EDWARD VII AND HARRIET LANE

THE HAPPIEST MEMORY OF HIS AMERICAN TOUR IS THAT OF HIS VISIT TO THE WHITE HOUSE.

"During the Prince of Wales's stay in Washington (upon the occasion of his visit to America, in 1860,) he was President Buchanan's guest, and occupied apart ments of the Executive Mansion looking over Lafayette Square," writes William Perrine, in the May Ladies' Home Journal. "One evening when an elaborate display of fireworks was given in his honor he stood on the balcony of the White House, together with Mr. Buchanan and Miss Lane, amidst great cheers When dining with his hosts he would escort Miss Lane to the table, seating himself at her right. His manner was somewhat bashful, and most public ceremonies apparently bored him. But while he was with Miss Lane and the coterie of beautiful wo men of her set it was noted that for the first time since he had been in this country he seemed to show the manner of a gallant One of the merriest mornings she had with him was at a gymnasium in Washington attached to a female seminary. On the brass rings suspended from the ceiling he swung himself one by one across the room, and the whole party laughed heartily at ly. Get a 25 cent bottle to-day. his pranks on the rope ladder. Then he fell to playing tenpins Miss Lane and the Prince together succeeded in conquering Mr. Toussaint, wine merchant, and Pilot Mrs. Thompson and Duke of Newcastle; Bernier, who started down river on a it was next the turn of the victors to play again each other, and Harriet, who was one of the most robust girls of the day, speedily outbowled the Prince and put his muscle to shame."

Nine Boils On Neck.

Anyone who has ever been troubled with boils can sympathize with poor old Job. There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Nowa-days no one need endure the misery of boils.

All they have to do is take B.B.B. when their blood will be cleansed of all impurities and every boil will quickly disappear.

Miss Lydia Moody, Ruscom, Essex Co., Ont., sends the following statement of her case: "Some time ago my blood got so out of order that many boils appeared on my body and prevented me having any rest. I had nine on my neck at different times, and quite a number of small ones came on my shoulders and arms.

"Our next door neighbor, seeing the condition I was in, told me to take B.B.B. for my blood, and I did so. "After I had finished the first bottle I found that some of the boils had disappeared and all the rest were getting much smaller. I then got two more bottles, and by the time I had these nearly all gone there was not a boil to be seen. Besides this, a headache, from which I suffered greatly, left me, and I improved so much in health that I am now a strong,

"Curse!" I exclaimed; "that is too mild an expression."

"Yet," Marion said, "it has always been so. Men have always made it and rejoiced in it."

CAFFREY WINS AGAIN.

John Caffrey, the Canadian, broke the record by more than 10 minutes in the B. A. A. Marathon run from Ashland to the clubhouse yesterday, and again captured first place in the premier long distance Amateur run of America. His time for the 25 miles was 2 hours, 20 minutes, 23 3-5 seconds-10 minutes 2.5 seconds better than the record he established when he was the winner last year.

His performance was remarkable, and stamps him as the leading amateur dis- KINGSTON, KENT COUNTY, N M. tance runner of the continent. He averaged just a shade better than 10 miles for each hour-a feat that is wonderful when one considers that a horse that can road ten miles an hour for two hours and a half is considered a good animal.

Caffery won easily, and led the second man by about a half mile. The second man to finish, Davis, the Indian, came in 5 minutes 21 4 5 seconds after him, but this performance was also record breaking, as he ran almost four minutes better

> The Marathon race altogether is a very striking sporting event and the means that have been taken to establish it as a permanent feature of Patriot's Day athletics prove very successful. It is a tremendous test of endurance and speed without any doubt, and when the record is cut down year by year as it has been of late, it points to long and hard training in strengthening the wind and staying powers. Only a man in the most cleanest and best physical condition can go 25 miles at a gait that brings him in in less than two hours and a half. It is a tremendous roat gait for even the best roadsters among horses. No B. A. A. event is more popular. - Boston Record.
