

For Pain

Johnson's Anodyne Liniment is a foe to inflammation in every form, and can be relied on to reduce it more rapidly than any other medicine, whether used internally or externally. Whether you rub it into the skin or drop it on sugar in a teaspoon and swallow it, you will find it equally efficacious, and it quickly cures every one of the numerous pains and aches caused by inflammation.

JOHNSON'S Anodyne Liniment

was originated in 1810 by Dr. A. Johnson. Cures colic, cramp, diarrhoea, cholera morbus, blue, bruises, burns, stings, chafing, coughs, colds, croup, catarrh, bronchitis, la grippe, lameness, muscle soreness, and pain and inflammation in any part of the body. In two size bottles, 25 cts. and 50 cts. If your dealer hasn't it, write to

W. C. T. U. COLUMN.

"And let us not be weary in well doing for in due season we shall reap if we faint not."—Galatians 6: 9.

THE W. C. T. U.

BY P. L. GRANT.

Welcome sisters who are toiling
For the sacred rights of homes
To emancipate our country
From the scathing curse of rum.
Come, and welcome to our firesides,
To our homes where temperance reigns,
To our tables spread with bounties,
Where no lip the wine-cup drains.

Where the vows of total abstinence
Weave a safeguard 'round each home,
Proving that the nation likewise,
Might be blest in days to come.
Prohibition in our homesteads
Is the safe and only course
For our boys and girls in training
To detect the rampant curse.

You are toiling for the welfare
Of descendants yet unborn,
To destroy the works of darkness,
Hoping, praying for the morn.
When the laws of prohibition—
Ruling our Dominion fair,
Will have crushed the slavish traffic—
Sending freedom everywhere.

Banishing a thousand evils,
That beset on every hand,
Countless troubles wide extending,
Over all our favored land,
Sorrow's wail will hush in gladness,
When the curse has been removed,
And the hearts that bled with anguish
Will rejoice for their beloved.

Though a host of Satan's agents
All conspire to thwart your plans,
In Jehovah's strength give battle,
Till your forces lead the van,
Ever keep the chariot rolling;
Though assailed still march along;
Now the traffic's knell is tolling,
Soon you'll shout the triumph song.
Richmond Hill, Ont.

WHAT HAS THE W. C. T. U. DONE.

BY M. E. G.

To make theories practical, there must be results. Grand ideas are embraced in the plan of the union, and to show how they are brought out is the object of this article. It has now over forty lines of work, germane to the subject of temperance, each with its own national superintendent, under whom is marshaled a superintendent in each state and territory, and again under her, a superintendent in every county where the work applies, and under her a superintendent in every local union where there is work of the kind to be done. Of course, no one union takes up forty kinds of work, but each can find its own specialty, and there are some departments applicable to all. I will name but a few of them. The evangelistic, juvenile, temperance literature, state and county fair work, suppression of impure literature, unfermented wine for sacraments, health and heredity, kitchen-gardens and kindergartens among the poor, and work among miners, sailors, etc., etc. Thirty-eight states, nine territories and the District of Columbia, are now auxiliary to the National Union. It is the largest society ever composed exclusively of women and conducted by them. It is organized now in about 10,000 towns and cities and has about 200,000 members, besides the numerous children's bands. Great Britain, Canada and Australia have also organized. Was such another work of organization for temperance even accomplished in ten years?

And now the world's W. C. T. U. has sent out its missionary, Mrs. Leavitt, of Boston, and she has already visited the Sandwich Islands and Australia with good success, travelled in Japan, China, Burmah and India, awakening great zeal in tem-

perance work both among foreigners and natives.

Once each year, the national and state superintendents are called together in convention with delegates from each state in the ratio of one to each five hundred members. This constitutes the National W. C. T. U.

