## THE WORLD OVER.

KANSAS CITY, Mo., July 10.—Fourteen persons are dead, two probably fatally injured and a large number of others less seriously hurt as the result of a head on collision between passenger and fast live stock trains on the Chicago & Alton Railroad near Norton, Mo., this morning.

The dead: Daniel McAnna, Slater, Mo., conductor of freight train.

Frank Bridge, engineer of passenger train.

I. S. Rogers, Chicago, U. S., express messenger.

Mrs. Gilland and daughter, of Gooland, Ind.

D. W. Rooker, of Syracuse, N. Y., died on train.

Mrs. C. W. Snyder, Jasper, N. Y., died on train.

G. L. Roy, cashier of the Wilmington, Ills., bank, died on train.

Sydney Jones, Kansas City.

Daniel Donnelly, Mexico, Mo.

Mrs. R. J. Curtis, Genesee, N. Y.

Mrs. J. Dixon, Kansas City.

Miss Lula Rider, 25, Kentland, Ind.

The injured: O. D. Sanborn, Chenoa, Ills., head, hand and face scalded.

E. A. Kaufmeyer, Chicago, back and arm sprained.

Dr. J. Adsett, wife and baby, Hoopes-toh, Ills., hands and face burned.

Mrs. Libbie Elkins, Bloomington, Ills., hands and face scalded.

The following were badly scalded:

Marguerite Finucane, Troy, Kan., Zola Harry, Hoopes-toh, Ills., C. E. Null, Mexico, Mo.; Gus. Williams, colored porter, New Orleans; Miss Sadie E. Taylor, Wilmington, Ills.; Julia M. Hayship, Chenoa, Ills.; Leona Miller, Bloomington, Ills.; Mrs. S. A. D. Harry and Prof. S. A. D. Harry, Hoopes-toh, Ills.; Leslie L. Colman, Paw Paw, Mich.

Mrs. Walker, supposed to be from Chicago, is unconscious. An unidentified elderly woman, unconscious.

The passenger train was travelling in three sections on account of the heavy Epworth League business to San Francisco. The wrecked train was the first section and contained no leaguers.

Conductor McAnna of the freight train, eastbound, had been ordered to meet the second section of the passenger train at Slater, the next station east of Norton, but apparently overlooked the fact that first section which was 55 minutes late, had not passed.

The head brakeman on the freight, who was about four cars from the engine says conductor McAnna assumed the throttle himself on leaving Marshall and was running the engine when the collision occurred. The trains met two miles west of Norton on a curve surmounting a high embankment.

Mrs. Francis Walker, of Flatbush, Brooklyn, died at 10.30 to-night at St. Joseph's hospital.

The aged, unidentified woman taken to St. Joseph's hospital, died at 11 o'clock.

The list of deaths now numbers 16.

MANCHESTER, Eng., July 11.—The Guardian to-day says the rumor is current in financial and military circles that negotiations for peace with South Africa are progressing, despite the fact of the despatches unfavorable to such a movement, which recently passed between Kruger and Botha. The paper says it is believed the continuance of the war is due to the actions of the politicians at home, and lack of soldiers at the front. According to the Guardian Lord Kitchen has candidly written to the Government to this effect.

ROCHESTER, N. Y., July 11.—The little village of Almond, Allegany County, is the scene of a badly mixed matrimonial complication. Mrs. Leonard Ribble, mother of three children and supposed to be a widow, called upon the Superintendent of Poor for relief in June. She admitted that her husband, Leonard Ribble was living and he was promptly arrested. When the trial came up Ribble secured as witness Silas Niver who swore he was the husband of Mrs. Ribble the justice of the peace. Witness Niver was arrested and confined with Ribble. Then John Harris appeared and said he was the legal husband of Mrs. Ribble, having married her first. Ribble acknowledged being the father of one child. Nivers stated that he was the father of the youngest and Harris said he guessed the oldest was his. The Justice ordered each father to pick out his own child, take it away, and in future provide for it. This all agreed to, and each man departed leading his portion of the court's ruling.

BATH, Me., July 11.—The Nova Scotia schooner Angler, Captain King, with lumber, went ashore in the Kennebec River near Arrowsic to-day. She was anchored in the path of the ferryboat, and in attempting to get out of the way was carried on the Arrowsic shore by the tide. She probably will be floated without much damage.

CLEVELAND, July 11.—About ten o'clock to-day three cars of the east bound local freight went through the nickel plate bridge at Springfield, Pa., conductor Moore of Buffalo being killed outright. A bridge gang was working at the bridge and ten men were injured, mostly workmen. A bill was being made at the bridge and about 25 workmen were about the structure. The horrible affair occurred just after passenger train No. 3

had pulled through. The local, after the passenger train had passed, pushed three heavily laden cars out onto the structure bearing the three cars filled with laborers, fell into the valley. So sudden was the crash that only one man, a mason named Smith, had a chance to leap in time to save himself injury. Nine persons were killed and a number injured.

