the present government. With a age stamp charges he reminds us justice which is in generous con- of his predecessor in the leadership of the Opposition, Dr. Alfred trast to Kent's former experiences, Augustus Stockton. the Laurier Administration has shewn every desire to promote the

The Provincial Secretary's sumwelfare of the county, and in every department large expenditures ming up of the Budget Debate was have been made during the past a wise, calm and moderate statefour years In this year's esti- ment of the Provincial finances and mates we notice a grant of \$24,000 was a well merited rebuke to the to the Richibucto breakwater, despairing wail of pessimism from which we understand is to be ex- the Opposition benches. Faith in pended in repairing and strength- the future of our own Province is eving the 1188 teet of the old the most practical form of patriotwork still in a state of decay. ism for New Brunswickers.

The Agricultural Report is an dition far better and stronger than the original structure and it is the object lesson of the rapid progress intention of the Government next in all lines of the farming indusyear to build out a wing running try which is possible when a united from the Post Office-whether directed to his ad- from the present structure to the people are working under a pracedge of the channel. From the tical and progressive policy Not opposite bank of the river another only in wheat growing, cheese and wing will also be built, and when butter making, but in the cultivation of the oat and root crops the the work is completed the ebb and farmers of New Brunswick have flow of the tides and the current shewn in the past three years the possibilities of this Province as a pected, suffice to keep the narrow great farming country.

> We have no fault to find with the Government for refusing to recognize Mr. Laforest, M. P. P., for Madawaska, as a supporter of theirs. After reading Mr Laforest's two speeches it would seem a happy thing for the Government that they disowned him. One more such speech and the Opposition will read him out of their slim band.

Mr. Laforest, M. P. P., for Madawaska, is the nearest thing to the celebrated H. H. Pitts, ex M. P. P., for York that this Province has yet produced. The Acadian people of New Brunswick will scarcely approve of Mr. Laforest's self-constituted championship of their cause. In kindness to the Opposition Mr. Laforest should start a third party of one in which he might be the "captain, cook and the boatswaine's mate." The proposition of Mr. Burns, M. P. P., for Gloucester, that the Govt. should provide a grant to cover the expenses attendant on the smallpox crusade is generally commended. The counties of Restigouche and Gloucester, and particularly the health authorities of the town of Campbellton are worthy of recognition for the hard a five cent looking glass and by fight they have made to prevent looking straight ahead into it they this loathsome disease from becoming epidemic throughout the Province. The burden should be borne by the whole Province. The Dominion Government if approached might consent to pay the expenses of the Doctors attending the I. C. R. trains at the different points, and this with a generous grant of \$15,000 to \$20,000 would prevent the injustice of saddling the two northern counties with a very serious indebtedness.

THE WAR.

The succession of British victories from the Battle of Paadersburg down to the surrender of Cronie and the Relief of Ladysmith has been a welcome relief after the strain of months in waiting for desired victories which seemed so long in coming. The back of the war has been broken, and unless the Boers persist in a hopeless and senseless obstinacy in the prolonging of the bloody struggle the end should be soon reached. It has been a costly conflict in the blood and treasure of our Empire, but the blood tie of our dead heroes will operate as bonds of steel to bind the Empire in an eternal unity.

for the construction of the latter. In addition to these works the Government has consented to expend the sum of \$500 in building a new top or cover on the St. Louis Wharf, which will be a great convenience to the fishermen and bark shippers of that important Parish. These are all practical and greatly needed works, and it is not too much to say that Kent has had a new and pleasant experience with the Dominion authorities since 1896. During these four years more expenditure has been made by the government in this County than for the 18 years which preceded them. Nor has the money been foolishly or recklessly expended as was the case with what little expenditure was made in Kent prior to 1896.

This will place the work in a con-
