

MEMBER OF STRATHCONA'S HORSE.—Fred Mersereau, of Doaktown, N. B., is a member of Strathcona's Horse. He is twenty-one years of age and stands about six feet high. For the past two years he was a member of the Northwest mounted police. Mr. Mersereau is a son of Major Geo. W. Mersereau, of Doaktown. The major is every inch a soldier, of magnificent physique, and commands large influence among militia circles in New Brunswick. The major is also a graduate of New Brunswick University and inspector of schools for the north of New Brunswick. Fred Mersereau is a brother of Capt. C. J. Mersereau of the graduating class of Acadia college, who is destined to exert a large influence in the militia. With such a pedigree as Mr. Mersereau has we expect to hear great things of him. —St. John Sun. [Mr. Mersereau is a nephew of Mrs. Geo. W. Robertson, of Richibucto.—Ed. REVIEW.]

CIRCUIT COURT.

The March Circuit Court for the County of Kent opened here Tuesday before Chief Justice Tuck. As there was no criminal business no grand jury was summoned. The following petit jurors were in attendance, viz:—John B. Wright, Alex. Mundle, Antoine Boudreau, Hilaire Gallant, Arthur E. O'Leary, Alfred Sheridan, Ludger Leger, George W. Robertson, Abraham Dickenson, Hidulpe Barriacou, Damien D. Goguen, Cliff Atkinson, Henry Hickey, Dominique M. Cormier, Siegfroid S. Leger, Frederick S. Peters, Hilaire Babineau, Pierre L. Richard, Donald McBeath, Eusebe Comeau, David Mundle.

One civil case, John Heskett vs. M. F. Keith, was entered for trial. This is an action for negligence and mal-practice brought by the plaintiff against the defendant, a medical doctor. The plaintiff about four years ago called Doctor Keith to attend him for some affliction of his eyes. After two or three visits his eyes became worse and he eventually lost the sight entirely of one eye and can see but indistinctly with the other. The defence is that the eye had been injured by a blow and that Dr. Keith was called too late to save the sight, that there was no negligence in the matter and that he adopted the only treatment open to him under the circumstances. H. H. James and H. A. Powell, Q. C., for plaintiff; R. A. Irving and J. D. Phinney, Q. C., for defendant.

HER MAJESTY'S THANKS.

The following telegram was received by Mr. C. Richardson from the Governor General's Secretary, Ottawa, last Wednesday afternoon and was too late for our last issue:—

To officer commanding regimental division of Kent, Richibucto.

Ottawa,

March 7, 1900.

His Excellency the Governor General is commanded by Her Majesty to convey to you her cordial thanks for congratulations.

READING, MASS., NOTES.

MARCH 12.—Not seeing any notes from this part in the last few issues of THE REVIEW, I will endeavour to write a few.

The weather is everything that can be desired, only that we have no snow, which is a disappointment to some of our young people; as they had been planning for a sleigh ride.

Misses Lizzie Swift and Cristina Shirley spent Sunday with friends in Woburn.

Stoche Bros., of Woburn, are seen quite often in this vicinity. We wonder if it is the town that attracts or the fair ones that are in it.

Mrs. S. Sullivan, of Woburn, spent last week in town the guest of Mrs. F. W. Cail.

If March is casting a shadow over some of the fair ones in West Branch, it is casting a ray of sunshine on others in Newbury port.

Miss Bessie Ferguson, of Boston, spent Sunday with friends.

Misses Grace Bowers and Lillian Morton spent a day in Boston last week.

Miss Lizzie Michaud, of Winchester, paid Maud Ferguson a short visit on Sunday. Why is it Lizzie, you always have an engagement at six?

Misses Agnes Wellwood and Maud Ferguson spent an afternoon last week with Mrs. Geo. Green, of Cambridge.

We notice that a dark shadow has been cast over the fair face of some of the young ladies in Cambridge since George has gone to N. B. Cheer up girls for it is rumoured that he will return when the robins begin to chirp.

Miss Jennie Ferguson, of Lawrence, spent Saturday and Sunday with her sister.

We are more infested with moths and carpet bugs than grasshoppers or tramps, and if those that were seen in Fall River came from down east, we think there must be some attraction.

PETE.

WEST GALLOWAY NEWS.

As we have not seen any notes from this vicinity for some time, I will try and write a few.

Mat hooking is the order of the day.

We are sorry to hear that one of our young widows is going to leave this country.

Messrs. E. Kennedy and N. Sinton spent Friday evening at the light house and on returning home a gig-wee overtook them.

We are glad to hear that J. Girvan's horse has recovered.

M. S. was visiting her cousin in East Side.

N. Morton has returned to Sussex after a short visit home.

Pat was seen crossing the fields quite often but he will have to cross a number of lots now to reach the Palace.

You dark and fair lads please notice our fashion plate as he passes over the field.

Sam will have to get a hustle on if he intends keeping a light house the following summer.

Mr. J. Burns has taken his men over to East Side where he intends lumbering.

PUDDING HEAD.

