MARITIME PROVINCE NOTES.

FREDERICTON, Oct. 31.—Deputy Sheriff Hawthorn returned from Halifax this morning. He says he went there at the request of the Bank of British North America authorities with a warrant, issued by Police Magistrate Marsh, of this city, on information of the acting manager of the Bank of British North America here, charging Adam Harley, ex-manager of the agency, with obtaining six thousand dollars from Edward Moore under false pretenses. When Mr. Hawthorn arrived at Halifax Harley was already in custody. The deputy got his warrant endorsed by the Halifax magistrate, and had it already for execution, but returned to Fredericton without using it. A settlement was arrived at yesterday afternoon, all arrangements having been made for the payment over to the bank to-day of the six thousand dollars. A writ of capias was issued at Halifax immediately on completion of the agreement and placed in the Halifax sheriff's hands, under which the latter held Harley over night. Mr. Hawthorn denies the statement published the other day that the Halifax police authorities declined to deliver Harley over to his custody. He says he had no trouble with anybody in connection with the matter.

Mrs. Harley is still in Fredericton. She expects to leave for Halifax in a day or two.

MONCTON, Oct. 31.—The ell of the two storey house owned by Mrs. W. A. Carson, Elm street, was gutted by fire to-night. The origin of the fire is a mystery, as it started in the woodshed. The upper storey of the building was occupied by a tenant and the first floor by the owner. The damage is covered by insurance.

BRISTOL, Carleton county, Nov. 1.—Charles Derrah, a young man about 17 years old, and a son of Mr. Harvey Derrah, of Gordonsville, was brought home Wednesday from the lumber woods dead. He was working for J. J. Hale, on the Tobique River, tending a landing, and was struck by a skid on the side of the head. This happened on Friday and the unfortunate man died on Sunday.

DIGBY, N. S., Oct. 31.—Several petty thefts have lately been committed in the government pier warehouse of goods in transit by the D. A. Railway. Yesterday a case of liquor shipped by J. O'Regan, St. John, was stolen in broad daylight and to-day Harry Wilson, a young truckman, was arrested charged with the theft, which he admitted. The D. A. R. people are going to press the case to the extent of the law.

St. Joseph's College, struck another flow of oil to-day, in well No. 7. The oil was found in about the same quantity as in the other wells, and the promoters are greatly encouraged. Oil has been struck in four of the seven wells sunk. All wells are in close proximity to each other and in each oil has been struck at about the same depth. The boring will be continued during the fall and winter.

St. John Globe: Thursday morning at Brown's Flats, on the river, Mrs. Matilda Jane McDonald, wife of Rev. G. W. McDonald, Reformed Baptist clergyman, died suddenly of heart trouble, though she had been ailing for a week. Rev. Mr. McDonald, his son, and Miss McDonald, who were in the city, hastened up river at once. The suddenness of Mrs. McDonald's demise was a great shock to them. Deceased was a daughter of the late Mr. Stephen Carmar, of Fredericton, and leaves two sons and one daughter. The sons are Rev. G. B. and Mr. Harry H., the well-known St. John newspaper man.

ROGERSVILLE, N. B., Oct. 31.—The Farmers' Institute delegates, Mr. T. G.

Raynor of Ontario and F. E. Sharp of King's Co., who are visiting Farmers' Institutes in this section of the province, paid this village a visit yesterday. Two very interesting meetings were held, one in the afternoon and the other in the evening. The president Rev. M. F. Richard acted as chairman at both meetings which he opened with appropriate speeches.

At the afternoon meeting Mr. Raynor spoke upon dairy farming and Mr. Sharp upon pork production. In the evening Mr. Raynor discussed clover culture and Mr. Sharp poultry raising. Both meetings were well attended and no doubt the farmers will be well repaid for their attendance. The delegates took the Maritime Express this morning for south.

AMHERST, N. S., Nov. 1.—Word was received here this afternoon from Pugwash stating that a fatal stabbing affray took place there at 2 o'clock this morning and as a result Charles McCaulay is dead and John A. McCarthy is under arrest, charged with stabbing him.

