BLOOD POISONING.

TERRIBLE SUFFERING OF A PRINCE EDWARD COUNTY FARMER.

Hospital Treatment Failed to Benefit Him and His Life Was Despaired Of-Again Well and Strong. From the Belleville Sun.

A reporter of the Belleville Sun recently had an opportunity to investigate a cure made through the use of Dr. Williams' Pink Pills for Pale People which is little short of miraculous. The sulject of the cure is Mr. William H. Conklin, a Like summer birds in frozen winter well known farmer who lives in Ameliasburg township, Prince Edward county. When the reporter drove over to see Mr. Conklin he was under the impression, from what he had heard of the case, that

he would find a partial invalid, but to his surprise found a stalwart, robust man of from a sleigh. On making known the object of his visit the reporter was invited into the house and Mr. Conklin gave his | So full already, Joy is crushed to death,

story as follows :-You can see for yourself that my condition is now one of good health, and yet I have been near death's door. A year ago last summer I injured my hand, with the result that blood poisoning set in. A doctor was called in and the usual treatment given and the hand apparently got My own, my darling, my soul's best bawell and I started to work. It soon turned out, however, that the poison had not been entirely got rid of and it spread was again called in, but looking upon my case as critical, advised me to go to the hospital at Belleville. This I did and remained there throughout the month of October, 1897. My condition was desperate, and as I was not making any progress toward recovery, I may frankly say that I gave my case up as hopeless. Beto be taken home. I then tried various treatments with no better results I could up like a jack-knife. At this stage I was advised to try Dr. Williams' Pink Pills, and sent for half a dozen boxes. After using the first half dozen my appetite returned and night sweats which had been the bane of my sleeping hours deserted me. Knowing that the pills were helping me 1 sent for a further supply. Meantime a swelling came in my hip, which finally broke, and from that on my progress was more rapid and I am again as sound as ever, and able to do a day's work with any one. I can only add that Dr. Williams' Pink Pills brought me to my present state of good health and so

the grave. Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent post; aid at 50 cents a box, or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

And I am all alone, and thou art-where! My love, good Angles bear thee my good

night!

DOMINION PARLIAMENT.

OTTAWA, Ont. July 7 .- In the House yesterday Mr. Borden, Halifax, moved for all papers and records in connection with the Brockville and West Huron elections. He said there were a number of precedents for his motion, the last being a motion by Mr. Lister in 1832 for papers in connection with the London election. He said authorities consulted showed that though the question of election irregularities was referred to the courts by the controverted election act, the house had never resigned its right to investigate the action of election officers. He held that if a prima facie case of improper practices a any election was made out, it was the duty of the house to make an investiga-

The premier rather surprised the opposition especially Mr. Borden, by promptly agreeing to give the investigation asked for. He said Liberals had always held that purity of e'ections must be guarded at all hazards. In their efforts to do this they were not always assisted by the Conservatives. In regard to West Huron, Mr. Borden had made out a prima facie case and it must be investigated. The case with regard to Brockville was weak, rights of people at the pole, that despite more than weakness it too would also be investigated.

Sir Charles Tupper congratulated the premier for agreeing to the investigations and afterwards made a party deliverance of a very froth character.

Sir Richard Cartwright said that with his 35 years' experience in the house he had never hoped to see the spectacle of Sir Charles Tupper denouncing corruption. (Laughter.) It was a spectacle, as Carlyle would say, to make angels and Jackasses weep.

Dr. Lankerkin, Mr. Casey and Mr. Sproule spoke after which the redistribution bill was taken up in committee.

Hon. Mr. Fielding, in answer to Mr. Maxwell, said that Sir Hibbert Tupp r drew \$573 mileage from Victoria B. C., although representing Pictou, N. S., and residing in Vanconver.

In committee Sir Charles Tupper said that he favored allowing Ottawa and Halifax to remain as at present as it was found convenient for each party to neminate a Roman Catholic, which would ust be the case with the constituency divid-

The house adjourned at 12.30, no clauses of the bills having passed. IN THE SENATE.

Senator Ferguson resumed the debate on the Grand Trunk agreement bill. Sir Mackenzie Bowell asked if it was the intention of the government before going

amendment to clause forty. Hon. David Mills replied that he understood that Mr. Wainright had seen Sir Mackenzie and expressed the willingness of the Grand Trunk to accept an amendment to the clause which revided that the traffic agreement should continue f r

into committee on the bill to submit at y

99 years giving the government the option of terminating it at any time on one year's notice. He read a very lengthy amendment to be submitted in committee providing that within 90 days of the passnig of the bill the Grand Trunk should enact a further agreement by which they would consent that the government might ter minate the traffic agreement and on the execution of this agreement a proclamation should issue bringing both agreemeats into force.

Senator Ogilvie asked if this change was made without any claim for damages and Hon. David Mills replied, certainly.

