

A Bushel of Eggs

In the fall and winter is worth a barrel in hot weather. There's a way that never fails to fetch eggs when they're wanted, and that is to feed, once a day, in a warm mash

Sheridan's CONDITION POWDER

It helps the older hens, makes pullets early layers, makes glossy plumage on prize winners. If you can't get it we send one package, 25 cts. 5 lbs. can, \$1.50; six for \$8. Ex. paid. Sample poultry paper from I. S. JOHNSON & CO., BOSTON, MASS.

MARITIME PROVINCE NOTES.

William Gallant, an employee of Miller and Woodman's mills, Milford, N. B., while working near the edger, had his apron caught in the belting and narrowly escaped fatal injuries. He managed to extricate himself from his dangerous position, though he was quite seriously wounded in the left arm and cut about the face.

Thirty cases of typhoid fever were reported from the General Public Hospital since Nov. 1st and two others were received at the Board of Health office. There have also been ten cases of dysentery since the first of the month—St. John Globe.

The death of Mr. Augustus Fullerton, of Annapolis, N. S., occurred at his residence Thursday, after a protracted illness, at an advanced age. Mr. Fullerton was appointed collector of customs for that port under the government of Alexander Mackenzie, which office he held for a long term.

A telegram was received at Fredericton Friday announcing the death at Brooklyn, N. Y., on Thursday of Miss Mary Hudson. The young lady with her sister only left Fredericton two weeks ago to spend the winter with her brother in Brooklyn. On her arrival it was found that she was suffering with pneumonia which resulted in her death.

Carleton Sentinel: Mr. Jvstus Gill, Northampton, received official notification last week, that his exhibit of apples at the Paris Exhibition formed an important part, in the collective exhibits of horticulture, for which the Dominion of Canada was awarded a grand Prize Diploma, and that he was entitled to receive a copy of the award.

Geo. McSweeney, of the Brunswick Hotel, Moncton, gave an order last week to the Havelock Spring Co., for six thous and bottles of their plain mineral water. This is the largest hotel order for mineral water ever given in the maritime provinces.

Moncton Times: The death of Thomas Bell, which occurred at his home on Fleet street at four o'clock Sunday morning, while not unexpected, will be heard of with regret by a large circle of friends and acquaintances. Mr. Bell was an employee of the I. C. R. paint shop for many years, but was compelled to retire from work last April on account of illness. Since that time Mr. Bell gradually sank until death relieved his sufferings. Deceased, up to the time of his illness, was an active member of the Moncton fire department, being a member of No. 3 hose company. He was held in very high esteem by the members of the department and when he was compelled to retire from the service he was made an honorary member of No. 3 Company and his son Thomas appointed in his place. Mr. Bell was one of the oldest members of the fire department and the funeral will be under the auspices of that body. A meeting of the firemen is called for tonight to make funeral arrangements. Deceased was 46 years of age and leaves a widow, two sons and two daughters. The flags are flying at half mast on the fire stations as a token of respect to the departed fireman.

Mr. W. Stavert, at present manager of the Bank of Nova Scotia, Boston, has been appointed assistant manager of the Bank of New Brunswick, and will assume his new duties about 1st January next.

Sussex Record: On Saturday last J. A. McArthur, superintendent of the Government Chicken Frying Station here, killed and shipped the first lot of birds fattened the present season. There were 226 chickens in the lot totalling 1150 pounds, and they were sent direct to cold storage in Montreal, from which place they will be re-shipped to the English market.

The Campbellton Telephone says: The new round house here is now assuming the proportions of a large up-to-date and well finished building, and Mr. McArthur is to be congratulated upon the rapidity of its construction. The outside work will be done within a few weeks, and the interior completed during the winter. Although not providing any additional pits, the present ones are being sufficiently enlarged that any one of them can accommodate the largest engine. At its completion the new building will be one of the largest and most modern along the line. The mechanical department is being improved by the adoption of a drop pit. This is a modern method of removing car axles and wheels. Instead of jacking up cars and engines as has been the custom wheels can be removed by running the cars over the pit and dropped by machinery, operated by compressed air run from under the car, the necessary repairs made or a new pair put in place. This is a labor saving invention and can be operated by one man.

The I. C. R. elevator at St. John was started Saturday afternoon, and a long train, loaded with peas, was emptied into its spacious bins. The machinery worked faultlessly and the work was performed with remarkable celerity.

