The Red Flag.

The red button and the red flag have been the emblem of labor and revolution for more than 3,000 years. In the ancient world the favorite colors of the aristocracy were white and azure blue, while red was plebeian.

But in the frequent servile wars of Italy and Greece the red flag gradually became the emblem not of labor, but of revolt. At one time when the rebellious slaves and gladiators under Spartacus defeated three Roman armies the red flag was on the point of supplanting the eagle in the Imperial city itself.

A Bad Judge.

Some years ago King Edward VII, then Prince of Wales, was a guest at a country house in England, and, picking up a sporting paper in the billiard room one morning, was soon deep in its contents.

The clergyman, though, would not be denied. "Do you know, your royal highness, that one of my friends has lost hundreds of pounds by betting on horse racing and has never won anything?" he asked.

Save Me From My Friends.

This saying is commonly attributed to Voltaire, who at Ferney when pestered by professions of insincere friendship said, "I pray God to deliver me from my friends; I will defend myself from my enemies."

The thought, however, is attributed by the French to Marshal Villars, while Kant discovers it in an Italian proverb, and a German collection of proverbial wisdom gives it in a modified form.

Greatly his foes he dreads, but most his friends; He hurts the most who lavishly commends.

Measuring Your Man.

Put this in your pipe and smoke it: There is always some chap smarter than the chap you think is the smartest on earth—meaning yourself.

The Rector's Prophecy.

A party of gentlemen, including Professor Bailey and Rector Roberts, a divine widely celebrated for his wit and the audacity of his puns, were crossing the campus of a well known university.

The reverend gentleman, commenting on the fact of his recent elevation to the greater dignity and the assumption of the more resounding title of a canon of the church, exclaimed, "And now that I am a canon I suppose I shall be a bigger bore than ever."

Early Silk Weavers.

Among the encouragements offered to silk weavers during the first century of the existence of this industry in Lyons was exemption from military service and taxation.

In Print.

"I saw your name in print the other day," said one man to another who was very fond of notoriety.

Two Records.

The world's record for skinning fish is held in Gloucester, Mass. The world's record for skinning lambs is held in Wall street, New York.

English Roads.

After the abandonment of Britain by the Romans the roads fell into disuse and bridle paths formed the only means of communication. Not until the sixteenth year of Charles II—that is, 1676—was any systematic effort made to improve the roads of England.

The Topaz.

The word topaz comes from the Greek verb signifying to guess. The jewel was brought from the east and reported to have come from an island, and men guessed at the location of the isle which produced such beautiful gems.

Shattered Nerves and Weakened System,

THE AFTER EFFECTS OF LA GRIPPE.

Have You Had La Grippe?

Did it Leave any After Effects?

If it did, read what Mr. F. J. Brophy, of Montreal, Que., has to say of the good Milburn's Heart and Nerve Pills did him.

He Writes:

I had a very severe attack of la grippe, which left me all run down, very nervous and extremely weak. I could not sleep at night and was troubled with profuse perspiration, which caused me much annoyance.

THE WORLD OVER.

NEW YORK, May 29.—E. O. Beale, cashier of the New York Life Insurance Company, was run over to-day by an express wagon and died in St. Vincent's Hospital.

The driver, who is held for reckless driving, declares that Mr. Beale was crossing the street during a downpour of rain and that he held his umbrella down close over his face to protect himself.

Mr. Beale had been connected with the insurance company for over 20 years. He had several married children.

LOUISVILLE, Ky., May 29.—In her sleep, Mrs. Kitty Richardson walked to death. Five shots were fired at No. 538 East Market street early this morning, and the neighbors, rushing in, found F. H. Richardson holding his dying wife in his arms.

He had shot her, he says, for a burglar. She died without speaking. Richardson is under the coroner's parole.

Mrs. Richardson was a habitual sleep Walker, and recently was troubled with fears of burglars. She and her husband slept in adjoining rooms. About half-past three o'clock he awoke suddenly. There was a shadow of what he took to be a man beside the door.

He turned to reach for his pistol, and then his wife's voice came to him, apparently from the next room, as though she was horribly frightened. "It is a burglar, Frank. Get away, or I'll shoot."

