THE TRANSVAAL FUND.—In several of the recent issues of THE REVIEW an appeal was made to the people of the county to raise a fund for our volunteers who offered their services in the Transvaal, and to which a very small number have donated. A fund of this kind has been raised, and is still being raised, in almost every part of Canada with the exception of Kent County. Why should not Kent keep in touch with the other Counties of the Province and raise a fund to show her loyalty. A fund could easily be raised if every citizen of the county donated a small amount, and it would show to the people of the outside counties that Kent is not behind in showing her loyalty to Queen and Country. Let every citizen of the county think this matter over and donate something towards so worthy an object. Any donations will be gladly received at this office, and the names of the donors published each week.

WEST BRANCH

JAN'Y. 15th.—Last Tuesday evening a number of the Sunday School pupils met at the home of Mrs. Wm. Robertson, who with her daughter, have interested themselves in Sunday School work for the past two years, and the following address was read by Miss Maggie Curran, and Mrs. Robertson presented with a handsome parlor vase by Miss Bessie Cail, and Miss Annie with a fancy glove box, with package of satchel power enclosed by Miss Irena Barton.

To Mrs. William Robertson and Miss Annie Robertson, Superintendent and Teacher of our Sunday School:—

We, the pupils of your S. S. have met this evening for the purpose of expressing our esteem for you and appreciation of your earnest and untiring efforts on our behalf in the Sunday School, and wish to present you with the accompanying vase, and Miss Annie with glove box, paper and envelopes and package of satchel powder, as a slight token of our esteem and good will, and pray that God may spare you in health and strength to continue the good work you have begun among us.

Signed on behalf of the pupils of the school and their parents.

Mabel Cail, Adah Barton, Serena Morton, Nanie Lennox, Maggie Beck.

West Branch, Jan'y 9th, 1900.

The recipients were taken most completely by surprise, and were deeply affected by this evidence of esteem and appreciation, and in a few remarks expressed their heart felt thanks.

The evening was spent with music, recitations, and games, both interesting and amusing to the children, and after refreshments left for their respective homes, much pleased with their evening's visit.

NICHOLAS RIVER NEWS.

Not seeing any news from this section for quite a while, I will try to interest the readers in some of the doings.

Although the weather is very changeable, the sleighing is everything that can be desired.

Messrs. Alexander Mundle and David Warren left last week for Uncle Sam's Territory. The departure throws a gloom over the household.

We congratulate Mr. and Mrs. C. J. Murray on the arrival of their new son.

There was a social party at Mr. Samuel Wilson's last week. Games were the chief amusement. The party broke up about eleven o'clock.

Mr. B. Murray, of Boston, is spending his vacation at home.

Our school is opened under the efficient management of Miss Schofield.