It would be too much to expect no errors in thought or mistakes in execution or even perfect agreement on all points; but the harmony has thus far been phenomenal. It knows no East, no West, no North or South, and is a white ribboned host becoming more terrible each year to the saloon power "than an army with banners." Such a convention was held last November in Nashville, Tenn. Let me give you some extracts from Miss Willard's grand address. "From forty states and territories your line of march has converged for one week past upon this Athens of the south. The miles covered by your steady moving battalions would belt the globe twice over. The time taken to reach this trying place would round out more than a year, while the money spent would well nigh lay the foundation of our Temperance Temple. An army of women so representative of all that teems in the brain, thrills in the heart and works in the will of this masterful nation from Puget's Sound to Tampa Bay, from San Diego to Bar Harbor, has never before gathered on American soil. * * * The bugle of your advance strikes the key-note of the church universal, and the drum-beats of your hearts, now throbbing round the world, predict the day when the nations shall form one universal brotherhood."

McLEAN'S IS THE ORIGINAL AND GENUINE WORM SYRUP. Be sure that you obtain McLean's, the safe, pleasant and effective remedy for children.

Be sure you get Kendrick's Liniment. If your horse is run down, give Granger Condition Powders, a true tonic and blood purifier.

Always use KENDRICK'S LINIMENT.

RED PINE STATION NOTES.

DEC. 3.—As I have not seen any notes from these parts, I thought I would drop you a few lines to let our friends know that we are still living.

Mr. John Harrington, of Kouchibouguac, is conducting extensive lumber operations here for Sumner Co., of Moncton. He says that his teams are putting up from two hundred to two hundred and fifty logs a day, but I am not prepared to answer for the truth of this statement. Jack is a hustler.

The new rotary saw mill which is now under construction will be completed and ready for sawing about the middle of this month.

The largest pine tree that ever was cut on the north shore was cut last week by Jack McIntyre and Bob McLeod. They took twenty-three logs out of the tree and the smallest log measured 11 inches at the top. One log alone scaled 600 feet. How is that for pine?

About fifteen inches of snow fell here last Tuesday night.

Some of the boys are intending to go home at Xmas to see their sweethearts, but I am afraid they will be left as the road is long and the fare is high. But never mind girls, we will be back to see you when springtime comes again.

I would like to hear from your Kouchibouguac correspondent before long.

SNOWFLAKE.

P. W. St. George, city surveyor, of Montreal, has resigned.

Painful, Fatal Kidney Disease

One of the most common symptoms of kidney disease is the smarting, scalding sensation when passing water, which is likely to come very frequently and at inconvenient times. Then there is the dull, heavy aching in the small of the back and down the limbs. When these pains are accompanied by deposits in the urine after it has stood for twenty-four hours, you may be sure that you are a victim of kidney disease, and should not lose a single day in securing the world's greatest kidney cure—Dr. Chase's Kidney-Liver Pills. Don't imagine that you are experimenting when you use Dr. Chase's Kidney-Liver Pills. They are almost as well known as his great Recipe Book, have made some of the most surprising cures of kidney disease on record, and have come to be considered the only absolute cure for kidney disease. Ask your neighbors about them. Nearly everybody can tell of some remarkable cure by their use. One pill a dose; 25 cents a box, at all dealers', or Edman-son, Bates & Co., Toronto.

Dr. Chase's Kidney-Liver Pills.

GRAND ANSE, GLOUCESTER CO.

Nov. 30.—Not seeing any notes from here lately, I will try and write a few.

The weather has been very stormy the last two weeks, most every day it is either a northeast rain or snowstorm or a northeast gale. The roads are now very bad, too much snow for wagons, too much bare ground for sleighs.

