WHAT MAKES YOU COUGH.

Did you ever wonder just what it that makes you cough? In a general way it is understood to be an involuntary effort of nature to eject something from the breath-piper. As a matter of fact merely a slight throat inflammation caused by a cold will cause a cough to start, and the more you cough, the more you want to cough. If you allay the inflammation in the throat your cough will stop.

Don't lull the sensitiveness of the throat with medicine containing narcotic, but give it soothing and healing treatment. This is difficult because the inflamed parts are in the way of the passage of the food and drink. The true cough remedy is something that will protect the throat from the ill effects of catarrhal discharges and also from the irritation of swallowing food Such a remedy is Adamson's Botanic Cough Balsam, which for many years coughs. It is a soothing compound prepared from barks and gums. Its beneficent effect is quickly felt and the work of healing promptly begun. If you once take Adamson's Balsam for Cough, you will never be satisfied without some of it at hand for any new cough. A trail size of the Balsam can be secured of any druggist for ten cents. The regular size is 25c. In asking for the Balsam, be sure you get the genuine, which has "F. W. Kinsman & Co." blown in the bottle.

WOMEN WILL TALK.

Can't Blame them for Telling each other about Milburn's Heart and Nerve Pills.

WEAK NERVOUS WOMEN

It's only natural that when a woman finds a remedy which cures her of nervousness and weakness, relieves her pains and aches, puts color in her cheek and vitality in

her whole system, she should be anxious to let her suffering sisters know of it.

Mrs. Hannah Holmes, St. James Street, St. John, N.B., relates her experience with this remedy as follows:—"For some years I have been troubled with fluttering of the heart and dizziness, accompanied by a smothering feeling which prevented me from resting. My appetite was poor and I was much run down and debilitated.

"Since I started using Milburn's Heart and Nerve Pills, the smothering feeling has gone, my heart beat is now regular, the fluttering has disappeared, and I have been wonderfully built up through the tonic effect of the pills. I now feel stronger and better than for many years, and cannot say too much in praise of the remedy which restored my long lost health."

Barbers of Austria. Austrians are very methodical many things, and they take no chances with their barbers. The Barbers' and Wigmakers' union of Vienna sees to it that only competent persons are admitted to practice Barbers must, of course, have a thorough knowledge of the practical side of the subject. and they are questioned as to keeping razors, brushes, etc., clean, and the general idea of antiseptics must be well understood by them. When the barbers appear before the committee, they have their razors dulled on a pine plank, and they must then sharpen them and pro-

ceed to shave a subject These subjects are recruited from the poor and from among those who are fond of getting something for nothing If the apprentice performs his work to the satisfaction of the judges, a certificate is issued to him, and he must serve as an apprentice for two years before he can open a shop of his own Provision is also made for women barbers who desire to carry on the business of their husbands. To do this the women have to be enrolled as apprentices for three years, and they must exhibit a great proficiency before they are allowed to open an establishment of their own The barber business in Austria is not particularly lucrative, as one can be shaved for 5 cents and have one's hair cut for about 3 cents. -Scientific Amer-

How Queen Bess Dined.

The setting out of the dinner of Queen Elizabeth was a ceremonious function First came a gentleman with a rod, followed by a gentleman carrying a tablecloth, which, after they had knelt reverently three times, was spread upon the table. Then came two others, one with a rod, the other with a saltcellar, a plate and bread. They knelt three times, placed the things on the table, knelt again and retired. Next came a lady in waiting, followed by a second. The first lady, dressed in white, after kneeling three times, approached the table and solemnly rubbed the plates with the salt.

Then entered 24 yeomen of the guard, clad in scarlet, and each carrying a dish of gold. These dishes were placed upon the table while the lady taster gave to each of the guards a taste from the dish he had brought in, for fear of possible poison. These guards were selected from the tallest and stoutest men in all Engand. At the close of this ceremony a number of unmarried ladies appeared and with great solemnity lifted the various dishes and carried them to the queen in her private apartments. The queen dined and supped alone. with few attendants, and it was seldom that any one was admitted at this time and then only at the intercession of some one in

She Got the Money.

