

W. C. T. U. COLUMN.

"And let us not be weary in well-doing for in due season we shall reap if we faint not."—Galatians 6: 9.

VOTE, VOTE, VOTE, THE BOYS ARE MARCHING.

Tune—Tramp, Tramp, Tramp, etc. There's a movement strong and grand, Spreading over all the land, Giving hope of peace and gladness to the world;

PROTECTED BY LAW.

But the saloon is here because the law gives it a right to be. Selling strong drink is as legitimate a business as selling hard coal. People curse it, but the law sustains it.

NATIONAL SLAVERY.

By ARCHDEACON FARRAR. How can we free a nation, which will take no trouble to free itself from its deadly incubus? Our fathers faced the lion of tyranny, and we cower before the foul wolf of the drink traffic.

A Clergyman's Advice.

THE ALMOST MIRACULOUS CURE OF JOHN McDONALD, CAPE NORTH, N. S.

For Years He was Afflicted With Spinal Trouble and Paralysis of the Legs—Was Treated by the Best Specialists in Victoria General Hospital, at Halifax, Without Benefit—Dr. Williams' Pink Pills Have Restored Him.

Mr. John McDonald, a well known merchant at Cape North, N. S., was for many years a sufferer from spinal trouble, which eventually resulted in partial paralysis. Treatment of many kinds was resorted to, but without avail, until finally Dr. Williams' Pink Pills were used, with the result that Mr. McDonald is again enjoying almost perfect health.

He Was "Swiped."

He sat in the reading room of a Chicago hotel with a notebook and pencil in his hand, and after wetting the pencil on his tongue a dozen times without writing anything he turned to the man on his left and said: "I want to get at an expression, but can't think of it. I want something synonymous with avalanche."

A Complicated Flag.

The Spanish royal standard is most complicated. The red and yellow of the Spanish flag is said to be derived from this occurrence: In 1378 Charles the Bold dipped his fingers in the blood of Geoffrey, count of Barcelona, and drew them down the count's golden shield in token of his appreciation of the latter's bravery.

Got the Watch.

A Camden lawyer put up a bluff successfully not long ago. A client came to him and explained that a young man had bought a watch from him on the installment plan. He made one payment, gave the watch to a young lady and skipped out. The client wanted to know if he could recover the watch from the young lady.

The Sponge Animal.

If the sponge as brought up fresh from the sea bottom were a familiar object, says Dr. Ledeker, few would be in doubt as to its being an animal. When fresh, it is a fleshy looking substance covered with a firm skin, and if cut it presents somewhat the appearance of raw meat.

AN OLD THEORY EXPLODED.

The old-fashioned theory of tearing down disease was entirely changed by the advent of Dr. A. W. Chase's Nerve Food, which cures by creating new rich blood and nerve tissue. Through the medium of the circulation and the nervous system they strengthen and invigorate every organ in the human body.

Devey Had No Grievance.

"Where do you take command of the fleet?" a lady friend asked Dewey just before he left for Manila. "At Hongkong," he replied. After a silence the lady said: "Aren't you aggrieved, in view of our possible trouble with Spain, over being ordered to the remote Asiatic station, which can hardly be in the picture in case of war?"

Giving Him a Hint.

"John," she said softly, "have you been saying anything about me to mother lately?" "No," replied John. "Why do you ask?" "Because she said this morning that she believed you were on the eve of proposing to me. Now, I do not wish you to speak to mother when you have anything of that kind to say. Speak to me, and I'll manage the business with mother."

WIFE SPANKED HIM.

Because his wife spanked him William Siedensticker, of New York, left her and their three children on New Year's Day. He went Wednesday to the Ewen street Police Court, in Williamsburg, and surrendered himself, having learned that his wife had lodged complaint there charging him with abandonment. Protected by the court he grew self-assertive and bold.

SACRIFICED HIS LIFE.

CHICAGO, Feb. 1.—After carrying his wife and two children from his burning cottage early to-day, Herbert Fletcher was overcome by smoke and flames and fell near the doorway and died before assistance could reach him. The weather was bitterly cold and his wife and children were clad only in their night clothes. Fletcher rushed back into the burning building and endeavored to secure covering for them, when he was overcome.

WAR OFFICE DENIES REPORTED BRITISH ADVANCE.

LONDON, Feb. 5.—The correspondent of the associated press learns officially that absolutely no confirmation has been received by the war office of the report that General Buller has re-crossed the Tugela River and is marching on Ladysmith. On the contrary according to the information of the war office, at the present movement there is every indication that things are quiet at the front and that no immediate movement is anticipated.

If Your Kidneys Are Deranged and the System Poisoned by Uric Acid. It is the peculiar mission of the kidneys to filter the blood, to separate the poisonous impurities from the pure blood, allowing the blood to go on its way, while the poison—uric acid—is sent through the ureters to the bladder and hence out of the body. The importance of this work is emphasized by the fact that all the most painful and most fatal diseases—such as Bright's disease, diabetes, dropsy, rheumatism and lumbago—arise from kidney disorders and the presence of poisons in the blood. Three of the most distinct symptoms of kidney disease are: Backache, or lame back; deposits in the urine, seen after it stands for twenty-four hours; and difficulty or too great frequency in urinating. The remarkable efficiency of Dr. Chase's Kidney-Liver Pills as a prompt cure for kidney ailments is well known. They act naturally, give quick relief and permanently cure backaches, lame backs, and kidney aches and disorders. One pill a dose, 25c. a box, at all dealers, or Edmansson, Bates & Co., Toronto. Everybody is coughing except those who use Dr. Chase's Syrup of Linseed and Turpentine. 25c. a bottle. 19

FIVE HUSBANDS IN 18 MONTHS.

LONDON, Feb. 1.—An interesting story of a woman's perseverance comes from the wilds of Glamorganshire. She had inherited a small farm, and as soon as she arrived at a marriageable age began looking for a husband to share her lot. She was quickly married, but the couple had hardly settled down to wedded bliss when the husband died without having had a chance to cultivate the farm. Not intimidated by this, the widow married a second husband, who sowed the fields with grain. He likewise died. She then married a third, who reaped the grain, but death soon snatched him away. She then married a fourth, who threshed the grain. He also followed the fate of his predecessors. She then married a fifth husband, with whom she enjoyed the produce of the farm. The little woman had boldly married five men in the short space of eighteen months.
