

A LETTER FROM MANILA.

The following letter has been handed us for publication. The letter was written by a former Kent County boy, who was in the United States navy when he wrote the letter, but who died on his way from Manila to San Francisco over a year ago. His father, who resides in Kouchibouguac, has just received the last of his fittings and pay from the war department.

ANGELES,
Aug. 19th, '99.

Dear Brother:—
I received your letter yesterday, and it is a treat to have a chance to answer it today. I stand in pretty well with the Company Clerk, and he allows me to use his pen and ink on this occasion which is considered a great favor. I wrote to Brain-tree yesterday, telling Pedro to ask why you did not write, but your letter has explained very satisfactorily. We are having pretty hot times over here at present, and when a man gets time to rest he certainly takes the advantage of it. We are resting for two days since the capture of Angeles, with about 8000 niggers 600 yds. in front of our outposts, and we expect every minute to get the order to advance on them, and the sentiment among the troops is "O let it be soon," although the advance is first knee deep in mud and then up to the neck in water, with a hail-storm of bullets flying in every direction. I tell you, Bob, the sensation is gratifying all my desire for adventure. Our Company has been very lucky, we have had only 4 men wounded so far, and it has been commended by the Colonel on two different occasions for gallantry. There was 36 of us charged against 500 niggers one morning, driving them out of their trenches and leaving 35 dead, besides the dead and wounded that they carried away. I tell you, Bob, when the American troops gets after the enemy there is no such a thing as retreat. That morning the bugle was sounding retreat from the Mayor's position, he thinking the fire was to heavy for us, but our Captain—a fine man he is—said: boys, we have something else to attend to—forward, double time, and with a cheer the trenches were carried with only two men wounded. I tell you, Bob, fighting niggers is dangerous, but when you get after them you have no more fear than an old brakesman on the N. Y. N. H. & H. If every thing goes all right and I don't get pegged, as they call it here, I am going to stay on the Island for a few years. I think there is a great chance for to get a good start in life. Of course the climate with the almost unbearable duty that we have to do here makes a man feel glum, but I expect with additional troops over here this thing will be brought to an end within a year. I only weigh 113 lbs. now, so you must know the duty is pretty hard, although I make no complaints, I like it.

I have not made any other arrangements about getting gloves, expecting to hear from you every day, so if you will send them right away, I will have a great chance to make some money as they are starting boxing exhibitions every where there are soldiers stationed. Send me a set of 5 or 6 oz. Corbett gloves with padded wrists and a punch ball with an extra bladder, because a bladder sometime gives out and I could not get another over here and what ever the costs are I will send a post office order for it. Get a good article. Go to Wright & Ditson or Lovells and get something staple. I can make a thousand dollars here in a little while with them.

I am over staying my privilege and I must get out. With best regards to Mr. and Mrs. Bob. I remain your brother,
GEORGE D. MCINTYRE.

PEABODY HAPPENINGS.

JAN. 28.—As I have not seen any notes from this part of the country for some time, I thought I would endeavor to write a few as I am an old correspondent.

We have had a very mild winter, until the last few days, when the thermometer registered 13° below zero. As there has been no snow skating has been excellent and our young folks have been taking the full advantage of it.

We are sorry to state that Miss Mary Fearon was called home very suddenly last week on account of the illness of her father.

The Provincial Lodge, of Salem, gave a free entertainment and "snipping party" last Thursday evening, which was enjoyed by all present.

Mr. Edward Baldwin has sold his house on Tremont street and is now residing on Franklin street.

Miss Georgie Spencer, of Ipswich, spent Sunday with her sisters in Peabody.

Mr. and Mrs. Edward Baldwin leave town to-night for a week's sojourn in New York.

Mrs. Wm. Baldwin, of Walnut St., will entertain the jolly six next Wednesday evening and a good time is anticipated.

Quite a number of the members of the Provincial Society from Salem and Peabody left town in a special car to attend the entertainment held by the Lynn lodge No. 2, last Wednesday evening.

We are glad to learn that Miss Laminda Spencer is convalescing from her recent illness.

SICK WITH WORMS.

Mrs. J. D. Mayo, South Stukely, P. Q., wrote the following: "One of my children took sick with worms and after trying everything without getting relief we procured Dr. Low's Worm Syrup which acted promptly and effectually."

The death occurred at his residence at Rothesay Sunday of John Fraser, one of the best known and highly respected residents of that place. Mr. Fraser, who was 82 years of age, was born in Picton county, N. S., and came to St. John about 50 years ago. For years the deceased was connected with Nevens, Walsh & Co., and built many large vessels at Courtenay bay. Later Mr. Smith built a number of vessels for Bennet Smith of Windsor, N. S. About twelve years ago Mr. Fraser retired from business and took up his residence at Rothesay. Mr. Fraser was twice married. His second wife had been dead some few years. Deceased leaves two sons, George W. and William, and two daughters.

Severe Pains in Back and Hips.

Mr. James Clark, Concession, Prince Edward County, Ont., states:—"Eleven years ago I was taken with pains in my back, settling in my hips and extending up my spine. The pain was very severe, and at times almost unendurable, and many days I was not able to do an hour's work. Though I had consulted many first-class physicians and tried several advertised medicines, I could get no relief. At this time my father-in-law told me to try Dr. Chase's Kidney-Liver Pills, and said he knew they would cure me. I secured one box and great was my surprise when I began to feel better. I continued their use until I had taken about four boxes, which made me a sound man. I have recommended them to a number of my friends and have never met with one case where they did not meet with good success. My daughter, Mrs. Chas. Phillips, has also been cured of a severe stomach trouble by the use of these pills." One pill dose. 25 cents a box, at all dealers', or Edmanson, Bates & Co., Toronto, Ont.

The terribly sudden death occurred at 3 o'clock Sunday morning at Fredericton, of Mrs. Shute, widow of the late S. F. Shute, from pneumonia, after an illness of only two days. She was widely known in this city and held in the highest esteem by all. Three step-sons, Arthur, of the well known firm of Shute & Co., jewelers; Frank, accountant in the Fredericton branch of the Royal Bank of Canada, and James, a dentist residing in Nebraska, survive. To them their loss is irreparable, their step-mother loving and being loved as a mother by nature. They have the deep and heartfelt sympathy of the entire community. The deceased lady was 49 years of age, and formerly a Miss Moore of Calais, Me. A brother and sister, Edward and Miss Moore of Calais, also survive. The latter has been living with her late sister for several months past, and is just recovering from a bad attack of pneumonia.

"They say my face is a dream!" exclaimed the girl who wished to go on the stage.

"Yes—fades away every night," retorted the heartless young man.—Chicago Daily News.

It Hurt To Eat.

The pain, nausea and distress that Dyspeptics suffer after every meal can all be permanently removed by Burdock Blood Bitters.

It tones up and restores the stomach to normal condition so that it digests food without causing discomfort.

Here's proof positive:

Miss Maggie Splude, Dalhousie, N.B., wrote the following: "I have been a sufferer from Liver Complaint and Dyspepsia for the past two years and felt very miserable. I could not take much food as it hurt me to eat. My friends said, 'Why don't you try B.B.B.' I did so, using two bottles, which made such a complete cure that I can now eat anything I like without it causing me discomfort."
