A SLIGHT FIRE.—What might have been quite a large fire occurred on Tuesday morning about two o'clock. While Mr. Paul Legoff, who had been out the greater part of the night, was returning home about two o'clock in the morning noticed smoke coming from the roof of Mr. Joseph Richard's house but did not think it a fire and went home to retire when he thought he would go out again and see what it was. On going out again he came to the conclusion that it must be a fire as he could see the blaze shooting up from the roof. He at once raised some of the neighbours and went to Mr. Richard's and after hammering at the door for some time succeeded in waking Mr. Richard. On investigation it was found that the fire had originated from a defective flue and had burned quite a large hole in a roof. The fire was extinguished with a few buckets of water. It is a mystery how the fire caught from that chimney as there had not been a fire in the room from which the chimney leads for some time.

THE PEOPLE'S STORE CO.—Among the many commercial enterprises to be found at East Douglas or vicinity there are none that enjoy a better reputation for fair and square dealing than that popularly known as the People's Store Co., located on Main street, and conducted by Mr. J. W. Irving. Mr. Irving has been identified with this business about two years, having been a member of the firm of Cunliff & Irving. About three months ago he became sole proprietor. The store room occupied is 30x85 feet in dimensions, is well lighted and systematically arranged, and an excellent stock is carried, including dry and fancy goods, groceries, ready-made clothing, hats and caps, boots and shoes, paper hangings, confectionery, cigars, etc., and a general line of everything pertaining to the business in hand. It has always been the aim of Mr. Irving to give his patrons the best goods the market affords at the lowest possible prices, and that this is appreciated is evinced by the excellent patronage he controls. His relations with manufacturers and wholesale dealers are of the best, and enables him to compete successfully with any other house both as regards quality and price. Mr. J. W. Irving personally is a gentleman of honorable and liberal traits, while his establishment enjoys the fullest confidence of the Douglas public.—Uxbridge Mass., Compendium. [Mr. Irving formerly belonged to Kent Co., but has been in the United States for some time.] Ed.

MANCHESTER, N. H., NOTES.

FEB. 1st.—Being a constant reader of THE REVIEW and looking anxiously each week for notes from the different places in Kent Co. with which we are very familiar, we thought perhaps if we, who are absent from our native land write a few notes, others might follow our example.

We have had very mild weather here this winter, having no severe storms thus far at all.

At the next meeting of the Canadian Association, February fifth, the Rev. N. L. Sifton, pastor of Trinity M. E. Church, of West Manchester, will address the association. At the close of the address a social hour will follow when a light collation will be served.

Miss Jennie Stevenson, who had her left hand quite badly burned with Carbolic Acid while attending to a patient recently, is, we are pleased to say, fully recovered.

Miss Mable Grundy, who is attending the school of Technology in Boston, is spending this week with her parents on Bridge street.

Mr. and Mrs. Fred H. Humphrey pleasantly entertained a few of their friends at whist last Wednesday evening. A very enjoyable time was spent. During the evening various amusements were indulged in, refreshments being served.

Mr. J. Srak Pfun. gave an illustrated lecture on Paris to the Florence Nightingale Club at his rooms on Elm St. last Thursday evening. The lecture was well patronized by the members of the Club, which is composed of trained nurses. After the lecture Miss Edith Bulman, president of the Club, in a few well chosen words thanked Mr. Plumer in behalf of those present for entertaining them so pleasantly.

Miss H. Janet Sullivan who has been in Ashland, N. H., for the past five weeks, returned home yesterday.

The many friends of Miss Martha Humphrey are pleased to see that she has returned to Manchester, after spending the summer at her home in New Canaan, Queens Co., N. B.

Church Suppers are the order of the day here at present, as every week some one of the different churches give a good warm supper for the benefit of the public.

Considerable interest is manifested here in the Transvaal War, and while a great many seem to sympathize and pity the Boers, we think the more intelligent and liberal minded New Englanders are loyal to good old England.

Dame rumor, who is always busy, reports that Mr. Isaac Ford, formerly of Kent Co., who by the way is one of Manchester's most enterprising young men, wends his way very often towards the north end of the city.

The funeral of General Charles H. Bartlett took place from his late home on High St. Monday. General Bartlett was one of this city's most prominent and influential residents, and his sudden death is a great shock to the community.

Hoping that I have not taken up too much space I will conclude by wishing THE REVIEW a happy and prosperous New Year.

ASTHMA.

Mrs. George Budden, Putnamville, Ont. says: "I feel it my duty to recommend Dr. Chase's Syrup of Lirseed and Turpentine, as I had the Asthma very bad; could get nothing to do any good. A friend of mind persuaded me to try this remedy, as he had tried it, and it proved successful. I tried it and it cured me. I am thankful to say that I am a well woman through the use of this remedy. 25 cents a bottle. Family size 60 cents."

COOK'S NEW BLOOD PILLS

—Miss Jennie J. Curran has our thanks for a number of late Manchester, N. H., papers.

—Saturday was the coldest day of the season, the thermometer registering 16, below zero.

—Drs. Bourque, of Richibucto, and Tozer, of Kingston, have vacinated quite a number of people in town and Kings-ton.

—Mr. Samuel Watts, editor and proprietor of the Carleton Sentinel, died at his home in Woodstock at ten o'clock Monday night.

—You can buy them right anywhere; the right kind at the right place; Union Blend Teas at 25, 30, 35 and 40c. per pound; a key in every pound package.

