Putnam's Painless Corn and Wart Extractor.

Contains no acids or other injurious chemical compounds; is neither caustic, corrosive or irritating; but soothes and eases from the first application, and acts quickly. If you want an irritating and flesh eating remedy do not ask for Putnam's, it acts just the other way. For sale at all druggists.

"Remember who you are talking to young man," said an indignant parent to his unruly son. "I'll have you know that I'm your father."

"Well," replied the incorrigible, "you needn't throw it up to me. I can't help it."—Chicago News.

Pimples, blotches and all other spring troubles are cured by Hood's Sarsaparilla—the most effective of all spring medicines.

She—Do you really love me for myself alone?
He—Yes, and when we are married I shall expect the rest of your family to keep at a distance.—Chicago News.

PUZZLED THE JEWELER.

He was evidently a foreigner, and he walked into one of the big jewelry houses on F. street and asked for a watch. He would be pleased to examine some "second hand watches," he said to the clerk who advanced to meet him.

"This isn't a pawnshop," observed the clerk haughtily.

"No," observed the man inquiringly. "But you have watches?" And he pointed to the great show case full of handsome watches.

"Certainly," replied the clerk. "Finest stock of watches in the city. How much do you want to pay for a watch?"

"How much?" asked the stranger. "Mooch as he is worth, so that he suits me. I have said that I desire a second hand watch—a good one that shall keep the time."

"See here, sir; you are off your base. We don't keep secondhand goods. You will have to hunt elsewhere for second-hand watches."

The stranger's eyes opened wide. "But you have him there, and there and there," he said as he began to gesticulate. "I have said second-hand watches," spelling it as though to make it plainer.

"And they are here, every where, yet you say you have them not. I do not comprehend you."

"Well, I do you," replied the clerk sheepishly as he quickly got behind the counter. "Just a little mix up. No harm done, I hope. Certainly we have watches with second hands. All our watches have second hands. We handle no others." And the stranger got his second hand watch, for which he laid down a \$50 bill.

A HALF CENTURY RECORD.

Dr. Fowler's Extract of Wild Strawberry has now been in use for fifty years and there is nothing to equal it as a rapid and effective cure for Bowel Complaints of young or old.

"I've been on this road ten years," said the conductor on a southern railroad to a passenger who complained of slow time, "and I know what I'm talking about."

"Ten years, eh?" said the passenger. "What station did you get on at?"—Kansas City Star.

Nine Boils On Neck.

Anyone who has ever been troubled with boils can sympathize with poor old Job. There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Now-a-days no one need endure the misery of boils.

All they have to do is take B.B.B. when their blood will be cleansed of all impurities and every boil will quickly disappear.

Miss Lydia Moody, Ruseom, Essex Co., Ont., sends the following statement of her case: "Some time ago my blood got so out of order that many boils appeared on my body and prevented me having any rest. I had nine on my neck at different times, and quite a number of small ones came on my shoulders and arms."

"Our next door neighbor, seeing the condition I was in, told me to take B.B.B. for my blood, and I did so."

"After I had finished the first bottle I found that some of the boils had disappeared and all the rest were getting much smaller. I then got two more bottles, and by the time I had these nearly all gone there was not a boil to be seen. Besides this, a headache, from which I suffered greatly, left me, and I improved so much in health that I am now a strong, robust girl."

"I don't like your heart action," the doctor said, applying the stethoscope again. "You have had some trouble with angina pectoris."

"You're partly right, doctor," sheepishly answered the young man, "only that ain't her name."—Chicago Tribune.

"There has been quite a change in Backbite, hasn't there?"

"How so?"

"He has taken to driving a motor car."

"I can't see that that's any change. He will still continue to run down his neighbors."—King.

"You ought to make some allowance for her," observed the girl in the fur jacket. "She is a woman with a past."

"I know it," returned the girl in the golf cape, "but such an ungrammatical past! She says, 'I done!'"—Chicago Tribune.

Towne—You forgot to tip the barber just now, didn't you?

Browne—Oh, no! I always tip him before he begins work on me, and I give him to understand that the tip is intended for "hush money."—Philadelphia Press.

