DEATH OF PATRICK FLANAGAN.—We have this week to record the death of Patrick Flanagan, one of Kent county's wealthiest and most respected farmers, which occurred on Thursday Jan 4th in the parish of Carleton. Deceased was a native of Kent County and has lived in Carleton Parish the greater part of his life. Mr. Flanagan was always in the best of health until about six months ago when he complained of a sore back, but he did not give up work until two weeks before his death when he was taken to his bed from which he never rose. Death, it is thought, was due to kidney trouble. Mr. Flanagan always took an active part in municipal affairs and represented Carleton for a number of years at the county council. He was a member of the Roman Catholic church and always took part in the affairs of the church. He was in the 52nd year of his age and leaves surviving a wife and 11 children, 6 boys and 5 girls, to mourn their loss. Mr. Martin Flanagan, of Richibucto, and Mr. James Flanagan are brothers of deceased. The funeral took place on Saturday, Jan. 6th, and was one of the largest ever seen in that parish or in the county, for a number of years, people being present from both Moncton and Chatham. The interment was made in the Roman Catholic cemetery at St. Margarets. The services were conducted by Rev. Fr. Pattenaude. The pall bearers were Messrs. Gear Jardine, Chas. Rainsborough, Samuel Wrigley, David McLean, Henry Daley and James Lynch. THE REVIEW joins in sympathizing with the bereaved family.

—The Methodist congregation have had the inside of their church repainted and renovated recently and is a credit to not only the congregation but the community at large. They have had a partition put up just inside of the door and also a new platform laid around the pulpit, as well as other improvements in the line of repairing. The whole inside of the church including the pews have been repainted and reflects much credit on Mr. Gordon Holleran for the way in which the work was done. The congregation should feel proud of such a nicely fitted-up church. A coat or two of paint on the outside would greatly improve its appearance.

As the train left the depot those present joined in singing "God Save the Queen," and three cheers were given for our noble representative who has gone to fight for his Queen and country. We venture to say that if he ever returns to Richibucto he will be heartily welcomed.

THE PROPOSED RAILWAY.

MR. J. C. BROWN LOOKING OVER THE GROUND BETWEEN NEWCASTLE AND THE PULP MILL.

(Newcastle Advocate, Jan. 3.)

An Advocate reporter had a pleasant chat with Mr. J. C. Brown, of Richibucto, yesterday afternoon. Mr. Brown is here looking over the ground of the proposed railway between here and the pulp mill. He is a prominent railway man and furnished the Advocate with the following short sketch of his career.

I received appointment on engineering staff of Intercolonial Railway survey from Dominion Government in 1868 and after one season's work on the Central survey of the I. C. R. under Mr. Schreiber, came to Newcastle on the staff of Alexander Light, C. E., engineer in charge of the Miramichi District. Run the preliminary travel line from Newcastle to Bathurst and located the line on which the Intercolonial now runs between these points. Was located at Beaver Brook in one of the government houses and had charge of the construction of section 10 under Walter M. Buck, C. E. Got leave of absence in Aug. 1872 and went to Charlotte Co. to contest the county for a vacancy which had occurred in the Provincial parliament. Was elected in Sept. of the same year and returned to Miramichi to resume duties of the Intercolonial. Left here in 1873 and took contract for making survey and building Chatham Branch Railway which I completed next year. Since that time have built and operated Kent Northern Railway, built Madawaska portion of what is now the C. P. Ry. and Joggins Ry. in N. S. Also built the Dexter and Pisquiquis Ry. and the Phillips and Rangeley Ry. in Maine. I made many warm friends on the Miramichi during my connection here with the I. C. R. Chatham Ry., many of whom I was glad to meet on this visit. Am glad to see so many improvements in this town and Chatham since I was here 24 years ago. Since coming here a week ago I have been looking over the ground between this place and the pulp mill below Chatham ascertaining the claims and inducements to be offered for the construction of the Douglstown Branch Ry. I will be able to say more about this project later.

Mr. Jas. Bowles, Councillor, Embre, Ont. writes:—"For over fifteen years I suffered the misery of bleeding, protruding piles. The many remedies I tried all failed. I was advised to use Dr. Chase's Ointment, and must say that the first application gave relief, after the third the bleeding stopped and two boxes cured me completely."
