DEATH OF MR. D. G. SCOTT.—Officer Scott received a telegram Sunday evening informing him of the death of his brother, Mr. David G. Scott, at Jamesville, Mass., where he has been carrying on a grocery business for the past year. Deceased was well known here, having carried on the grocery business at the head of Robinson street for some years. Mr. Scott left Moncton last summer and after visiting Vancouver, lodged at Jamesville, near Worcester, Mass. He was 43 years of age and has suffered from dyspepsia and heart trouble for some years. Interment will take place at Jamesville.—Moncton Times. [Deceased was a brother of Mr. John Scott of this town, and also of Mr. Wm. Scott, of Jardineville. His friends in Kent County will regret to learn of his death.]—ED. REVIEW.

DEATH AT WEST GALLOWAY.—On the 15th inst., in the noonday of life Alexander Girvan was suddenly called from this world. Mr. Girvan had lately been suffering from a cancerous growth in the mouth and nose. On Saturday morning he was able to be about, but early in the day bleeding from the nose set in. Dr. Richard was called but was unable to stop it. He continued in this state till that evening at 9.30 o'clock when he passed away. The deceased is the son of Mr. Thomas Girvan, Sr., and is the sixth of a family of eight, five sons and three daughters. This is the first break in the family. Mr. Girvan was married to Minnie Goldie daughter of the late Robert Goldie, and leaves a family of five, the eldest being only twelve years of age. Two sisters of the deceased, Mrs. Chas. Briggs and Mrs. Wm. Fraser both residing in Westville, Pictou Co., arrived in time for the funeral which took place from his late residence on Tuesday afternoon, 18th inst. The popularity of the deceased in the community was evidenced by the large number of people present at the funeral. Much sympathy is felt for his widow and the young family and for his aged parents. Deceased was forty-four years of age.

RECENT IMPROVEMENTS.—There has been a considerable amount of building and repairing done around here this summer, notwithstanding the fact that Richibucto is going down hill instead of uphill. Messrs. A. & R. Loggie have been making extensive improvements in their premises on Queen St. As we announced a short time ago a new freezer was added to their fishery establishment, and other work done about it; a wharf was built at the rear of their store and several buildings erected on it; the store has been reshingled and painted and now presents a fine appearance.

The court house has received a new coat of paint both inside and out; new windows have been put in which are now adorned with new spring roller blinds, and numerous other improvements have been made.

The Methodist church has also been greatly improved. Four large pillars have been put up on the front of the church and a fancy ornament placed on the roof between the two centre pillars. To make these show off to good advantage, fancy trimmings have been put on and the whole front of the building has been painted which makes it look more like a church than it formerly did.

Mrs. T. Powell has also been making extensive improvements on her residence. The building has been raised and a stone foundation put under. A new kitchen has been built and a large plate glass window put in one end of the main building. Other repairs have been done which now makes it quite a fine looking building.

Mr. Frederick Ferguson has had his residence newly painted which makes a great improvement in its appearance. He has also had both hot and cold water put in which runs all through the house by means of pipes.

Mr. George Long has just completed painting his residence which is now one of the finest looking houses in Richibucto. Other improvements in the line of painting, repairing, etc., have been done around town, which greatly improves the appearance of the town.

KENT CIRCUIT COURT.

The Kent Circuit Court opened here Tuesday before Judge Landry. F. Devoy, official stenographer, was in attendance. The following grand jurors were in attendance, viz.:

William H. McLeod, Richard O'Leary, foreman, Adolphe T. LeBlanc, John C. Brown, Eusebe Comeau, Joseph Allaire, Frederick Ferguson, William E. Forbes, Robert McDonald, Dominique Babin, Jacques Babin, George N. Clark, Robert W. Mitchell, Hilaire H. Babineau, Narcisse B. Leger, James Mazerolle, George W. Robertson, Malcolm McKinnon, John G. Robicheau, Celime Robicheau, Edward Hannah, George W. Raymond, Richard Hebert, George A. Irving.

There was no petit jury and no causes were entered for trial, the only cause to come before the court having been settled before the opening.

His Honor in charging the grand jury dwelt on the very dangerous sanitary condition of the jail and declared it to be his opinion that the lives of prisoners confined there are endangered. He urged them to bring the matter before the attention of the proper authorities. The grand jury after retiring prepared the following memorial:

TO HON. JUDGE LANDRY, OF THE SUPREME COURT OF NEW BRUNSWICK.

On behalf of the Grand jurors assembled for this Circuit Court, I beg leave to submit the following report:

The attention of the grand jurors having been called upon the very improper and unhealthy state of the closets in connection with the jail of Kent County, they recommend that the matter be brought to the knowledge of the municipal authorities and that proper steps be taken to establish a more healthy system, the present system being a menace to the health of prisoners.

R. O'LEARY, Foreman.

There being no farther business court then adjourned *sine die*.

Suffered Much—Was Unable to Work or Sleep—Dr. Chase's Kidney-Liver Pills Made Him Well.

Too many endure the misery of backache without knowing that it is the unmistakable symptom of kidney disease. As you value your life do not neglect a backache. It tells of the beginning of the most fatal of diseases—Bright's Disease of the kidneys.

—The store of J. L. Black & Son, Middle Sackville, was burglarized Friday night. The front door was forced and the safe blown open and a small sum of money taken. The work was evidently done by professionals, the safe being soaped around the edges of the door, then covered with cloth to confine the sound. —At St. John last week Chief Justice Tuck had before him the matter of a conviction entered up before Stipendiary Bailey at Harcourt against George Warman on the complaint of James Chrystal. The charge was for taking and carrying away a hay rake and a conviction was entered of imposing a fine of \$9 00 and costs with thirty days imprisonment in default of payment. The Court held that there was no evidence of any criminal intent and the Stipendiary had no jurisdiction to make the conviction. Conviction set aside with costs.

—Messrs. J. & T. Jardine's bark Osuna, Capt. Andrews, arrived from Liverpool Saturday after a passage of 35 days. The captain reports that on the night of the 29th of August a seaman by the name of John Lewis, a native of Wales, fell from the main royal yard and while falling struck the topsail yard and was thrown into the sea. The night was very dark and quite a heavy sea was running at the time. Everything possible was done to find him but no trace of him could be found. It is thought that he was unconscious when he struck the water and therefore sank immediately.

—The iron full rigged ship Black Adde, 1100 tons, Captain Olsen, from Liverpool for Miramichi, went ashore on the South Beach, Richibucto Harbor, on Saturday night. The weather had been thick and foggy for some days and the captain lost his bearings. He mistook the Cape light for the Escumac light. On Sunday morning the tug Calluna went to her assistance but on account of low water was unable to render her any assistance. The captain came to town and made arrangements with Geo. W. Robertson, owner of the Calluna, to take the necessary steps to float the vessel at next high tide which was done the same evening with the assistance of the tug Frederick A. The vessel now lies at the mouth of the harbor apparently none the worse of her grounding. Taking into consideration the North east wind and heavy sea the floating of her was a creditable piece of work and the captain is highly pleased in the matter. Had the vessel remained aground for any length of time she would have become embedded in the sand and a total loss.
