CHILDREN'S DAY SERVICE.—The Presbyterian Church at Buctouche, held "Children's Day Service" on Sunday, September 30th, 1900, under the direction of Mr. King, Superintendent of the Sunday School. The service was largely attended and very successfully carried out. A very excellent selection of Hymns were rendered by the children who showed that they were well and carefully trained. Addresses were given by Mrs. Vans and Rev. R. G. Vans. Recitations were given by George King, Aggie Irving and Addie McNairn. The church was tastefully decorated with white and pink flowers on a back ground of spruce, which had a very pleasing effect. The service was one of much profit, and is a credit to those who so carefully trained the children. The collection which was a good one, was for the Century Fund, by instruction of the General Assembly.

WEDDING EVENT AT COCAGNE.—The home of Mr. and Mrs. James Johnston was the scene of a very interesting event on Wednesday evening, Oct. 3, when their daughter, Bertha May, was united in marriage to Mr. Jack Hosenman, of Lower Stewiacke, N. S. The nuptial knot was tied by Rev. J. Millen Robinson, of Moncton, in the presence of a large number of relatives and friends of the contracting parties. The bride, who looked charming in a handsome dress of white cashmere with lace and ribbon trimmings, was given away by her brother, Mr. John T. Johnston. She was attended by Miss Maggie Wortman, of Moncton, who was becomingly attired in white muslin and lace. The groom was supported by Hartley Johnston, brother of the bride. The happy couple left Thursday morning for Halifax enroute to Liscomb, N. S., where they intend to reside. The bride's traveling suit was purple cloth with hat to match. The numerous presents showed the high esteem in which both were held. The groom's present to the bride was a gold brooch set with pearls and opals. — Moncton Times.

PARENTS, ATTENTION.
The long evenings have come, and with them the time for study. Those of you who have bright boys and girls, and are thinking how you can give them a means of livelihood without too great expense, should send them to me and have them taught shorthand and typewriting. I shall give them lessons in the same system and on the same make of machine as is used in the St. John Business College & Shorthand Institute, so that, if they wish to get a diploma from that institution and so be assisted to a position, after they have thoroughly mastered the principles of shorthand, and gained a fair speed in both it and typewriting, they can go to the above mentioned college, join the speed classes in shorthand, take lessons in book-keeping etc., and, in a short time, graduate with honors.

Even though your boys and girls do not incline to a business education, you would still be wise to have them taught shorthand, at least, as the time is at hand, when, on account of its varied use, no young person will be considered educated without it.

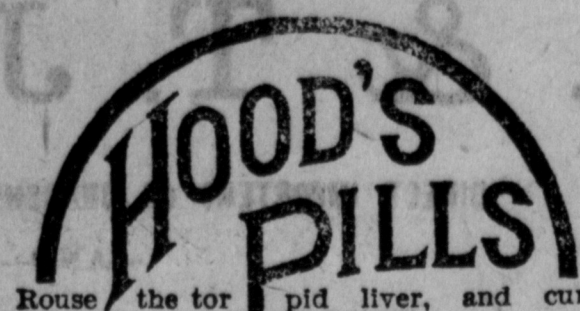

Terms for Shorthand alone \$5 per quarter. Please call as soon as possible and arrange about books, etc.

Yours respectfully,
FLORENCE A. CAIR,
Richibucto, N. B., Oct. 9, 1900.

ITCHING PILES.

Mr. O. P. St. John, Dominion Inspector of Steamboats, 246 Shaw street, Toronto, writes:—"I suffered for nine years with itching piles. After trying many remedies in vain, I began to use Dr. Chase's Ointment and it has entirely cured me." More people have been cured of piles by using Dr. Chase's Ointment than by all other treatments combined. It never fails to cure piles.

"I Can Eat What I Like."

Many people suffer terribly with pain in the stomach after every mouthful they eat. Dyspepsia and indigestion keep them in constant misery. After trying the hundred and one new-fangled remedies without much benefit, why not use the old reliable Burdock Blood Bitters and obtain a perfect and permanent cure?