Geo. A. Schofield, manager of the Bank of New Brunswick, who was stricken with paralysis some weeks since, died at his residence, St. John, Sunday. His death was not unexpected. In Mr. Schofield St. John has lost an excellent citizen whose death is regretted on every hand.

The Hopewell Hill correspondent of the St. John Sun says: The family of Mr. and Mrs. Robert I. Newcomb of this place is one to which Providence has been particularly kind. Mr. and Mrs. Newcomb, both now upwards of three score years and ten, are hale and hearty, and will inside of a year celebrate their golden wedding, having being married something over 49 years. There has never been a death in their large family of eleven children, all of whom are grown to manhood and womanhood, and last to enter the matrimonial state being the youngest son, Jos. D. Newcomb, who was married on Wednesday of this week to Miss Jones of Petitcodiac.

Daniel Gaudet, who came from Memramcook, N. B., to Weymouth, N. S., to fill the editor's chair of the new French paper L'Acadie, has joined the ranks of the benedictes. His bride was Miss Eugenie Amerault, a popular young lady of Weymouth. Rev. J. J. Walsh officiated at the marriage.

Word was received this week of the death of Mrs. Stephen, widow of the late Dr. Stephen, who was well known at Digby twelve or fifteen years ago. The deceased passed away with a lingering illness at Upper Greenwich, Kings county, N. B. She was much respected by all who had the pleasure of her acquaintance and had visited Digby nearly every summer since her removal to New Brunswick.—Digby Courier.

Fire Monday morning destroyed Gibson's grist mill and one saw mill at Marysville, York Co. The loss was mostly covered by insurance, but the machinery stored in the building and a quantity of sawed lumber were a total loss. The fire started in the lamp room, probably by the accidental upsetting of a lamp.

The past season has been an unusually

Nervous and Debilitated.

Almost a Victim of Nervous Prostration—Was Restored to Health and Strength by Dr. Chase's Nerve Food.

Mrs. D. W. Cronberry, 168 Richmond street west, Toronto, Ont., states:—“My daughter, who sews in a white goods manufactory, got completely run down by the steady confinement and close attention required at her work. Her nerves were so exhausted, and she was so weak and debilitated, that she had to give up work entirely, and was almost a victim of nervous prostration.

“Hearing of Dr. Chase's Nerve Food, she began to use it, and was benefitted from the very first. It proved an excellent remedy in restoring her to health and strength. After having used four boxes she is now at work again, healthy and happy, and attributes her recovery to the use of Dr. Chase's Nerve Food.”

As a blood builder and nerve restorative, Dr. Chase's Nerve Food is of inestimable value. It makes the blood red, the nerves strong, and the whole system healthy and vigorous. 50c a box—at all dealers, or Edmundson, Bates & Co., Toronto.

prosperous one for the mackerel seiner, and the Gloucester fleet is reported to have cleared the greatest season in its history. As usual Sol Jacobs heads the list of successful shippers, with \$21,000 clear for his season's work.

A farmer in North River, five miles from Truro, N. S., has raised 37 bushels of potatoes from one bushel planted. Last year the same man raised 12 barrels from one bushel. The potatoes are of a black variety. A Nova Scotian in British Columbia has raised potatoes weighing 3 pounds each. The same man has raised an apple weighing 25 ounces, two ounces more than the largest apple at the world's fair.

Moncton Transcript: A resident from Hillsboro informed a Transcript reporter that on Sunday the Baptist church at Hillsboro had a narrow escape from total destruction by fire which caught from a defective fire, and had it not been for the prompt assistance rendered by the residents, the building would no doubt have been destroyed. As it was it was quite badly damaged.

Two new canneries are about to be opened in Nova Scotia, one at Bear River, Digby Co., and the other at Hantsport. The one at Bear River will handle fish chiefly, and will be quite a large establishment. The cannery at Hantsport will can vegetables, and also put up pickles. Over \$8,000 of capital has been subscribed in Hantsport by local men, and the industry will be pushed forward at once. It will be of great importance to the surrounding district.

The battered hulk of what was the St. John schooner Advance was washed ashore on Wallas Sands, Portsmouth, N. H., Monday afternoon with no signs of life aboard. Whether the crew of four or five men were taken off by a passing vessel or drowned, may only be conjectured. There is a chance that they may have reached the isles of shoals, eight miles to the eastward off shore, as the schooner in her drift went very near that famous island cluster. The schooner is a complete wreck. The Advance sailed from St. John, N. B., early in the month, bound for Boston with a cargo of alewives and shingles. She was last reported at Southwest Harbor, Mt. Desert, from which port she sailed last week. She was owned by J. B. Brown, of St. John.

