PRESENTATION AND ADDRESS.—An address was read to Mrs. Wilson and daughter, of Harcourt, on their departure a few days ago for Chatham. Mrs. Wilson was presented with a beautiful set of china and a cut glass set. The address was as follows:

We, the congregation of St. Matthews church, Harcourt, desire to express to you, Mrs. Wilson, our deep regret at your prospective departure from our midst. We will miss you. We will miss you from your place in church, we will miss you in all our church work. The sick and afflicted of the whole village will miss you. So dear Mrs. Wilson, as a small token of our esteem for you and your daughter Eva and as an evidence of our love and good will towards you, we wish you to accept this set of china and cut glass set. We hope that your stay in Chatham may be prosperous and happy and that sometime you may come back to Harcourt to live where you may be sure you leave many loving friends.

Signed in behalf of the congregation,
Geo. S. Freeburn, Rector.

AN EXPRESS PACKAGE TEN YEARS EN ROUTE—Mr. Geo. Tait has just received a package of photographs that were sent from Chicago by express ten years ago. The package is plainly addressed to Miss Mary J. Tait, Chatham, New Brunswick, Canada. An inscription shows that it reached the Chatham, Ont., Custom House in Oct., 1891. Mr. Tait was notified, a few days ago, that it was there, and had it forwarded to him. Miss Tait, to whom it is addressed, left the country six years ago. The express company blunderingly left the parcel in Chatham, Ont., and the Custom House people there did not send a notice for nearly ten years. An inquiry should be instituted to decide whether the express employes or the Custom House people are most entitled to the leather medals for stupidity and carelessness. The address was written out in full. We wanted the name of this town changed when it was incorporated, so as to deprive officials of the chance to exert their stupidity at our expense, and suggest that it is not yet too late to do so. Why not make it the town of Miramichi?—Chatham World.

THE LATE STORMS.—The large amount of snow which has fallen during the past two weeks has somewhat put a stop to traffic. The storm was the worst experienced by the K. N. R. train for a number of years. The train left here on Monday, 4th inst., for Kent Junction and did not return until noon on Friday, having been from Tuesday afternoon until Friday noon coming a distance of twenty-seven miles. A crowd of men numbering about thirty were kept at work day and night and it was with much difficulty that they arrived here at all. The snow in some places was five and six feet deep and the men were compelled to pick ice from the track for several miles. The storm was also severely felt by the Moncton & Buctouche railway. The Moncton Times of Friday has the following to say with reference to it: Passengers and train hands on the M. & B. railway train which left Buctouche for Moncton Wednesday morning, had a rather rough and lengthy trip. The storm was very severe in the vicinity of Buctouche and the track was badly blocked. The plow was broken a short distance out of Buctouche and two or three hours' delay resulted while repairs were being made. At one o'clock Thursday morning with the aid of a gang of snow shovellers the train had only reached McDougall's and here a stop was made for the balance of the night. The stock of coal had run out and wood had to be utilized in keeping up steam. Another drawback was the difficulty of getting water. The stock had to be replenished from brooks by a bucket brigade, and melting snow was also resorted to. Some thirteen hundred buckets of water were handled on the road out. The train stopped at McDougall's, about twelve miles from Moncton, over night, and the passengers and train hands, numbering about twenty, slept in cars. The train finally reached Moncton a little before three o'clock yesterday afternoon."

RHEUMATIC WARPED LIMBS
Mrs. H. Wills, Chesley, Ont., says:—"My boy was all crippled up with rheumatism. Although we doctored, he was in this way for about one year, and the pain was terrible. Reading of many cases where Dr. Chase's Kidney-Liver Pills cured rheumatism, we got a box. Before they were half gone he began to improve, and is now quite well. I am very glad to recommend them to others." One pill a dose, 25 cents a box.

MONTREAL, Feb. 8.—The inquest on the remains found in the debris where Sax's building stood, prior to the disastrous fire, was concluded yesterday morning. Medical testimony proved that only one body, believed to be that of Rosen, had been discovered. The jury returned a verdict of accidental death. There is no trace of Peskin, the other missing man.

THE LOCAL ELECTION.

COUN. RICHARD POIRIER, OF COCAGNE, ELECTED BY ACCLAMATION.

Coun. Richard Poirier, of Cocagne, was on Friday elected by acclamation to fill the vacancy in the House of Assembly caused by the death of the late Peter H. Leger. Owing to the bad state of the roads and the inclemency of the weather, very few people were present to hear the speeches.

At eleven o'clock Sheriff Leger opened court, and after taking the oath under King Edward VII. and administering the same to his clerk, he read the writ, and said he was ready to receive any nominations which were to be filed. The only nomination handed in was that of Richard Poirier, and at twelve o'clock Sheriff Leger declared Mr. Poirier elected by acclamation.