Here is a case in point:
"I was troubled with indigestion and dyspepsia for three or four years, and tried almost every doctor round here and different dyspepsia remedies, but got little relief. I then started using Burdock Blood Bitters, and when I had finished the second bottle I was almost well, but continued taking it until I had completed the third bottle, when I was perfectly well. Before taking B.B.B. I could scarcely eat anything without having a pain in my stomach. Now I eat whatever I like without causing me the least discomfort." — MRS. THOMAS CLARK, Brussels, Ont.

—The teachers of Richibucto wish to express their thanks to all who contributed to the success of the Teachers' Institute by entertaining the visiting teachers, or assisting in the public meeting.

—At a convention of the Liberals of Westmoreland County, held in the Liberal club rooms at Moncton, on Monday, Hon. H. R. Emmerson was chosen to contest the county at the coming elections.

—The past couple of days has been very disagreeable, owing to the heavy north-east wind blowing. Rain has fallen continually from Tuesday morning which makes the roads in a very bad state.

—One hundred and twenty-nine packets that will be found in the pound packets of Union Blend Tea will bring one hundred and twenty-nine cash presents to one hundred and twenty-nine purchasers. Save your keys.

—We have been requested to announce that the Kent Co. Agricultural Exhibition which was to have been held at Kingston to-day (Wednesday) will be postponed for one week, or until Wednesday the 17th.

—In the Probate Court of Kent, before Judge James, at Buctouche, on the 2nd instant, the executor's account of the administration of the estate of the late Anselm B. Girouard was passed and allowed. Edward Girouard proctor.—Moncton Times.

—The greatest yield of potatoes which we have yet heard of was raised by Mr. Hugh McGrath, of Mill Creek. He received a parcel containing five pounds of potato seed from the experimental farm, Ottawa, last spring, which he planted. He dug them last week and had them weighed and they tipped the scales at 208 lbs. Can any one beat that?

—Mr. Abdella Sayre has been to Montreal and has just returned with a large assortment of fall and winter dry goods and clothing which he intends to dispose of at prices that will suit everybody. He has also a fine stock of jewelry which he will sell at half price. Those wishing a good suit of clothes or an overcoat would do well to call and inspect his stock before purchasing elsewhere. Store next to Post office.

—A correspondent from Bass River writes: "Florence, daughter of Mr. and Mrs. John Fearon died at that place on the 1st inst., after a short but severe illness, aged 16 years. She was beautiful in her life, and leaves many friends to mourn her early death. Also at Bass River, on the 6th inst., after a lingering illness, Wm. W. Robertson, aged 36 years. His death is much regretted by a large circle of relatives and friends."

—The Harvest Thanksgiving service at St. Mary's Church last Wednesday evening proved a decided success. The church was very prettily and tastily decorated with the fruits of the earth, and certainly was appropriate for the occasion. The music was good, especially the anthem, and the sermon as delivered by the Rev. R. P. McKim, was a splendid discourse on Thanksgiving, which was highly appreciated by the large congregation there assembled. The offertory amounted to \$33.20. The Vestry desire to extend hearty thanks to all who assisted in the various ways.

—Albert Cook received a letter this week from an old lady, 82 years of age, living in Carleton county N. B. In it was enclosed twenty-five cents. Fifteen years ago, she said, while passing through Yarmouth a man by the name of Killam, she thinks, did some trucking for her, but missing him she did not pay him for his work at the time. She requested Mr. Cook to try to find the man and pay him the quarter. This matter of twenty-five cents was probably troubling the dear old lady's conscience more than one of as many thousands of dollars would some people.—Yarmouth Times.

The Ottawa electorate having decided in favor of municipal ownership of the electric light plant, negotiations are being opened with the electric company in the city with a view to the purchase of their plant. The latter has not been fully installed since the great fire, but is likely to be so in a short time.

COOK'S ANODYNE LINIMENT

KENT CO. TEACHERS' INSTITUTE.

