REMOVED!

I wish to announce to my many friends and customers that I have removed my business to my old stand in the Town of Richibucto, (Leishman Building) where I am prepared to do all kinds of work in repairing WATCHES, CLOCKS, and JEWELLERY.

FINE WATCHES A SPECIALTY.
Constantly on hand—a FINE SELECTION OF CLOCKS, WATCHES, AND JEWELLERY.

JAMES McDUGALL,
PRACTICAL WATCH MAKER.

Mouth of Kouchibouguac River.

Wharf for sale the Knowland or McGinnis lot—No. 4—adjoining the Lawrence Kelly lot, at the mouth of the Kouchibouguac. Apply immediately to J. D. PHINNEY.

August 12, 1898.

DRS. SOMERS & DOHERTY.

DENTISTS.

Office—Y. M. C. A. building, Moncton.
References—New York College of Dental Surgery, and University of Pennsylvania.

Visits will be made to Kent County every month.
Harcourt on 16th, 17th and 8th.
Kingston on 20th, 21st and 22nd.

JUST A BAD COLD.

A sharp stinging pain in the back—you think it doesn't amount to anything—be all right in a few days—but it doesn't get all right—kidneys are not doing their duty, and the poisonous matter that they ought to remove is going all through the system—causing rheumatism, gout, dyspepsia, headaches, backaches—all sorts of ills.

DOAN'S KIDNEY PILLS

Cure the disease by removing the cause.

W. D. Popham, Talbot St., St. Thomas, Ont., says: "I have for a long time had serious back and kidney trouble. My back was so stiff and painful that when I sat down I had to have something to assist me to get up. I have taken four boxes of Doan's Kidney Pills, and they have taken the stiffness and pain from my back and enabled me to straighten up without pain or difficulty."

Price 50c. a box, 3 for \$1.25. All druggists. The Doan Kidney Pill Co., Toronto, Ont.

THE SCOTCH WOOD MARKET IN 1898.

(From Annual Review of Singleton, Dunn & Co., Glasgow.)

Lower Port and Maine Spruce and Pine Deals, Etc.—Spruce—The import was much larger than in 1897, but the increase consisted chiefly of 2 inch and 2½ inch, in sizes which had in previous years been almost entirely supplied from North of Europe. There was a very considerable stock at the opening of last year, but by the time fresh imports came to the market it had been reduced to small compass. Prices consequently improved, and the first arrivals sold readily. As the season advanced, however, holders took fright at the large import, and prices dropped quite 10s. per standrd. The stock now on hand is about the same as last year, and under existing conditions the market should be able to absorb what is now here and what will arrive by lines before regular shipping season. The shippers of North of Europe goods have modified their prices very much in 2 and 2½ inches, 7 inch and under in width for the coming season, and this will lessen the demand for these sizes in American spruce. Prices during the year have been as follows. For 3x11, 10d. to 1s.; for 3x9, 10d. to 11¼d.; for 3x7, 9d. to 10d. p. c. ft., and for 3x12 and up, 10d. to 1s. Pine Deals.—The stock held at the end of last year was more than ample. It has been hard to move all season, but as prices have been so much lower than for spruce, an outlet has been obtained for considerable quantities. Prices have been from 7¼d. to 10d. p. c. ft., according to specification and quality. Birch.—The import has been much smaller than usual. Prices have been fairly steady for logs, and the value of planks has improved. Logs have sold at from 1s. 1d. to 1s. 4d. p. c. ft., and planks at from 10d. to 1s. p. c. ft.

Soon Left Her.

"I was taken with a swelling in my feet and limbs. I was not able to walk for four months. I read about Hood's Sarsaparilla and procured a bottle. Before I had taken it all the swelling left me. I took three bottles of Hood's and have not been troubled with swelling since." REBECCA SEEVERS, Chatham, Ont.

Hood's Pills cure all liver ills. Easy to take, easy to operate; reliable, sure. 25c.

