J. D. Phinney, Q. C., for plaintiff, S. E. Morrill for defendant.

DEATH AT ST. MARGARETS.—The death of Maria Fitzpatrick, relict of the late John Rigley, occurred at St. Margarets on Tuesday April 24th. She was 72 years of age and leaves surviving five sons and four daughters to mourn their sad loss. The funeral which took place on Thursday was very largely attended. The pall bearers were Messrs. Bernard Cook, John Flanagan, Thos. Power, Peter Flynn, Henry Daley and James McDonald.

DEATH OF CHARLES J. SAYRE.—Our many friends throughout the county will learn with regret the death of one of our oldest and best known citizens, Charles J. Sayre, Esq., Barrister at law, which occurred Monday afternoon. The immediate cause of death was paralysis although he had been ill for the past two years with heart trouble. Four months ago his left side was stricken and he was confined to his bed since that time. Sunday morning another stroke rendered him unconscious in which state he remained until the end which came at 3 o'clock. Mr. Sayre was one of the leading lights in the legal profession and plead with much success many important suits in the courts of the province. He was born at Dorchester in July 1830, was educated at Sackville Academy, studied law with his uncle the late Thomas Sayre and the late A. L. Palmer, was admitted to the bar in 1884, came to Richibucto in 1888 and has resided here ever since. He married Miss Marshall of this town who with three sons and three daughters survive him, namely, William P., J. Frank and Fred S., Registrar for Kent, Mrs. A. C. Storer of this place, Mrs. W. A. Cowperthwaite, of Easton, Md., and Miss Fannie at home. He also leaves surviving one sister, who for many years has resided with him. He filled many important public positions in the county and represented Kent in the local Legislature from 1878 to 1882 and was a consistent and staunch Liberal in his political view all his life. The sorrowing wife and family have the hearty sympathy of very many friends in this their hour of bereavement. Funeral takes place to-day (Thursday) at 2 p. m. THE REVIEW joins in sympathizing with the bereaved wife and family.

WEST BRANCH NOTES.

MAY 7.—These notes are for friends abroad who like to hear direct from home and who are disappointed when there are no items from this oasis of the wilderness.

Our young farmers are impatient for good weather. Older ones are more patient as they have learned from experience to take things just as they are sent.

Since the departure from home of many of our young friends, West Branch has developed quite a lot. We have almost as promiscuous a population as any of the large cities. For instance, we have the rich and poor, the strong and weak, the educated and uneducated, the growlers and grumblers. We have our spies and reporters, also those that mind their own business and those that don't, and "The dog in the manger" kind of people, and last but not least, we have our clairvoyants or readers of destiny who consign all those who do not coincide to their opinions to St. Peter's Island and Fiddlers' Green, and even a worse fate is meted out to any that dare prefer a Quadrille to blind man's buff or I spy.

Our friend George is erecting a nice residence on Teaberry Hill. The site is pleasant, having a view of nearly all the village and a full view of Church and School streets, also of Mount Pleasant.

Mr. G. Palmer, of Kingston, is Sawyer for Mr. A. Curran and is a great favorite. The men pronounce him tip-top.

Miss Meeta McMichael has gone to St. John for a short visit. She will visit Moncton on her return and spend a few days with her friend, Miss L. Joudry.

Mr. E. McWilliam is renovating the residence on Mount Pleasant and intends to occupy it soon. We are pleased to have such a desirable addition to our social circle.

One of our young gents displayed a buttonhole bouquet of mayflowers Sunday evening, which was much admired.

Fort Lookout is still doing a good reporting business and is well patronized.

Empire Day is to be a red letter day in our school.

Our Sabbath morning services are well attended, as our minister, Rev. W. M. Townsend is both eloquent and popular.

The winter passed very pleasantly and our young folk enjoyed it very much. Of course there were a few casualties which deducted materially from full enjoyment, but "such is life." "Into each heart some rain must fall, some days be dark and dreary."

We hear that a number of our young friends intend spending the summer at their respective homes. We will be pleased to welcome them.

Girls, don't be in such a hurry next time. The boys coming at such a rapid rate were neither drunk nor dangerous.

Miss Minnie Murray is visiting friends in West Branch.