Mr. Poirier after being declared elected made a few remarks. He said he was pleased to see that the people of Kent placed a little confidence in him, and he would while at Fredericton, look after the needs of the county to the best of his ability. He took his seat amid loud cheers.

Mr. Philip Woods, who it was thought would be a candidate, also said a few words. Mr. Woods said he did not have the support that Mr. Poirier had and therefore he was compelled to remain at home. He said he knew that Mr. Poirier would make a good member, but he was sorry he could not remain in the field as he would like to have a contest. However, as it was he would remain at home and be satisfied. The audience gave three cheers for Mr. Woods.

The sheriff then adjourned the court.

—Several of the business men of Richibucto have of late been talking over the matter of having the town incorporated, and it has been suggested that some means be adopted to have this carried out. We think this would be a wise plan and would meet the approval of every citizen of the town. Why not try it?

—R. P. Doherty, D. D. S., has permanently settled in Kingston, and is now prepared to do all dental work at his office there. Since he is obliged to be away from Kingston two weeks out of every three months, the public will be duly notified, through THE REVIEW, each time the Kingston office is closed.

—The death of another old lady of Richibucto occurred last Wednesday in the person of Mrs. Cady, widow of the late Robert Cady, aged 83 years. She leaves two sons, Robert and James, who resided with her. The funeral was held on Saturday morning and the remains were interred in the Roman Catholic burying ground here.

—Anthony Bears, a much respected young man of Emerson, Kent Co., met with a serious accident at Mr. Elliot's coal mine at Millstream. Mr. Elliot brought him home, where he is being well cared for, but suffers some pain.

—The funeral of the late Mrs. White took place last Thursday at 2 o'clock, p. m., and was quite largely attended. Service was held at the house by Rev. D. Fraser, and at the grave by Rev. H. A. Meek. The interment was made in the Presbyterian burying ground at Kingston. The pall-bearers were Messrs. Allan Haines, Henry Freeman, Robert Phinney, W. D. Carter, John P. Bell, and R. W. Beers.

—We are requested by Mr. John J. Stevenson, of Molus River, to state that he is confined to his house with a very painful cut in his foot which he received a short time ago at Barnaby River while working in the woods, and that he and his family are greatly in need of help. He would therefore gladly receive anything which the public would be willing to give him. We trust that the public will respond to this call at once.

—The death occurred here on Tuesday morning of Mary, beloved wife of Mr. James Graham in the 23rd year of her age. She was formerly Miss Mary O'Brien. She had only been sick about nine days and her demise is severely felt by her husband and family of three small children, the youngest being only ten days old. This is the second wife Mr. Graham has lost and much sympathy is felt for him by the whole community. The funeral took place this (Thursday) morning. The interment was made in the Roman Catholic burying ground at Richibucto village.

BUCTOUCHE.

FEB. 9.—The first Saturday of this month has passed into history through the obsequies of our gracious Queen, and will ever be remembered in Canada in honor of that sad occasion. Every city, town and hamlet on that day assumed the garb of mourning when England in the presence of kings, princes and representatives of sovereignty laid forever to rest the remains of her beloved sovereign. Here as elsewhere the loyalty of the people found expression in a memorial service held in the Methodist Church, which was filled with patriotic hearts of every race and creed. The volunteers under Colonel Sheridan and Capt. Irving's Company, headed by Sergeant Dutney, late of South Africa, after parading, took position in the centre of the building whose interior had been elaborately draped in purple by the ladies. The meeting was ably presided over by our esteemed M. P. P. Mr. James Barnes, who spoke with much feeling of the sad event which had called them together. The Rev. Mr. LePage in an eloquent and forcible address reviewed the life and times of the Queen. Her life was the embodiment of peace; its purpose the amelioration of suffering humanity and its close the seal of its purity. The soldier boys were addressed by the Rev. Mr. Vans who paid a high tribute of respect to the heroes who had left home and friends for the honor of their country.

The several speeches were interspersed with music by the choir—Miss Douglas presiding at the organ. The singing of God save the King closed a very impressive service.

13 Running Sores.

Mr. Stephen Wescott, Freeport, N.S., gives the following experience with Burdock Blood Bitters.

"I was very much run down in health and employed our local physician who attended me three months; finally my leg broke out in running sores with fearful burning. I had thirteen running sores at one time from my knee to the top of my foot. All the medicine I took did me no good, so I threw it aside and tried B.B.B. When one-half the bottle was gone I noticed a change for the better and by the time I had finished two bottles my leg was perfectly healed and my health greatly improved."