The use of adhesive stamps under the compulsory insurance system has led to some peculiar frauds in Germany. They represented 92,000 marks in 1898 and most of them were in 20-pennig category used by servants and others whose wages range from 500 to 720 marks yearly. It has been discovered that working girls and men out of employment often remove the cancelled stamps in their insurance books and sell them for one-third of their nominal value to men, who by chemically washing remove all trace of the cancelling marks and then sell the stamps to thrifty insurers 40 per cent cheaper than the Government charges. This has been done on a large scale.

Save Paying Doctor's Bills

—BY USING—

Bentley's Liver Pills.

25 Pills for 10 cents.

Read the Home Testimony from people that you know.

Folly Village, Dec. 7, '97.

A well known resident of Londonderry is Mr. James Flemming. He speaks of Kumfort Home Remedies as follows:—
"I like JAMES FLEMING, Bentley's Folly Village. Liver Pills better than any I have used. They suit me exactly."

GENERAL NEWS.

S. R. Jameson of South Africa a nephew of the famous "Dr. Jim" is in Montreal.

Groff & Hymen dry goods merchants at Berlin Ont., have assigned with \$22,000 liabilities.

Thos. Evans 60 years of age of Kingsley Ont., was instantly killed by a train at Richmond.

It is expected that the United States Government will advance \$49,000,000 to pay the Cuban army.

A. C. Kemp has been chosen president of Toronto Board of Trade by acclamation. Elias Rogers retiring.

It is reported that four Ontario life insurance companies are to amalgamate to save management expenses.

Paul Brown, under arrest for murder at Winnipeg has been pronounced insane by the experts appointed by government.

Winnipeg water works bonds for \$650,000 sold Monday to R. Wilson Smith of Montreal at 67½c with accrued interest.

Hon. Sydney Fisher, minister of agriculture, was given a civic manifestation in his honor on a visit this week to Orillia, Ont.

The Oceanic Steamship Company's Moana, which sailed for Sydney, N. S. W., for San Francisco, on Monday carried £45,000 in sovereigns.

J. Reiss, of Montreal, who last April advertised for 50 young men and girls as an April fool's joke has been mulcted in damages by the courts.

The war office have adopted the regulations under which the long service decoration will be granted. Copies are expected at Ottawa Shortly.

The Governor-General has asked the people of British Columbia to subscribe to the Gordon Memorial College, through Lieutenant-Governor McInnis.

The combination of Canadian manufacturers not to exhibit at the world's cycle show has been broken, one Toronto firm having taken space.

An opinion has been given by the attorney General of Quebec that the "Hornet-ites" are not a church and their ministers cannot solemnize marriage.

Moses Trotter, the four-year-old son of Francis Trotter, Mechanicville, Ont., was fatally burned Saturday by a quantity of lye, which he upset on himself.

The cadets at Royal Military College, Kingston, Ont., have subscribed a large sum toward the Gordon Memorial College in the Sudan. The name of everyone in the institution was on the list.

Rev. J. S. Broughall Anglican rector of Whitby, Ont., threatened from the pulpit Sunday to resign if his salary was not paid. The congregation is raising the money.

At the last regular meeting of the Presbytery of Kingston, Ont., the Rev. Robert Campbell, D. Sc., of Renfrew, was unanimously nominated for the moderatorship of next General Assembly.

The permission to U. S. fishing vessels to enter ports on the Atlantic coast of Canada for the purchase of bait, ice, seines lines and all other supplies and outfits, the transshipment of catch and shipping of crews, has been renewed by order in council. As in former years the privilege is made contingent on the procuring of licenses on payment of \$1.50 per ton registered tonnage.

According to returns which have reached the Department of Marine and Fisheries one steamer, the New England, an American vessel, by the way, has taken on an average 200,000 pounds per month of halibut in British Columbia waters. On her last trip to Vancouver the New England brought down the largest cargo of fish ever carried into a port in North America, namely 180,000 pounds.

It is very evident that divorces are considerably on the increase in London, Eng. From the list of cases down for hearing at the opening of the law courts, 221 cases are in the Probate Division, while last year only 124 husbands and 71 wives sought divorce outright. Besides these, 45 divorce cases are left standing over from last session. Another remarkable fact is that there are only seven cases of breach of promise of marriage.

