Dr. Pakenham-Walsh, who recently
resigned the bishopric of Ossory, is cele-
brated alike for his piety and his wit.
There is a story told of how he proposed
to his wife. He was at a dinner party,
and was seated beside the woman of his
choice. In the course of the dinner he
found that he had been helped to the
"wishing bone," and, as is often the cus-
tom at country houses, he pulled for the
wish with his neighbor. The little V-
shaped bone was broken, and the bishop,
having secured the "wish," whispered to
his fair companion, as he laid down his
part of the bone: "Will you lay your
bones with my bones?" She blushing
whispered an assent, and after dinner the
engagement was announced.

PUT YOUR FINGER ON YOUR PULSE.

If It Is Weak or Irregular don't Hesitate to Start the use of Milburn's Heart and Nerve Pills at once.

With a strong, steady, regular pulse we may expect vigorous health.

With a weak, irregular, intermittent pulse we can tell at once the vitality is low—that Dizzy and Faint Spells, Smothering and Sinking Sensations and similar conditions are bound to ensue.

By their action in strengthening the heart, toning the nerves and enriching the blood, Milburn's Heart and Nerve Pills relieve and cure all those distressing conditions just enumerated.

Mrs. B. Croft, residing on Waterloo Street, St. John, N.B., says:

"For some time past I have suffered from pallor, weakness and nervous prostration, I had palpitation and irregular beating of the heart so severe as to cause me great alarm. I was treated by physicians, but got no permanent relief."

"I am glad to say that from Milburn's Heart and Nerve Pills I derived the first real benefit that I ever got from any medicine. My appetite is improved, my entire system toned up, and I can do no less than cheerfully recommend these pills to all requiring a reliable heart and nerve tonic."

Miss Mary E. Hicks, South Bay, Ont., says Laxa-Liver Pills cured her of Sick Headache, from which she had suffered for a year.

A KLONDIKER DEAD.

YORK COUNTY MAN VICTIM TO DISEASE.

FREDERICTON, Jan. 6.—A letter received by Mr. Henry Chestnut last evening, dated at Dawson City, Nov. 19, states that Geo. E. Lawrence, who, with his father, W. Harvey Lawrence, and his brother, Beverly, and two or three other York county men, went to the Klondike last April, died at the party's camp, of inflammation, during the second week of November. No letters have been received from any member of the Lawrence party since, and Mr. Chestnut in his letter states that up to the time of his writing none of them had received a letter from home, although many have been sent from here. Geo. Lawrence was a particularly rugged young man of about thirty years. He weighed over 220 pounds. His wife was in declining health when he left for the Yukon, and died only last week without knowledge of her husband's death.

LILLIAN'S EXPERIENCE.

How She Kept Trouble, Loss and Disappointment From a City Home.

Lillian—, the bright daughter of a farmer living some eighty miles from Toronto, was visiting her aunt in the Queen city during Fair time.

The little country girl, only in her eighteenth year, was a model in all that pertained to housework; she excelled in butter-making, cooking, sewing, crocheting, and understood the art of making old things look like new—home dyeing with Diamond Dyes.

During the second week of Lillian's visit, her aunt intimated one day that she had made a careful selection of some clean but faded skirts and a suit of boys clothing which she thought were good enough for another season's wear if they could be properly re-colored.

Lillian's aunt acknowledged that she had never before attempted home dyeing, but said she was encouraged by the statements made in some of the newspapers that—Dyes would work wonders for her.

At once Lillian came to her rescue and said: "Auntie, for goodness sake do not risk your good garments with these common dyes; they are quite useless. I tried a package some time ago in order to satisfy my curiosity, and they gave just such results as I expected—spoiled my material. When I use dyes I want pure dye-stuffs, quite free from grease. Let me suggest the use of the Diamond Dyes; they are safe and sure, and your colors will be just right. Send to the drug store for them and I will assist you in your work."

The Diamond Dyes were procured, and part of an afternoon was spent by aunt and niece in making the old things look like new creations. All were delighted with the magnificent results, and Lillian was particularly proud of the achievements of her friends the Diamond Dyes. At the tea table that evening the aunt said: "Lillian, your experience in dyeing certainly saved us from trouble, loss and disappointment."

