the doctor.

A special staff of lady physicians assist Dr. Marschand in his treatment of female cases. Always inclose a three-cent stamp when you write and address The Dr. Marschand Chemical Co., Detroit, Mich., U. S. A.

When you write mention THE REVIEW.

TEST THE KIDNEYS

They Are the Great Feeders of Our Bodies—the Purity of the Blood is Dependent on Their Cleansing Powers.

Dr. Chase's Kidney-Liver Pills are the Only Combined Kidney and Liver Pill—What They Have Accomplished is But a Guarantee of What They Will Do.

There's a time to all, old and young, man or woman, when poor health brings trouble, anxiety, and burdens hard to stand up under, and one's efforts to rid himself or herself seem only to be baffled at every turn, and we are prone to grow discouraged.

That is not the time to give up, but the time for action, the time to seek out the seat of the trouble, and act as your best judgment and the experience of others will help you, guarding against mistakes in the treatment adopted for your particular ailment.

Spasms Lasted for Hours at a Time—Left Great Aching and Soreness—Dr. Chase's Kidney-Liver Pills Proved His Deliverer.

I was for over six months troubled with very sharp pains in the region of my kidneys, the spasms lasted for half an hour at a time, and left me with great aching, soreness and pain. I tried many remedies, but they did me no good. I commenced taking Dr. Chase's Kidney-Liver Pills according to directions. I had not much faith that they would cure me, but after taking one box I noticed a change for the better. It may seem incredible, but after taking the second box the pains all left me entirely, and I have not had them since.—Amos Carter, Melbourne.

Price 25 cents per box, all dealers.

FISH IN THE YUKON COUNTRY.

OTTAWA, Jan. 14.—The Department of Fisheries has received a report from the former officer of the department who is now resident in Dawson and who has made an investigation into the fisheries of the Yukon and its tributary streams. There has been a general impression that fish life does not exist so far north as the Yukon. This report which has just been received corrects that and shows that there is a considerable variety of fish life, including such well-known varieties as white fish, buffalo fish, pike and grayling of a superior kind, which can be used for food supply. Several of the larger lake fishing companies are at work and find that they are able to realize handsome profits therefrom.

UNCLE SAM'S DOMAIN.

With All of His Extravagance He Still Owns Over 600,000,000 Acres.

The idea that Uncle Sam is at present a landless old fellow has generally taken possession of the people throughout the country. This, however, is a great mistake. He still has land enough to give each one of his 73,000,000 children a nice little homestead of eight acres each and still have a ranch of over 16,000,000 acres left. In other words, your dear old uncle still owns something over 600,000,000 acres, distributed as follows throughout the various states and territories:

Alabama, 532,339 acres; Arizona, 54,400,211 acres; Arkansas, 8,922,042 acres; California, 43,841,044 acres; Colorado, 4,037,204 acres; Florida, 1,797,662 acres; Idaho, 45,962,855 acres; Kansas, 1,046,589 acres; Louisiana, 845,020 acres; Michigan, 522,431 acres; Minnesota, 6,240,049 acres; Mississippi, 41,441,220 acres; Missouri, 497,764 acres; Montana, 71,432,917 acres; Nebraska, 10,609,353 acres; Nevada, 61,578,586 acres; New Mexico, 56,983,047 acres; North Dakota, 21,385,293 acres; Oklahoma, 8,105,238 acres; Oregon, 35,892,318 acres; South Dakota, 13,250,718 acres; Utah, 44,207,270 acres; Washington, 17,958,536 acres; Wisconsin, 454,107 acres; Wyoming, 49,341,558 acres; Alaska, 869,529,600 acres.

About one-half this vast amount of land lies, it will be seen, in Alaska, and it is very certain that this will never be available for homestead purposes, but for mining purposes its value in gold coin may prove to be even greater than though it were arable. The larger part of the balance lies in fertile and productive states and is all subject to homestead laws.

Those who want homes should avail themselves of the more liberal than homestead laws of the United States. This is the place for the surplus labor.—St. Louis Star.

Lobster Fishery Bay of Fundy.

PUBLIC NOTICE is particularly directed to the following Special Fishery Regulation approved by His Excellency the Governor General in Council, on the eighth day of July, 1898, fixing the legal size limit under which the capture of lobsters in the waters of the Bay of Fundy is prohibited.

"From and after the 1st day of January, 1899, 'on and along that part of the coast of the province of Nova Scotia and New Brunswick, extending from Capeable in a westerly and northerly direction, to and including the whole 'coast of the Bay of Fundy and following that 'coast to the International Boundary Line between the province of New Brunswick and the 'State of Maine, and including also the coast of 'all the Islands lying in such Bay of Fundy and 'the waters of Canada in such Bay and between 'the above points, it shall be unlawful to fish for 'lobster, kill, buy, sell, can, cure, preserve, or 'have in possession for any purpose whatever, 'any lobster, or lobsters under 10 1/2 inches in 'length, measuring from head to tail, exclusive of claws or feelers.'"

The above regulation does not come into force until the 1st January, 1899, but this notice is designed to furnish all persons interested with timely and ample intimation that on and after that date it will be rigidly enforced under the extreme penalties provided by the Fisheries Act, Chapter 95 Revised Statutes of Canada.

By order,
F. GOURDEAU,
Deputy Minister of Marine and Fisheries, Ottawa,
1st August, 1898, Department of Marine and Fisheries.