Richardson sprang for the door and brought up his pistol. One, two, three, four, five times he fired, and there was another scream, this time of genuine agony. "Oh, Frank, you've shot me." In twenty minutes she was dead, shot through the lungs.

WINSTED, Conn., May 30.—"I never want to see another wildcat," said Mrs. John Green. Mrs. Green had saved the life of her husband, but not at the cost of her prowess.

Before he had discharged the second barrel the animal had sprung from the limb of a tree and fastened its teeth and claws in the man's shoulder. The family dog attacked the wildcat, but would have been killed had not Mrs. Green taken part in the battle.

CHICAGO, May 30.—The largest claim ever filed in the Probate court here was entered yesterday. Dr. Emma Warne claims from the estate of Francis T. Wheeler \$100,000. The claim is based on a special contract for medical services and personal attention paid to Mr. Wheeler, the terms of the contract reading that Dr. Warne was to "take care of Mr. Wheeler as long as he lived."

LONDON, May 30.—A sensation has been caused at Birmingham by the discovery of thirty-one bodies of infants in a cellar beneath an undertaker's establishment. The bodies were in various stages of decomposition and huddled together in soap boxes.

NEW YORK, May 30.—The almost nude body of a man, with throat cut from ear to ear, hands hacked off and the body covered with cuts, drifted in with the flood tide at Coney Island to-day. The

cuts may have been made by the propeller of a steamer. From the drifting ashore of the body on Coney Island, the police are inclined to believe that it may have been thrown overboard from some incoming or outgoing ship.

VARZEN, May 30.—Count William Bismarck, the second son of the late Prince Bismarck, died this morning after a brief illness. He was born in 1852.

NEW YORK, May 30.—George F. Flanagan, who is in charge of the "Lost article department of the Manhattan Railway Company," found among a number of lost articles stored in his office, a nice prepared bundle labeled as found on a Sixth avenue "L" train on May 24.

NEW YORK, May 31.—According to the Tribune's London correspondent, three pictures, incrustated with grime, were recently purchased in a curiosity shop by a thrifty husband and wife in Cheshire, England, for fifteen shillings.

LONDON, May 31.—According to a despatch to-day, it appears that the conflict at Alexandrovsky, in the vicinity of St Petersburg, between the strikers and the authorities, on May 20, when about 3,500 rioters attacked the police, has much more serious results than were contained in the police report of the affair, issued May 21.

SEATTLE, W. N. June 1.—George Mullan of Liberal, Kansas, who says he is president of the Eagle city mining and Expiration company while in this city awaiting the sailing of a vessel for the Yukon, was last night robbed of \$17,000. He was drawn into a dark alley by two men as he was passing down a brightly lighted street, in a busy section of the Tenderloin, sandbagged and despoiled of the money by ripping open of his shirt, underneath which the money was concealed.

WILMINGTON, June 1.—Three heavily loaded cars on the New People's Street Railway ran away while going down a steep hill yesterday morning, killing one man, fatally injuring another and hurting twenty-five others.

GREENWICH, Conn., June 1.—During a hearing here yesterday afternoon two of the Italians arrested on a charge of murdering Jacob Larsen, the sewer works foreman, on Tuesday night, confessed their guilt.

CINCINNATI, June 1.—A frightful tragedy took place at the home of Otie Hester, in Covington, Ky., last night. Mrs. Kate Hester, aged 32, after a quarrel with her husband, Otie, aged 42, shot and killed him, as well as their three-year old daughter, after which she blew out her brains. The cause of the quarrel is unknown.

CHICAGO, June 1.—A special to the Tribune from Boonville says, two men blown to pieces, a small steamer torn to bits, three houses demolished, scores of

residences and business buildings wrecked, and thousands of dollars worth of property destroyed, are the results of an explosion at this place. The accident was on the Laurine, 14 ton Missouro river freighter, just off this city. The boat carried 210 pounds of dynamite, many kegs of powder, 1,000 detonating caps and eight cases of fuses. Gasoline power was used on the vessel, and when a match was applied to the generator an explosion followed. The boat took fire and the crew, except two men, fled.

