SCOTT-HAINS.—A quiet wedding took place at the church of England rectory at eight o'clock Tuesday evening, when John T., eldest son of Mr. John Scott was united in marriage to Miss Winnie Hains, eldest daughter of Capt. Thomas Hains. The nuptial knot was tied by Rev. H. A. Meek. After the ceremony they drove to the home of the bride, where a supper was served to a few friends of the contracting parties. They have the best wishes of the whole community for a long and happy life.

SUDDEN DEATH AT KOUCHIBOUGUAC.—The very sudden death of Robert Graham of Kouchibouguac, was quite a surprise to the people of that place and also of Richibucto. Deceased, who was in the best of health and who had worked all day Saturday, went to bed as usual and about an hour or so afterwards his wife on hearing a strange noise and turning around was shocked to find her husband dead. The cause of death is thought to be heart failure. He leaves a wife and 11 children who have the sympathy of the whole community in their sad bereavement. He also leaves two sisters, Mrs. James Fitzpatrick and Mrs. Wm. Long, both of Richibucto. The funeral took place on Monday and was largely attended. Interment was made in the Presbyterian burying ground at Kouchibouguac.

THE LATE C. P. WARMAN.—Mr. Charles P. Warman, the notice of whose funeral to-day appears in another column died at his residence, Cherryfield, between 12 and 1 o'clock, Sunday morning. He had been stricken with paralysis on the previous Sabbath evening and never fully recovered consciousness from that time. He was born in Richibucto, Kent Co., sixty-three years ago, and had spent all the early years of his married life in Hillsboro, A. Co. But about eighteen years ago he removed to Moncton and was employed during all that time in the Record Foundry until within a week of his death. The deceased was a good man and for nearly all his life a consistent member of the Methodist church. He was for many years recording steward of the Methodist church in Hillsboro. He was also a prominent member of the L. O. Association, and a branch of that brotherhood has charge of the funeral to-day. He leaves a large circle of relatives and friends to mourn their loss.—Moncton Times.

NICHOLAS RIVER NOTES.

JULY 30.—Having seen no notes from this section for some time, I will send a few. I think F. G. has frightened 'Rambler' and others. The weather is fine at present and the farmers have begun haying. Work on the public wharf has been suspended until after haying. We are looking for a wedding in the near future. The cheese factory is averaging 3,000 lbs. a day and is proving satisfactory under the management of John Lawson. Some of our young folks spent a pleasant day at Richibucto Cape last week, returning home at a late hour. An ash wagon is often seen passing over East Branch bridge. The driver seems so elevated that he is often heard singing "Wait till the clouds roll by, Jennie". Mr. R. B. Masterton is spending the holidays with his parents in this place. Miss Sadie Masterton intends returning to her school in Coatesville soon. Mr. John Grant returned from a fishing trip on Friday. He reports mackerel scarce but whales plentiful. Miss Jennie Millar, who has been spending a few weeks at home, intends returning to Boston soon. She will be accompanied by her sister Maggie. LUTHER MOORE.

ALLSTON, MASS., NOTES.

JULY 26.—I am afraid something has happened our correspondent as we have not seen any notes from here for some time, I will try and take his place. We have had terrible dry hot weather for the past few weeks. The hose has taken a very prominent part in watering gardens and lawns. They are a very useful article to have in such dry weather. Mr. and Mrs. Griffiths and family, of Winthrop Center, paid a flying visit to Mr. and Mrs. Skinner of this place. Mr. G. F. Skinner, of Lynn, visited his brother, Chas. H. Skinner of this town. Our friend Miss Lathe has gone to Warren, Mass., for the summer, where we hope she will improve from her very recent illness. We trust Miss Edith Black, late of Allston, is enjoying life among her many friends in the Provinces, while her sister Miss Mina Black is visiting the West. Miss Jennie and Bessie Cail visited friends in Watertown last week. We are pleased to see the Misses Cail so faithful in attending Presbyterian Church. Mrs. Rodemzer and son are visiting her parents in N. S. Our fair one who promised us some time ago she would not climb the hill any longer alone, has kept her word. She says the long way round is the sure way home when you have company. The little peddler goes her rounds just the same. She is very pleasant and we are always glad to see her. Miss Isabel Griffith, of Winthrop Center, is visiting her aunt, Mrs. Skinner of this town. Mr. C. H. Skinner, of Allston, is visiting his wife's parents at Trout Brook, Kent Co., N. B. Mrs. Skinner and children and her friends Misses J. J. and B. F. Cail visited Norumbega Park recently. They enjoyed the outing very much, especially the children, who had a ride on the merry-go-round.

