

A PILL A DAY

One of Parson's Pills every day for a week will do more to cure Biliousness, Sick Headache and Constipation, and all Liver and Bowel Complaints, than a whole box of irritating, drastic pills or remedies.

Put up in glass vials, boxed, etc.

J. S. JOHNSON & CO.
Boston, Mass.

BUCTOUCHE NOTES.

JULY 6—The weather here of late has been very dry, as a result the crops are suffering and do not promise to be as good as they did at the early part of the season.

Our energetic school teacher, Mr. Geo. A. Coates, was the recipient of a very handsome purse containing the sum of twenty-seven dollars from the following members of his class in book keeping: Maggie Carter, John Barnes, Maud Barnes, Bertha Douglas, W. C. Walker, Edith James, C. S. Lepage, Gertie Hannigan, Florrie Bourque, Herbert Murray, Lewis King, Aggie Murray, Alva Wry, Carrie Ayer, Amanda Bourque, J. Leigh Sheridan, Emily H. Sheridan and Bonner Law. The presentation was made by Miss Maud Barnes, daughter of our esteemed M. P. P., Jas. Barnes, in behalf of the class, as a small token of their appreciation for the interest and trouble which their teacher has taken in instructing them in the subject of book keeping. Mr. Coates replied briefly stating that he did not anticipate such a gift and felt very grateful indeed to his pupils for their thoughtfulness in his behalf. He also stated that he did not wish the members of the class to think that because the subject was taught after school hours that they were indebted to him in any respect, as it always was a pleasure for him to impart knowledge to his scholars at any time and always felt amply repaid when he could notice that his pupils were taking any interest in their work and endeavoring to advance in their studies such as he noticed in this class. In closing he thanked the class very kindly for the gift and said that it was the first occasion that he had ever been presented with a gift of this kind by his pupils for any extra effort he had done for them.

Buctouche, I think, can boast of two of the best teachers in the province, and although they are very strict with the children yet they are highly thought of and very popular with the children. The public examinations of our village schools took place here on Thursday, the 27th ult. A very large number of the parents were in attendance. At the close several of the visitors made brief addresses. Mrs. Lepage, wife of the Rev. A. E. Lepage, formerly a successful teacher in N. S., urged the scholars to improve their golden opportunities, reminding them that youth was the time to buckle on the armour for the "bivouac of life."

Mr. J. C. Ross, one of our most respected citizens, who takes a deep interest in the welfare of our school, and who has been a trustee of the school as long back as your correspondent can remember, spoke at some length. He complimented both teachers and children in the prosperity of the school, and referred to the school system of Scotland and the United States, tracing the growth of our educational institutions from the time that the late Dr. Dawson introduced his school reform into our sister province.

The Rev. Mr. Vans spoke along the line of moral regeneration, believing the end of all instruction to be the betterment of man and society by its salutary influences.

Mr. W. J. Ayer also made a brief but enthusiastic speech, and closed by saying that some people thought they were overtaxed for educational purposes, but he believed that the more people paid for educational purposes the less they would have to pay to keep up prisons and institutions of that kind. After some other remarks had been made and "God Save the King" had been vocalized, the end came and the scholars were given a partial holiday.

The attendance at the above school during the last term has been very large as there are a number from other districts attending. The following pupils have not missed one day during the whole year (two terms) namely: Emily Sheridan, Helux Sheridan, Amanda Bourque, Charlie Irving, Annie Mooney, Leigh Sheridan and Carrie Ayer. The two first and second last named are children of Col. J. Sheridan, who live at Little River, a distance of two miles from here.

The attraction here last week was De-Alva's Germain Medicine Co., who gave

a number of entertainments under canvas which were exceptionally good and well attended. On the evening of the first entertainment the Doctor announced that a handsome parlor lamp would be given at the close of the week's entertainment to the most popular baby under the age of four years having the most tickets. A number of babies entered the contest but finally rested between two, Marie Richard daughter of Edouard Richard, barber, and Archie Irving, youngest son of Geo. E. Irving. The contest was a hot one and great excitement was shown. The latter won by over five thousand majority.

D. H. Waterbury, agent of the Dept. of Public Works and general supervisor of Gov. buildings of N. B., was in town on Thursday and drove through to Richibucto to select a location for the new public building that is to be built there this summer.

Geo. Noble, of St. John, is in town and registered at the Bay View.

