Committee. Bass River, June 29, 1900.

PUBLIC EXAMINATIONS.—The public examinations in the schools on Monday and Tuesday were not as well attended by parents and friends as they should be, but those who had the pleasure of being present were well repaid for their attendance. The work of the children was really splendid and reflects much credit to themselves and their respective teachers. The advanced department under Mr. Hutchinson's care is certainly in a condition and the only regret is that we are to lose his services, he having resigned to attend law school at Halifax, where we wish him every success. The Grammar Department under Mr. Cowperthwaite has made good progress and the next term will open this department in better shape than for the past ten years, as grade 7 which hit were sent into this department will be in the advanced where it properly belongs and the class of 14, who grade the Grammar room are ready to enter grade 8, and in this way the studies as laid down by the Board of Education for the different departments will be carried on. Grade 7 had no right to be in the Grammar department at all and now that this has been remedied it means a great gain both to the pupils and the standing of the school. 11 grade from primary to intermediate, 11 from intermediate to advanced, and 14 from advanced to Grammar. The teachers go to Moncton to-day to attend the Provincial Institute.

AN IMPRESSIVE CEREMONY.—St. Peter's Roman Catholic church, South Branch, was a scene of a very impressive ceremony on the afternoon of Sunday, the 3rd inst., the occasion being the blessing of the new altar lately placed in the church by the Rev. Father Robichaud, of St. Anne, who designed as well as built the altar after the style of St. Peter's church at Rome, and to say that the design was well conceived and beautifully worked out by the Rev. gentleman's own hands, is but small praise for such a work of art as St. Peter's church now possesses in its beautiful altar. The ceremony of blessing the altar was conducted by the Rev. Father Michaud, V. G., of Buctouche, assisted by his curate, Rev. Father Hudon, and the Curé of the parish, Father Robichaud. Father Michaud preached the sermon, taking for his subject "the way of the cross," consummated in the sublime sacrifice on Calvary. The Rev. gentleman held his hearers spell bound as he depicted in forcible language the awful tragedy which placed salvation within our reach, and he urged on his audience the necessity of sacrifice to God by our lives' obedience to His Commandments. And although Father Michaud was suffering from a severe cold which somewhat checked his utterance, yet his language was so choice and his descriptive power so vivid that few indeed could remain unmoved by his discourse, and all united in judging that Father Michaud had on this occasion even outdone his former self, which is saying a good deal.

MAIN RIVER ITEMS.

JUNE 23rd.—As the New Moon has for a time refused to show any light on the doings of Main River the "Wild man of Borneo" will try his pen at the work.

Prof. Henderson passed through our town Wednesday.

Summer has come at last, and farming is over.

Work is going on rapidly at the block.

Miss McBeath had her examinations on the 22nd. The scholars acquitted themselves in a manner that brought credit to the teacher.

A basket social and dance was held at Upper Main River on Wednesday last, which was well attended. Each basket brought a good price. Mr. William Agnow performed the duties of auctioneer. The party broke up in the 'Wee sma' hours' of the morning and returned to their homes. A good amount was realized which will go towards repairing the school.

Messrs. David and Timothy Fahey have returned to their homes and we are pleased to see them looking so well.

Messrs. David Beers and James McLeary have returned also, much to the delight of some of our young ladies.

Gasperaux season is over and the fish were reported scarce.

We are pleased to hear that Mrs. Target is recovering from her illness.

Pedlars are very plentiful, but eggs are very scarce this summer.

Miss Maggie Connoley, who was visiting relatives in Main River, returned to her home in N. H.

Mrs. Peter Docette, who has spent the winter with her parents, Mr. and Mrs. Thomas Fahey, has returned to her home in Waterville, Me.

Wake up, correspondents, and tell your news.

WILD MAN OF BORNEO.

Hoarseness is a common trouble during the summer with those having weak throat or lungs. It has been readily cured, and the throat and lungs strengthened by Dr. Wood's Norway Pine Syrup. Price 25c.

Liquidators of the Thompson Shore Co., Montreal, have caused the arrest of ex-Alderman Thompson, president, and E. J. Savage, vice-president, on a charge of conspiracy to defraud creditors. They gave bail and will be examined next week.

Urinary Troubles

Kidney and Bladder Ailments that Would Yield Only to Dr. Chase's Kidney-Liver Pills.

Mr. Wm. Giles, carpenter, Sault Ste. Marie, Ont., states:—"Unsolicited I wish to tell you of the good qualities of Dr. Chase's Kidney-Liver Pills in curing urinary troubles. I do not write for your especial profit, but for the good of those afflicted as I have been. I have used eight boxes, and do not now feel the old trouble in the least. I felt relief one hour after taking the first pill. It is a great source of comfort to me to know that there is a medicine to help my weak kidneys. Those wishing further particulars may address me as above."

