THE HOME MONEY MAKER

To Work at Their Homes Under the Direction of

THE PEOPLES KNITTING SYNDICATE, LIMITED.

MCKINNON BLDG. TORONTO.

To Fill Large Contracts—Good Wages Easily Earned.

A Pair in 30 Minutes

We want a few more workers in this locality, at once, and in order to secure your co-operation without the delay of correspondence, we herewith explain our full plan in this advertisement. The work is simple, and the Machine is easily operated, and with the Guide, requires no teacher. If you wish to join our staff of Workers let us hear from you promptly with the Contract, order form, and remittance, as a guarantee, and we will send machine and outfit to begin work at once.

OUR METHOD OF DOING BUSINESS

We wish to secure the services of families to do knitting for us in their homes. Our method is the same as adopted in England. We are the introducers of this plan and the largest knitting concern in Canada.

After long experience, we have been able to produce an Automatic Machine by which all kinds of seamless knitting is now done by our Family Machines thereby enabling anyone of ordinary intelligence to quickly learn to do the work from the instruction Guide. All we require is that you use the machine according to directions. The Machine being made expressly for this purpose, and the operation being made so simple, it cannot possibly make a mistake in its work.

The great demand now is for Bicycle Stockings, Woodmen's Socks, and Motormen's Mittens, and as we are unable to supply the demand, have taken this method of advertising for more help.

The large export trade to the North-west Territories, British Columbia, and the British Colonies, furnishes an unlimited demand for our goods, and, with the combined operation of the many families we are employing, together with the large amount of knitting we are able to turn out, by which we save rents, insurance, interest on capital, etc., enables us to undersell any manufacturer who can have goods, and we have sale for all the knitting we can have turned out.

The price we pay for finished bicycle stockings is \$10.00 per hundred, or at the rate of 10c per pair; women's socks, 5c, and motormen's mittens, 12c a pair. All other work in proportion to size.

The machine can be operated by any one of a family, and at our prices any energetic family should be able to sustain themselves comfortably, and in time be a source of independent income.

Our plan is to send out each machine to beginners with a sock or stocking partially knitted, and remaining in the machine ready to be continued, and also enough yarn to knit one pair of socks or stockings and a simple and complete instruction Guide, showing how the work is to be done. When the samples have been finished and returned to us satisfactory, we send a quantity of yarn, which you knit and return likewise when finished. We prepay charges on all work one way, and our workers pay return charges. The work, as we have stated, is simple and rapidly done, the machine having a capacity of ten thousand stitches a minute. We have many persons now in our employ who can knit from twenty-five to thirty pairs of socks or stockings a day, and where the time of a family is devoted to the work, you can readily see that \$15.00 or \$20.00 per week can be easily earned.

We furnish our workers all the materials, yarn, etc., free, and everything that is necessary for the work. We are furnishing the machines only for the exclusive use of those desiring to take employment with us, who must, in return, become a member, send us this Contract Order Form, properly signed by them, and at least one good reference, and remittance accordingly, to give us the necessary assurance that the quantities of value we may send from our terms, as we cannot make a distinction with one and not another; besides, we are doing an extensive business, and must be governed by business principles.

The manufactured price of the machine is \$15, and positively will not be sold to any others than those who will agree to do knitting for us.

If at any time after you commence you wish to discontinue, we will take back machine and refund the amount paid for same, after deducting cost of our expenses only.

There is a Large Demand by the Trade for this class of work. Our workers can depend upon it year after year, and if you engage with us (whole or spare time) we will keep you supplied with work as long as you do it satisfactorily for us and return it promptly. We entrust our workers with large quantities of valuable yarn, and as we give references as to our honesty and integrity, we must ask

BACK TO COLD WATER AGAIN.

(With apologies to Rudyard Kipling.)

Mr. George Eulas Foster, ex-M. P., will give an address on Temperance at Massey Hall to-morrow.

'M here on the temperance platform in the good, old, solemn black, Telling the dear old public how glad I am to get back; I'm sporting my whitest choker, I'm sporting my moralest air, I'm plugging for prohibition, though the subject's more than bare.

Back to cold water again, people,
Back to cold water again;
I feel just as keen as ever I've been,
I'm back to cold water again.

For many a year I forgot it. I fed—beg their pardon—with swine; I fattened on hush and garbage, and, man, but I liked it fine! But I was loyal at banquets and never drank stronger than pop, And Vichy and Polly and Rainier, and other innocuous slop.

Back to cold water again, people,
Back to cold water again;
Don't give me a frown! I turned my glass down,
I'm back to cold water again.

I swallowed many a nauseous thing in those wicked worldly days; I swallowed all sorts of flattery; I thirsted too much for praise; I swallowed Tupper and other things, but I couldn't gulp Bowell, too, So I bolted with five or six others—what else could a fellow do?

Back to cold water again, people,
Back to cold water again;
The game politic has made me so sick,
I'm back to cold water again.