By the will of the late John L. Gardner, of Boston, \$275,000 is set apart in trust for public institutions, to be paid at his widow's death. Of this sum \$100,000 is left to the Boston Museum of Fine Arts; \$100,000 to the Boston Lyngin Hospital; \$50,000 to the Massachusetts General Hospital, and 25,000 to the town of Brookline for its public library. A most unusual clause in the will provides that his executors may refrain from collecting any debt due to him which does not exceed \$3,000. Of the remainder of his large estate, which is estimated at about \$4,000,000, he gives about \$200,000 outright to immediate relatives and friends and disposes of at least \$250,000 to nephews and nieces.

COOK'S NEW BLOOD PILLS.

MARITIME PROVINCE NOTES.

The bodies of the two little girls, daughters of Archibald Cameron, Grand River, who were drowned while coasting on the 12th ult., were recovered on Thursday last.—North Sydney Herald.

Up to date 162 houses have been placarded for measles within the limits of the town. No deaths have so far been reported, but we hear of one or two very serious cases.—Yarmouth Telegram.

J. R. Reid's barn at Wentworth, N. S., was burned on Friday afternoon, with all his hay and feed and grain. The cattle and horses were got out, but he lost all his wagons, plows, harness, mowing machines and a lot of other stuff. The origin of the fire is a mystery.—Moncton Transcript.

Resident Manager Donkin, of the Dominion Coal Co., has at his office at Glace Bay a section of a cast iron rail that was laid in one of the mines a good deal more than thirty years ago. The mine was filled with water and remained that way for many years. When it was pumped out by the present owners the iron had become as light or lighter in weight than wool.—Sydney Record.

Archibald Wile and his wife charged with assaulting Wallace Thompson, and who refused to be tried by Justice Cragg, have furnished bonds to appear before the supreme court for trial. All the parties belong to Lapland. It is alleged that Mrs. Wile first knocked Thompson down with a well-pole, and that her husband then assisted her in doing the downed man up.—Bridgewater Enterprise.

Mrs. Pete H. Murray, the wife of the man who was killed in Chatham, has the sympathy of the parish of Caraquet. Mr. Murray is not the only husband she has lost in a mysterious manner. She was first married to a young man named Joseph Tévret. One day he went out fishing with another man, and they never returned. One of Tévret's sons is living. One son died last winter.—Chatham World.

No less than forty cars of freight arrived at North Sydney station the past few days for Newfoundland. Since the completion of the Newfoundland railway traffic has been steadily increasing. For a number of trips the Bruce has taken from eight to ten cars each trip, and yet she is almost unable to carry all the freight. It is stated that Messrs. R. G. Reid & Sons will have a special freight boat between North Sydney and Newfoundland at the beginning of the summer.—No. Sydney Herald.

The Allan line steamship Norwegian from New York for Glasgow, stopped off, at St. John's last Thursday to transfer to a tug seven men of the crew of the schooner Glad Tidings, from which they were rescued while in a sinking condition far out to sea on Monday, when on a voyage from Turks Island to Lunenburg, N. S. The crew had endured terrible sufferings from exposure, the schooner being almost level with the water and heavy seas sweeping her constantly. One man, Thomas Spindler, was washed overboard and drowned.

Capt. Percy Crosby, of Port Maitland, picked up on the beach at that place this morning a bottle containing a message, as follows: "Nov. 28, 1898. Our ship is in shoal water, 2 or 3 miles off Yarmouth cape. The wind is blowing a hurricane. Our ship is fast breaking up. In a few minutes we will be no more. Captain and wife are very sick. He says for me to write farewell to his folks. Mrs. Stewart is past speaking. They belong to Nova Scotia. Oh, we are going down now. Farewell.—The. Hiking, 1st officer."—Yarmouth Herald.

Mr. Frank Harris, of Short Beach, picked up on the beach on Saturday morning at that place a ship's boat, with the words "Gerona, Dundee," on the stern. The boat was an old one, with a hole stove in the bottom. A new mast hole was raggedly cut in the forward thwart, as if it had been done hastily. From the appearance of the boat it was thought that the crew had endeavored to launch it, and make their escape from their vessel. The boat was about 15 feet keel, and nothing was found in her but one patent rowlock.—Yarmouth Herald.

