Mr. J. Evanson, the well-known painter and decorator, 50 Oxford St., Toronto, Ont., said: About eight weeks ago I was taken with an excruciating pain in my back over the kidneys. It was so bad that my wife had to apply hot cloths till the doctor came and gave me morphine.

He said the trouble was due to a stone passing from the kidney to the bladder. My water was loaded with a brick dust deposit and scalded on passing.

While in this condition I heard of Doan's Kidney Pills and started taking them. It was not long before I got relief from pain and have been improving in health ever since. My urine is now clear and does not smart me, and I feel better than in years.

Moncron, N. B., Nov. 15, -Quite s sensation was created in Victoria school building about 8.30 this morning by a shooting escapade in the basement, in which Harold Mcleod, aged 17, was the victim. He had some trouble with his teacher yesterday and returning to the school this morning went to his room and hung up his overcost He then went into the basement and just as the bell was ringing rushed into the room exclaiming that he had been shot by a tramp in the basement. Dr. White and Chief of Police Tingley soon arrived, and the injury, which was only a flesh wound in the fleshy part of the left arm, was dressed. Young McLeod told his story. No trace of any man could be found, and it was also ascertained that every chance of escape from the basement was closed. The doctor said the shot penetrated from the inner part, not the outer part of the arm. Chief Pingley is also satisfied that McLeod, who is somewhat of a wild wouth, shot himself to raise a sensation.

HOME DYEING MADE EASY WHEN DIAMOND DYES

For quality, variety, brilliancy and darability of colors, the Diamond Dyes excel all other package dyes in the world. The Diamond Dyes are made in over fifty different colors for wool and silk, and special fast colors are made for dveing cotton and mixed goods. No other dyes so strong, so true to color or so simple to use. Full and explicit directions on each package enable the inexperienced to do as good work as the professional dyer.

The Diamond Dye Mat and Rug Patterns colored on a superior quality of Scotch Hessian are selling fast. With one of these designs it is easy to make a pretty floor ornament. The Wells & Richardson Co., Limited, 200 Mountain St., Montreal, P. Q., will send you free by mail all the new patterns if you send in your address.

We are pleased to learn that through the representation of Mr. Pottinger, of the I, C. R., and Supt. Sharp, of the P. E. I. R., Messis. George A. Hughes and Horace McEwen, the efficient train despatchers of the P. E I. R., have been given a substantial increase in salaries, and thus placed on an equal footing with their brethern on the I. C. R. We congratulate Messrs. Hughes and McEwen on their well deserved recognition of faithful service. - Charlottetown Patriot.

Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most imitated blood medicine there

BEFORE NIGHT.

It is the hour when faints the long gold day, That hour when all the spent world sighs to The low wind sleeps, the lilies idly sway And drops the bee into the rose's breast.

Now the last weary swallow wheels on high, A flash of silver on the rosy light; Soon the first star shall gleam in the still sky And earth be clasped by the cool arms of night.

Now the round notes of restless birds are dead, Peace on the scented land and shimmering sea Now sorrow fades as fades the sunset red, And with the tender night comes peace to me! -Eleanor Norton in Harper's Magazine.

When the raven in the rear had gained a proper positionthat is, had crept close enough-the wily old bird in front began to jump up and down. I was bewildered at first. I couldn't make out what the birds were up to for the longest while, and when the jumping process began I was more mystified than ever until the dog, distracted by the jumping process, stopped worry ing the bone and looked up. Then I realized with an awesome feeling that those ravens were up to something pretty close to human. I confess it scared me the immortal birds of this feather running through my head.

"Of course the moment the rear maneuver had succeeded the light cavalry that had been demonstrating in front flew off. The noises those birds made were weird. As the bird in the rear grabbed the bone he let out a hoarse yell, precisely like laughter, jeering, taunting laughter. I could hear them, as they flew and laughing as they went.

"Poor Jo! It took him an instant to realize what had happened, and when he did you never saw a pup look more sheepish. It was a mean trick, but a rare joke on Jo, just the same."

The Blood In the Brain.

Too much blood in the brain is a frequent cause of beadaches. Pains are felt all over the head, the face becomes flushed, the temples throb and strong light or noise causes excruciating pain. A Rare Lace.

Of all the curious kinds of lace, espe cially old lace, the most curious is that which is called point tresse. It is very rare and was made of human hair. French collectors say it exists in the present day only in their cabinets. It was confined to the early part of the sixteenth century.