"Did you succeed in finding any illustrious ancestors?"

"No, but I scared up a lot of kinfolks that I didn't want to know at all."—Chicago Record.

Jasper—Young Rocky spends his money in lumps without enjoying it.

Jumpuppe—Well, that's all right. His father made it in lumps without earning it.—Life.

"I understand the Mothers' club has unearthed grave abuses in the management of the orphan asylum?"

"Yes. It seems there are babies in the asylum who are 2 months old and have never been weighed in their lives."—Detroit Journal.

PEACE HATH HER HEROINES.

"Marjorie Fleming has very pretty feet, hasn't she?"

"She has very pretty shoes and loses no opportunity to show them."

"But isn't it necessary to have pretty feet in order to wear pretty shoes?"

"Not if you have as much heroism as Marjorie Fleming."—Cleveland Plain Dealer.

If you have a cold do not fail to get a bottle of Hawker's Tolu and Wild Cherry Balm. It is the only sure cough cure on the market.

We can safely recommend Hawker's Tolu and Wild Cherry Balm to cure any cold. Price 25c. per bottle.

ART'S LIMITATIONS.

"So that's a photograph of your young man, is it, Clara? He's quite handsome, but what are those two singular pillars he seem to be sitting between?"

"Those are his—er—knees. He's rather tall, and the photographer had to make him sit on a low chair in order to get all of him on the picture."—Chicago Tribune.

COOK'S SURE COUGH CURE

LEGISLATIVE MATTERS.

FREDERICTON, March 28.—On Wednesday, Attorney General Pugsley introduced a bill relating to the admission of attorneys. The bill provides that as the University of King's College, Windsor, N. S., has established a School of Law at St. John and has appointed a dean, law faculty and board of examiners in that connection, and as they have provided that students in such school must pass an examination prescribed by their board before being qualified for the degree of B. C. L.; therefore the Attorney General and the president of the New Brunswick Barristers' Society shall for the time being be ex officio members of the board of examiners, and any student-at-law applying for admission as an attorney shall, upon presentation of a diploma of B. C. L. from the said university and a certificate from said law school, countersigned by the Attorney General and president of the Barristers' Society, of his having passed a satisfactory examination and recommending him for admission as an attorney, be entitled to be admitted without undergoing or passing the examination before the Barristers' Society. The act, if passed, will give to the graduates of the St. John Law School privileges not now held by graduates of any other school of law. Some of the barrister members of the House think that the bill will have the effect of encouraging students to get up a better class of work, while other legal members express the opinion that the graduates of the St. John Law School should come before the Barristers' Society at the annual examination at Fredericton, the same as graduates of any other school of law. The bill has not yet come before the law committee of the House.

The public accounts committee met at ten o'clock this morning and passed several items. Surveyor General Dunn was called and explained the items relating to fire and game protection. Mr. Dunn also explained the items in connection with immigration. He said that in ten days a large number have come out. Nearly all have capital; some of them have more than a thousand dollars. Two families came out within the last few days. A list of fifty-two persons shortly to arrive had just been received. Mr. Hickman, the immigration agent, had done good work advertising the country. He had received special instructions to send out men with capital or skilled farm laborers. The committee expressed themselves satisfied with Mr. Dunn's explanations. T. B. Winslow, secretary of the board of works office, was also present and produced accounts relating to public buildings.

The accounts relating to legislative building and normal school and other government buildings at Fredericton were taken up. The items relating to small pox stood over. A delegation from Westmorland is expected to arrive Monday to discuss matters. The committee called for accounts in connection with bridge and public works expenditure, including items in connection with the flooring on Suspension Bridge and work on Loch Lomond Road.

The corporations committee considered bills relating to the St. Croix Electric Light Co. and recommended the same to the House without amendments. The Maritime Pulp and Paper Co. bill was before this committee, and H. H. McLean was heard in support of it. It was recommended with amendments and amended title, which does not affect the principle of the bill.

The municipality committee at a meeting this morning recommended with slight amendments the bill relating to the town of Chatham and one from the town of Campbellton; also the bill to provide increased fire protection for the village of Sussex, and one to authorize the municipality to issue debentures for the purpose of erecting a county building.