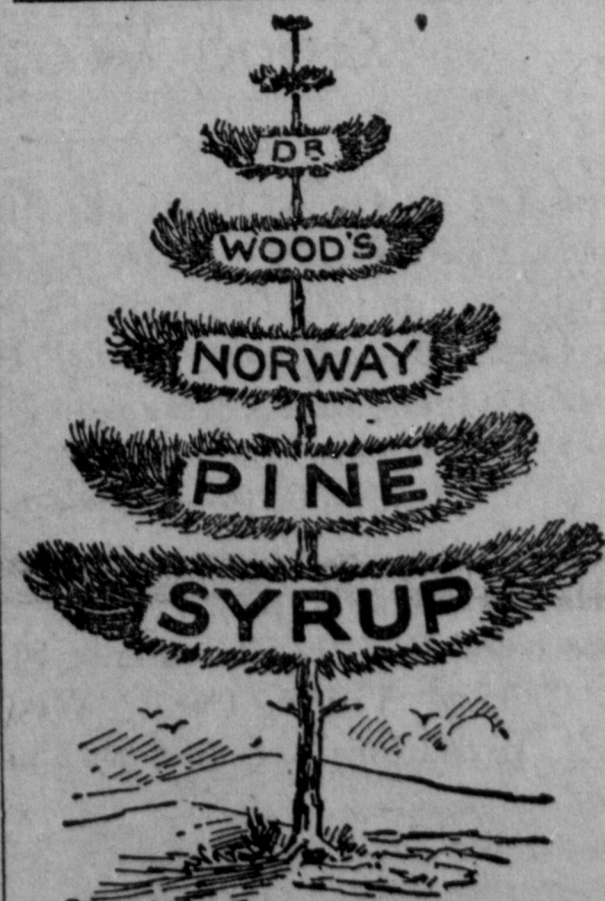

The Christian Endeavor meetings are largely attended and increasing in membership rapidly. It has been the means of doing much good in this vicinity!

The fishermen are commencing to get up courage again, as the catch has been better lately.

We are sorry to announce that we have some unjust people in this part of the country. Mr. John Lawson left his week's catch of smelts on the ice Friday night, and was surprised in the morning to find they had been taken. Rumor says he is marking what he catches now in hopes of catching the thief.

Some of our young folks are still in favour of the Friday night meetings, as they are seen on their way to the dance hall in the early evening.

—The Moncton Transcript of Monday says: Mr. N. Curry, of the firm of Rhodes Curry and Co., Amherst, met with an unfortunate accident while curling Saturday night in the match against Moncton. The curling rinks are situated on each side of the skating rink, and while the hockey players were practicing the puck was lifted over the partition with considerable force, striking Mr. Curry on the bridge of the nose, breaking it badly.

—Some of our fishermen inform us that they have not seen smelts so plentiful as they are this winter for a number of years, but they seem very hard to catch as the majority of them do not go into the channel but keep on the flats. They say that this is a good sign that some good hauls will be made, and all that is wanted is two or three very frosty nights, so as to make the ice on the flats thick and drive the smelts into the channel.

—Mr. Robert Main's horse which was being driven by Mr. Wm. Dickinson, of Kingston, ran away last Friday afternoon and the occupants of the sleigh consisting of Mr. and Mrs. Dickinson had a narrow escape from being seriously injured, but as it was they escaped without being hurt, although the harness on the horse was considerably damaged. Neither the sleigh or the horse was hurt. Mr. Dickinson only succeeded in stopping the horse by running it into a snow drift.

—Last Saturday morning a subscription list was started for the two volunteers from this town for the Transvaal who enlisted in the second contingent, and in a very short while the neat sum of \$64.50 was raised which was forwarded by mail that morning to the two volunteers at Halifax. Had the time been longer from when the list was started until it was mailed a much larger sum could have been raised, as quite a number of people would have donated had the list been handed them.

TWO CONFLICTING REPORTS ABOUT LADYSMITH.

LONDON, Jan. 13.—It is rumored that General Charles Warren with 10,000 men has relieved Ladysmith by a forced march.

VIENNA, Jan. 13.—The Neue Free Press publishes to-day a despatch from Brussels saying that news has been received there from Preterria to the effect that the Boers have stormed all the heights around Ladysmith and that the capitulation of that place is hourly expected. Possibly this refers to the fight of Saturday last when the Boers captured the British trenches three times and were thrice driven out at the point of the bayonets and to the fact that Boers occupied one British position all day long only being driven out of it at night. There is no confirmation of the Ladysmith rumor now set down as coming from stock jobbing sources.

The Twanging Pains . . . of Rheumatism

Are Caused by Uric Acid Being Left in the Blood by Diseased Kidneys

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active they remove the uric acid. That is their special work. If, on the other hand, the kidneys are deranged, there is sure to be uric acid in the blood and rheumatic pains through the body.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right. The most effective kidney remedy known to man is Dr. Chase's Kidney-Liver Pills. They cure rheumatism permanently by making the kidneys active in their work of removing the uric acid from the blood.

Dr. Chase's Kidney-Liver Pills positively cure backache, lumbago, rheumatism and all disorders of the kidneys and liver. One pill a dose. 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto. 14
