Paine's Celery Compound CURES NEURALGIA, BANISHES NERVOUS DEBILITY AND BUILDS UP THE WHOLE SYSTEM.

MRS. M. YOUNG

Jarvis Street, Toronto, Says:

'I "hank God and Paine's Celery Compound For My Renewed Realth and Strength."

When Paine's Celery Compound is used by sick and brokendown women, a solid foundation of bealth is quickly laid. The powels are kept regulated, poisons in the blood are banished, neuralgia and rheumatism are expelled from the system, the appetite becomes natural, and sleep and sweet rest prove that perfect health has taken the place of sickness and disease. We urge every wife and mother to test the virtues of that medicine that "makes ! sick people well."

Mrs. M. Young, desiring to benefit suffering women, writes thus:

"I was a terrible sufferer from neuralgia and nervous debility, and was extremely weak and rundown. While in this condition I tried almost all kinds of medicines without any improvement. My sister finally persuaded me to try your Paine's Celery Compound. The first bottle helped me wonderfully, and, after having used six bottles my health is restored and I am now a new woman. I am pleased to say that Paine's Celery Compound is all that you represent it to be-a banisher of disease and a restorer of health. I thank God and Paine's Celery Compound for my renewed health and strength."

FREDERICTON EXHIBITION.

The management of the New Brunswick Provincial Exhibition and Industrial Fair, which is to be held at Fredericton on the 17th, 18th, 19th and 20th inst., report that all indications point to one of the most successful shows ever held in the "Celestial City." The space reserved for industrial exhibits is practically all taken, and entries for the live stock and agricultural sections are coming in rapidly Space in the carriage building has all been alotted, and arrangements are now being made to procure a tent to hold the overflow in this department. In Amusement Hall the chief attractions will be Prof. Leon Morris' educated ponies and a troupe of trained dogs. There will be band concerts on the grounds every afternoon and evening, also fireworks displays, torchlight and at Moncton with the C. P. Origin of "Whig."

Several reasons have been assigned to account for the word "Whig," universally known to all the English speaking people. By some the would supposed to be a contraction of a longer one, "whiggamore," which in some parts of England and Scotland, especially Scotland, signifies a drover or

It was in 1679 that the word first became common in the British isles. when the struggle was in progress between the peasantry and the aristocracy to have or not to have the bill passed by parliament to exclude the Duke of York from the line of succession. All who were opposed to placing the duke in the line of succession were derisively called "whiggamores." or "drovers," just as the city dude of today speakers of the "grangers," the "grays," the "chin whiskers" and the "bayseeders."

But Scotch tradition gives altogether a different reason for the existence of the word. It is this: During the early religious wars in Scotland the weakest of the factions used the words "Wo Hope In God" as a motto. The initials of these words were placed on their banners thus, "W. H. I. G.," and soon all the followers of that clan were given the title of "Whig." which was afterward attached as a party nickname.

Journalistic Errors. I do not allude to what are obviously mere misprints, such as when The Morning Post announced at the head of its fashionable intelligence that Lord Palmerston had gone down into Hamppeasants, but I refer to blunders due to crass ignorance of a pretentious order. ATTEMPTED ASSASSINATION OF PRESIDENT M'KINLEY,

WHILST RECEIVING IN THE PAN-AMERI CAN TEMPLE OF MUSIC.

BUFFALO, Sept. 7 .- While President McKinley was receiving in the Temple of Music on Friday afternoon, he was ap proached by a man with one hand covered with a handkerchief. As the man extended his hand to the President to shake hands with him, he fired two shots, one entering the President's right breast, the other his abdomen. The would be assassin was captured at once.

Standing in the midst of crowds numbering thousands surrounded by every evidence of good will, pressed by a motley throng of people, showered with expressions of love and loyalty, beseiged by multitudes all eager to clasp his handamidst those surroundings and with the ever recurring plaudits of an admiring army of sightseers ringing in his ears, the blow of the assassin fell.

The President, though well guarded by United States Secret Service detectives. was fully exposed to the attack. He stood at the edge of the raised dias upon which stands the great pipe organ, at the shire with a party of fiends to shoot east side of the structure. Throngs of people crowded in at the various entrances to see the chief executive, and, if possible, clasp his hand.

The good-natured mob, every minute swelled and multiplied. The president was in a cheerful mood and was enjoying ignorant of the fact that Milo is not a to the full the hearty evidences of good will which everywhere met his gaze. Upon his right stood John G. Milburn, of Buffalo, president of the Pan-American exposition, chatting with the president and introducing to him especially, persons great length that the population might of note who approached. FREDERICTON Herald: Mr. Frank A. McInnis, C. Mr. Mc-Innis is chief of the water works engineering department and has over 1,000 men under him. Another Fredericton boy, Harry G. Botsford, is in the same employ, occupying a position as engineer of construction. An evidence of the important interests committed to Mr. McInnis' care is the fact that the water system of Boston yields a revenue to the city of over \$2,000,000, and Mr. McInnis is responsible for the efficiency of the engineering service connected with it. Mrs. McInnis, like her husband, is a New Brunswicker, formerly Miss Yerxa, whose parents removed to Boston from Keswick when she

MARITIME PROVINCE NOTES. BROTHER'S KEEPER.

George S. McLaughlin Lives to Rejoice that He Took His Brother's Advice.

For Twenty-Five Years Crippled with Backache - Finally Advised to Take Dodd's Kidney Pills-What He Says About His Cure

ECONOMY POINT, N. S., Sept. 9.-Mr. G. S. McLaughlin lives in this quiet little Nova Scotia village. His brother keeps the grocery store here. But for this seemingly unimportant fact, unless death had mercifully relieved him of his sufferings, Mr. McLaughlin would in all probability have been a helpless cripple to-day. For it was through his brother's keeping store that he came to try Dodd's Kidney

Economy Point is thirty-seven miles from Truro. The only connection is by waggon road, and in the spring when the road, are impassable, the hamlet is isolated completely. But nevertheless the fame of Dodd's Kidney Pills found its way to Economy Point, and Mr. McLaughlin's brother in response to frequent requests began to retail them at his store. There is no druggist in the place and McLaughlin's grocery is looked to for medicines as well as groceries. Hearing the terms of unqualified praise with which his custom, ers spoke of Dodd's Kidney Pills, the brother recommended them to Mr. Mc. Laughlin. "They might help your back," said he.

That is the story of Mr. McLaughlin's cure-or all of it that varies to any extent from that of thousands of others. He followed his brother's advice. "I will try them, anyway," he said. That's all Dodd's Kidney Pills want-a trial. After the first trial there is no more hesitation. Mr. McLaughlin says it was wonderful the way his pain left him and his back strengthened. The Amherst Press: "Two sportsmenof Amherst, Messrs. J. Albert Townshend and Augustus Peabody, who have a camp at Costin's Pond on the Tyndall Road, about eight miles from Tidnish, while spending the day there on Sunday, the 25th, were shot at by some unknown man. Townshend was cooking dinner outside the camp while Mr. Peabody was resting inside, when a bullet crashed into the fire, scattering it about. Townshend was considerably alarmed as he was standing close to the fire at the time. He called to Peabody that somebody was shooting at him from across the pond, but was of the opinion that it was an accidental shot, so he continued his occupation of preparing dinner. Suddenly another shot was heard that the town council has adopted a high and a bullet whizzed past his head.
