DOMESTIC RECIPES.

Crabapple Jelly.—Put on the stove a quantity of crabapples to boil; when the juice is all boiled out put the apples in a coarse towel to drain. Then for one cup of juice, take one cup of sugar until the juice is all used; put on the stove and boil for fifteen minutes. While boiling put in four geranium leaves for every two quarts of juice and then your jelly is ready to can. Do not boil more than fifteen minutes, and take out the leaves before putting in the glasses. Plum Butter.—Wild and sour plums make a good plum butter. Stew till very soft, rub through a colander, and to each quart add three cups of sugar and a teaspoonful of salt. Cook two hours, watching and stirring to prevent burning. Add a gill of vinegar, an inch piece of ginger root, half a teaspoonful each of ground cloves and allspice and a teaspoonful of cinnamon, boil five minutes longer and put up in cans. Dried plums are nice for puddings. Halve and pit them, sprinkle with granulated sugar and dry in the oven. When wanted, soak over night in water, then simmer gently till tender.

COAL STRIKE ENDED.

PRESIDENT MITCHELL AUTHORIZES THE MINERS TO RETURN TO WORK ON MONDAY NEXT.

HAZLETON, Pa., Oct. 25.—The following statement was given out for publication to-night by President Mitchell of the United Mine Workers:

"Temporary Headquarters, United Mine Workers of America, Hazleton, Pa., Oct. 25, 1900.

"To the Miners and Mine Workers of the Anthracite Region:

"Gentlemen—After carefully canvassing the entire strike situation, we, your officers, district and national, have concluded that victory is so nearly complete that no good end can be secured by continuing the strike longer. The contest has been in progress for 39 days, and the companies employing you have, with few exceptions, signified their willingness to pay the scale of wages formulated by the Seranton convention of Oct. 12 and 13.

"We are aware that some disappointment and dissatisfaction has been caused by the failure of the operators in districts 1 and 7 to separate the reduction in the price of powder from the advance in wages but after careful inquiry we are satisfied that each mine employe will actually receive an advance of ten per cent. on the wages formerly paid. In the Schuylkill and Lehigh regions the largest companies have agreed that the sliding scale should be suspended, and that wages should remain stationary at ten per cent. until April 1, 1901, thus removing one of the inequities of which you have complained for many years.

"While it is true that you have not secured redress for all of your wrongs; while it is true that the increase in your earnings will not fully compensate you for the arduous labor you are compelled to perform in the mines, you have established a powerful organization, which, if maintained and conducted on business principles, will enable you to regulate many of your local grievances and make your employment less hazardous and more profitable than before the strike began.

"The companies agree, in their notices, to take up with their mine employes all grievances complained of. We would therefore advise that when work is resumed, committees be selected by the mine employes, and that they wait upon the superintendents of the companies and present their grievances in an orderly, businesslike manner, and ask that they be corrected.

"We got a plenty o' eggs," remarked the girl. "Good-morning," said the Washingtonian. "We got a plenty o' eggs," remarked the girl. "Maw says you kin have that one our hen jes' laid in that woodbox o' yours." "Thank you very much," said the Washingtonian. The girl still hung on the fence. "We ain't goin' to charge you nothin' for it," she went on. "That's very kind, indeed," answered the new neighbor. "It's a gift, remarked the girl. Then there was silence for a few moments. The girl still clung to her side of the fence. "Say," she said, finally, "maw says now you're acquainted with us folks she'd like to borrow a tack hammer."

ALWAYS KEEP ON HAND Pain-Killer THERE IS NO KIND OF PAIN OR ACHE, INTERNAL OR EXTERNAL, THAT PAIN-KILLER WILL NOT RELIEVE. LOOK OUT FOR IMITATIONS AND SUBSTITUTES. THE GENUINE BOTTLE BEARS THE NAME, PERRY DAVIS & SON.

"Your attention is respectfully called to the fact that the laws of the state of Pennsylvania provide that miners should be paid semi-monthly 'upon demand;' we should therefore advise that each mine employe serve notice on the companies that he expects to be paid his wages twice each month, as provided by law.

"The practical benefits to the miners which accrue from thorough organization have been so clearly demonstrated during this strike that it should be needless for us to urge upon you the necessity of maintaining your union intact. We trust however, that those who are now members of the union will be unceasing in their efforts to induce all other mine workers to ally themselves with the United Mine Workers of America at once, as it will be impossible for you to secure higher wages in the future, or even to maintain the present rate of wages, unless you are prepared to offer a united resistance if any attempt is made to reduce your earnings upon the expiration of the present offer.