LONDON, July 11.—A number of Americans have recently visited Skibo Castle, the guests of Andrew Carnegie. With these the retired ironmaster has discussed his public gifts and his plan for future benefactions. One New York merchant, with whom Mr. Carnegie spoke, reports him as having said that he has still about \$28,000,000 to give away for public uses. This enormous sum is over and above the settlement deemed by Mr. Carnegie necessary for the use and comfort of his wife and child. Mr. Carnegie said that he was uncertain as to the best way of disposing of this large surplus of wealth in order to obtain the best results. A part of it, he said, would undoubtedly be given to the use of free libraries and to other educational projects, according to the plan he has adopted in the past; but the difficulties attending his recent gift to the Scottish universities, has led him to consider other methods of disposing of his wealth. Just what direction the flow of Mr. Carnegie's charity may take is not yet certain, but it seems possible from his talk that it will be wider, and that he may undertake the foundation of art galleries or scientific museums and other means of public instruction and refinement.

LONDON, July 12.—The informal Canadian conference in London is virtually at an end. Sir Louis Davies has sailed for Canada. Hon. Mr. Fisher follows next week. Hon. Messrs. Fielding, Blair and Dobell will return about August and Hon. Mr. Mills in due course. Hon. Mr. Mills has been more active than his colleagues since he has been in consultation with the colonial office respecting the imperial court appeals, and Mr. Fisher has also had official work. The recent visit of the Canadian ministers will be important. Mr. Mills clearly presented the Canadian view of the institution of the Imperial Court of appeal, and his colleagues united in the chorus of satisfaction over the existing relations between the Dominion and the Mother Country. They received much hospitality and fully enjoyed the holidays in London, after the protracted session of work in Canada. It is probable an equally important Canadian delegation will be present at the coronation next year.

ITHACA, July 12.—The waters of Cayuga lake are this evening in possession of several thousand dollars' worth of diamonds which were this morning the property of a wealthy New York woman, who has been spending the summer at a hotel at Sheldrake. While on a boat off Sheldrake this morning Mrs. C. D. Burroughs discovered that her shopping bag contained some crumbs. She removed her valuables, as she supposed, and emptied the remainder of the contents into the lake. Her diamond brooch, valued at several thousand dollars, was among the crumbs, and sank. It cannot be recovered.

NEW YORK, July 12.—Four-year-old Arthur Van Houten climbed from the second story window of his home, No. 215 Lafayette street, Newark, on Monday night, dropped at arms' length until his toes touched the coping of the first-story window and thus hung suspended until his mother, nearly frantic with terror, drew him back into the house. When he was awakened by her joyful caresses he opened his eyes wide in wonder at what all the fuss was about.

Mrs. Van Houten went to a store at 8 o'clock and left the lad sound asleep in his cot in a bedroom on the second floor.

Robert Jeroleman saw the little fellow, clad in his night dress, climb out of the open window and lower himself boldly until his feet touched the coping of the window below. Jeroleman thought the child awake and shouted to him to hold on.

Firemen of No. 4 Hook and Ladder whose quarters are across the street, saw the white robed figure clinging to the sill. Firemen Spillane and Wagner dashed across the street and prepared to catch the boy. Some of their companions hurried to bring a ladder.

Meantime Mrs. Van Houten was summoned. Unlocking the street door, she rushed up the stairs. When she reached out of the window Arthur was still sound asleep in his perilous position.

SAN JOSE, Cal., July 12.—The body of Lee Wing, a Chinese who was murdered last March by high binders, has been boiled in an iron cauldron by order of the county authorities for the purpose of obtaining 16 bullets fired into the man. These will be used as evidence in the trial of Look Lee, charged with being one of the assassins.

KANSAS CITY, Mo., July 12.—A crowd of 2,500 men and boys surrounded the county jail here tonight, clamouring for vengeance against three negroes, who criminally assaulted Miss Grace Davis Wednesday night. Eight suspects, two of whom have been identified as Joseph Roberts and Frank Holland, are held at the jail.

The crime was one of the most daring outrages ever perpetrated here. Miss Davis and her escort, Vernie Newton, were walking together and at 19th street and Woodland avenue three negroes sprang upon them. Newton was knocked senseless. Both are in a critical condition. At midnight the mob commenced to beat negroes with whom a quarrel could be provoked and 10 black men were attacked and clubbed. A number of pistol shots were fired but no one was wounded. Police men then drove the mob from the court house block but 500 men remained in the streets a block away. Among these a rumor was current that a big crowd of stock yard men will arrive early to-morrow morning prepared to storm the jail.

KANSAS CITY, July 13, 1 a. m.—The mob seems to have abandoned its lynching plan. Five hundred men in squads of 75 are raiding the negro quarter in the north end, chasing and beating negroes and smashing windows.

BUTTE, Mont., July 13.—A still alarm was turned in from the Butte hotel, a four storey structure on Broadway at 2 40 o'clock this morning but when the firemen reached the scene the building was enveloped in smoke which appeared to pour from every open window. The firemen were unable to locate the blaze for thirty minutes and the greatest confusion prevailed.