The Bay View hotel is now being painted and presents a very attractive appearance. This is one of the best hotels on the North shore and its genial proprietor Mr. A. J. Gorman, is very popular and holds a "good hand" with the travelling public.

Dr. Horace Coates, who has recently graduated from McGill Medical college, arrived here a few evenings ago and is spending a couple of days with his parents. Dr. Horace is a clever young man and your correspondents predicts a brilliant future for him.

Mr. J. D. Irving is erecting a large furniture factory and grist mill. When completed they will compare favorably with any in Canada.

Mr. Jas. Harris, who has been in the Klondike for the past two years, is home. Mr. Harris looks remarkably well and his many friends are glad to see him.

The Rev. R. G. Vans is absent from home spending a few well earned holidays.

There are a number of young lady visitors in our town, but as your correspondent is not a "ladies' man" he has not as yet learned their names and therefore cannot give them honorary mention. He will, however, endeavor to ascertain them for your next issue.

Ice cream here is all the go and the young men as well as a few of the old, have a great time treating their fair damsels in the evening.

"Sold and more cream."

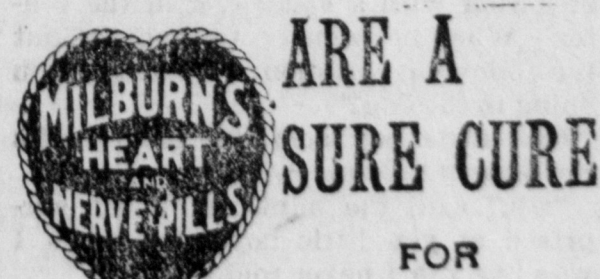

More anon,

R. E. X.

LOSS OF WEIGHT.

If you find yourself falling below normal there is danger. The use of fish oil can temporarily add fat, but will never build up healthy tissues. Dr. Chase's Nerve Food acts through the blood and nervous system, carries new life and energy to every nook and corner of the body. It regulates the various organs of the body, makes the appetite good, adds healthy flesh, and replaces the tissues wasted by disease. Naturally and gradually this food cures restores colors to the cheeks, increases the weight of the body and thoroughly overcomes disease.

SHERBROOKE, Que., July 8.—Word was received of the drowning of four men in St. Francis River, near Brompton Falls. Nine men were crossing the river in a boat, when it upset, throwing the occupants into the river. Three swam ashore, two clung to the boat and four were drowned. The bodies have not yet been recovered and the names are not known here.

ARE A
SURE CURE
FOR

Nervousness, Sleeplessness, Nervous Prostration, Loss of Energy, Brain Fag, Faint and Dizzy Spells, Loss of Memory, Melancholia, Listlessness, After Effects of La Grippe, Palpitation of the Heart, Anæmia, General Debility, and all troubles arising from a run-down system.

They will build you up, make rich red blood and give you vim and energy.

Price, 50c. per box, or three boxes for \$1.25, at druggists, or will be sent on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WEST BRANCH NOTES.

JULY 8th.—As our correspondent must have passed into a lethargic slumber, evaporated, or is waiting for that (hot brick to cool that has been heating.) I will try and note a few of our special doings.

West Branch is still receiving its share of good and evil.

We have a plentiful supply of strawberries with cream and sugar as accompaniments.

Mr. and Mrs. L. T. Joudry, of Campbellton, were here visiting friends.

Our school examinations passed off with eclat and proved satisfactory to those present.

One of our prominent young men was, we feared portraying consumptive symptoms but they proved to be signals of heart disease with fits of melancholy and loss of memory. His many friends have hopes that when vacation expires he will regain his general good health and temper.

Master Morton McMichael visited Echo-ville, and whilst there entertained quite a number of his young friends in the grove with swings, games, prizes and refreshments, each of which was duly appreciated.

Mrs. English, of Kent Junction, and Mrs. Adam Black, of Trout Brook, paid their friends here a flying visit.

A couple of our sports have invested in bicycles and when they are out scorching we would advise those who are not adepts in the art of fence climbing to take a short cut through the field to avoid accidents.

Miss Bessie Murray has returned from Moncton.

Mrs. T. Carruthers and son Oswald paid a visit to Mill Branch this week.

The young man who supplies our town with fish has not made his usual trip.

The green eyed monster has been stalking round. His threats to exterminate the rival were terrific but the fiery ordeal has passed and no harm done this time.

Our teacher, Miss Sullivan, has gone to Medford, Maine, to spend her vacation.

Bronco is still on the war path.

