It is her intention to enter the Normal School in September, and while congratulating her we wish a still greater success to crown the coming years labours.

**WEDDING BELLS.**—A very pretty wedding took place yesterday morning at the residence of Robert H. Davis, Esq., when his daughter, Miss Maud, was united in marriage to Rev. York A. King, of Providence, R. I. The ceremony was performed by the Rev. Mr. Parshley, of Moncton. The bride looked very charming as she entered the room to the sweet strains of Mendelssohn's wedding march in her wedding gown of white organdie trimmed with white lace, and bridal veil. After the ceremony breakfast was served to about thirty guests. Quite a large party of friends accompanied the bride and groom as far as Kent Junction with the usual attention of showers of rice. The bride's going away gown was of deep lilac broadcloth and hat of yellow straw trimmed with violets. Mr. and Mrs. King will spend the honeymoon in P. E. I., after which they will reside in Providence, R. I. The bride was the recipient of many handsome presents.

**DEATH OF AN AGED LADY.**—The death of Mrs. Rachel Graham which occurred 7th April, 1900, removes from the little village of Molus River, Kent Co., the oldest, and one of the most respected and beloved of its first settlers. Mrs. Graham was born in Kingston, Kings Co., N. B., of brave and hardy loyalist stock, on Jan. 9th, 1797. She came to Kouchibouguac, Kent Co., with her brother George in 1814 at the age of seventeen. She lived in the family as an adopted child of Squire McAlmon, until she was married to John Graham. They had ten children, six of whom survive her. Mrs. Graham never wore spectacles and could thread the finest needle. She remembered the first funeral in the Presbyterian grave yard at Kingston, Kent, a young lady whose parents lived on the farm now owned by Mr. Abram Dickinson. She also remembered the last time the Whites and Indians came in conflict. Her brother George Grumble and her uncle Major Collick, of Kouchibouguac, taking an active part in quelling the disturbance. The children and grand children of Mrs. Graham are like herself famous for their vigor, health and unflinching loyalty to British institutions and light hearted good and hopeful dispositions.

**OBITUARY.**—On the 5th inst., in Guilford, Maine, occurred the death of Albert J. McDougall aged 5 years. The deceased was the youngest child of James A. and Elizabeth McDougall, formerly of Bass River, Kent County. The little fellow was a remarkably intelligent child of a sweet loving disposition who won the hearts of all who knew him. He became ill about three months ago, and the family physician when summoned diagnosed the case as tubercular meningitis, and gave the parents very little hope that he would recover. There were three physicians in consultation but nothing could be done to save him and the spirit returned to its Maker. The little fellow suffered the most excruciating pain caused by inflammation of the brain, covering, but bore it more bravely than many grown persons would have done. The funeral was largely attended, and many were the floral offerings. The casket was covered with

rich white brocade and beautifully lined, while a wreath of white sweet peas was woven around the inside. As one gazed upon the little body dressed in black velvet nestled among fragrant white blossoms one could picture only purity and innocence and not sombre death. Upon the arrival of the funeral cortage at the cemetery four small boys acted as pall bearers. Loving hands had lined the grave with cedar and clematis vines and blossoms, making it appear like a cosy little nest; even the mound was completely covered with green. After the casket was lowered little girls scattered flowers in and around the grave. The parents have the sympathy of their many friends in New Brunswick and Maine.
