HOW ONE GETS BILIOUS.

A sluggish liver fails to filter the bile from the blood, and when the poisonous matter goes through the body in the circulation, the whole system is tainted and deranged. This is called biliousness and can be completely cured by Dr. A. W. Chase's Kidney-Liver Pills, which act directly on the liver, making it healthy and active. One pill a dose, 25 cents a box. The cheapest medicine in the world.

SMALL-POX.

Thanks to the vigilance of the provincial health authorities and the local authorities on the North Shore the spread of small-pox seems to have ceased. The disease has been confined, in this province to Restigouche and Gloucester counties, and has appeared in only a few places in these counties. The statement made on the appearance of the disease that it was of a mild type has been verified, for no deaths have been reported. There seems to be a good prospect that the outbreak will be confined to the neighborhood in which it was first discovered, but that is no reason why people should fail to guard themselves against the disease.—St. John Globe.

STIFF JOINTS.

Are readily limbered up by the application of Haggard's Yellow Oil. It is the best remedy for sprains, strains and muscular soreness. Price 25c.

A VALUABLE DISCOVERY.

(Hartford Times.)

German surgeons made the discovery that the delicate membrane that lines the inside of an egg shell will answer as well as bits of skin from a human being to start healing over by granulation in open wounds which will not otherwise heal. The discovery was used, for the first time in this country, on a patient in the Seney Hospital in Brooklyn, and it proves to be a successful trial. The patient leaves the hospital to-day and resumes his customary work, a well man.

It was a serious case. He sustained severe injury a two years ago by a bicycle accident. His age is 36, and being (relatively speaking) still a young man, his age no doubt helped his recovery after the egg membrane had been applied. His hurts had led to the development of a disease of the bones, and it was found to be necessary to remove parts of the bone from his left arm, left shoulder blade, and left end of the collar bone.

These rare and difficult operations, and of doubtful result, were duly performed in the hospital. But, while the patient rallied, the surgeons ere long found that such was their patient's condition that the wounds left by the cutting could not heal on the surface. The surgeons have long known that healing by granulation requires in a weak patient some point (or points) around which the granulations can cluster and grow. For this purpose they have had to rely upon bits of human skin taken from some person who is willing for love or money to submit to the painful process of having these bits cut out. But luckily one of the surgeons then remembered the German discovery, and getting some fresh eggs tried the lining membrane of the shell. It proved a successful substitute.

MISERY IN A HOSPITAL.

Rheumatism Made Life a Burden—South American Rheumatic Cure Lifted it—A Permanent Cure.

The Life of John E. Smith, of Amasa, Wood Hospital, St. Thomas, was one long round of misery, he was so afflicted with rheumatism. He tried all manner of cures without much benefit. After having taken half a bottle of South American Rheumatic Cure he found great relief, and four bottles cured him permanently. Sold at Est. W. W. Short.

HARNETT—At Johnson City, Tenn. January 28th, 1900, Thomas P. Harnett aged 54 years.

A Bank of Brides.

Simla, the summer capital of the Indian empire, is a pretty pine treed place well up in the foothills of the Himalayas. A feature of Simla life is the annual fair held by the native hills people, an attractive item of which is a "bank of brides" in an amphitheater, where sit numbers of young women who thus calmly announce that they are candidates for hymeneal honors. Some of these aspirants to matrimony so patiently awaiting a choosing are quite pretty and have intelligent faces, but those of Mongol caste must needs linger long for a partner, if personal beauty enters into the equation.—Edward Page Gaston in Woman's Home Companion.

DR. A. W. CHASE'S 25c. CATARRH CURE ...

Opinions of Women.

Confucius says, "Woman is the masterpiece;" Herder, "Woman is the crown of creation;" Voltaire, "Women teach us respect, civility and dignity." Richter says, "No man can live piously or die righteously without a woman;" Beecher, "Women are a new race, recreated since the world received Christianity." N. P. Willis thinks "the sweetest thing in life is the unclouded welcome of a wife;" Michelet remarks that "woman is the Sunday of man, not his repose only, but his joy, the salt of his life." Voltaire also said, "All the reasonings of man were not worth one sentiment of woman;" Saville, "Women have more strength in their looks than we have in our laws and more power by their tears than we have by our arguments."

SHE CARRIED HER POINT—AND HER DOG.

It is said by a cynic of the masculine gender that a man never yields when he knows he is in the right, or a woman when she is equally certain she is in the wrong. In an Amsterdam avenue car, the other day, while the conductor was forward collecting fares, a woman, followed by a large English bull-dog, entered and seated herself.

"Madam," said the conductor, "dogs are not allowed in these cars."

"I am going to Fifty-seventh street, here is my fare," was the answer.

"I cannot take it, madam. It is as much as my position is worth to let that dog ride in this car."

"Here is my fare."

"I must enforce the rule. It would be better to get off quietly; otherwise I shall have to call an officer."

"I've taken the dog in these cars before."

"Only dogs that can be carried are allowed to ride in these cars."

"Come, darling get in mother's lap," she said to the beast, and after considerable effort succeeded in dragging "darling" up on her knees. She flashed a look of scorn at the conductor and exclaimed: "Now aren't you ashamed of yourself."

Women as Judges.

As Color Critics They Say Diamond Dyes Are the Best in the World.

As a rule women are by far the best judges of colors. Their vast experience in the innumerable shades and tints brought out by European professional dyers in dress fabrics, ribbons, silks, trimmings and gloves, give them a knowledge and advantage in colors that few men possess.

As color critics and judges, the women of all civilized lands have long ago made Diamond Dyes the popular home favorites for the coloring of all faded and dingy looking garments and fabrics of wool, silk or cotton.

Everywhere, intelligent and economical women, after thorough tests and trials, have found Diamond Dyes to give the richest, fullest and most lasting colors—colors that for brilliancy and durability surpass the best efforts of professional dyers.

To secure ease, comfort and perfect success in home dyeing, the Diamond Dyes should be used at all times.

Working on the great reputation of Diamond Dyes, some unscrupulous people are putting up imitation dyes in packets. Such dyes are a source of danger to the dyer and the materials to be colored. See that each packet of dye purchased has the name "Diamond."

The Maritime Express going west was derailed two miles east of St. Moise, Que., but no one was hurt. Passengers were taken to St. Metis. Senator Primrose and wife, Mr. Blanchard, M. P., and Com-mander Spain were on board.

Wild with Piles...

A Torturing Disease for which Dr. Chase's Ointment is a Positive Cure.

"I was wild with piles when I began to use Dr. Chase's Ointment. It has completely cured me."

This is the substance of scores and hundreds of letters received at these offices from every nook and corner of Canada.

If you could only look over these letters you would be sure to find the evidence of your friends and neighbors. You could not then be skeptical of the merits of Dr. Chase's Ointment, the only guaranteed cure for piles.

Ask your neighbor about it; ask your druggist or dealer what he knows about Dr. Chase's Ointment. If you prefer, send a two cent stamp to these offices to pay postage on a free sample, which will be sent by return mail if you mention this paper.

Dr. Chase's Ointment has never yet been known to fail to cure piles. It will not fail in your case. It matters not what kind of piles you have or of how long standing, if you use Dr. Chase's Ointment freely and regularly it will cure you.

For women suffering from itching, Dr. Chase's Ointment is a prompt relief. It also cures pimples, blackheads, eczema, salt rheum and all itching skin diseases. It is of inestimable worth in every home. Occ. a box, at all dealers, or Edmondson, Bates & Co., Toronto.