Did I guess how far I'd tobogganed? Did I rue the pathway I'd gone? To tell the truth, not a stiver, till I was kicked out of St. John. Then I felt I was getting shaky, and my bones were overly old, And I turned from a world that was frozen to the water that's always been cold.

Back to cold water again, people,
Back to cold water again;
My life I will spend with my former good friend,
I'm back to cold water again.

I hoped for a crumb in that letter, from Tupper a grateful word, I had my ear to the keyhole, but never a whisper I heard; He sneaked out his sceptre to Borden, he gave me the marble heart, So finally I decided that I and the party must part.

Back to cold water again, people,
Back to cold water again;
They say I'd be beat if they gave me a seat,
So I'm back to cold water again.

I'm here on the temperance platform in the good, old, solemn black, Telling the dear old public how glad I am to get back; I'm sporting my whitest choker, I'm sporting my moralest air, I'm plugging for prohibition, though the subject's more than bare.

Back to cold water again, people,
Back to cold water again;
I feel just as keen as ever I've been;
I'm back to cold water again.

you to do the same, in order that we may know with whom we are dealing.

We have, in as brief a manner as possible, endeavored to show you what our work is, and we simply say as to the machine, it is just what we represent it to be, and will positively do everything we claim for it, or refund the money. Each machine, securely packed with an outfit, is set up for work, thoroughly tested, and a sock or stocking partially knitted before boxing and shipping. Should you decide to engage with us, it will be necessary to send us Cash Contract Order Form, properly signed by you, and at least one good reference, together with the remittance, accordingly, upon receipt of which we will forward machine and outfit ready to commence.

HE DESERVED A MEDAL.

Towne—Did you ever hear Bonum tell-

ing a story? Isn't he tiresome?

Browne—Yes, but he has one good

point that is really remarkable.

Towne—What's that?

Browne—He's the only poor story tell-

er I ever knew who, in telling an Irish

story, would admit that he couldn't imi-

tate the brogue.—Philadelphia Press.

AN EVENING WITH DICKENS.

How the Great Author and His People Can Be Studied by Literary Clubs.

"For an evening with Dickens," ad-

vises Fannie Mack Lothrop, writing of

"Evenings For Literary Clubs" in The

Ladies' Home Journal. "One of the

items of the programme might be a

sketch of his life condensed into about

200 words. The Dickens drawings by

Charles Dana Gibson might be cut from

The Journal and hung up before the au-

diences and the story of each character

and incident illustrated told. The trial

from 'Pickwick' could be arranged for

individual reading or for a number to

take part in it. A bright paper may be

written on 'The People of Dickens' World.'

In Dickens' works there are

1,550 separate characters, enough to peo-

ple a whole village.

"Some of Dickens' poems have been

set to music—notably 'The Ivy Green'

—and would make a pleasant feature.

Anecdotes of Dickens might be given by

ten or a dozen members, each giving

one. These might be interspersed

through the programme. A member

with any cleverness in photography

might make a series of Dickens' lantern

slides from pictures in standard editions

of the novelist's works and give a magic

lantern entertainment. The death of

Paul Dombey would make a pathetic

reading from 'Dombey and Son.' Mrs.

Jarley's waxworks, as described in 'The

Old Curiosity Shop,' could be given

with some of the members grouped as

characters in the famous show and de-

signed, as Little Nell did, with a

pointer."

COOK'S SURE COUGH CURE

Mohammedans.

The number of Mohammedans has

been estimated at 196,500,000. Of these

18,000,000 are under the rule of the

Turkish government, 23,000,000 are ruled

by other Mussulman sovereigns, 33,500,

000 are subject to African princes, 29,

000,000 live in China, and 99,000,000 are

under other rulers. Of these last about

58,000,000 belong in India and Balu-

chistan.

Not the Worst Combination.

She—Do you mean to tell me that a

man could expect to be happy with a con-

ceited wife?

He—Of course; a conceited wife

wouldn't put in all her time bothering

about him.—Exchange.

Off at Last.

"Have you ever loved before?" she

asked, gazing at him tenderly.

"Oh, yes," replied the racing young

man. "I've had four false starts. But

this is a sure go now."

This season of the year when coughs

and colds are so prevalent, it would

be advisable to keep a bottle of Dr.

Wood's Norway Pine Syrup in the

house.

It allays all inflammation and irri-

tation of the breathing organs, and

cures coughs and colds of young and

old more quickly and effectually than

any other remedy.

Mrs. Arthur Molasky, White's

Point, Queen's Co., N.B., writes:

"In the fall of 1899, I was taken

down with a severe attack of La

Grippe which left me with a bad

cough. I tried several remedies and

could obtain no relief and was almost

in despair of a cure when a friend

advised me to take Dr. Wood's Nor-

way Pine Syrup. I took three bottles

in all and it made a complete cure."