It seems that a number of Pugwash young men were out celebrating hallow-e'en, removing signs, gates and doors. Sandy McCaulay, who keeps a butcher shop, decided to watch his premises to prevent any depredations, and as a consequence, his shop was open after midnight, and about eight or ten congregated there.

They had evidently been drinking. A row started between Charles McCaulay and McCarthy, which soon became general and in the melee McCaulay was stabbed in the fleshy part of the right arm, almost severing it from the body, the cut extending across the arm, through the flesh and muscle and bone.

The main artery was cut and McCaulay was soon weakened from the great loss of blood, pools of which saturated the floor. Doctors McIntosh, Daken and Clay were summoned and remained with him during the balance of the night, doing all in their power.

This morning he was removed to his home. He gradually grew weaker and, about 5.30 this afternoon, died. John A. McCarthy was placed under arrest on suspicion of being the party who inflicted the wound.

McCaulay, the victim, was about 26 years of age, unmarried, and resided with his father, Peter McCaulay, who is a very respectable laborer. John A. McCarthy, the prisoner, emigrated from England about 15 years ago. He was for some years cook for Prescott & Gillespie, lumbermen, of Shulee.

Last spring he removed to Pugwash and opened up a restaurant and grocery business. He has always borne a good character. He is about 35, married, his wife being a daughter of the late William Van-Buskirk, of Pugwash.

There's a Story in Morning Tiredness.

A story of poor blood, weakened nerves, of a starved brain. Plenty of food, mind you, but perhaps poorly prepared and too poorly digested to maintain a vigorous body. Ferrozone quickly makes blood, gives strength to the nerves, cures the fagged feeling that prevent vigorous thought and action. Use Ferrozone, it makes blood, and good blood feeds the nerves. Strong and vigorous nerves are just another name for good health. If you seek health, and a relief from the tired morning feeling, use Ferrozone. Sold only by R. O'Leary, General Merchant, Richibucto.

SOUTH AFRICA.

BRITISH SUFFER HEAVY LOSS BY BOER ATTACK.

LONDON, Nov. 2.—Lord Kitchener has reported to the war office a disaster to the British near Bethel, Eastern Transvaal, in which two guns were lost, several officers were killed or wounded and 54 men were killed and 160 wounded. The following is the text of Lord Kitchener's despatch, dated Pretoria, Nov. 1:

"I have just heard of a severe attack made on the rear guard of Colonel Benson's column, when about 20 miles northwest of Bethel, near Brakenlaagte, during a thick mist.

"The strength of the enemy is reported to have been 1,000. They rushed two guns with the rear guard, but it is uncertain whether they were able to remove them.

"I fear our casualties were heavy. Col. Benson was wounded, but not severely. A relieving column will reach him this morning."

Later Lord Kitchener telegraphed as follows:

"Col. Barter, who marched from the constabulary line yesterday, reached Benson's column early this morning (Friday) unopposed. He reports that Col. Benson died of his wounds.

"The other casualties are the following:

- KILLED.
"Col. E. Guinness.
"Major F. D. Murray.
"Captain M. W. Lindsay.
"Captain W. T. Thorold.
"Lieut. E. V. I. Brooke.
"Lieut. R. E. Shepherd.
"Second Lieut. A. J. Corlett.

DIED OF HIS WOUNDS.

"Captain Eyre Lloyd."
Lord Kitchener then gives the names of 13 other officers who were wounded, most of them severely, and announces that 54 non-commissioned officers and men were killed and 160 wounded, adding that four of the latter have since died of their wounds.

The despatch then says:
"I assume that the guns have been recovered and that the enemy have withdrawn, but I have no further details.

"I deeply regret the loss of Col. Benson and the officers and men who fell with him. In Benson, the service loses a most gallant and capable officer, who invariably led his column with marked success and judgment.

"The fighting was at very close quarters and maintained with great determination by both sides. The enemy suffered heavily but I have not yet received a reliable estimate.

"The Boers retired east."

MAIN RIVER NEWS.

OCT. 31.—Not seeing any Main River news for a time, I endeavoured to get a hustle on before we all fall off.