Dr. Chase's Kidney-Liver Pills are specific for all kidney, bladder, and urinary derangements, and liver troubles, and have an enormous sale all over this continent. One pill a dose, all over this continent. One pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates and Co., Toronto.

Dr. Chase's Ointment is a positive and absolute cure for piles. It is the only preparation which is guaranteed to cure every form of piles.

Rakings.

The public schools both here and Kingston closed on Tuesday for the summer holidays.

When you buy Union Blend Tea be sure and get the key; every pound package contains one; 25, 30, 35 and 40 cents per pound.

Mr. Odber K. Black has secured the services of Mr. Herbert Yeomars, of Hillsboro, Albert Co., as painter in his carriage factory.

Mackerel have not been quite so plentiful this week, although some very good hauls have been taken. Salmon are reported quite plentiful.

Mr. R. A. Irving, barrister of Buctouche, was sworn in as clerk of the Kent County Court in place of the late C. J. Sayre, at Moncton last Wednesday before Judge Wells.

The following Methodist clergymen will be stationed in Kent County the coming term: Richibucto, Rev. A. D. McLeod; Buctouche, Rev. A. E. LePage; Harcourt, Rev. D. B. Bayley.

The ladies of the Methodist church of Molus and Bass River intend having a tea and fancy sale in the grove near the church in Molus River on Wednesday July 4th. Posters will appear later.

Messrs. J. & T. Jardine's bark Valona, Capt. Thomassen, which had been at Kouchibouguac the past week completing her cargo, sailed yesterday for Liverpool, Eng., with a cargo of lumber. This is the last vessel to leave the harbor out of a fleet of six.

Rev. John S. Allan, formerly of Richibucto, but now of Fredericton, occupied the pulpit of the Methodist church on Sunday morning. Rev. Mr. Johnson, of Newcastle, took the place of Rev. D. Fraser in Chalmers' Presbyterian church the same evening.

The occasional showers of rain the past week have done a great deal of good to the crops and also to the gardens. The best potatoes which we have yet seen were raised by Mr. R. H. Davis. They are between 12 and 18 inches in height and are all in blossom, and look exceedingly well, considering the lateness of the season.

Mr. Fred S. Sayre is the proud possessor of a very fine A. J. C. C. Jersey heifer, only two years and two months old the 22nd inst., who established for herself yesterday morning the splendid record of ten pounds and eleven ounces of butter for seven days and being only the second week since coming in. Fred feels very proud of her.

Last Tuesday night a wave of mackerel struck our coast, the like of which has not been seen in these parts for a number of years. The catch was something very unusual being from 1,500 to 4,000 to a boat, which lowered the price somewhat. Mr. Angus Durant brought a load of 4,000 to town and sold them for a cent a piece. They sold like hot cakes.

There is one significant fact which bears on the question of a college education for girls. It is that all the American women who have won distinction in original work of any kind, received the old-fashioned training. Collegebred women, so far, have been successful only as teachers.

Is this because the women in one case was suffered to develop naturally, like a growing tree, and in the other was moulded artificially the same as one brick in a heap of bricks? I cannot answer this question.—July Ladies Home Journal.

We again call the attention of the public to the grand celebration which is to take place in Richibucto on Monday, July 2nd. It is expected to be one of the greatest days in the history of Richibucto. There will be a grand mounted parade in the morning, between 30 and 40 young men taking part, and in the afternoon a game of baseball will take place between a Chatham baseball team and the Crescents of Richibucto. There will also be foot races, wheelbarrow races, sack races, potato races and other sports. The main feature of the day will be a fine display of fire-works, which will take place after dark. Posters are out giving full particulars. Everybody is invited to attend and take part in the celebration.

In justice to the Crescent base ball team we might say that the Chatham World was somewhat mistaken in its report of the game of base ball played at Chatham on the 18th inst., between the above team and the Royal Oaks. The following is what the World says with regard to the third inning: "Richibuctoes bat well this inning, and only one man was batted out, but Chatham playing slowly, but surely, white-washed them again, and Richibucto returns compliment to Chatham, batting two men out." We might inform the World that there was not a man batted out among the Crescents during the whole game. We merely mention this in fairness to the Crescents and to show the public how misleading the World is in its reports.

"I Can Eat What I Like."

Many people suffer terribly with pain in the stomach after every mouthful they eat.

Dyspepsia and indigestion keep them in constant misery.

After trying the hundred and one new-fangled remedies without much benefit, why not use the old reliable Burdock Blood Bitters and obtain a perfect and permanent cure?

Here is a case in point:

"I was troubled with indigestion and dyspepsia for three or four years, and tried almost every doctor round here and different dyspepsia remedies, but got little relief. I then started using Burdock Blood Bitters, and when I had finished the third bottle I was almost well, but continued taking it until I had completed the third bottle, when I was perfectly well. Before taking B.B.B. I could scarcely eat anything without having a pain in my stomach. Now I eat whatever I like without causing me the least discomfort."—MRS. THOMAS CLARK, Brussels, Ont.
