#### LAKE STREAM.

FEB. 6.—With sincere sorrow we are informed that the beloved Victoria, Queen and Empress has passed from time into eternity. Never has the death of a British Monarch been the cause for such deep and reverent sorrow; never has their been blended with an Empire's grief, such a true feeling of thankfulness, in that a great and good life has been lived, and the longest reign in the history of England, has been filled with valuable services, wisely and faithfully administered. It is also with a deep feeling of thankfulness we should vow our allegiance to the present King of England, as he has had the experience of over half a century in what has been an incomparable epoch in the nations growth, we may feel assured that he will endeavor to wield the sceptre he has so honestly obtained, with wisdom and prudence. **LONG LIVE KING EDWARD VII.**

Mrs. Addie McLean has been spending a few days visiting the home of her youth in this place.

Mrs. J. R. Smith is visiting relatives and friends at Chipman and Salmon River.

Willie Gallagher was conveyed through this place on Sunday, 3rd inst., to his home in Chipman, Queen Co., having received an ugly cut in his leg, while in the employ of Mr. Daniel Duffy, near the head of Salmon River in Kent Co.

#### KINGSTON NOTES.

Not having seen any notes from this thriving town for some time, your correspondent shall endeavor to write a few.

There were no services in the Presbyterian church here the last two Sundays owing to the illness of the pastor, Rev. Mr. Fraser, who, I am sorry to state, is still confined to his house.

Messrs. A. Melanson and W. S. Malley, returned from Shediac on Thursday, apparently none the worse of their experience on the K. N. R.

Mr. W. J. Robertson and Mr. Dunning, representing S. Greenshields, Son & Co., Montreal, were in town this week.

Mr. Fairweather, representing Hall & Fairweather, St. John, was also in town this week.

Mr. R. A. de Ollouqui drove to Harcourt on Wednesday en route to Ottawa.

Miss Mabel Lennox, who has been in Moncton for the past year, is spending her vacation at home.

Mr. James Law left last week for South Africa, where he is going for the benefit of his health.

#### SOME WON'T BELIEVE IT

Many people who have suffered the acute misery of itching or bleeding piles for years in spite of medicines and operations wont believe that Dr. Chase's Ointment is an actual cure. There has never yet been a person to doubt the efficacy of this great preparation after using one box. It acts like magic in stopping the pain and itching and is positively guaranteed to cure any case of bleeding or protruding piles. Ask your neighbours about it. Your dealer has it.

#### RECRUITING.

OTTAWA, Feb. 10.—A militia general order issued to-day provides that all men enlisted for South African police force in Ottawa or any point west thereof will be mobilized at Ottawa by Friday, March 8. All men enlisted in Montreal or any point to the east thereof will be mobilized at Halifax by Tuesday, March 12.

The following are the dates and recruiting stations:

## La Grippe's Ravages.

A CAMPEE LADY CURED OF ITS AFTER-EFFECTS.

She Was Left Weak and Run Down, and Unable to Regain Her Strength Unless Used Dr. Williams' Pink Pills.

In the Village of Campden, Ont., and throughout the surrounding country, there are few people better known or more highly esteemed than Mr and Mrs Daniel Albright. Mr. Albright has for many years filled the position of village postmaster, in addition to conducting a boot and shoe business. But it is with the postmaster's estimable wife that this article has chiefly to do, as it gives, practically in her own words, the particulars of her recovery from a severe illness through the use of Dr. Williams' Pink Pills. To a reporter who asked Mrs. Albright if she would consent to give the particulars of her illness and cure for publication, she said: "If you think my experience will help some other sufferer I am quite willing to give it, for I may tell you that I am a very enthusiastic admirer of Dr. Williams' Pink Pills. For some years prior to the winter of 1898 I suffered with a lame back, which frequently prevented me from doing my household work. Later exposure to cold developed sciatica, and every movement of the body caused intense pain. In this way passed gloomy days and restless nights, until the winter of 1898, when my trouble was aggravated by an attack of la grippe. The first and most severe symptoms of this trouble passed away, but it left me in a weak and depressed condition. I did not appear to be able to recover my strength; my appetite was very fickle; I was extremely nervous, and my heart would palpitate painfully at the least exertion. I had been under a doctor's care, but did not recover my strength, and as a consequence I was much depressed in spirits. At this juncture a friend who called upon me advised me to try Dr. Williams' Pink Pills, and I decided to follow the advice and procure a supply. To my gratification I felt an improvement in my condition almost from the outset, and after using the pills for a little over a month I was once more enjoying the best of health, every trace of the trouble that had afflicted me having disappeared. It is nearly three years since I used the pills and I have been well and strong ever since, and I have the best of reason for ascribing my present good health to the use of Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills are a tonic and not a purgative medicine. They enrich the blood from the first dose to the last and thus bring health and strength to every organ in the body. The genuine pills are sold only in boxes with the full name, "Dr. Williams' Pink Pills for Pale People," printed on the wrapper. If your dealer cannot supply you send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed post paid at 50 cents a box, or six boxes for \$2.50.