As my fund of news is exhausted for this week and I have no "Little Book" to help me out, I have to depend on the (barren) fertility of my brain, I will wind up, but will write again when I hear of any event that will interest the absent.

FOUL BREATH ... FROM CATARRH

Tells of the Decay of the Mucous Lining of the Nose and Throat...

No symptom of catarrh causes more annoyance than foul breath. This offensive odor comes from the ulceration of the membranes and is an indication of the decay which is taking place in the linings of the nose and throat. To the victim of catarrh as well as to his associates this foulness of the breath is disgusting.

To counteract bad breath and to eradicate catarrh from the system no treatment is more successful than Dr. Chase's Catarrh Cure, the only remedy that can be relied upon to entirely cure chronic catarrh.

Dr. Chase's Catarrh Cure is sent direct to the diseased parts by the improved blower which accompanies each box, heats the ulcers, clears the air passages, relieves the pressure which causes headache, stops the decay which causes foul breath, and absolutely cures catarrh and prevents complications. 25¢ a box, blower free, at all dealers, or Edmanson, Bates & Co., Toronto.

Rakings.

—We are agents for Sussex Steam Laundry. Est. W. W. SHORT.

—\$400 in cash will be given to the purchasers of Union Blend Teas this year.

—There was quite a heavy fall of snow on Sunday evening but it did not stay long on the ground.

—Lobsters have struck the coast and some of the fishermen who had out their traps got some very good hauls.

—Household Ammonia, Oil of Tar, and Wagon Oil always on hand. Est. W. W. SHORT.

—George Keswick, of Buctouche, who went to South Africa with the first Canadian Contingent, is reported among the missing.

—A batch of notes from Main River and the first of officers of Buctouche Lodge I. O. G. T., unavowedly crowded out of this issue, will appear in our next.

—We are requested to announce that the funeral of the late C. J. Sayre which was to have been held to-day (Wednesday) will be postponed until to-morrow at 2 o'clock.

—The scow which will be used as a ferry at Kingston was launched yesterday and will be put right on so as not to put the public to any more inconvenience than is necessary.

—Work has been commenced on the repairing of the Public wharf here. It will be, when completed, if built according to the specification, the best and most substantial wharf in Richibucto.

—The British forces in South Africa appear to be meeting with great success. Brantford, Smaldeel and Winburg, besides some smaller towns, have been captured within the past week by the British.

—Rennie Plant food—just the thing to make plants bloom, 15¢ pkge. For sale by Est. W. W. SHORT.

—A leading illustrated article in the May Magazine number of The Outlook is "New York's Underground Railway." In this the author, Mr. Earl W. Mayo, tells, with original and unique illustration, the story of the rapid transit enterprise, giving picturesquely and intelligibly an account of the methods to be used in building the road and the results it will accomplish.

—A meeting of the Executive Committee of the Kent Co. Teachers' Institute called by the President, Inspector Geo. Smith, was held in the Grammar school, Richibucto, on Wednesday, May 2nd. The Institute at its last meeting, having decided on Richibucto as the place of meeting, had left it in the hands of this committee to decide upon the time. Oct. 4th and 5th were fixed upon as the dates, and it was decided to secure, if possible, the attendance at the sessions of some of the prominent Educationalists of the province. It was also decided to arrange the programme before the end of the present term if this could conveniently be done. As the time is now very short any teachers willing to contribute either lessons or papers would greatly assist in the work of preparation by informing the Secretary of their intention not later than June 15th. Geo. A. Hutchinson, Sec'y.

SALEM MASS.

MAY 7th.—On Wednesday last, at the home of Mrs. Edward Baldwin of this city a large number of friends and relatives gathered to bid Mrs. Robert Baldwin of Molus River, N. B., a last farewell. During Mrs. Baldwin's stay in this city, she has made many friends and acquaintances and it was with a feeling of sorrow that they came to exchange greetings with Mrs. Baldwin for, perhaps, the last time. However, a very pleasant evening was spent, all hands joining in, what we call a good old "breakdown." After ice cream and cake had been liberally served, they once more bade Mrs. Baldwin Good bye, and a pleasant journey and departed.

BAD WITH WORMS.