Mrs. James Bryce, Lady Henry Somerset, Mrs. Leonard H. Courtney, Canon Scott Holland and Canon Wilberforce, have accepted their nomination to the General Committee of the Intercolonial Crusade of Peace, which is about to distribute 500,000 copies of the broadsheet "War Against War." Mr. Bryce has written an article for the first number, which will appear next week. His subject is "Would An Anglo-American Understanding Make for Peace."

A German sect which has been removing to the Western States, not finding their condition there what they had expected, are negotiating to remove to the Canadian side of the line, and are desirous of establishing there a co-operative colony, non-demonstrational and free to all. Capital is being subscribed to promote the move, and already \$23,000 has been secured. Their representatives, who have been in Canada, say that it would like to locate either in the region of the Great Lakes or on the slopes of the Cascade mountains of British Columbia.

HE MADE A MILLION AND QUIT.

EDWARD B. TALCOTT HAS DONE BUSINESS IN WALL STREET SINCE AUG. 1—AND HAS SENSE.

NEW YORK, Jan. 18.—Edward B. Talcott, the well-known young broker, retired from Wall street temporarily last Saturday with \$1,000,000, which he has made in the stock market since Aug. 1 last. He went out of town to rest for several months, and will probably not return to active business. He retains his membership on the Stock Exchange, however. Mr. Talcott, who has a reputation of being one of the most daring operators, as well as one of the coolest men on the floor under all circumstances, is said to have told his friends that he is through. He has taken his success calmly. He says the income of his \$1,000,000, added to that from the various interests with which he has been identified for years, will be sufficient for all his purposes. It is said he made his million out of the rise in Union Pacific, common and pre-erred; Atchison preferred, Burlington, People's Gas, St. Paul, Rock Island, Panhandle and American Tobacco.

Some Plain Questions.

Have you catarrh? Have you offensive breath? Have you bronchitis? Have you slight symptoms of consumption? Then send for a free sample of Catarrhazone. What is catarrhazone? Not a snuff, wash nor ointment, but an odorless gas, which is carried by air directly to the diseased parts. It penetrates wherever air can go, and never fails to cure. We do not ask you to believe this until you have tested it for yourself. Send for a trial bottle gratis to N. C. POLSON & Co., Kingston, Ont.

The London Daily Mail says: Since the reduction on Christmas Day of many colonial postage rates to a penny, the increase in the letter despatches to those colonies has been in a larger proportion than is likely to be maintained to its full extent. The increase in mail to East India, Hong Kong and Straits Settlements, despatched on Friday, amounted to 30 per cent. The mail to Canada, via New York, despatched on Wednesday and Saturday, was no less than 50 per cent. larger, while the increase in the West India mail, despatched on Wednesday, amounted to 30 per cent.

GOLD AND BONDS.

It is quite true that it is well to have a supply of gold, on hand but after all worldly riches cannot compare with good health. Women who have pale and sallow complexions, and whose systems are all run down can find no such blood builder and blood purifier as the old reliable English remedy, Cook's New Blood Pills. 50 cents per box, sold by all dealers.

PRICE OF SPRUCE.

(Boston Journal.)

The annual meeting of the Massachusetts Retail Lumber Dealers Protective Association was held at the American House on Thursday. It was voted unanimously that the prices of spruce from the yards and wharves in Boston and vicinity should be for 10 and 12 inch in frames or random not less than \$18 per thousand feet. Under 10 inch including pruning, not less than \$17 per thousand feet.

Hagyard's Yellow Oil cures all Pain and takes out Swelling and Inflammation quicker than any other remedy. Price 25c.

A Costly Dish.

"Oh, mamma, do Christians eat preachers just like the cannibals do?"
"Why, no, my child. What put that notion into your head?"
"I heard Mrs. Deekin say this morning that she was going to have her minister for lunch."—Brooklyn Life.

It Costs Nothing.

Thackeray tells of a lord who never saw a vacant place on his estate, but he took an acorn out of his pocket and dropped it in. Never lose a chance of saying a kind word, of doing a kindly act. It costs nothing.

HUMAN SACRIFICES

On the Altar of Diabetes, Saved by Dodd's Kidney Pills, Only.

