

MORE HOME KNITTERS WANTED.

We want a few more workers in this locality, at once, and in order to secure your co-operation without the delay of correspondence, we herewith explain our full plan in this advertisement. The work is simple and the Machine is easily operated, and with the Guide requires no teacher. If you wish to join our staff of Workers let us hear from you promptly with the Application Form for Stock and Machine filled out and remittance, and we will allot you Stock and send you machine and outfit to begin work at once.

THE PEOPLE'S KNITTING SYNDICATE LIMITED.

Incorporated by Provincial Charter under the Ontario Companies Act. Authorized Capital Stock, \$180,000. HEAD OFFICE, - TORONTO, CANADA

The Syndicate is offering a limited amount of Stock at \$1.00 per share in lots of twenty shares. (Each subscriber of the twenty shares to be furnished a twenty-dollar knitting machine free to work for the Syndicate and to share in the net profits of all goods made.)

The Syndicate has been formed for the purpose of manufacturing knitted goods cheaper than any existing company, to keep down prices, and to oppose the large knitting Companies and Companies which have joined hands to raise prices. To do this successfully it is necessary to get yarn at first cost and to manufacture goods with the least possible expense. Therefore—

- 1. The syndicate supplies its own yarn and machines.
2. The syndicate has all goods made by shareholders knitting at their own homes.
3. The syndicate pays for all properly made goods at once upon receipt of same, and besides paying for the work when sent in will semi-annually divide with its working shareholders the net profits from the sale of all goods made by its shareholders.
4. The syndicate sells all goods made by its working shareholders.
5. To each subscriber of twenty \$1.00 shares the Syndicate gives free a twenty dollar Knitting Machine to keep, and also supplies each working shareholder, free of charge, full directions, samples and yarn to make the goods.

THE METHOD OF THE SYNDICATE. To become a shareholder, a worker, the owner of one of the machines, to be paid for the work you do, and also to participate in the equal division of its net profits, you have only to become a member of the Syndicate and take twenty \$1.00 shares which will cost you twenty dollars. It is to supply its own yarn and knitting machines to its shareholders, FREE. By this plan it can readily be seen that the Syndicate not only benefits its shareholders by way of dividends, but is the source of a regular employment and income at their homes. The Syndicate is fully prepared to keep its shareholders supplied with yarn for doing the various kinds of work required, and it is also in a position to dispose of all goods knitted from these yarns through large jobbers and to the general trade as fast as it can be sent in by its shareholders.

It will be seen that to manufacture goods on so large a scale it would be necessary to have a number of knitting factories, which would mean the investment of thousands of dollars, besides taxes, insurance and interest on same. We can, therefore, not only manufacture goods cheaper and in larger quantities, but pay our shareholders dividends semi-annually.

THE MACHINE. The syndicate furnishes a high speed family seamless knitting machine, and will last a lifetime with ordinary usage. In fact the syndicate will guarantee the machine for twenty years. It will knit from the finest of imported yarns to the coarsest of Canadian wool yarn the same as hand work, but eighty times faster. In fact a pair of socks or bicycle hose in twenty minutes. With such an operation so simple that anyone of ordinary intelligence can make any of the knitted goods required by the Syndicate, such as Gents' Socks, Ladies' Stockings, Golf and Bicycle Hosiery, Knickers, Leggings, and Toggles for Children.

THE PRICES. The syndicate pays for knitting these goods are—Socks, \$5.00 per 100 pairs; Ladies' Stockings, \$10.00 per 100 pairs; Gents' Socks, \$5.00 per 100 pairs; Golf and Bicycle Hosiery, Knickers, Leggings and Toggles, \$10.00 per 100 pairs; Leggings and Footless Bicycle Hose, \$5.00 per 100 pairs; Fine Toggles, \$10.00 per 100 pairs. All these goods are quickly made on the machine and at these prices any person willing to work can make good pay, much more than clerking in store, working in shop or laboring on farm. Shareholders can devote all or part of their time knitting, but at all times they are expected to work for the interests of the Syndicate.

WHO CAN JOIN. All persons willing to accept and honestly knit the yarn entrusted to them, and to return made goods promptly to the Syndicate.

WHAT YOU MUST DO TO JOIN. Each person desiring to become a shareholder of stock, participating in the semi-annual dividends, and to do work for the Syndicate, receiving pay as fast as the work is sent in, must cut out the following APPLICATION FORM, sign their name to it, fill in address and reference, and enclose it with Express or Post Office Money Order to the Syndicate.

Application Form for Stock and Machine. THE PEOPLES KNITTING SYNDICATE, LIMITED, 130 YONGE ST., TORONTO, ONT. I enclose you herewith \$20.00 in FULL PAYMENT for 20 shares of stock (subject to no other call) in The People's Knitting Syndicate, Limited, which I wish allotted to me, and one of your \$20.00 machines free, same as you furnish your shareholders, together with free samples, instructions and yarn, which I wish sent to me as soon as possible to enable me to begin work for the Syndicate at once upon receipt of same. The said stock to entitle me to participate in the semi-annual dividends of the Syndicate in addition to being paid cash on delivery for all the Knitting I do for the Syndicate on my machine.

DOMINION NEWS.