In Berlin they tell a pretty story about Frau Blumenthal, the popular wife of the witty playwright and director of the Lessing theater Herr Blumenthal. it appears, had great misgivings regarding the success of his new piece. "Zun Weissen Roesse." One day, when he was nearly ready to throw the manuscript aside, his wife, who did not share his view, said to him "If I had only 20 marks (\$5) for every 1,000 it will bring you I should be quite content.' "All right, you shall have them." said Herr Blumenthal.

"Zum Weissen Roesse" (White Horse Inn) met with an immense success. Every night the frau director-for in Germany the wife shares in her husband's titles if not in his tin-went to the cashier and levied on her 20 marks per 1,000. On one occasion, after the piece had been running some months, bad weather caused a falling off in the receipts below the \$1,000 marks, and consequently Frau Blumenthal was not entitled to her "tantieme" of 20 marks. "How much have you taken?" she

asked the cashier.

"Only 997 marks," was the reply. "Well, give me a seat at 3 marks, then," said Frau Blumenthal, laying down the coin. "Now you have 1,000 marks, give me my 20." She got them.

Both Helped.

Zimmerman, the eminent physician, was sent from Hanover to attend Frederick the Great in his last illness. One day the king said to him, "You have, I presume, sir, helped many a man into another world?'

This was rather a bitter pill for the doctor, but the dose he gave the king in return was a judicious mixture of truth and flattery

"Not so many as your majesty nor with so much honor to myself.

Where the Czars Are Buried.

It is not generally known that the remains of all the czars of Russia since Peter the Great lie in a memorial chapel built on one of the islands of the Neva. All the cenotaphs are exactly alike, each being a block of white marble, without any decoration whatever The only distinction by which one is marked is the name of the deceased emperor.

Men Who Wear Corsets.

More men wear corsets than is generally believed. A certain London corset maker states that he makes hundreds every year and recently had in hand one pair of pink satin decorated with flower-de-luce and another of nile green satin adorned with lotus flowers, one of these being for an officer in India.

A PLEASANT DISAPPOINTMENT.

Cheltenham Man is Agreeably Surprised--An Old Grudge Paid.

Mr. Turner After a Successful Effort to get Rid of One Enemy Finds that in Doing so he has put away Another.

CHELTENHAM, Ont., Feb. 4, (Special). Turner of this place. For years Mr. Turner has been suffering with kidney disease. It gave him great pain, and for the last two or three years rheumatism has added to his already heavy burden of sickness, and he has seldom known an NOTARY PUBLIC. hour free from pain. Not associating the rheumatism with the old kidney trouble, and despairing of curing the former, Mr. Turner bought and used Dodd's Kidney Pills to try and dispose of the kidney trouble. He used a few boxes, and the pain in his back kept getting less and less, and finally went away. All the unpleasant symptoms of kidney trouble disappeared, and what was still more strange to Mr. Turner, he has not since been both ered with rheumatism,

He is so grateful for the miraculous results of the treatment that he has been cheerfully telling his friends and neighbors his experience. He says: "Dodd's Kidney Pills have cured me of a long standing case of kidney disease. I was also a sufferer of rheumatism, and although I took the pills for the kidney trouble I was surprised to find that when this disease was cured the rheumatism also disappeared. This was over a year ago and I have not been troubled since. I used in all six boxes. The first two boxes did not appear to do me any good, but I persevered and the result is that I am now a healthy man."

Of course, to those who recognize rheumatism as what it really is, a symptom of kidney disease, there is nothing wonderful about Mr. Turner's experience. Dodd's Kidney Pills always cure Kidney Trouble, and with it Rheumatism, Sciatica, Lame Back, Neuralgia, Heart Trouble, Dropsy, Diabetes, Bright's Disease and any of the other many forms in which it may and often does appear.