Senator Wood wanted to know if this amendment meant that the whole or any part of the traffic agreement could be al

Hon. David Mills replied that either the whole or any part of the traffic agreement could be altered. It was a great concession to the government of the day to be permitted to alter the traffic agreement or terminate it altogether in one year's

Senator Power read a note from Mr. Wainright saying that Senator Ferguson was mistaken when he said that he had stated that the Grand Trunk could berrow money at three per cent. In answer to Senator Perley the minister of justice said that he had communicated the amendment to Sir Mackenzie Bowell and it had been the subject of correspondence between them to see it was not accept-

Sir Mackenzie Bowell thought this statement might lead to a misapprehension of the course he had taken. After his speech on the motion for the second reading of the bill he had been seen by Mr. Hays and Mr. Wainright, when the former expressed his surprise at the course he (Sir Mackenzie) had taken. Mr. Wainright had asked if clause 4) was the source of the objection. They had read a notice to him which he did not think was the same as the one now read by the minister of justice. The only correspondence that had taken place between himself and the minister of justice was a note asking him if he intended moving an amendment or accepting this one, and an answer stating that he was not going to move an amendment, and that this one was not satisfactory. He had also written to Mr. Wainright.

At 8 o'clock when the senate met there was no quorum, the Conservative senators being in caucus trying to come to some agreement between the Bowell and Ferguson parties.

Senator Ferguson really has no party but he is showing himself in front of C. P. R. men who are fighting the bill.

Another caucus of Conservative senators was held. It lasted over two hours and still the Ferguson and Bowell factions did not agree on the G. T. R. bi l. Instead a committee of five were appointed to prepare amendments. It is, however, likely that the bill will be passed in amend-

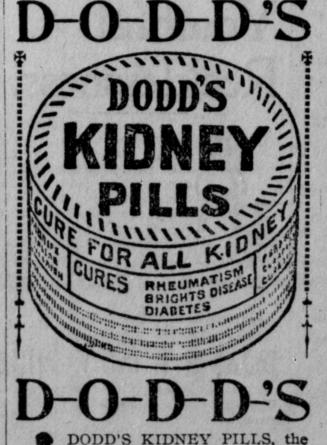

The Conservative senators are seriously considering making an amendment to Mills' amendment reducing the time from one year to six months.

Sir Alexander Bowell said last ni ght that he intended passing the bill as it stood a year ago but he changed his mind.

Children Cry for CASTORIA

Dickens Was "Loud."

In the memoir of the late J. H. Friswell there is a glimpse of Dickens which will seem familiar to those Americans who remember the somewhat flamboyant dress of the novelist. "On one occasion," wrote the author of the "Gentle Life." "we were walking down Wellington street and just passing the office of Household Words when a hansom cab stopped and out stepped a gayly dressed gentleman. His bright green waistcoat and vivid scarlet tie any one would have noticed, but the size of the nosegay in his buttonhole riveted my attention. My father introduced me, and I, who had only seen engravings of the Maclise portrait and photographs, was astonished to find myself face to face with Charles Dick-

years ago while hunting snakes in the

swamps at Melrose. I came across a male

ones. The parents were near each other,

the family crawling over and around

them. I was going for them, when on

second thought I concluded to watch

them. They did not appear frightened,

but went on gamboling about for some

time. I went a little nearer, when both

snakes turned toward me, making a faint

noise, and placed their heads flat on the

round. It was a curious sight to see these

young snakes, not long born, some of

them a foot or two away, turn at the noise

and instantly seek refuge in their par-

ents' wide open mouths. I am certain it

was a note of warning of danger. I

caught both snakes and put them in sep-

arate bags. The female had ten young,

and the male had swallowed five. This is

the first instance of any notice of a male

snake performing this affectionate duty

During my long years of agony, doctors in St. Jerome and St. Lin prescribed for me and attended me, and for a time I was in the Montreal Hospital, but withe best tapping them briskly on the sides of the medical aid failed to meet my case. I had abdomen with their antennæ till the fluid also used a great many patent medicines, but they failed to give the results they

A friend who had successfully used your Paine's Celery Compound advised me to give it a trial, and I now thank Heaven for my deliverance from a slow death. After using six bottles of your wonderful medicine I am perfectly cured, feel younger, stronger and more active; I can sleep, eat and do all my work now with pleasure. Paine's Celery Compound certainly saved my life.

Yours sincerely, JOHN DUNBAR, NewGlasgow, P. Q.

WILL SAVE MONEY.

An interesting experiment is being made this year in the province of Quebec. An act is now in operation whose object and female, striped, with numerous young is to prevent lawsuits, by the appointment of "conciliators," to whom shall be referred minor disputes that now get into the courts, to the expense both of litigants and the country. The act is as

In matters purely personal affecting moveables, and when the amount claimed does not exceed twenty-five dollars, in a suit between parties respecting matters which may be the subject of transactions it shall be received before any court of the first instance.

In each municipality the local council may at any time select by resolution one or more residents of the locality to fulfil the functions of con ciliators under this act. The conciliators so appointed by the council shall, if they accept the duty, take the oath of the office, and shall in every respect be deemed municipal officers, in virtue of and according to the requirements of the municipal cole.

In addition to such official conciliators the following shall be de jure conciliators in each local municipal:

(a) Priests, Roman Catholic cures, provided no one can be summoned to appear brakeman from Boston was employed on before one of such conciliators if he be not of his religious denomination.

> (b) Justices of the peace. (c) The mayor of the municipality.

The official conciliators who have been sworn, so long as they occupy the position, justices of the peace and mayors, are obliged to act as conciliators when cal-

led upon. The idea underlaying this legislation is commendable, and it is to be hoped the act will prove to be a success. As there are no fees for the conciliators, the new tribunal ought to be popular with the disputants.