"As there are some few companies who have neither posted, notified nor signified in any other manner their willingness to pay the ten per cent. advance in wages and suspend the sliding scale, we would advise that unless the men employed by such companies receive notice before Monday that the advance will be paid, they remain away from the mines and continue on strike until the companies employing them agree to the conditions offered by the other companies; and the employes of the companies who have offered the advance of ten per cent. and abolished the sliding scale are hereby authorized to resume work Monday morning Oct. 29, and to be prepared, if called upon to contribute a reasonable amount of your earnings for the maintenance of those who may be compelled to continue on strike."

GETTING ACQUAINTED.

A young woman of Washington birth and rearing, who has made her home for these three years in a small Indian town, says that for tact and diplomacy she knows nobody to equal her neighbors there. She had scarcely settled herself in her new home when one day she heard a hen proudly cackle in her back yard. She went out to see what could have brought a strange hen into her yard and found that the fowl had just laid an egg in the woodbox outside the kitchen door. When she was still wondering where on earth the creature had come from the shock head of a thin and tall girl of 12 years rose from the yard of the house next door.

"Hello," said the girl. "Good-morning," said the Washingtonian. "We got a plenty o' eggs," remarked the girl. "Maw says you kin have that one our hen jes' laid in that woodbox o' yours." "Thank you very much," said the Washingtonian. The girl still hung on the fence. "We ain't goin' to charge you nothin' for it," she went on. "That's very kind, indeed," answered the new neighbor. "It's a gift, remarked the girl. Then there was silence for a few moments. The girl still clung to her side of the fence. "Say," she said, finally, "maw says now you're acquainted with us folks she'd like to borrow a tack hammer."

KRUGER'S GOLD.

LONDON, Oct. 24.—The Daily Mail has the following from Lorenzo Marques: "The American barque Fred P. Litchfield, which went ashore here on the night of Oct. 14 and was searched next day for gold in consequence of a suspicion that she was carrying Kruger's treasure to the amount of £1,500,000, will attempt to sail to-day (Wednesday). There is little doubt that she carries a large quantity of gold hidden under ballast."

BUSINESS FAILURE

Is Frequently Caused by the Worry Attendant on Dyspepsia.

Dodd's Dyspepsia Tablets Step in and Remove the Cause of the Trouble, Thus Bringing Success and Prosperity.

Many a man is ruined by Dyspepsia. Many a business man becomes bankrupt through Dyspepsia.

A business man needs all his wits—a clear brain, steady nerves, and a strong, resolute will power, to succeed in these days of fierce competition.

Dodd's Dyspepsia Tablets, by giving perfect digestion, give sound sleep—hence, steady nerves and clear head.

If he would have a clear brain and steady nerves, he must give both brain and nerves their proper rest.

To rest his brain and nerves he must sleep. Want of sleep clouds the brain, makes it confused and slow, and makes a man nervous—"shaky."

You can't lie awake all night, and keep awake yourself and keep all your senses awake in your store next day.

Dyspepsia robs a man of his sleep. It causes mental suffering as well as physical agony.

It robs him of his keenness, his clearness of foresight, and his power of concentrating his attention.

He leaves his business to the care of employees, who are careless. Or he is gruff and ungracious to customers.

Trade falls off. He worries more and more. He makes mistakes. Matters grow worse and worse, and finally he "breaks."

If he had been free from pain—if he had slept well he would have prospered.

Dodd's Dyspepsia Tablets give sound and refreshing sleep. They give perfect digestion by digesting the food themselves.

HINTS FOR HOUSEKEEPERS.

If you have handsome vases on the mantel-piece or on top of the book-case, etc., fill them with clean, dry sand, which will weight them so they will not be overturned easily. In buying any such ornament be careful to examine the bottom and see that it is perfectly flat, and so will stand steady.

The skins of many kinds of plums can be removed by immersing them, a few at a time, in boiling water, and then putting them in cold water. And in any use to which plums are put in pickling and preserving, the result is more acceptable to the palate, if the tough and indigestible skin is first removed. Very sour plums are improved by parboiling.

All the variety of ices so much in vogue these days, depend a good deal for their differences on the way in which they are frozen. Some require quick freezing, others slow. To make a smooth, creamy ice-cream, the can must be opened and the contents scraped down, and the whole stirred and beaten. Any cream should stand, after it is frozen, at least two hours well packed in ice and salt; no harm is done, if it stands six hours. In preparing ices remember to use the juice of the fruit undiluted. It must be used pure.
