

BARGAINS! BARGAINS!

The subscriber desires to call the attention of the public to the fact that he has added largely to his stock of goods in

Teas, Tobaccos, Cigars, Groceries, Dry Goods and Ready-Made Clothing.

His stock is one of the finest in Kent County and he is following his old habit of disposing of them as quickly as possible, knowing well that to do so he must put the very highest value on cash, turning it over as rapidly as possible and making larger deductions than ever on stock not in one full season, while new and fresh goods will be rushed off at any paying profit. Read a few of our bargains.

Double Breasted Suits, navy blue, \$3.50
Oxford Tweed Suits, great value, 5.25
Worsted Serge Suits, all wool, 6.50
Boys' Suits from 95 cts. up.
Other lines in proportion.
Grey Cotton at 25 cts. per lb.
Roller Oatmeal & Barley, 7 lbs. for 19c.
Axe Handles, 7 cents each.
Thread, 200 yds., 3 spools for 10 cts.

I sell Tobaccos of the Rock City Tobacco Co., Quebec, and find them the best selling, giving the best satisfaction of any I have ever handled. They sell faster than INDEX. No trouble but a pleasure to show goods. I will use jobber's rights.

THE REVIEW Office.

Shattered Nerves and Weakened System, THE AFTER EFFECTS OF LA GRIPPE.

Have You Had La Grippe?

Did it Leave any After Effects?

If it did, read what Mr. F. J. Brophy, of Montreal, Que., has to say of the good Milburn's Heart and Nerve Pills did him.

He Writes: I had a very severe attack of la grippe, which left me all run down, very nervous and extremely weak. I could not sleep at night and was troubled with profuse perspiration, which caused me much annoyance. Hearing of the good effects of Milburn's Pills, I began taking them. Much to my gratification they braced me up, invigorated my whole system, and made me feel like a new man. I can recommend them to all suffering as I did.

THE GOLFER AND THE CADDIES.

(Chicago Record-Herald.)

Now the golfer with his golf stick blithely waggles at the tee, With a heart attuned to pleasure and a mind from trouble free; With a careful eye he measures and then deals the ball a whack, And gets bunkered while the caddies make remarks behind his back.

Now the golfer with his baffly, baffs around to loft the ball, And he shades his eyes and watches, full of hope, to see it fall, And he thinks that he's a wonder, but his bounding heart would sink If he knew the things that caddies, winking at each other, think.

IN THE MORNING.

You feel better of your sick headache or bilious spell if you have taken a Laxative Pill the night before. These little fellows work while you sleep without gripe or paint.

"I never saw anybody so anxious to outdo everybody else as the one who lives next door," exclaimed the woman with the quick, energetic walk.

"You seem to like her society very much."

"Not I. I was simply trying to take her down a peg. Why, would you believe it, she stood there for half an hour trying to convince me that she has more family troubles than I have."—Washington Star.

A Medicine Chest is the name appropriately applied to Haygard's Yellow Oil. It can be used externally or taken internally. Cures cuts, burns, bruises, contracted cords, stiff joints, painful swelling, quinsy, sore throat, pain in the stomach, kidney complaint, etc. Price 25c.

She—You know, Henry, my birthday comes to-morrow. Of course—er—you needn't buy me a present.

He—Yes, I'll buy you some little reminder this time, but please never remind me of the event again; it pains me to know you are growing older.

Got Corns?

Foolish to keep them if you have! No fun in corns, but lots of pain. Putnam's Painless Corn Extractor raises corns in twenty-four hours. Get a quick crop by raising it—druggists sell it.

A NARROW ESCAPE.

Might mean eternally constant—Angelina—That was a lovely engagement ring you gave me last night, dear; but what do these initials "E. C." mean on the inside? Edwin—Why—er—that is—don't you know? That's the new way of stamping 13 carats!—Washington Post.

SO IT WOULD SEEM.

"That waiter girl," the poet said unto the regular boarder, "Isn't what I'd call a ready maid—Because she's maid to order."—Chicago News.

HEART DISEASE

is a symptom of Kidney Disease. A well-known doctor has said, "I never yet made a post-mortem examination in a case of death from Heart Disease without finding the kidneys were at fault." The Kidney medicine which was first on the market, most successful for Heart Disease and all Kidney Troubles, and most widely imitated is

**Dodd's
Kidney
Pills**

W. C. T. U. COLUMN.

"And let us not be weary in well-doing for in due season we shall reap if we faint not."—Galatians 6: 9.

No system known in history was ever a more wicked compromise with iniquity, than the license. The English government sought in vain to bind in leash and restrain it, after its adoption. That compromise demoralized public sentiment and weakened the right; and from that day to this it has illustrated the folly as well as wickedness of binding giant evils with cobwebs of "regulation." The attempt has been a terrible failure, as every almshouse, prison, gallows and burial ground in Christendom can sadly testify. Yet, damned by centuries of failure—accursed of God in heaven, and wept over by the stricken millions of earth—it still continues its desolation under the sanction of a stricken people!

Bishop John J. Keane, when rector of the Roman Catholic University at Washington a few years ago, delivered a temperance sermon at St. Charles Borromeo's church, Philadelphia, and in substance said:—

"The liquor traffic is the great baneful feature of our modern life. The Supreme Court of this County has uttered the statement that most of the crime is due to rum. Yet despite the cold facts of every day, the statistics of the nation and the observations of the intelligent, it exists, and its power was never so great as it is now. The miseries, the failures, and the burdens it has thrust upon our life are innumerable. Its breath has vitiated the atmosphere of a grand republic, and men and women by the thousands are its slaves."