The weather of the past has been very dry, and the farmers are praying daily for a shower to moisten the sod.

Mostly all our young folk have gone away to seek a warmer climate.

Messrs. Robert and Thomas Fahey left on Monday for U. S. A. Success, boys. Our school closed last Friday under the management of Miss Carruthers, a large number of pupils were present. Miss Carruthers goes from us, with the very best wishes of the people in the community. Two of her pupils, the Misses Lizzie McDermott and Sophia Ferguson, are going to attend the Rexton Superior school. We wish you success, girls, in your studies. Miss Ella Graham is visiting Main River.

As it is a frosty night, my companions are all gone and I'm left shivering all alone, waiting for the next breath to come and then I'll have to follow.

Hoping to see more notes. Au revoir.

Paine's Celery Compound Cures and Gives You New Life When Everything Else Fails.

IT IS THE POPULAR MEDICINE IN THE HOMES OF THE WEALTHY AND THOSE IN HUMBLER CIRCUMSTANCES.

Beware of Substitutes and Imitations.

Are you ailing, rundown, or suffering from some dangerous disease? If you are, allow us with candour and an honest interest in your welfare, to direct your attention to Paine's Celery Compound, the medicine that "makes sick people well." The wonderful record of cures wrought for sick and diseased people in our Dominion, is the best and strongest proof of the health-restoring virtues of Paine's Celery Compound. It has cured the most desperate and obstinate cases of disease even after sufferers were pronounced incurable. The use of one bottle of Paine's Celery Compound will, in all cases banish the doubts of the unbelieving. The testing of one bottle will prove to all sufferers that there are virtues in the wondrous medicine possessed by no other remedy—virtues that banish suffering and misery. The immense popularity of Paine's Celery Compound has induced unscrupulous people to put up vile and worthless imitations of the great health-restorer. Dishonest dealers for the sake of large profits resort to substituting and recommending the "something just as good." At all times beware of imitations and substitutes. See that the name PAIN'S and the Stalk of Celery appear on each bottle.

Read the strong testimony of Mr. G. W. Parks, of Inglisville, N. S., cured by Paine's Celery Compound after failures with other medicines:

"While at sea I was taken sick, which compelled me to abandon my work and seek home and rest. I consulted the doctors who pronounced it slow fever or typhoid. I suffered severely from night sweats, and from cold chills during the day. Added to this, I was extremely nervous, which weakened me and reduced my flesh until I was a mere skeleton. This continued until last winter, when my wife and friends began to despair of my recovery, as the medicines I took produced no good, and I was growing worse. Through the influence of Rev. C. M. Tyler, I was induced to give Paine's Celery Compound a trial. I can truly say it worked wonders. The first bottle gave me great relief, and five bottles completely cured me."

The November Magazine Number of The Outlook abounds in interesting illustration. Prominent among the illustrated articles are: "Home Life in Japan," with a charming scheme of decoration and photograph reproduction; one on "Handicrafts in Old Deerfield," by Mary E. Allen; one on "The Man of Mexico," Diaz, by Charles F. Lummis; on "The Crofters of Skye," by Clifton Johnson, with pictures of peasant life by the author; and the first instalment of Dr. Edward Everett's Hale's "Memories of a Hundred Years," which has a wonderfully fine portrait of Dr. Hale drawn by Mr. Alfred H. Clark, together with many other portraits, facsimiles and prints. The Number also contains excellent portraits of William Travers Jerome of New York, the Anti-Tammany candidate for District Attorney, and the Hon. Thomas G. Jones, of Alabama, who has just been appointed to the Federal Bench by President Roosevelt. (\$3 a year. The Outlook Company, 287 Fourth Avenue, New York.

A LONG RECORD OF SUCCESS in curing cuts, burns and bruises, as well as all bowel complaints, is held by Pain-Killer—over 60 years. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c.

The Tea used by the Duke and Duchess of Cornwall and York during their stay in St. John was RED ROSE—the gold label. All grades of Red Rose have the same distinguishing characteristics, and whether it is the gold label or any other, it is good Tea—better than other Teas at the same price.