Hardly a family in the country is free from diabetes. Great thirst, failing sight, numbness in the thighs, bleeding gums, swollen ankles, emaciation, nervousness, pale or turbid urine, loss of sexual power, decaying teeth, pains in the loins or small of the back, are all positive signs that Diabetes is in the system.

Do you know how it ends? IN DEATH. A premature, horrible, agonized, pitiful death. The victim has no peace, no ease in life. His days are filled with tortures. His nights are waking dreams of agony. He longs to die, yet fears the terrors of his end. He dies, a bloated, fetid, repulsive mass of corruption. That is the only end of unchecked Diabetes. Dodd's Kidney Pills will cure it. They drive it out of the system thoroughly, create new, clean blood, rebuild the diseased kidneys, and restore robust health.

NEW BRUNSWICK POLITICS.

INTERVIEW WITH THE HON. JOHN COSTIGAN—HE WILL SUPPORT THE LOCAL GOVERNMENT.

[Telegraph.]

OTTAWA, Jan. 13.—In view of the rumors which have appeared in the upper province papers recently as to the probability of a provincial election in New Brunswick, in the near future, your correspondent took advantage of the presence in Ottawa of the Hon. John Costigan who has just returned from a visit to his constituents, to interview that gentleman on the subject of local politics in his province, knowing that any remarks by a statesman of the long experience of Mr. Costigan, who for the period of 38 years has uninterruptedly enjoyed the confidence of his constituents, would be interesting to the readers of The Telegraph. The honorable gentleman received your correspondent with every courtesy and very kindly accorded him the following interview:—

Reporter—Having just returned from New Brunswick, I suppose, Mr. Costigan, you can give me some idea as to when the provincial elections are likely to be held.

Mr. Costigan—No, I cannot. As you probably know there is some talk as to the house being dissolved before another session of the legislature, in which case they would be held in a few weeks, while if a session intervenes, I presume there would be no election until next summer. I have no inside information on the subject.

Reporter—What in your opinion will be the effect of the Moncton convention and of the effort there made to run provincial politics on dominion party lines?

Mr. Costigan—My opinion is that the resolutions passed at the Moncton convention will have very little effect. The convention did not attack the policy of the government either in whole or in part, but indicated a desire simply to turn it out in order to run local politics on dominion party lines. So far as I have been able to observe, the feeling among the masses of the people is that it is not desirable to introduce dominion party politics into provincial affairs, where the aim should rather be to get the best men to unite together in favor of honest government and the progressive, and at the same time economical, administration of affairs, irrespective of what may be their views as to the questions dividing the two great parties in dominion politics, on which the provincial legislators cannot legislate, and with which as members of the provincial legislature they have nothing in the world to do. This has been my opinion ever since confederation and I have seen no reason to change it.

Reporter—You think, then, that the determination of Premier Emmerson and his colleagues to keep provincial politics entirely separate and distinct from dominion party lines is wise and will be approved of by a majority of the best thinking people?

Mr. Costigan—I feel quite sure of it.

Reporter—Do you intend personally, to give to Mr. Emmerson's government the benefit of your support in the coming elections?

Mr. Costigan—If it should be convenient for me to be in the province at the time I should certainly—not as a member of the dominion parliament, but personally as a citizen—recommend my friends to support the government, for the reason that the local government party, which is the same as that which was for many years so ably led by Hon. Mr. Blair, and afterwards by Hon. Mr. Mitchell and now by Hon. Mr. Emmerson, has, it has always appeared to me, had in its ranks the men in the legislature who seemed most desirous of advancing the real interests of the province and of treating all classes and creeds with that spirit of justice and fair play which are so essential to the building up of a united and happy people. I have for many years been in accord with the coalition party in local politics, and I see no reason now to differ with them or to withdraw my friendship and support. My idea is that where a government proves itself capable and sincerely desirous of intelligently and honestly administering public affairs it has a fair right to claim the continued support of those whose confidence it has enjoyed. That is exactly my position with reference to the present government. My attitude towards it and my reasons for such attitude may be summed up in a few words. It is composed of able, intelligent men, whose policy, in my opinion, is in the best interests of the province. I have given it my confidence in the past, and seeing no reason for withdrawing that confidence, I shall continue to give it my support.

