

YORK, Pa., Nov. 18.—The southwest-ern express on the North-Central Rail-way, due in this city at 10.44 p. m., was wrecked last night by a charge of dynamite placed under the track near the Black bridge, a short distance north of

York. The train was running at the rate of 45 miles an hour when the explosion occurred. Passengers on the train were severely shocked and consternation prevailed. All escaped injury. A piece of rail two and a half feet long was blown

out of the track and three coaches were derailed and drawn over the ties a distance of 200 feet before the train was brought to a stop. Engine No. 305 which drew the train had its head light blown off and the windows of the cab were shattered.

The trucks under an express car and a day coach were badly wrecked. Four pullman cars, a day coach, a commission car and an express car composed the train. The spot where the wreck occurred is surrounded by high hills on one side and Codorus Creek on the other and is one of the loneliest places between Har-

risburg and Baltimore. It is believed that the object of the perpetrators was robbery. The police officials advance the theory that the robbers had set the dynamite for the express which is said to carry considerable money, but for some unaccountable reason that train passed over the charge without exploding it.

New York, Nov. 16.—According to the London representative of the Journal and Advertiser, the Onlooker contains an account of a most remarkable cure of cancer, which medical circles are eagerly discussing. It says the cure was discovered by the case of Lady Margaret Masham, sister of the Earl of Romney. Lady Margaret became so ill that her throat nearly closed. Nourishment had to be administered artificially and her death was expected in about a week, when a friend prescribed the use of fresh green violet leaves. The suggestion was followed. Relief was immediate. The large, hard external tumor disappeared and in a week all pain had ceased, and the cancerous growth in the tonsil disappeared in a fortnight.

CHERRY'S BAD HEART

Put him "down and out" so far as working was concerned, but Dr. Agnew's Cure for the Heart made a man of him again.

Heart weakness and fainting spells were so acute that Wm. Cherry, of Owen Sound, Ont., had to quit work. His sufferings were very great. One day a druggist said: "Cherry, try Dr. Agnew's Cure for the Heart; it must be a good thing for it has a large sale." He did so, and took five bottles. To-day he takes his place beside the other workmen, and does as big a day's work as any of them, thanks to this great remedy.

SOMETHING THAT DID.

"What did you see in Chicago that particularly impressed you during your visit there, Mr. Globetrotter?"

"Well, its parks, its buildings, its crowds, and so on."

"That's the old story. Didn't you see any particular thing that made a permanent impression—that stuck, as it were?"

"Oh, yes! At the stockyards I saw a man that stuck 500 pigs a day."

QUEEN HOTEL,

FREDERICTON, N. B.
First-class Livery Stables in connection.