—Yarmouth times: "Hay of fair quality is bringing \$12 per ton in the barn, while the best grades bring \$15. Before spring the price will probably advance to \$18."

—Coupon No. 228 was the winner of the Bank of Montreal \$10 bill given by Mr. Geo. F. Atkinson, of Kingston, in the prize competition. See his advt. on this page.

—Smelts seem to be quite plentiful, as some of our fishermen have taken some good hauls of late. As many as a ton were caught at one haul on Friday of last week.

—The Moniteur acadian of Shediac says that town is soon to have another new shoe factory. D. J. Richard, representing American capitalists, has secured the site for a building.

—The St. John Globe says the members of the George Black party expect to leave for the Yukon country about the 20th. The thirty men will travel to Vancouver in a private colonist sleeping car.

—A heavy storm of wind and rain raged all day Monday, making it very disagreeable. Towards evening the wind changed and the rain turned to snow, which fell quite heavily during part of the night.

—The Caraqueet correspondent of the St. John Globe writes:—The report published in a Chatham paper that small-pox was in Caraqueet and Burnville is false. The nearest case is at Clifton, thirty miles from Caraqueet. People here are getting vaccinated.

—On page 1 of this issue will be found the Finance Committee's Report of the Kent County Council, which will be of interest to the people of this County. The list of Parish Officers for the different parishes throughout the County will also be found in this issue.

—We are pleased to note that the Richibucto Brass Band has again been united under the leadership of Mr. Basil Johnson. There is no reason why a good band could not be formed, as there is plenty of talent in Richibucto. We hope Mr. Johnson will succeed in his undertaking.

—Ottawa Journal: Everybody is much pleased to hear that Mrs. Blair is now quite out of danger. Mr. and Mrs. Geo. Blair and Mrs. Randolph have been with her since Sunday. Miss Blair was ill for several days this week, suffering from an attack of la grippe, but she is much better.

—There was no service in Chalmers Presbyterian church last Sunday evening caused by the absence of the pastor, Rev. D. Fraser, who received word on Thursday of the death of his father at Picton, N. S., and who left the same day to attend the funeral which took place on Saturday.

—An I. C. R. refrigerator car, which was being taken to Buctouche on Saturday to load smelts for James Irving, met with an accident near McDougall's. The forward trucks of the car jumped the rails, and before the train could be stopped the bottom of the car was considerably damaged. The accident delayed the train several hours.—Times.

—We are informed that several large pieces of lard with a quantity of strychnine on it was found in a field back of the town on Sunday. It is thought it was put there to poison foxes, but is rather close to the town as a cow or any other animal belonging to the neighbors living near might possibly get hold of it and get poisoned. We think people should be more careful about matters of this kind.

—The annual meeting of the Farmers' & Dairyman's Association of New Brunswick will be held at Fredericton on the 27th, 28th inst. and 1st March next. A very full programme is arranged. Among the subjects discussed will be Agricultural Education, Poultry Raising, The General Purpose Cow and Beef Raising, Pota-to and Onion Culture. Mr. F. W. Hodson, Dominion Live Stock Commissioner, will discuss our Live stock markets and transportation. One evening will be devoted to a discussion of the nineteenth and twentieth century agriculture and a variety of other subjects will be discussed.

CROUPS, COUGHS AND COLDS are all quickly cured by Pny-Pectoral. It lessens the cough almost immediately, and cures readily the most obstinate cold. Manufactured by the proprietors of Perry Davis' Pain-Killer.

NICHOLAS RIVER NOTES.

FEB. 6th.—The recent snow storm has made the roads a great deal better. The ring of the sleigh bells these moonlight evenings show that the young folks are enjoying themselves.

Mrs. Carter, of Mill Creek, who is visiting her daughter, Mrs. McNulty, was taken suddenly ill with Lagrippe but is slowly recovering. Mrs. McNulty is also suffering from the effects of a bad cold.

Some of the young men of this district are talking of starting a night school. Mr. R. Mundle has been appointed investigating committee.

Miss Sarah Masterton is spending the winter at home. She has had charge of the Coal Branch school for a number of years, but it has been closed this winter until the first of April.

Several new members have been enrolled in the club house within the last year. Some of them, we believe, came as far as from Richibucto. This club has went under the name of the Bronco club, but we think a more appropriate name could be furnished.

The farmers are all busy hauling wood. Mr. Alexander Robertson is doing an extensive lumbering business. Mr. Robertson claims he never seen a winter with so little snow since he was in the business.

The smelt fishing is about over and the fisherman that lost his smelts didn't catch the thief, but he says he learned to take them off the ice when he heard whooping on the south side of the river.

The Grand Comedy Co. purpose holding a concert at the Kingston Public Hall some time this month. We wish them every success.

A certain young man from this vicinity is often seen heading for Molus River.

Anyone wanting to get their sole (soul) prepared for the hard roads should call on L. J. Grant, who keeps a full line of sole protectors.

Dollars For Doctors.

But Mrs. Douglas derived little benefit till she used B.B.B.

Proof after proof we have been furnishing how B.B.B. makes bad blood pure blood and cures cases that even the doctors failed to benefit.

Here's the case of Mrs. John Douglas, Fuller, Ont., an account of which she gives.

"I have used B.B.B. for impure blood, pimples on the face and sick headache. I tried a great many remedies and spent dollars for doctors' medicine but derived little benefit. I then started using B.B.B. and only took four bottles when my skin became clear and free from all eruptions. My other troubles disappeared also and I am now in perfect health."