(From another correspondent.)

MARCH 13th, 1900.—As we have not seen any Galloway notes for a week or two, I will try and write a few.

Miss M. Smith returned home after a week's visit with her cousin.

We are glad to see our news carrier once more.

Galloway is a bustling place as Mr. J. Burns has five teams in hauling on the McNairn place and Robert Bell one on his own land.

J. Girvan left yesterday morning for Halifax.

Mr. David Scott drove through to Buctouche this afternoon.

Messrs. S. Morton and P. Murphy spent Friday at the news house.

—We have received a batch of nonsensical notes from West Galloway without the writer's name in confidence, which we cannot publish. We would again remind our correspondents that we cannot publish notes without the name of the writer in confidence.

—Work on the Kingston bridge is rapidly progressing. One span has been erected and the span over the draw is now being put up. The work of hauling the steel for the bridge has been suspended on account of the large amount of snow which has completely blocked the road.

—All persons desirous of obtaining a License under the Liquor License Act, 1896, to commence on the 1st day of May next, for the County of Kent, are required to file their applications, accompanied by a fee of five dollars, with the Inspector, R. A. Irving, on or before the 25th day of March, instant.

—Hon. Mr. Tarte left Tuesday for New York en route to Paris. He goes to represent the government at the Paris exposition. He will only be absent three or four weeks and expects to be back in time to see his estimates through the House. He decided on Saturday to postpone his trip, but since changed his mind.

—A Canadian regiment is about to be stationed at Halifax to take the place of the "Leinster" Regiment. If any young men belonging to the County of Kent would like to volunteer for service they would do well to communicate with Lt. Colonel J. Sheridan, Buctouche, or if more convenient they can advise Mr. W. E. Forbes. The term of service will probably be for three years. Application should be made at once.

—Mr. Elias Amiraux received a letter last week from his son George who is with the George Black party, and who left here a short time ago for the Klondike. The letter was dated from Vancouver and in it Mr. Amiraux said that he and his brother Coster as well as the rest of the party had a fine trip to Vancouver, and also said that they took part in the celebration in that city of the relief of Ladysmith, having been among those who paraded the streets.

—A public meeting of the farmers of Richibucto and Kingston was held in the Temperance Hall on Saturday evening, the 10th inst. with a view to establishing a creamery in Richibucto. The meeting was quite largely attended and was a success in every way. Dr. I. W. Doherty, of Kingston was elected chairman and after a few remarks introduced the speaker of the evening, Mr. L. Cyriac Daigle of Sussex, who made a very interesting speech on dairying, and showed what benefits could be derived from an industry of this kind. As a result of the meeting a creamery or separator is to be established in Richibucto during the coming summer.

COCAGNE.

MARCH 12.—Mrs. Simon Bourgeois, whose serious illness was reported last week, died at her home on Friday morning, March 9th. Though her recovery was known to be impossible, her death was at the time quite unexpected and sudden. Her only daughter, Miss Philomene, who had not seen her mother since last September, arrived home from St. Louis Convention only to see her in death. The funeral took place on Monday and was very largely attended. Mrs. Bourgeois, who was in her 48th year, had for many years been subject to the malady which at last proved fatal. She was always patient, and through life's troubles displayed much christian fortitude. She departed this life, which she lived so well, commanding the sincerest respect and friendship of all her many friends, and the deepest affection of her family, of whom there survive, her husband, two sons and one daughter.

The discovery of coal in Cocagne has throughout the past several years frequently been attested. Recent important discoveries on Simeon Williams' farm on the north side of Cocagne River about two miles from the bridge, have been of such importance as to warrant the taking of active steps to ascertain the value of the discoveries. The outcome of communication opened up, is the establishment of a company of New York capitalists, who have obtained a lease of a large tract of land, and who in the spring, will set earnestly to work to develop the coal finds. It is the opinion of all experts that there is coal extending over a large area of Cocagne, but it remains for some enterprising company to show whether or not the coal is in paying quantities.

One in Seven Dies
... of Consumption

And Consumption Begins with a Cold that Could Be Cured by Dr. Chase's Syrup of Linseed and Turpentine.

That one in every seven persons dies of consumption is proven by government statistics, and when it is remembered that it is usually the young man and young woman who succumb to the effects of this terribly fatal disease, the ravages of consumption are more fully realized.

Consumption always begins with a neglected cold, and how dreadful must be the misery of every mother whose dear ones fall prey to this monster as a result of mother's neglect to cure the cold.

It is rarely that consumption is ever cured, but it can always be prevented by a timely use of Dr. Chase's Syrup of Linseed and Turpentine, the most popular and famed remedy for throat and lung diseases. Dr. Chase's Syrup of Linseed and Turpentine is composed of the best ingredients ever used for coughs and colds. It is pleasant to take, prompt in its action, and a positive cure for croup, bronchitis, whooping cough, sore throat, hoarseness, asthma and coughs and colds of every description. 25c. a large bottle at all dealers, or EDMANSON, BATES & Co., Toronto.