Times are very quiet here since the small pox got among us. Church closed, schools closed, most all the stores closed, all social gatherings forbidden and very few people going around. All seem to be afraid of the sickness. There are a's a good number of houses quarantined where there is not any sickness, the families having been exposed to small pox. In this settlement it is in two houses, A. B. Cormier's and J. B. Landry's. None of these cases were very severe. In the next settlement, Waterloo, it is only in one house, Robert Sullivan's. This house has been quarantined for some time and is likely to be for a while yet as part of the family have not yet taken the disease. It is pretty hard on James, the first of the family, to get the sickness. This young man spent the past ten years in the States. He came home this fall expecting to spend a few pleasant weeks among friends and acquaintances, but instead he is not allowed to go anywhere. So far there was only Eliza of this house very sick, she was pretty sick for a couple of days but is going around again. Between here and Bathurst it is in ten or twelve houses. Most of the cases were light, none fatal. It is also in three houses in Paquetville. Every day there are false reports of it being in other houses. There are a number of people who seem to have very little to do or who try to injure their neighbors by reporting small pox in their houses. It is noticed that they are mostly people of little intelligence and there capacity for doing mischief will be short as after they are found out once or twice they will not be believed. False reports of small pox is a great nuisance as it is hard to know who to believe.

John O'Neil, foreman of the American Lumber Company, of Tracadie, N. B., purchased the farm and old homestead of the late John Coughlan, Waterloo, recently. It is thought he will build a residence and make his home there in the near future.

George I. Theriault, an employee of Addams, Burns and Company, at Burnsville, recently purchased the mill and all other property owned by that Company at Burnsville. Mr. Theriault intends to go extensively into the shingle business in addition to the lumber business carried on by the former company. He has also contracted for ten thousand cords of pulp wood. Mr. Theriault is an enterprising popular young man, a native of our settlement. We wish him every success.

J. J. Sullivan is making extensive improvements on his residence and surroundings this fall. It is expected he will shortly join the benedictines.

Daniel Sisk, Pokeshaw, is building a large dwelling house.

Daniel O'Neill, Waterloo, who has been confined to the house for some time through sickness is going around again.

The many friends of S. J. Doncett, the beloved parish priest of Grand Anse, were pleased to hear of his recent promotion to be Vicar general of the diocese of Chatham.

Miss Alice Sisk, one of Pokeshaw's most popular young ladies, and Thomas Coughlan went to Portland, Me., for the winter, Friday.

We are pleased to see you all looking well Bessie, Minnie, Maud, after being reported so often sick with small pox.

J. D. Foley spent Sunday with his cousin, Francis Meroney, Waterloo.

Dr. Meahan, physician in charge of the small pox, is staying at the Grand Anse hotel. He has been the hardest worked man in the county the last three weeks, almost continuously on the road night and day, storm or shine. He was always ready to visit the sick and attend to their wants.

AN HONORABLE MEDICINE.

That appeals to the best judgment of the best people is Dr. Chase's Kidney-Liver Pills, the greatest prescription of Dr. A. W. Chase, the famous Recipe Book author. By acting directly and specifically on the liver, kidney and bowels, this popular family medicine thoroughly cures liver complaint, biliousness, kidney disease, constipation and the accompanying pains and aches. Dr. Chase's Kidney Liver Pills act promptly, pleasantly and naturally. One pill a dose, 25 cents a box.

George A. Pearson, condemned to hang, December 7th for the murder of his sweetheart, has been notified that the law must take its course.

A DAUGHTER'S DANGER.

A Chatham Mother Tells how Her Daughter, who was Troubled with Weak Heart Action and run Down System was Restored to Health.

Every mother who has a daughter drooping and fading—pale, weak and listless—whose health is not what it ought to be, should read the following statement made by Mrs. J. S. Heath, 39 Richmond Street, Chatham, Ont.:

"Some time ago I got a box of Milburn's Heart and Nerve Pills at the Central Drug Store for my daughter, who is now 13 years of age, and had been afflicted with weak action of the heart for a considerable length of time.

"These pills have done her a world of good, restoring strong, healthy action of her heart, improving her general health and giving her physical strength beyond our expectations.

"They are a splendid remedy, and to any one suffering from weakness, or heart and nerve trouble I cordially recommend them."

Milburn's Heart and Nerve Pills are 50c. a box or 3 for \$1.25, at all druggists.

MEN OF MARK.

Governor Nash of Ohio will probably make a visit to the Paris exposition in the early fall.

Joseph Flory, the Republican candidate for governor of Missouri, was a conductor on the Wabash railroad for 20 years.

