A CONTRADICTION.—To my friends and the readers of THE REVIEW, and especially to that correspondent in Salem, I hereby contradict that item which appeared in THE REVIEW a short time ago announcing my engagement, as it is an absolute falsehood. I wish the composer of that item to understand in the future that I am perfectly capable of attending to my own affairs as I do not care to have any untruths published about my name.

NANCY L. SPENCER,
Peabody, Mass, June 16th, 1900.

A FORMER KENT COUNTY MAN.—Rev. Geo. M. Young, who preached in Charlottetown a few weeks ago, has been invited to accept the pastorate of the Methodist church there, the largest and wealthiest Methodist congregation in the Maritime Provinces. It is a great honor for so young a minister to receive. Mr. Young had already received and accepted an invitation to remain in Chatham a fourth year, and is not asking for release, but the Quarterly Board of St. Luke's will probably not feel that it would be right to stand between him and the professional advancement that has been offered to him. The matter is, of course, in the hands of Conference, but that body will try to please all parties concerned. It will send to the Charlottetown congregation the man of its choice if it can find one for Chatham who will be acceptable to this congregation. Chatham will be sorry to lose the genial minister, but it could not keep him longer than another year in any case.—Chatham World.

HE'S A HUMAN LIGHTNING ROD.

NEWARK, N. J., June 18.—Irvington has a human lightning rod in the person of John Hennon, a farm hand, who lives in Elmwood Avenue.

While he was walking home late last Monday night, a storm came up and he took refuge under a large elm tree. Suddenly there came a flash of lightning and he fell to the ground stunned.

When he came to, he staggered to his feet and felt a stinging pain in his right leg.

Just then Thomas Smith, a milkman, drove along and asked him what was the matter.

"Blessed if I know," said the confused farm hand. "Guess I must have been hit by lightning."

"I should say you had," exclaimed Smith in astonishment. "Look at your clothes."

Hennon examined himself and found that his clothing was torn to tatters on the right side of his body. A nickel watch he carried in his right vest pocket was smashed and the chain was twisted and broken. A steel buckle on the right shoe was twisted out of shape.

When he got home he found a red streak down the right side of his body. Under the spot where the watch had been there was a red blotch. The flesh on the right instep under the buckle was seared as if with a red-hot iron.

Eczema on the Scalp

Would Itch and Burn until the Child Screamed with Agony—A Wonderful Cure Effected by Dr. Chase's Ointment.

The case recorded here is one of the worst ever brought to the attention of Toronto's best physicians, and when doctors gave up all hope of recovery, Dr. Chase's Ointment was successful in producing a perfect cure.

Mr. James Scott, 138 Wright avenue, Toronto, states:—"My boy, Tom, aged ten, was for nearly three years afflicted with a bad form of Eczema of the scalp, which was very unsightly and resisted all kinds of remedies and doctor's treatment. His head was in a terrible state. We had to keep him from school, and at times his head would bleed, and the child would scream with agony. For two and a half years we battled with it in vain, but at last found a cure in Dr. Chase's Ointment. About five boxes were used. The original sores dried up, leaving the skin in its normal condition. To say it is a pleasure to testify to the wonderful merits of Dr. Chase's Ointment is putting it very mildly."

BRIDE WEIGHED 300 POUNDS.

CINCINNATI June 18.—Miss Mary Ducker, aged 25 years, of Lockland, and Robert Raines, twenty-seven, of Cincinnati, were quietly married last Tuesday evening at the residence of the bride in North Mill street.

Only immediate relatives of the contracting parties were invited to witness the ceremony, which was performed by the Rev. Mr. Averil, pastor of the Lockland Baptist church.

The extreme exclusiveness of the affair was due principally to a delicacy felt by the parents in making their daughter the cyrenus of all eyes, which she would naturally have been, owing to her extraordinary size. Since her early girlhood she has been abnormally heavy, and at present weighs three hundred pounds. During the past few years she has been an active worker in the Salvation Army which has had a station at Lockland, and is prominent in all undertakings of that religious sect.

The newly-married couple will reside in Lockland, which has been the home of the bride ever since her childhood.