WINNIPEG, Feb. 9.—Premier Robin left yesterday for Toronto. Just before his departure he said the deal for the lease of the Northern Pacific Manitoba lines had been consummated and the transfer would be made about March 1st. The premier was disinclined to talk freely concerning the terms of the lease but said he would make a public statement on Tuesday next, which he thought would show that Manitoba had obtained a good bargain.

## She Was Pale and Languid

Mrs. E. McLaughlin, 95 Parliament street, Toronto, states: "My daughter was pale, weak, languid and very nervous, her appetite was poor and changeable; she could scarcely drag herself about the house, and her nerves were completely unstrung; she could not sleep for more than half an hour at a time without starting up and crying out in excitement. "As she was growing weaker and weaker I became alarmed, and got a box of Dr. Chase's Nerve Food. She used this treatment for some weeks, and from the first we noticed a decided improvement. Her appetite became better, she gained in weight, the color returned to her face, and she gradually became strong and well. I cannot say too much in favor of this wonderful treatment since it has proven such a blessing to my daughter."

Dr. Chase's Nerve Food is the most effective treatment for the ailments and weakness of women that is obtainable. 50 cents a box, at all dealers', or Edmanson, Bates & Co., Toronto.

#### THE DRINK TRAFFIC IN THE NEW CENTURY.

##### THE END OF SALOON POWER.

By William Wardell.

Why should not the liquor traffic be destroyed? Why should the saloon be permitted to exist? Is it not absolutely a bad thing, debasing and ruining the individual, wrecking homes and spreading misery wherever its influence extends?

Professor Landis, one of the most eminent German physiologists, whose works are translated into all languages, and now used in every school of medicine, in his latest edition of 1899, says: "Alcohol acts in small quantities as a stimulant, larger quantities as over-stimulant, thereby paralyzing the nervous system. Through the former, it is capable of exciting the energies of the body through a short illness, but in every instance it causes a loss following later relaxation of the muscles."

The highest authority in this country, the United States Supreme Court, condemns this traffic, as shown in the following quotations from its decisions: "Nor can we ignore the fact established by statistics accessible to every one, that the disorder, pauperism and crime prevalent in the country are in large measure directly traceable to this evil." Again, its "use as a beverage is hurtful to society and to every member of it, and is therefore a business in which no one may lawfully engage in any way."

We enter upon the new century with renewed hope and with an unwavering faith in the triumph of right, and therefore the ultimate destruction of this curse in our own and other lands.

#### SUPPRESSION BETTER THAN CONTROL.

BY DR. ISAAC K. FUNK.

The liquor traffic never gave us so much crime and so much misery as today. In 1840 the consumption of alcoholic beverages in the United States was three and a half gallons per capita; in 1860 five gallons; in 1883 nine gallons; last year, sixteen gallons. As M. Thiers said to the Ministry of Napoleon, we say to the liquor traffic, "You are committing every possible crime." There is in the air to-day the prelude of a mighty change in all that pertains to social welfare."

What shall be the plan of campaign against this evil for the coming century? Prohibition absolute. The saloon is a murderer, and "no murderer hath eternal life." It must die. There can be no compromise with murder. Use tact? Yes. Conquer by replacing? Yes. But never by any kind of compromise.

We should not continue the serious mistake that has been made in attempting restriction along permissive lines. Restriction should be along prohibitive lines.

The license system must end. The Raines Law has brought into our New York State and Municipal Treasuries, in the last five years, \$60,788,856, and the result is a carnival of crime such as we have never known before in the city of New York. For the first time in three hundred years we have legalized the right to sell liquor on the Sabbath day. The universe would fall into chaos and the stars be ground to dust if they did not obey the laws of Almighty God. How do we expect to escape when we authorize the violation of the laws of this same

God for so much cash in hand? There can be no other policy for the twentieth century than absolute, unconditional prohibition.

#### THE CHURCH AGAINST THE SALOON.

BY JOHN G. WOOLLEY.

The law is the public conscience, and to purge it of the wrong of being accessory to the liquor crime is the greatest question for the twentieth century. An accomplice cannot hope to reform his accomplices. Herein is the strength of the prohibition party; it has come out from among the friends and servants of the liquor traffic. It does not touch the unclean thing. Whether it can force the conscience issue does not yet appear, but it is fit to work at it. The church has declared the true doctrine on the subject substantially in these words: "The liquor traffic can never be licensed without sin, and no political party is entitled to expect, nor ought it to receive the vote of a Christian man, so long as it stands committed to the license policy, or refuses to put itself on record in an attitude of open hostility to the saloon."

St. John Sun: Sunday evening D. W. Johnson of the I. C. R. freight shed met with a very painful and severe accident. While going over the hill from Castle street to the City road, he fell and broke his left hip bone. It was some twenty minutes before assistance reached him, and he was taken to his home on Stanley street. Dr. Thomas Walker attended the unfortunate man. Mr. Johnson is sixty-five years of age.

We guarantee that these Plasters will relieve pain quicker than any other. Put up only in 25c. tin boxes and \$1.00 yard rolls. The latter allows you to cut the Plaster any size.

Every family should have one ready for an emergency.