Congressman Littlefield of Maine is one of the strongest men in the house physically. He exercises with 16 pound dumbbells every morning.

William S. Jennings, Democratic nominee for governor of Florida, is a cousin of William Jennings Bryan and, like him, is a native of Illinois.

William Jennings Bryan is fond of books and has a good sized general library, but he cares little for art and rarely visits a picture gallery.

Frederick Winklemann, who was recently selected by the New York board of education as lecturer on music for the public schools of that city, has been blind all his life.

Henry Graves, the Chicago millionaire, says he has lived in Chicago longer than any other man. He went there 69 years ago and for 50 years has lived in the same house.

William A. Clark, the copper king of Montana, is an enthusiastic member of the Butte Press club, at the meeting of which he is always called upon for a song, having an excellent voice.

The late Admiral Philip, while always a good, religious and conscientious man, was as a boy not much of a student and at the Naval academy generally just managed to pass his examinations.

Major Esterhazy has returned to Paris and is again appearing in public. He seems to be well to do, yet he is not engaged in any business, so rumor says that he gets a government pension.

Lord Grimthorpe, the most pugnacious of English churchmen in spite of his 84 years, has resigned the position of chancellor and vicar general of the diocese of York, which he has held for 23 years.

Samuel W. Twombly, dean of the Massachusetts house of representatives, is 78 years of age. It is said he has a record of attendance at every session of the legislature since he has been a member.

Admiral Farragut went to sea as a midshipman when 10 years old, was given command of a prize when 11 and at 12 had been a combatant in one of the sharpest sea fights in our second war with England.

Judge William A. Holt of Kentucky, who has been appointed chief justice of Porto Rico, is one of the best known lawyers in his state. Ex-Secretary John G. Carlisle once said of him, "He has the perfect legal mind."

A number of years ago, before he was famous, Theodore Roosevelt was asked how he pronounced his name when it was introduced in this country and what it meant. Here is his answer: "My name is pronounced Ro-sa-velt, the s with almost a z sound; introduced about 1629; Dutch; means field of roses."

DAVIS & LAWRENCE CO., Limited
Prop's. of Perry Davis' Pain-Killer

For Sale.

The two farms of the late A. S. Girvan of Galloway, in the Parish of Richibucto having purchased these two farms, we now desire to sell the same, and will be glad to furnish all particulars possible to any one thinking of purchasing, if they will write us direct to Saint John, N. B. or inquire from W. D. Carter, Richibucto.

P. S. MacNUTT & Co.,
Saint John, N. B.

We have received our fall stock of Suitings, Overcoatings, Reefers and Ulsters which we are prepared to make up at remarkably low prices. Call and inspect stock before purchasing elsewhere.

L. C. RILEY, Kingston.

P. S. We have removed to Richard Hebert's new block.

CORSETS.

Just received a full line of the celebrated

CROMPTON CORSETS

and WIRE BUSTLES of the latest style. Come and examine these goods.

We are opening a fine assortment of GLASSWARE, CHINA and ORNAMENTAL CROCKERY.

A full line of Patent Medicines always on hand.

K. B. FORBES.

CAPITOL Cylinder OIL,
THE STANDARD OF THE WORLD.

SUPPLIED ONLY BY—
THE IMPERIAL OIL CO., LIMITED,
ST. JOHN and HALIFAX.

CHEAP READING.

THE REVIEW has arranged with the St. John Telegraph a combination offer to cover the subscription to this paper and the Semi-Weekly Telegraph.

The St. John Semi-Weekly Telegraph

AND

The Richibucto Review

will be sent to subscribers for one year for \$1.00

The Semi-Weekly Telegraph is a 16-page paper published twice a week, containing all the news of this Province as well as the latest and most reliable news from the Transvaal war. To families in districts not supplied with a daily mail service the Semi Weekly Telegraph is preferable to either a St. John or Montreal Daily.

No family on the North Shore need be without good, up-to-date reading matter at the price quoted.

\$1.00 A YEAR FOR THE TWO PAPERS.