OTTAWA, Jan. 5.—The Dominion government has decided to erect a building and make an exhibit at the Pan-American Exposition at Buffalo next summer. A decision was reached at yesterday's cabinet meeting to make a grant for this purpose. The vote will not be a large one, as the time is too far advanced now to make a large exhibit such as Canadians would like to see, but nevertheless the building and display will be creditable to the country. The building will not be large enough to take in the manufactures of the country. They will be distributed in the main building. Ontario and Manitoba have already decided to send exhibits, and now that the Dominion has decided to do so, they will likely co-operate with the Ottawa authorities. Nova Scotia has been talking of sending an exhibit. It is likely that it will do so now, and the probability is that some of the other provinces will follow suit. George D. Cameron, of London, who is one of the Pan-American commissioners for Canada, and who has done good work to interest Canadians in the exposition, has been in Ottawa for some days past in connection with the matter.

SHELDON'S NEW BOOK.

A new book by Charles M. Sheldon, the famous author of "In His Steps," never fails to excite the interest of thousands of readers. "Burn to Serve" is the title of the latest book by Mr. Sheldon, and the advanced sheets indicate a very strong book indeed, one of thrilling interest to the thoughtful reader, one in which with a master's hand many of the cankers of social life, of domestic unhappiness, of the broader woman problem, of social reform at the vitale of society—are laid bare with cultured delicacy, but none the less with graphic, unflinching truth. The Canadian rights have been secured by The People Publishing Company, Toronto, but as the story will not appear in book form for some time the publishers will run it as a serial in The Presbyterian Review, beginning with the issue of the 3rd inst, thus enabling the readers of that paper to have this most interesting work in advance.

CASTORIA

For Infants and Children. The Standard Remedy in every wrapper.

MADISON, Fla., Jan. 4.—Two colored men, Jim Denson and a half brother, were taken last night about 10 o'clock from the county jail here by persons unknown, carried into the woods about a half mile from town and hanged. The bodies were riddled with bullets. A few weeks ago they were charged with killing Frederick Redding, a farmer residing in the northern part of this county. An order had been issued and published calling a special term of the circuit court to be held in this county on the seventh, for the purpose of trying the men.

DISTRIBUTION OF SAMPLES OF SEED GRAIN AND POTATOES.

TO THE EDITOR OF THE REVIEW.—

During the past twelve years samples of those varieties of grain, &c., which have succeeded best on the several Experimental Farms have been distributed on application in 3-lb. bags, free through the mail, to farmers in all parts of the Dominion. The object in view in this distribution has been to add to the productiveness and improve the quality of these important agricultural products throughout the country, by placing within reach of every farmer, pure seed of the most vigorous and productive sorts. This work has met with such appreciation, and a large measure of success.

Under instruction of the Hon. Minister of Agriculture another distribution will be made this season. Owing to the very large number of applications annually received, it is not practicable to send more than one sample to each applicant, hence if an individual receives a sample of oats, he cannot also receive one of wheat, barley or potatoes, and application for more than one sample for one household cannot be entertained. These samples will be sent only to those who apply personally, lists of names from societies or individuals cannot be considered. The distribution will consist as heretofore of samples of oats, spring wheat, barley, field peas, Indian corn and potatoes.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent any time before the 1st of March, 1901, after which date the list will be closed, so the samples may be sent out in time for sowing. Parties writing will please mention the sort of sample they would prefer, naming two or three different varieties of their choice. Should the available stock of all the varieties named be exhausted, some other good sort will be sent instead.

The samples of grain will be sent early but potatoes cannot be distributed until danger of injury in transit by frost is over. No provision has been made for any general distribution of any other seeds than those named.

Letters may be sent to the Experimental Farm free of Postage.

Wm. SAUNDERS, Director Experimental Farms, Ottawa, December 27th, 1900.

Wm. Saunders, Director Experimental Farms, Ottawa, December 27th, 1900.

THE TESTING OF THE VITALITY OF SEED AT THE CENTRAL EXPERIMENTAL FARM.

TO THE EDITOR OF THE REVIEW:

The past season has in certain localities been unfavourable for the perfect maturing of grain. In some districts it has been injured by rain during harvest or from being stacked before fully dry, thus causing it to sprout or heat, while in other localities it has suffered more or less from early autumn frost. When exposed to either of these conditions cereals are apt to lose a portion of their vitality or to have it so weakened as to produce when sown an unsatisfactory growth. The character of the crop is greatly influenced by the quality of the seed used, and to obtain the best results it should have its germinating power unimpaired, so that when placed in the soil the young plants may make a prompt and vigorous start. Hence it is very important that farmers should ascertain whether the grain they are holding for seed possesses the vitality necessary to produce a good crop.

By instruction of the Honourable Minister of Agriculture, provision has been made whereby the vitality of seed can be ascertained without cost to the individual, and any farmer in the Dominion, who may have any varieties which he desires to have tested can get the information he seeks, by forwarding to the Director of the Experimental Farms, Ottawa, samples of such grain or seeds. Samples may be sent free through the mail and an ounce or two is sufficient for the purpose. About two weeks are required to complete a test. It is hoped that all who desire to avail themselves of the provision offered will send in their samples early so that the work may be completed in good season.

WM. SAUNDERS, Director Experimental Farms, Ottawa, December 26th, 1900

A GREAT BUILDER.—The D. & L. Emulsion of Cod Liver Oil is a great builder. It gives weight, adds healthy flesh, and overcomes any downward tendency of health. Davis & Lawrence Co., Ltd., makers.