A young man belonging to Clearland, named Howard Lantz, who had the misfortune to lose one of his hands a few years ago, left at our office the other day a curiosity in the way of a nicely engraved and finely finished walking cane which was made by him. The stick contains 3,262 pieces, and is composed of 29 different kinds of wood, viz:—Walnut, mahogany, rosewood, teak, greenbar, man-grove, hard pine, cocanoot, orange, car-phor, horse flesh, white-wood, red wood, cedar, maple, oak, ash, pine, spruce, black birch, yellow birch, white birch, beech locust, sumach, fir, thorn, hemlock and hackmatack. Among the numerous pieces used in making this cane are some taken from three famous wrecks, the Humbolt, Atlantic and Danuyon Stenmen.—Bridgewater Enterprise.

RHEUMATISM

LAID TO REST.

FUNERAL OF HON. MICHAEL ADAMS AT NEWCASTLE WEDNESDAY.

NEWCASTLE, N. B., Jan. 5.—The funeral of the late Hon. Michael Adams took place from his late residence to the grave in St. Mary's cemetery at fifteen minutes to eleven yesterday morning. Despite a slight snow storm, many friends from all over the country turned out to pay a last tribute to the man who had served them so well. Among the public men present were James Robinson, M. P.; Jno. McAllister, M. P.; Hon. J. B. Snowball, Hon. John P. Burchill, P. J. Venoit, M. P. P., and Judge Wilkinson. The following were the pall-bearers: R. R. Call, Jno. O'Brien, M. P. P., R. A. Lawlor, David Johnson, Edw. Sinclair and P. B. Wheeler. The mourners were: Thomas Adams of Bathurst, brother; three sons, Clayton, William and Frank; J. D. Creaghan, J. R. Lawlor, J. T. Burns and Mr. Nealis of Fredericton.

The services in St. Mary's church were conducted by Vicar General Barry, representing his lordship the bishop, assisted by Rev. Fathers Dixon, Varley, Powers and Joyner. Pontifical high mass was celebrated and the full church ritual said. The floral tributes were numerous and handsome.

Wonderful Remedy

Is what a London Doctor calls Dodd's Kidney Pills.

LONDON, Jan. 9.—A large decrease in the number of cases of Kidney Disease has been noted in this city during the past year.

"There's only one thing to be said about it," said a prominent physician, speaking on the subject to-day.

"This falling-off is due solely to the use of Dodd's Kidney Pills by the people. Dodd's Kidney Pills are the most wonderful kidney remedy ever known. They are used in nearly every household, which accounts for the great decrease of Kidney Complaints."

A FINANCIAL PUZZLE.

Here is a problem in finance which we submit to those of our readers who are always looking for an argument on the money question:

A banker sauntering home from his dinner saw a \$10 bill lying on the curb-stone. Of course he picked it up and took the number in order to find the owner. While at home his wife remarked that the butcher had sent in a bill for meat amounting to \$10. The only money he had with him was the money he had found, which he gave her and she paid the butcher. The butcher paid it to a farmer for a calf and the farmer paid it to the merchant who in return paid it to the washer-women, and she, owing the banker a note of \$10, went to the banker and paid her note. The banker recognized the bill as the one he had found, and which up to that time had settled \$50 of debt. On a more careful consideration he found the bill counterfeit.

Now will some of our financial friends tell us what has been lost in this transaction, and by whom, if anybody?

A new grain company has been organized at Winnipeg with a capital of a million.

The steadily increasing demand for . . .

Exportation of Live Lobsters.

PUBLIC NOTICE is particularly directed to the following Special Fisheries Regulation approved by His Excellency the Governor General in Council on the eighth day of July, 1898: "From and after the 1st day of January, 1899, 'no one shall export or knowingly catch, buy, sell or have in possession for the purpose of exportation, or knowingly aid or assist, directly or indirectly in the exporting, catching, buying, selling or having in possession for the purpose of exportation, in or from any part of Canada, any live lobster or lobsters of a less size than 10 1/2 inches in length, measuring from head to tail 'exclusive of claws or feelers'."

The above regulation does not come into force until the 1st January, 1899, but this notice is designed to furnish all persons interested with timely and ample intimation, that on and after that date it will be strictly enforced under the extreme penalties provided by the Fisheries Act, Chapter 95 Revised Statutes of Canada.

By order,
F. GOURDEAU,
Deputy Minister of Marine and Fisheries Dept.
Marine and Fisheries, Ottawa, 1st August, 1898.