Two boys broke into Commander Spain's residence, Prince street, Pictou, N. S., on Thursday, and stole a number of articles. Captain and Mrs. Spain had closed up their house and gone to Halifax a few days before. The boys are now in jail.

The door of J. M. O'Brien's stationery store, Truro, N. S., was opened with a skeleton key last Friday night and the cash register containing over ten dollars carried off. The register was found on the Normal school grounds Saturday rifled of its contents. The police have the matter in hand and it is said a number of young bloods who have been carousing around town late at night will be arrested.

Last Friday morning Mr. Peter McDougall, of Wellington, P. E. I., was engaged shingling the roof of Mr. John T. Cosgrove's house. Mrs. Cosgrove went out to bring in some firewood and was horrified to find Mr. McDougall lying on the ground dead. From the condition of the body it was thought he had been dead for some time. He had fallen a distance of only about 8 feet and it is thought that being in delicate health he had become dizzy while working on the roof. Deceased was a widower 45 years of age.

The Backache Stage may be just that incipient form of kidney disease which, if neglected, will develop into stubborn and distressing disorder that will take long tedious treatment to cure. Don't neglect the “backache stage” of the most insidious of diseases. South American Kidney Cure stops the ache in six hours and cures.—30

Sold by Est. W. W. Short.

PORT DOVER, Ont., Nov. 24.—O. G. Warren and H. Holden who had been duck shooting at Long Point were drowned this evening by the upsetting of a skiff in a squall about half a mile from shore. H. D. Barnett, another of the party was alone in another skiff and reached shore after some hours' experience.

QUEBEC, Nov. 25.—The steamship St. Olaf, running between Quebec and North shore ports of the St. Lawrence, was wrecked Wednesday night on Boult Island at the entrance to the harbor of St. John Islands. All hands were lost. The St. Olaf left Shelburne for Quebec on Wednesday afternoon.

TO CURE A COLD IN ONE DAY.
Take Laxative Bromo Quinine Tablets. All Druggists refund the money if it fails to cure. 25c. E. W. Grove's signature is on each box.

KIDNEY DISEASE FOR TEN YEARS.

A Glen Miller Man's Terrible Trial. He Found a Cure at Last in Doan's Kidney Pills.

Mr. P. M. Burk, who is a well-known resident of Glen Miller, Hastings Co., Ont., was afflicted with kidney trouble for ten years. So pleased is he at having found in Doan's Kidney Pills a cure for his ailments, which he had begun to think were incurable, that he wrote the following statement of his case so that others similarly afflicted may profit by his experience: “I have been afflicted with kidney trouble for about ten years and have tried several remedies but never received any real benefit until I started taking Doan's Kidney Pills. My back used to constantly ache and my urine was high colored and milky looking at times. Since I have finished the third box of Doan's Kidney Pills I am happy to state that I am not bothered with backache at all and my urine is clear as crystal. I feel confident that these pills are the best kidney specific in the country.”

CHRISTMAS.
CHARLES CAMAELL.

Hark!—to the utterance of an infant cry,
Angelic bursts of song!
Stars in their orbits, harping in reply,
The glorious strain prolong!

Across the deeps of space with mighty swing
Swells the triumphant hymn:
“Glory to God”—with white, expanded wing
Chant glad-eyed Seraphim!

Not since the morning stars together sung
When earth's first beauty smiled,
Have Heaven's High Courts with loftier rapture rung
Than o'er a little Child!

Heir of the ages! Heir and Lord of all!—
The glory of His Face
Shines from dimness of an ox's stall
To utmost verge of space!

Earth only heeds Him not! Her face,
Still fair,
Is bowed in age-long woe;
Her aching soul is bitter with despair,
Her tears like Rachel's flow.

Her children are not; grief and pain their part,
Death and the endless tomb—
Better the barren woman's starving heart
Than curse of fruitful womb!

Lift up thy face, O Earth!—thy plaining cease—
Hear—wonder—and be still—
“Glory to God and on the earth be peace
To all men of good will!”

Far faints the song and fades the golden light
Above that manger's Guest—
And earth lies sleeping in the quiet night
With all her storms at rest!

A QUICK CURE FOR COUGHS AND COLDS

Pyny Pectoral

The Canadian Remedy for all THROAT AND LUNG AFFECTIONS

Large Bottles, 25 cents.