CRAMPS AND COLIC

Are always promptly relieved by Dr. Fowler Extract of Wild Starberry—the best Diarrhoea remedy in existence.

Dr. Roux, of the Pasteur Institute, and Dr. Robin, have both proclaimed that the public health in Paris and France is, at the present moment excellent, but they believe that there is danger of the importation of influenza from the United States.

Cook's Penetrating Plasters.

DEADLY NARCOTICS

Drag a Lady to the Depths of Despair.

Death Longed for as a Release from Suffering.

Paine's Celery Compound Rescues the Victim and Builds Her Up Physically and Mentally.

WELLS & RICHARDSON CO.,

Gentlemen—I am happy to tell you that I have completely recovered my health through the use of Paine's Celery Compound. For some years past my nerves and system were almost wrecked by narcotics used to alleviate pain. The doctors could not help me, and I thought I would forever have to remain a slave to deadly drugs. I often longed for death as a release from my sufferings. After enduring pains and agonies that were terrible, I determined to try Paine's Celery Compound, without any full hope however, that it would cure me. When I had used a part of the second bottle I thought it was doing me good; I could sleep well and did not faint so often, and I decided to continue the use of the medicine. After the use of fifteen bottles I am completely cured. I feel so strong and well now, and have such perfect health that I sometimes think it is too good to be true. For the benefit of thousands of poor souls suffering from the effects of deadly narcotics I give my statement as an encouragement to them—an assurance that Paine's Celery Compound will cure them.

Sincerely and gratefully,
MRS. LOUISA WARNER,
Montgomery, N. W. T.

THE GREATEST OF GLUTTONS.

(E. H. House in December St. Nicholas.)

Apicius, the greatest of all gluttons, wrote a long and elaborate work on culinary science, which is filled with descriptions of extraordinary dishes and sauces. His sole ambition in life was to discover novelties in food, and to this pursuit he devoted all his energy and most of his wealth. Shrimps were at one time his hobby; and because the marshes of Minutiae produced shrimps of an enormous size, he set up a magnificent establishment in that seaport, and made himself happy with his favorite luxury until he heard, by chance, that still larger shell-fish of the same sort could be found in Africa. Instantly he bought a ship and set sail for the blissful region. He was nearly drowned on the voyage, but that did not worry him. His single thought was of the delicious monsters awaiting him. But when the fishermen he employed could show him nothing bigger than he had eaten at home, he flew into a rage and straightway started across the Mediterranean again, declaring that the whole continent of Africa was worthless compared with his private shrimp-bed at Minutiae. Well, Apicius spent so much of his fortune on feasting, that one day, on looking over his accounts, he found he had only a few millions left. Then the strange idea came into his head that he was going to die of starvation. And what do you think he did?

"Cut down his expenses."

"Turned miser perhaps."

He committed suicide; just banged himself, out of sheer terror lest the time should come when he could not get enough to eat, though in fact he was rolling in wealth.

REGISTERED BY DOCTORS.
For Heart Disease Without Help—Dr. Agnew's Cure for the Heart Relieves in Fifteen Minutes.

Mrs. O. Ward, of Magog, Que., was a great sufferer for years from heart disease. Physicians bled her and gave her other treatments without relief. She read in the papers of the wonderful cures made by Dr. Agnew's Cure for the Heart. She procured a bottle of it. Fifteen minutes after the first dose she had relief. Before taking this remedy she had constant spells of suffocation and fluttering, and severe pains about the heart, and was so weak that the act of sweeping the floor caused her to faint. She continued using the remedy until she had taken six bottles and to-day she is as well as ever she was. Sold by W. W. Short.

The Montreal Gazette editorially says: Portland if feeling the competition of St. John to such an extent that its Board of Trade is beginning to bestir itself and talks of paying a subsidy to the Thompson line for a service all the year around. The steamship people estimate that the loss in the summer would be about \$1,000 a trip, and this would be met the subsidy proposed. But the project is still very much in the air. If the Portland people are wise, they will be content with their winter business, for which they have advantages, and not attempt to rival Montreal and Boston.
