DEATH OF MRS. HENRY IRVING.—One of the saddest deaths which has taken place here for some time occurred at 7 o'clock Tuesday evening, when Mary E., wife of Henry Irving, died at her home in the 46th year of her age. Just a week passed from the time she took sick until she died. About eleven o'clock on Tuesday night of last week she complained to her husband of a pain in her right side, and said that she felt as though she was going to die. A doctor was called in the next morning and after being attended for two or three days she began to amend, but she had another attack which took her off at the time mentioned above. She was a daughter of the late Joseph and Jennie Power, and leaves surviving a husband and seven children—5 boys and 2 girls—beside 3 brothers and 1 sister. She was a member of the Presbyterian Church and was a good and loving mother. Her death was due to inflammation of the lungs. The funeral will take place on Friday at 2 o'clock. THE REVIEW joins in sympathizing with the bereaved husband and family.

Mrs. C. H. Cowperthwaite returned home from Doaktown last Thursday after an extended visit with friends at that place.

Miss Ruby Dunn went to Dalhousie Junction last week with her aunt, Mrs. Allen.

The entertainment gotten up by the congregation of St. Matthews church was not as well patronized as it deserved to be and those who absented themselves missed a treat.

The small pox scare has struck Harcourt. Scores are being vaccinated, and some for a second time, as the first operation did not "take." Two of our prominent merchants are regretting having no insurance on the stock in case small pox should strike their premises.

The roads are fine for hauling. Business in pulp wood is booming off of the the Crown Lands. What about the stumpage.

It is almost impossible to get a pound of butter fit for table use from any of the stores and yet large quantities of the "stuff," such as it is, are shipped from this depot to St. John.

FEB. 13th.—There was quite an excitement here last week caused by some few persons who tried to create a small pox scare. As there is not a case of this disease within forty miles this agitation seems rather uncalled for.

The concert given last week under the direction of Mrs. G. L. Freebern was highly successful. The program consisted of vocal and instrumental music, a representative of Mother Goose and various tableaux. These tableaux were much admired, the costuming being particularly good. The whole reflects much credit on Mrs. Freebern and her assistants.

A number of ardent government supporters have formed an organization known as the Liberal Club. No doubt they will prove a power of good in the land.

A concert is to be given in the public hall to-morrow evening in which zosophone selections by John L. Wathen will play a prominent part.

Better stop that cough now with a few doses of Dr. Wood's Norway Pine Syrup than let it run on to end perhaps in Bronchitis, Pneumonia or Consumption. It's a wonderful lung healing remedy that cures the worst kinds of coughs and colds when others fail. Price 25c. & 50c. All dealers.

He has a large stock of winter clothing as well as an assortment of small-wares which he must sell during the next month. —The Richibucto correspondent of the Moncton Times says: Rev. Father P. Martineau, of Moncton, who has been appointed parish priest of Richibucto village, for the first time occupied his new position last Sunday, and made a favorable impression. He takes the place of Rev. Father Hudon, who left for Montreal Friday. Father Hudon was held in high esteem by everybody and his departure will be much regretted.

—Rev. J. F. X. Michaud, of Buctouche has been appointed by the Bishop of St. John a Vicar General. Father Michaud's many friends, who are delighted to find him in excellent health on his present visit, will heartily congratulate him on his new honor. It is now more than a quarter of a century since he lived and labored in St. John, but he is still well and kindly remembered. In Buctouche the new Vicar General has been indefatigable, and also successful in caring for the spiritual and keeping as well a fatherly eye on the temporal interests of his parishioners.—Globe.

—The oldest horse in Moncton and supposedly in the county passed away last Wednesday morning. The horse referred to was the little bay owned by Mr. Fred Tuttle and which saw the light of day 31 years ago. It was driven for years by Mr. Higgins, father of Mr. L. H. Higgins and has been owned by Mr. Tuttle for a long time. The last few years however the aged animal was given but a short exercise daily. During the past week it showed signs of illness and yesterday gave up the ghost. The late Mr. Amos S. Higgins just before his death asked Mr. A. A. Tuttle to take the horse and keep it until it died.—Transcript.

—It is reported from Campbellton that Rev. Father Wallace and four Sisters of the convent are down with small-pox, and that there are nine new cases in the vicinity of Bathurst.—World.

LETTERS FROM SOUTH AFRICA.

The two following letters were received from George Keswick, of the first Canadian Contingent in South Africa, by his sister Mrs. E. A. Schmertz, Pittsburg, Pa., and was sent to us for publication:—

Belmont,  
Dec. 18th, 1899.

DEAR BESSIE:—  
I thought I would write you a few lines to-day to tell you how I am.

I am well hoping these few lines will find you both the same.

It is very warm here to-day. I received your letter to-day and was so pleased to get it.

The dead are lying everywhere all around me.

We never think anything of death here. There are ten thousand British soldiers here to-day.

I am writing this letter on the battlefield at Belmont.

There is plenty of fighting to do here before we return and every one of us will fight with a good will.

The water is so bad we cannot drink it. The Boers are lurking around us everywhere. I am writing this on a stone.

We cannot get enough earth to cover the dead bodies as the ground is so stony. I am going to send this to ma and she can forward it to you.

I have no more time to write so good-bye with love to Mr. Schmertz and yourself from

Your loving brother,  
GEORGE,  
South Africa.

Belmont,  
Jan. 1st, 1900

DEAR SISTER:—  
I thought I would write you a few lines and tell you how I am.

I am well hoping you both are the same. This is New Year's day.

I received your dear little letter and card last night.

It is very warm here now. We are in Belmont.

We have only lost two of our boys so far. There are one hundred soldiers here now.

There will be many a home filled with pain by this time next week.

There are one hundred bodies lying here to-day. I am writing this letter on a rock under the burning sun.

I received a nice letter from Janie last night.

It does not seem to me as if I were on the battlefield. We never think of our lives for they are nothing here.

We do not get much sleep for we are out all night watching for our game.

It reminds me when I used to be out duck shooting.

How is Tom McPhadden? Tell him there is no time for fun here.

Nothing to see but, stone and sand and there are dead horses and bodies lying around as far as the eye can reach. I will bring you something nice home with me if I ever come back.

I want you, Bessie, to send this letter to Janie so will close now with love to you and Ed. Good-bye. Write soon. From your

loving brother,  
GEORGE.
