

Rakings.

Several of our sports are preparing for the fall shooting. Several flocks of birds have already been seen.

From Sydney to Vancouver a journey long, I think; but from Sydney to Vancouver Union Blend's the tea they drink.

Some ten or twelve of our young men went to Buctouche on Monday where they enlisted and went to Sussex to attend camp.

One dollar a minute for writing about Tiger Tea. \$214 distributed to the best writers in the schools. Ask your grocer for particulars.

R. S. Pridham's reputation is of such that these cesiring photographs may safely depend upon getting only the most superior up-to-date work at prices within the reach of all.

Don't forget the Harvest Tea that is to be held at Echoville Grove, 17th September. Come, for this may be the last opportunity of meeting your friends at an affair of this kind this season.—COMMITTEE.

A heavy forest fire was raging near the village of St. Louis on Saturday and it is reported did quite a lot of damage. The rain on Saturday night, however, put a stop to it, much to the delight of the residents of that vicinity.

Mr. Wm. Barnard lost a valuable cow last week, but just what caused its death is not known. It is supposed, however, that while feeding in the pasture it eat a quantity of clover and then drank a large amount of water which caused it to swell.

The blueberry season is about over and the crop is reported as poor. The buyers, Messrs. A & R. Loggie and R. O'Leary are still buying but very few are coming in. The price now is three cents per pound. Cranberries are also reported very scarce.

The two prisoners—Damien Cormier and Oliver White—now in jail charged with incendiarism, were arraigned before R. A. Irving, L. L. B., of Buctouche, on Saturday and have consented to be tried under the Speedy Trials Act. The trial will take place probably the latter part of this week.

The dog poisoner has again visited Richibucto and about a dozen dogs have fallen victims to his deadly poison, several very valuable animals being among the number. Strange to say it is generally the dogs that are of some use which are the victims and others which are of no use for anything are left.

R. S. Pridham, the well known Sackville photographer, will visit Richibucto Sept. 23d to remain about two weeks to make photographs. Studio in Mr. Vantour's building where specimens of the latest and most popular styles of photographs may be seen. Visitors for inspection cordially welcome whether requiring work done or not.

Since we removed from our old stand in the Wark building quite a number of people have been unable to find the office, although we announced it in the paper, and to enable everybody to find our office in future we have adorned the building with a sign, printed in large gilt letters. We hope that people will have no trouble to find the office, and when they do, if they would call and pay their subscriptions (those in arrears) we would feel very grateful indeed.

The Kouchibouguac mail-driver, Mr. W. H. Wathen, informs us that Mr. Lazar Guimond, road commissioner, with a number of men including that enterprising farmer from Rexton, Mr. Wm. Beattie, has been doing some fine work on the road between St. Louis and Kouchibouguac. They have had the bushes along the side of the road cut down, and the road bed has been put in proper shape with the road machine. Much credit is due Mr. Guimond.

The K. N. R. train was again delayed on its way to Kent Junction one day last week. The train was going along at a moderate rate of speed, when all of a sudden it was brought to a standstill and on investigation it was found that the springs under the engine had been broken. After a stop of about an hour or so during which time the broken springs were replaced by others, the train proceeded on her way, but did not reach the Junction in time to connect with the T. C. R. accommodation going South. Several passengers who were on board returned to Richibucto, rather than remain at the Junction all night.

Complaint has been made to us on several occasions about the way in which the sidewalks are repaired. We do not wish to cause any offence, but we agree with others that this "patching," which has been done quite frequently of late, is not only dangerous to pedestrians, especially on a dark night, but is also a disgrace to the town. We do not know what visitors to the town would think but we can imagine that they would not think very much of our sidewalks, especially when they stumble over a "patch" every few steps. We, as well as others, think that it would be as easy to put a piece of plank in as to put on a "patch," and we trust that this will be done in future.

—Read the advt. of Mr. A. Sayre on page 6 of this issue.

—It is rumored that our enterprising merchant at the corner is soon to be wedded. We wish him success.

—Mr. S. F. LeBlanc, formerly of Buctouche, has opened up a tailor shop in the Frecker building, Queen St.

—Mr. Geo. A. Irving has been appointed Road Commissioner for the parish of Richibucto in place of his father, deceased.

—Alonzo, the young son of Mr. B. E. Johnson, while playing about the fence in front of his home yesterday morning, fell off the fence, a distance of about four feet, and broke his left arm at the elbow. Dr. Tezer, of Rexton, was called in and attended to the little sufferer, who is now doing as nicely as can be expected.

—We were handed a few stalks of oats on Tuesday which were grown on the farm of Mr. Thomas Hudson, South Branch, and which measured 5 feet 8 inches in height. This is, what we consider a good height for grain this season. Mr. Hudson says he expects to have a fine crop of oats which are now about ready to harvest.

—Rev. A. W. McLeod, Methodist Minister at Nashwaak, was thrown from his carriage by a runaway horse on Sunday last. He had two ribs broken and was badly bruised. He will be laid up for sometime. Mr. McLeod had charge of this circuit last year. The news of this accident will be heard with much regret by his many friends throughout the county.

Mother
"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."
D. P. Jolly, Avoca, N. Y.

No matter how hard you cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take. It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.

Three sizes: 25c, enough for an ordinary cold; 50c, just right for bronchitis, hoarseness, hard coughs, etc.; \$1, most economical for chronic cases and to keep on hand.
