## HAZEN WITHDRAWS.

HIS PERSONAL CHARGES AGAINST PREMIER  
EMMERSON.

FREDERICTON, April 24.—In the Local House on Saturday afternoon, Hon. Mr. Emmerson, said: "Before proceeding further with the business of the house I desire to make a reference to the investigations now before a special committee of this house, relating to the construction of permanent bridges. Intimations have been made to me by many members of the house at this late day in the session that the investigation might well stand till the next session of the house. There is one feature of the charges which effects myself personally. I understand the honorable leader of the opposition charges me with personal dishonesty in the discharge of my duty as Chief Commissioner, and I feel that such imputation should not rest upon me longer than the earliest possible moment when it can be investigated. Beyond that I fully appreciate the desire of the honorable members to get released from their legislative duties and would be willing to meet their views if it were possible to do so. In case the matter stands over the committee would under the rules of the house have to be discharged. I make this statement in view of intimations which have been made to me. (Applause.)"

Mr. Hazen—I desire to say that when I made these charges on the eighteenth to the house. I made them in good faith with the intention of producing my witnesses before a committee and was and am still prepared to do so. However, intimations have been made to the hon. chief commissioner by many members of this house to the effect that at this season of the year they would be suffering

A VERY GREAT LOSS

if compelled to stay here any great length of time to investigate these charges properly. Many witnesses would have to be examined, some of them to give expert testimony, and several weeks of the time of the House, I am satisfied, would be taken up. So I have informed those honorable members that if an agreement became honorable alike to the chief commissioner and myself I would certainly be willing to be a party to it. I appreciate the position the honorable chief commissioner has taken and I would like to say to this House, and every one who has followed the campaign in the country will agree with me, and on no occasion did I impute political dishonesty to the honorable chief commissioner. I desire to state that I did not during the last campaign or at any time, charged the chief commissioner with personal dishonesty. While

interests. (Applause.) I think the arrangement come to is one honorable to the chief commissioner and at the same time honorable to myself and I would like to express the wish that as I believe in the withdrawal of this matter from the committee that the chief commissioner is actuated by exactly the same motive as I am, namely, to the consideration of the convenience and personal interests of the members of this house and that the press favorable to the opposition in the province will make no reflections upon the chief commissioner in consequence of the course he has taken. (Applause.)

Hon. Mr. Emmerson—It is with pleasure that I rise to make acknowledgment to the words and expressions that have just fallen from my hon. friend. Having, as he says he had, no intention of imputing to me dishonest or corrupt motives, it is creditable to him that he has taken this opportunity of thus expressing so the house and the country in a manly and most generous way. His views and feelings give influence to the matter and while he has given expression to his desire that his friends throughout the country will not in consequence of the understanding reached, reflect in any way upon my course as a public man or as a private citizen. I am certain that I would be remiss in my duty, as well as in my instruction if I did not express the wish that my friends would accord to him the same treatment. My hon. friend has certainly taken a manly course in giving expression to his withdrawal of any imputations again myself. As the chief commissioner of the province I have pleasure in making this acknowledgment. Personally, I also feel that in view of the statement my honorable friend has made and in view of the charges which are reported on the journals of the House, which were made on the 18th, that it would be but right and fair that the statement which he has made and the statement which I have made in this House should appear on the journals and in the very records in which the original charges appear. If that is done I would certainly feel that there would not be any necessity for further investigation during this session. And my honorable friend having withdrawn his charges there is no necessity for the committee to further proceed with the reference which was made to them. I would therefore, it it would be proper, as I think it would be under the rules of the House, move, seconded by Mr. Hazen that these statements should appear upon the journals. (Applause.) Carried.

## ONE OF THE COMMITTEE SPEAKS.

Mr. Robertson—"As one member of this house who took the responsibility of presenting to the leader of the government, as well as the leader of the opposition the great inconvenience that it would be to the members of this legislature to continue in session for what might be said to be an indefinite time at this season of the year, I pointed out that in this house as far as I could observe were gentlemen representing the most important interests in our province, lumber interests, farming interests and many other interests that needed their personal attention at the opening of the summer season, when the material interests of the province can only be prosecuted, and feeling that in my own case because I was only speaking for myself that it would be a matter of very serious moment indeed with respect to the public undertaking that I have on hand. You can fully understand Mr. Speaker how fully I appreciate, and venture to state my fellow members do also, the statements just made by the leader of the Government and the leader of the Opposition. (Applause.) I am sure you will agree with me that the statements are alike highly honorable to both of these gentlemen. I am sure that the house will feel that these statements will be considered in after years a record in the history of the provincial government. While we in any way differ in our views with respect to the policy of the government; while the leader of the opposition may

feel he is in a position to prove the charges with respect to the cost of these bridges, yet how gratifying it is to find that he has so manfully stood up on the floors of this house and withdrawn, yes repudiated the idea that there was anything personally dishonest charged against the leader of the government. (Applause.) In view of the agreement entered into I feel I am not assuming too much when I tender, if I may be pardoned for using the term, the thanks of this legislature for the statements made to us to-day and hope the unanimous approval of this legislature will be given to the agreement which has been entered into between the two honorable gentlemen on this occasion. (Applause.)

Mr. Glasier—As a member of this special committee, from a business standpoint, I would like to get away in a few days. At this time of the year, the opening of navigation, my work commences but as a member of the committee of investigation I was prepared to stay here a week but in view of the wishes of this House that the investigation should stand over, I for one will not oppose it. (Applause.)

The proposals were agreed to.

ALLAN LINER MANITOBA SIGHTED IN DISTRESS—ANOTHER LARGE SEAL CATCH.

St. Johns, N. F., April 21.—The Allan line steamer Manitoba, Capt. Buchanan, from Liverpool April 1, for St. Johns, Halifax and Philadelphia, was sighted off Cape Race three days ago, apparently in distress. She should have reached here within a few hours, but she is still adrift, and it is believed her machinery is disabled. Three steamers are seeking her.

The sealing steamer Terra Nova, Jackman master, arrived here to-night with probably the heaviest catch of the entire fleet. Only three other vessels are now pursuing the hunt—the Diane, Walrus and Nimrod, all of which will probably be here within two or three days.

## GEN. LAWTON'S CAMPAIGN.

AMERICANS AGAIN ENCOUNTER THE REBELS AND PUT THEM TO FLIGHT.

MANILA, April 22.—Gen. Lawton took the field at daybreak to-day with a column of troops consisting of the North Dakota regiment, two battalions of the third infantry, the 22nd infantry, two guns of first battery, the troops of the fourth cavalry and Gale's squadron, equipped in light marching order. This force started at five o'clock this morning over the Novaliches road, traversing the country previously cleared of rebels, but subsequently re-occupied by them. It is to be presumed that Gen. Lawton by this movement will outflank the enemy before joining Gen. MacArthur north of Malolos. The Dakota regiment first encountered the enemy in front of Novaliches at 8 15 a. m. The rebels opened fire on our troops, but their fire was silenced fifteen minutes later, the enemy retiring in bad order, and the Americans advancing along the rough roads along Novaliches. They were considerably annoyed by the fire of the rebels' sharpshooters from the jungle for two hours. At two o'clock in the afternoon the rebels were in full flight, leaving many dead on the field, and our troops were compelled to take a brief rest as the heat was overpowering.