"I Can Eat What I Like."

Many people suffer terribly with pain in the stomach after every mouthful they eat. Dyspepsia and indigestion keep them in constant misery. After trying the hundred and one new-fangled remedies without much benefit, why not use the old reliable Burdock Blood Bitters and obtain a perfect and permanent cure? Here is a case in point: "I was troubled with indigestion and dyspepsia for three or four years, and tried almost every doctor round here and different dyspepsia remedies, but got little relief. "I then started using Burdock Blood Bitters, and when I had finished the second bottle I was almost well, but continued taking it until I had completed the third bottle, when I was perfectly well. Before taking B.B.B. I could scarcely eat anything without having a pain in my stomach. Now I eat whatever I like without causing me the least discomfort." — MRS. THOMAS CLARK, Brussels, Ont.

Rakings.

The Presbyterian picnic which was to have been held yesterday was postponed on account of wet weather. —Quite a number of our fishermen have given up mackerel fishing on account of the scarcity of the fish and also on account of the low price. —Use Union Blend Tea, The Tea of the time. Its strong and lasts long, And its flavor's sublime.

The Maple Leaf base-ball team of Kingston, drove to Chatham on Tuesday, where they played a game of base-ball with the Royal Oaks of that town. —Notwithstanding the bad weather the picnic at Buctouche, on the occasion of the blessing of the new bells, realized a net profit of \$1,025. It is wonderful. —Mr. John Stevenson, who has been lying dangerously ill at Mr. Rainsborough's, Chatham Road, for the past few days, is, we are pleased to report, quite improved.

Messrs. A. & R. Loggie have added a new freezer to their premises on Queen St., which is being filled with mackerel. They have men now at work building a wharf which will be a great improvement to their extensive fishing operations. —The young man named Mooney, of Buctouche, who was charged with stealing \$250 in gold from Mr. Etienne Richard of St. Ann, last week, was arraigned at Buctouche on Saturday. He was sent back to Richibucto on Monday and placed in jail to await his trial in September.

Prince Alfred Ernest Albert, Duke of Saxe-Coburg, died last Monday at Rosena Cottage from paralysis of the heart. He was the Queen of England's second son, and known for many years as the sailor prince. As a young man he was exceedingly popular and an accomplished artist on the violin.

The work on the Kingston bridge has been completed and the public are once more able to come and go as they please. Although the length of time which was taken to rebuild the bridge was somewhat longer than was expected, the people of Kent County can say that they have one of the best bridges in the province. —Some of our local detectives have an opportunity of distinguishing themselves and earning a few shakels as well. It will be remembered that on the evening of July the 1st, James Craford, a respectable merchant of Springhill, was brutally assaulted and robbed. A reward of \$1,000 one thousand dollars is now offered for the arrest of the miscreant.—Transcript.

A correspondent writing from Rose Bank, Northumberland Co., calling himself Deal Carrier, says that he with three other men carried 37,500 superficial feet of pine lumber and stowed it in scows, in two and one half hours at Carr's Mill, Rose Bank, now owned by Mr. Lawrence Doyle. He says that if anyone wants to know anything further with regard to this can apply to either of the following gentlemen: R. B. Kelly, Chas. Jardine, James Taylor and John Stevenson.

Back Covered With Blisters—Terrible Itching—No Sleep Possible—Dr. Chase's Ointment Simply Marvellous in Its Curative Powers. Mr. John Kelly, 78 Trinity street, Toronto, in an interview, made the following verbatim statement:—"I have been troubled with eczema in almost its worst form for the past three years. At times my back and shoulder blades were literally covered with patches like water blisters, and these, accompanied with terrible itching on my legs, put sleep out of the question. I tried various well-known ointments (names mentioned), and did everything possible to obtain relief, but with little success.