We hope that the A. P. S. A. recently formed will prove beneficial to the initiated and also to the public in general when they obtain their prospective degrees.

Our dressmaker, Miss Maggie Carruthers, of Cherryville, is doing a rushing business and doing it well.

There is a marriage in prospect in the near future. We wish the contracting parties health, wealth and happiness.

SUBSTITUTE.

SPRING BROOK NOTES.

JULY 6.—We are glad to see so many of our friends returning. Amongst those returned are Mrs. S. Palmer and her eldest daughter. Mrs. Palmer's health has been much benefited by her visit to Boston.

Mr. and Mrs. Dodge and children, of Boston, are visiting at Mrs. Dodge's old home.

Mr. J. Thomas is slowly recovering from his illness, owing to a cut foot.

Miss Cullins and Miss M. Markey are expected home this week.

Mr. and Mrs. Bleakney, of Salisbury, were the guests of Mr. and Mrs. George Walker on Tuesday last.

Mrs. S. Smallwood, of Mortimore, is visiting the home of Mr. and Mrs. Robt. Walker, and in the evening can be heard singing sweet lullaby to her first grand-daughter.

The bears are becoming quite bold around here. Mr. F. H. Palmer, while returning home one moonlight night, saw an animal in Mr. James Walker's field. Thinking it to be his black cow, went towards it with a whistle, whereupon Bruin arose and extended his paw for a shake. Mr. Palmer not wishing to make his acquaintance, took the rapid transit for home.

CLARISSA.

Bicyclists and all athletes depend on BENTLEY'S Liniment to keep their joints limber and muscles in trim.

ANAPOLIS, N. S., July 8.—A drowning accident occurred here Saturday afternoon when George Moses (colored) went over Corbett's wharf to swim. After being in the water for a short time he suddenly threw up his hands and sank. Moses was about 30 years of age and a widower. The body has not yet been recovered.

CASTORIA.

RAILWAY ACCIDENT.

NORTON, N. B., July 8—Saturday morning the people of this quiet village were startled to hear of another terrible accident on the Central railway. This time the accident occurred at Wasson Brook, about 16 miles from Chipman. The train was in charge of Conductor Skillen, with William Nodwell as driver.

They were running at the rate of about ten miles an hour when, rounding a curve about three miles this side of Cumberland Bay, the engine plunged through the bridge over Wasson Brook.

The bridge had taken fire and had been burned in the night. They were about a car length from the bridge when Driver Nodwell saw that it was gone. He immediately reversed the engine, at the same time telling the fireman, Stanley Brand, to jump. Brand jumped and escaped with but slight injuries. Nodwell remained at his post and went down with the engine.

He was buried in the coal, but was got out in about 10 minutes. He was terribly scalded and burned and had received severe bodily injuries. He lived about five hours in great agony, retaining consciousness till the last. Drs. Hay and Earle rendered all possible medical aid.

The rest of the trainmen and passengers escaped with a severe shaking up, as nothing but the engine and tender went down. The bridge was about 50 feet long and 12 high. The cause of the fire was unknown. Engineer Nodwell was very popular with all who knew him. He was about 35 years of age, belonged to Hampton, and was a member of Corinthian Lodge, F. and A. M., and also of the I. O. F.

Nervous Depression and Bodily Weakness.

Another Woman Who Has Found Health, Strength and Vigor in the Use of Dr. Chase's Nerve Food.

To women especially Dr. Chase's Nerve Food is proving to be a very great blessing. So many women are weakened and debilitated by overwork, worries or diseases peculiar to their sex, and need the assistance of just such a restorative as this great food cure.

Mrs. M. A. McCrea, Tory Hill, Ont., writes:—"My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous and felt so tired and worn out that I could scarcely drag myself about the house. It seemed impossible for me to get rest or sleep at night, and I felt that I was gradually growing weaker and more nervous and irritable. Since beginning the use of Dr. Chase's Nerve Food I feel altogether different. It has gradually strengthened my nerves and built up my system wonderfully. I sleep well now, and am being thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edmanston, Bates & Co., Toronto.

Notice.

The under-mentioned non-resident ratepayer of District 1, in the Parish of Carleton, County of Kent, is hereby notified that unless the amount of Parish and County tax, as set opposite his name, as given below together with the cost of advertising—two dollars—is paid to the undersigned collector of rates, for said district, within two months from the date of this notice, proceedings will be taken as provided by law for the collection of said taxes.