The Kent Co. Teachers' Institute met in the Grammar school, Richibucto, last Thursday and Friday, 4th and 5th inst. and was attended by a larger number of teachers than any institute ever held in Kent Co. The following teachers enrolled:

Inspector Geo. Smith, C. H. Cowperthwaite, Mary Chrystal, Minnie Buckley, Beatrice Sutton, Nettie McKay, Ella McNairn, Sadie Hudson, Mary McLean, Maggie Warman, Rowena McBeath, Emma Amirax, Sadie Foster, Alma Wishart, Kate Keswick, Nellie Humphrey, Nina Haines, Arelia West, Nessie Ferguson, Thorne Bowser, Su an Babineau, Lucy E. Richard, Helena Melanson, Angus Daigle, Edward Williams, Celina Richard, Marie Richard, Marie Legere, Amelia Myers, Mrs. Allanach, Minnie Sullivan, Lizzie O'Leary, Susie Daly, Sarah Masterton, Tena Fraser, Mina Farrar, H. H. Bridges, J. B. Carr, M. P. McEachern, Louise Murray, Laura Brewster, Aurelie Daigle.

The first session opened at 10 o'clock on Thursday with an address from the President, Inspector Geo. Smith. Following this address was a very interesting talk on nature study by Mr. G. U. Hay, of the Educational Review, St. John, N. B. This ended the first session.

At the opening of the second session at 2 o'clock p. m., a paper entitled "The teacher's self improvement," was read by Mr. R. G. Girvan. A lively discussion followed which was participated in by Miss Ferguson, Miss McLean, and Messrs. Smith, Hay, Cowperthwaite and Bridges. The institute then adjourned, and under the leadership of Mr. Hay, went on a Natural History excursion to Chandler's lane, a short distance from town. On this excursion Mr. Hay explained how to recognize the different kinds of ferns, maples, birches and spruces; also many other points helpful to teachers in the study of Botany.

On Thursday evening a public meeting was held in the Temperance hall in connection with the Institute. The hall was crowded to the doors and all pronounced the meeting a grand success. Speeches were made by Rev. A. D. McLeod, G. V. McInerney, M. P., and Inspector Smith. An excellent paper entitled "Defects of our present school system," was read by Mr. G. U. Hay. In addition to this a very fitting programme of music was carried out and was enjoyed by all present.

The third session was opened at 9 o'clock on Friday morning. Mr. C. H. Cowperthwaite read a very interesting paper on "School Government," which was discussed by Mrs. Allanach, Miss Chrystal, and Messrs. Hay, Smith, Bridges, McEachern and Girvan. This was followed by a carefully prepared paper on "The defects of our French readers," by Mr. Angus Daigle, and was discussed by Miss Aurelie Daigle, Miss O'Leary, Miss Ferguson, Miss McLean, Mrs. Allanach, and Mr. Smith.

The fourth session opened at 2 o'clock p. m., with the teaching of a lesson on "Alcohol," by Miss Susie Daly. The lesson was given in a very thorough manner and showed careful preparation. Discussion of the lesson was taken up by Miss McLean, Miss McBeath, and Messrs. Cowperthwaite, Bridges and Girvan. General discussion followed.

Before the final adjournment votes of thanks were tendered the citizens of Richibucto for their kindness in entertaining the teachers; to the K. N. Railway for carrying teachers at one fare; to THE REVIEW for printing notices of the meetings, and to Miss Nessie Ferguson for her trouble in soliciting entertainment for the teachers.

The officers for the ensuing year are as follows: Geo. A. Coates, President; Miss Mary Chrystal, Vice-President; R. G. Girvan, Secretary; Miss Kate Keswick and Miss Minnie Buckley, members of the executive.

FIVE REASONS

Why the OLDS THRESHING MACHINES, manufactured by J. B. DORE & SON, are superior to all others.

FIRST.—The power is longer and consequently easier for horses to walk on without slipping off. SECOND.—It is wider, thus avoiding that continual rubbing of the horses' feet against the sides, which takes off so much power from other machines. THIRD.—The lag links are made of a combination of wrought and cast iron which makes them practically indestructible. Such a thing as a broken link is unheard of. FOURTH.—The large 6-inch friction rollers never slip on the track as the common 3-inch roller so often does. And as it only needs to make half as many revolutions there is a great saving of power as compared with others. FIFTH.—The separator stands unrivalled for durability, speed and working qualities.

A large number of these Threshers have been sold in Kent County since 1887 and have given unbounded satisfaction. Terms easy. Prices right.
