MOLUS RIVER

MAR. 25.—There has not been any notes from this place for some time, so I will endeavor to write a few.

Business is dull at present. Hay hauling is the order of the day.

Mr. George P. Stevenson has returned from Red Pine, where he has been working for some time.

Lumbering is about over for the season. Mr. J. B. Millar has completed operations.

Our school is closed at present on account of the illness of our teacher, he having sprained his ankle quite badly a few days ago.

Two hunters passed through our village on Friday. A game warden is badly needed in this section and especially at the upper end of the river, as it is understood that game of all kinds is being slaughtered.

Mr. W. Hutchinson sold hay the other day for \$13.00 per ton.

Mr. E. Walker cut a nasty gash in his foot a few days ago while splitting wood.

Mr. Reuben Ward is busily engaged hauling logs to the creek at Stephen Ward's, where they will be rafted and taken to Kingston for Messrs. J. & T. Jardine's saw-mill.

Mr. H. H. Flyman, of Moncton, paid Molus River a flying visit last week.

Mr. George Stevenson is the oldest man on this river, having been born at Dumfriehire, Scotland, on the 24th day of May, 1819.

Miss Lizzie and Ada Stevenson are confined to the house with an attack of la grippe.

Mr. David Walker is recovering from his recent illness, under the skilful treatment of Dr. Tozer, of Kingston.

Mr. John J. Stevenson, who has been confined to his house for the past eight weeks with a cut foot is not improving much, and Dr. Tozer, who is attending him thinks an operation will be necessary before the foot can heal. Mrs. Stevenson is ill with la grippe. Mr. Stevenson has had very poor luck this winter, and as he is unable to work he would gladly accept any money, clothing, or anything his friends and neighbors could see fit to give him. He has a small family and is greatly in need of help.

The weather at present is all that can be desired. The snow is fast disappearing.

This season of the year when coughs and colds are so prevalent, it would be advisable to keep a bottle of Dr. Wood's Norway Pine Syrup in the house.

It allays all inflammation and irritation of the breathing organs, and cures coughs and colds of young and old more quickly and effectually than any other remedy.

Mrs. Arthur Molaskew, White's Point, Queen's Co., N.B., writes: "In the fall of 1899, I was taken down with a severe attack of La Grippe which left me with a bad cough. I tried several remedies and could obtain no relief and was almost in despair of a cure when a friend advised me to take Dr. Wood's Norway Pine Syrup. I took three bottles in all and it made a complete cure."