ALTURAS, Cal., June 1.—Calvin Hall and his three sons, Frank, Jim and Martin Hall, and Dan V. Yantis, who had been stealing horses near here for years, were arrested Thursday and were kept under guard by three officers.

DETAILS have been received of the lynching of five men at Look Out. Last Saturday they were arrested for stealing barb wire, pieces of harness and some hay forks. The harness and forks were found in the houses of Hall and Yantis, who were brought to Look Out, where they were being held awaiting trial.

YESTERDAY morning about two o'clock a mob made its appearance and, pointing their guns at the two officers on guard, commanded them to observe silence while they secured the five prisoners.

SEATTLE, W. N. June 1.—George Mullan of Liberal, Kansas, who says he is president of the Eagle city mining and Expiration company while in this city awaiting the sailing of a vessel for the Yukon, was last night robbed of \$17,000.

WHAT MA DIDN'T FORGET. "Pa." "Yes." "That Mrs. Flipley was here to-day and guess what she said about you?" "Oh, I can't," the old gentleman replied, beginning to get interested. "What was it?"

"She told ma she thought you were such a handsome looking man and held your age well." "She did, eh?" he replied, pushing out his chest and pretending that it didn't make any particular difference to him what she had said.

"But," the sweet child continued, "ma told her she ought to see you in the morning before you put in your false teeth and got the side hair slicked up over your bald spot."—Chicago Record-Herald.

A BOON TO HUMANITY.

THE PLUMBERS OF CANADA INVITED.

John S. Morgan's Letter open for their Perusal.

Novia Scotia Member of the Guild writes His Case Published—An Eight Year Sufferer from Backache—Cured Recently by Dodd's Kidney Pills.

BRIDGEWATER, N. S., June 3, (Special). The case of John S. Morgan, plumber and tinsmith of this town, should be put prominently before every union and non-union man in Canada. In a matter like this there should be no distinction, the benefit belongs to all.

John S. Morgan for eight years was hampered in his work by backache. Stooping continually at work is the cause of a great deal of backache, though not in the way most people imagine. Mr. Morgan's letter explains the truth of the matter when he says Dodd's Kidney Pills cured his backache. It was really Kidney ache that Dodd's Kidney Pills cured. It was really Kidney ache that troubled Mr. Morgan.

Backache is the commonest symptom of Kidney Disease. Kidney Disease is the commonest of human ailments, and Dodd's Kidney Pills are the one infallible cure for all Kidney diseases. Read what Mr. Morgan says about them himself.

"I have been subject to lame back for eight years. The different remedies I tried were no good. I got so that I was crippled up entirely and couldn't do a tap of work. Another thing was a frequent desire to urinate altogether unnatural.

"About a year ago I commenced to use Dodd's Kidney Pills. I had run down in weight to about 140 pounds. During the time I was using Dodd's Kidney Pills I gained 23 pounds. My back got better and better as I continued taking the pills until to-day I am as free from backache as ever I was in my life. This after eight years of it means an awful lot to me. I realize the danger I was in and know what I owe to Dodd's Kidney Pills."

"I recommend Dodd's Kidney Pills to anyone who has backache or any other Kidney complaint."

WHAT MA DIDN'T FORGET.

"Pa." "Yes." "That Mrs. Flipley was here to-day and guess what she said about you?" "Oh, I can't," the old gentleman replied, beginning to get interested. "What was it?" "She told ma she thought you were such a handsome looking man and held your age well." "She did, eh?" he replied, pushing out his chest and pretending that it didn't make any particular difference to him what she had said.

"But," the sweet child continued, "ma told her she ought to see you in the morning before you put in your false teeth and got the side hair slicked up over your bald spot."—Chicago Record-Herald.

Neuralgia

is Rheumatism of the face. Uric Acid left in the blood by disordered kidneys lodges along the nerve which branches from the eye over the forehead, and across the cheek to the side of the nose. The cause is the same as in all Rheumatism—disordered Kidneys. The cure is likewise the same—

Dodd's Kidney Pills