Messrs. Skinner and McLean are here in connection with the St. John Light, Heat and Power Company. This bill was recommended to the House yesterday, and was referred to a committee of the whole House and passed with the exception of one clause. It is understood the bill will again be considered by the municipalities committee, and that the sections relating to the rights of the street railway will be amended. It is said it was recommended through a misunderstanding.

THE LAME LEAP.

STRONG TOWNSHIP SENSATION.

The Restoration to Health of Wm. Doeg Who Had Not Left His Room in Years. Rheumatism of the worst kind completely cured.

(Sundridge Echo.)

The Echo has taken the trouble to investigate the circumstances and can vouch for the truth of the following interesting story in its every particular.

Almost everyone in this neighborhood knows Mr. Wm. Doeg. In 1878 Mr. Doeg moved from the Township of Osprey, in Grey County, to lot 19 in the thirteenth concession of Strong Township. He has since made many friends, and all who know him speak of him in the highest terms.

Some time after he came to this part he was stricken with rheumatism. It gradually grew worse and worse till for the last four years he has been a confirmed invalid, and as a consequence has not been seen in town at all. He has sat night and day in his chair, unable to move or walk a step for months. The pain never left him. It commenced in his back, and the torture he had to bear was terrible. From his back it would sometimes move to other parts of his body. His knees were fearfully painful at times. The truth is that for four long years the poor man did not have a single moment's respite from the racking of this dreadful disease.

Mr. Doeg says: "It makes me shudder to look back upon that awful four years, even the thought of it is dreadful. How I ever lived through it I do not know, but I thank God that he has at last restored me to health and strength with nothing of the rheumatism left but the memory of it."

Mr. Doeg is a changed man. Hale and hearty he now enjoys every moment of his new life to the full.

How did the change come about?

This is the question which Mr. Doeg is most delighted to answer. He had tried the treatment of several physicians and had used almost every medicine known as a cure for rheumatism, but he got no relief.

"I gave them all a fair chance, too," said Mr. Doeg to The Echo, "but nothing seemed able to give me even temporary relief. I grew despondent and despaired of ever leaving that dreadful pain behind me."

"One day I read in a newspaper the testimonials of some who said they had been cured of rheumatism by Dodd's Kidney Pills. I hadn't much faith in anything by this time, but I sent for one box of the pills and commenced. I noticed an improvement and kept on, and look at me now."

Mr. Doeg certainly doesn't look like an invalid now, and it is hard for one who had not seen him in his sick room to believe that six months ago he couldn't walk.

"Have you any objection to making and signing a written statement of the whole thing for publication in The Echo?" was asked Mr. Doeg.

None whatever. I will be glad to do so, for I want every person suffering as I was with rheumatism to know that Dodd's Kidney Pills will cure them, and I do hope that my statement will be read by all such unfortunates.

This is Mr. Doeg's written statement:—

For four years I suffered excruciating torture, during which time I was scarcely an hour free from pain. The trouble commenced in my back, where it often remained stationary for months, and so intense was the pain that I could not lie down or take rest, but had to sit night and day in a chair. The pain would then remove to other parts of my body, and when in my knees I was unable to walk, and confined constantly to my room. I was treated for rheumatism by several doctors and also tried many medicines without receiving any benefit. Almost in despair I feared I would never again experience the pleasure of being free from pain.

Last spring my attention was directed to some remarkable cures of rheumatism effected by Dodd's Kidney Pills, recorded in the public prints. I procured a box, and soon found that they were doing me good, so I kept on, till now I can say I am a new man entirely free from pain, and have continued so for over six months, being able to attend to my daily duties on the farm and feel strong and able for work.

I verily believe this great change has been effected by the use of Dodd's Kidney Pills, and I think it my duty to make this statement public for the benefit of anyone afflicted as I was. Wm. Doeg, Sundridge.

This is a plain unvarnished statement of fact, as we found it, and every reader of The Echo, especially those who know how bad Mr. Doeg was, will agree that it is a case without parallel in the history of the community.