"Recall the Plenary Council of the Bishops at Baltimore in 1884. They enjoined upon all those Catholics in the liquor business to relinquish it urging that by remaining in the immoral occupation they were not only running the risk of losing their own souls but were actually driving others to perdition. The saloon keeper earns his livelihood at the expense of others' souls. God help him! The tears, the anguish and the grief that he is responsible for can never be known in the world. It will be known in the world to come, however, and what a picture will be presented."

RUM IN POLITICS.

Rum in politics. Does rum run politics here? Shame on a nation of sentimentals who would suffer such a stigma to rest upon the fair name of our country! And yet a liquor organ in New York State printed some time ago a statement that the liquor interests had 25,000 votes in the state and had the balance of power. What a frightful condition of affairs! The American people must rise in their power and say, "Thou shalt not rule the country." When I think that the power of controlling the politics rests with liquor dealers it makes my blood tingle with mortification, and fills me with spirit to fight the evil with more vehemence. I would rather live under the despotism of a Nero or a Diocletian than under King-Rum. For the love of country, for the love of humanity this demon should be crushed. The spirit of humanism should enthrone us to fight this great battle with indomitable valor.

"In this question there are two things to be observed: First, the appetite for liquor must be diminished; secondly, the temptation must be denied. Christ has taught us the duty of self-abnegation and denial. The liquor evil should be driven out of politics, out of homes and out of the nation. It evades not only the law of the country, but the law of God. Sometimes I ask myself, 'Can it be possible the liquor dealers are mostly Catholics?' And yet they say this is a fact. I pray God they may be brought speedily to see the misfortune they are bringing on our country."

A PERSONAL EXPERIENCE.

"In conclusion I will tell a little story, and I know you will excuse the personal aspect of it. About fifty years ago my father came home and saw my mother weeping. When asked what was the matter my mother made no reply. Father saw what was the matter. He was a prosperous business man and was loved by the community, and while not a drunkard the people saw it would be better for him to leave drink alone. Father turned on his heel, left the house and went to Father Mathew. There he laid the whole matter before the priest. My father took the pledge and gave it to mother. From that time he never touched another drop of liquor. His prosperity increased. He died at the ripe age of 72 years. Our home knew no quarrels, no profanity, nothing to mar a religious, domestic life. It was no wonder that under these influences I became a priest, and have been trying to work for my God in so far as my power lies."

ALL NERVES.

Many people say they are "all nerves," easily startled or upset, easily worried and irritated. Milburn's Heart and Nerve Pills are just the remedy such people require. They restore perfect harmony of the nerve centres and give new nerve force to shattered nervous system.

DO NOT EXPERIMENT WITH MEDICINES THAT HAVE NO ESTABLISHED MERIT OR REPUTATION.

PAINE'S CELERY COMPOUND NEVER FAILS TO CURE THE SICK

In matters pertaining to health and life men and women cannot afford to experiment foolishly. This is especially true in regard to the use of medicines that have no established merit or reputation.

When the physical powers are impaired, when you are weak, nervous, irritable, despondent, sleepless, or weighed down with dull, tired feelings so common at this season, it is wise and prudent to use the medicine that has given health, vim and activity to thousands of weak and diseased people in the past.

This safe, certain health-giving medicine is Paine's Celery Compound so freely prescribed by our best physicians from day to day. The endorsers of Paine's Celery Compound, apart from those in the ordinary walks of life, are clergymen, lawyers, judges, members of parliament and bankers, many of whom it has rescued from suffering and death.

If you seek health and vigor, place your faith in Paine's Celery Compound, and when you purchase be sure you get the right article. See that the bottle and box has the name "PAINE'S," and the Stalk of Celery; this is the only genuine make—the kind that "makes sick people well."

DOMINION NEWS.

OTTAWA, May 2.—It is presumed at the Department of Militia this morning that nothing is to be done in connection with Major Merritt's offer to raise another Canadian corps for South Africa. Some time ago the department was notified that the offer was to be kept open till the end of April, but the department has heard nothing more from the Imperial authorities.

MONTREAL, May 2.—The old ladies of Bonsecours market were thrown into great excitement this morning by the visit of a magician who is performing in the city just now. He found money, as magicians do, in eggs and other sorts of country produce, and large quantities of eggs were sacrificed after the magician left by the old ladies, anxiously trying to find half dollars in the yolks.

MONTREAL, May 2.—The Bank of Montreal has decided to build on the site of their present structure on St. James street, the new building to be extended through to Craig street on property recently purchased.

The massive new structure is to cost \$1,500,000. Several leading New York architects, at present in the city, have figured on the building and the contract will be given to-morrow.

TORONTO, May 2.—The Canadian General Electric Company directors to-day authorized contracts for \$250,000 for big engineering and iron founding works to be erected in this city. It is announced it will cost about \$500,000 to complete the works on the scale planned.

Keep the Balance Up.

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength, and endurance.

Mr. and Mrs. N. Curry, of Amherst, have returned from their European trip. After leaving New York on the cruising yacht Princess Louise, they spent two days at Madeira, one day at Gibraltar and from thence to Genoa in Italy. Two days were spent there, and the noted Monte Carlo visited. Nice, Marseilles and Paris were the next places visited, four days being devoted to the sights of the latter place. Crossing over the English channel they spent twelve days in London.—St. John Star.

STINGING CHILBLAINS

As distressing and annoying as are chilblains they can be immediately relieved by the application of Dr. Chase's Ointment. Try it when you have retired with itching, stinging feet and expect to spend a sleepless night in suffering. Such a trial will convince you that as a cure for chilblains Dr. Chase's Ointment is the standard of excellence. It is the world's greatest cure for all itching of the skin.

EASY ENOUGH.

"You ought to rise with the lark."
"Well, if I had to perch all night on a cold twig, I suppose I'd be glad to."
—Chicago Record-Herald.