A number of guests on the lower floors succeeded in groping their way down stairs in the smoke, and escaping with nothing but their night clothes. Scores of others were rescued from the upper windows where the panic stricken guests shrieked for succor and threatened to jump to the sidewalk below.

At 4 o'clock the fire was completely under control and the hotel management state that to the best of their knowledge all the guests and help have been accounted for.

The interior of the hotel, which for many years has been the lodging hostelry of Butte, is completely gutted. The loss is estimated at \$98,000.

LONG LIFE IS INHERITED.

This statement you can prove by investigation. When a person whose ancestors had long lived dies in middle age you can in nine cases out of ten trace the cause to disordered kidneys and consequent suffering from Bright's disease, rheumatism, fatty heart or dropsy. Dr. Chase Kidney-Liver Pills prevent and cure these fatal and painful diseases as no other preparation was ever known to do. One pill a dose, 25 c. a box.

The Orange gathering at Moncton on Friday was a success in point of attendance. Members of the order were present from all parts of the province, and the procession was one of the largest in the history of the order. Regular trains and special trains poured into Moncton many hundreds of people, and as the weather conditions were perfect they had a most enjoyable time. The procession was headed by Grand Master, A. D. Thomas, and in the line were several hundred members of the order and five bands.

After the procession there was a monster meeting on the Common, with stirring and patriotic addresses by Grand Master Thomas, Major A. J. Armstrong, E. H. Pitts, F. M. Sproule, P. E. Heine and Rev. A. F. Brown. In the course of his remarks Major Armstrong strongly condemned some members who had disgraced themselves by becoming intoxicated. After the speeches the assembled crowd sang the National Anthem, and soon afterwards the crowds were on their way home.

PASSED 15 WORMS.—I gave Dr. Low's Worm Syrup to my little girl two and half years old; the result was that she passed 15 round worms in five days.

Mrs. B. Roy, Kilmanagh, Ont.

FOR BURNS, SPRAINS, WOUNDS, BRUISES OR ANY SORT OF PAIN.

Use Internally and Externally.

CAUTION: Avoid the weak water, which has been put on the market under the name of "Pain-Expeller," which is only a cheap and often contains "wood alcohol" an irritant externally and, taken internally, a poison.

## THE INVENTOR'S WORK.

Feeling confident that the report of patents granted, which we have been in the habit of publishing heretofore interests a great many of our readers, we have decided for the future to supply regularly a list of patents recently granted to Canadians.

Information regarding any of these patents will be supplied free of charge by Messrs. Marion & Marion, Patent Attorneys, Montreal and Washington, D. C., to any reader who mention the name of this paper when applying.

71,856—S. H. Pecoock, Hamilton, Ont., Car brakes.

71,889—A. H. Canning, Toronto, Ont., Weighing Machine.

71,896—Geo. Kirkland, Winnipeg, Man., Grease lubricating cup.

71,925—Geo. Robt. Butler, Brantford, Ont., Cattle stall.

71,942—A. W. Adams, Toronto, Ont., Automatic sash lock.

71,949—I. Fréchette, Montreal, P. Q., Boot and shoe pegging machine.

71,958—R. F. Montgomery, Barrie, Ont., Dress supporter.

The Inventor's Help, a 148 page book containing all information necessary to inventors, the cost of patents in the principal countries of the world, will be sent to any address upon receipt of 10 cents.

## A Red Hot Season.

During the hot summer season the blood gets over heated, the drain on the system is severe and the appetite is often lost. Burdock Blood Bitters purifies and invigorates the blood, tones up the system, and restores lost appetite.

## NOT A TRUST—A SYNDICATE.

"Yes, you bet I'm down on trusts," replied the old farmer as he lugged out a gold watch to note the time, "and if I go to the legislature I shall do all I can ag'in 'em. There's a heap of difference between a trust and a family syndicate."

"How do you mean?" was asked.

"Well, I own the only lake in my county which has got any fish in it. My son Jim owns all the boats on the lake. My son Bill owns the only land around where fishworms may be dug. It used to be free fishing for all, but three years ago I fenced in the lake and organized a family syndicate, and since then we've got about \$5 for every fish caught. We ain't compelling anybody to come to our lake and hire our boats and buy our worms, but when they do come we make it pleasant for 'em and furnish sandwiches at 15 cents apiece and milk at ten cents a glass."

HUNDREDS OF OPINIONS agree upon the fact that Pain-Killer has alleviated more pain than any one medicine. Unequaled for diarrhoea and dysentery. Avoid substitutes, there is but one Pain-Killer, Perry Davis' 25c and 50c.

Church—So you've lost your cook?

Gotham—Yes; she's gone and got married.

"Married a policeman, I suppose?"

"Yes."

"I suppose you had to give up hand-somely?"

"Well, my wife gave her an alarm clock."

"What did she say to that?"

"She said she thought it was too big for her husband to carry around on his beat with him."—Yonkers Statesman.
