### GENERAL SUMMARY.

We are very slightly changed From the semipalm who ranged India's prehistoric clay,  
Whose drew the longest bow Ran his brother down, you know, As we run men down to-day.  
"Dowb," the first of all his race, Met the mammoth face to face On the lake or in the cave,  
Stole the steadiest canoe, Ate the quarry others slew,  
Died—and took the finest grave.  
When they scratched the reindeer bone, Some one made the sketch his own,  
Fetched it from the artist; then, Even in those early days,  
Won a simple viceroys' praise Through the toil of other men.  
Ere they hewed the sphinx visage Favoritism governed kissage,  
Even as it does in this age.  
Who shall doubt the secret hid Under Cheop's pyramid  
Was that the contractor did Cheops out of several millions  
Or that Joseph's sudden rise To comptroller of supplies  
Was a fraud of monstrous size On King Pharaoh's swart civilians?  
Thus the artless songs I sing Do not deal with anything  
Now or never said before.  
As it was in the beginning, Is to-day official sinning,  
And shall be forevermore.  
—Rudyard Kipling.

### KITCHENER ISSUES THE EMPIRE'S ULTIMATUM.

### UNCONDITIONAL SURRENDER OF ALL BURGHERS BEFORE SEPTEMBER 15.

LONDON, Aug. 9.—The reasons of the government for the proclamation by Kitchener, Aug. 7, as contained in the parliamentary paper just issued, are set forth in preamble to the proclamation as follows:

"Whereas the late Orange Free State and South African republic have been annexed to His Majesty's dominions, and  
"Whereas His Majesty's forces are, and have been for a considerable time in complete possession of the seat of government of both aforesaid territories, with their public offices, and whole machinery of administration, as well as all the principal towns and whole railways, and that:

"Whereas the majority of burghers of the two late republics still in arms are not only few in number, but have lost most all their guns and munitions of war, and are therefore, unable to carry on a regular warfare or offer any organized resistance to His Majesty's forces in any part of the country, and,  
"Whereas, those burghers who are still in arms, though unable to render or carry on any regular warfare continue to make resolute attacks upon small detachments of His Majesty's forces to plunder or destroy property and to damage railway and telegraph lines, and,  
"Whereas, the country is thus kept in a state of disturbance, checking the resumption of agricultural and industrial pursuits, and,  
Whereas, His Majesty's government has determined to put an end to a state of things which is aimlessly prolonging bloodshed and destruction, and inflicting ruin upon a great majority of the inhabi-

ants who are anxious to live in peace and earn a livelihood for themselves and families, and,

"Whereas, just to proceed against these still resisting, especially those persons, who being in a position of authority, and responsible for the continuance of the present state of lawlessness and instigating their fellow burghers to continue a hopeless resistance to His Majesty's government."

"Therefore Lord Kitchener has issued a proclamation to the governments of Cape Colony and Natal concluding as follows:

"All commandants, field cornets, and leaders of armed bands, being burghers of the late republics, and still engaged in resisting His Majesty's South African dominions and all members of the governments of the late Orange Free State and the Transvaal shall, unless they surrender before September 15th, be permanently banished from South Africa. The cost of the maintenance of the families of all burghers in the field who have not surrendered by September 15, shall be recoverable from such burghers and shall be a charge upon their property, moveable and immovable, in the two colonies."

### The Pain of Sore Feet.

Just about the most tantalizing of all pains comes from sore feet. To get relief bathe the feet in warm water and then rub them with Polson's Nerviline. It penetrates through the pores of the skin, takes out the soreness, reduces swellings, invigorates the tired muscles, tones up the circulation, and prevents the feet from becoming sore again. Nerviline is a protection and safe-guard against the pains and aches of the entire family and cures rheumatism, neuralgia, toothache, &c., 25 cents.

### MANAGEMENT.

"Don't you think you lose patience with your husband on rather slight provocation?" said the near relative.  
"I have to provoke him sometimes," was the placid answer, "so that he will lose his temper and then give me anything I want so as to atone for the way he has acted."—Washington Star.

### MARITIME PROVINCE NOTES.

Last Wednesday morning about 8.30 o'clock Robert Rankine, a middle aged man, dropped dead in a field in Gilbert's Lane, St. John. The North End police station was informed and Sergt. Hastings went to the place. After the matter had been reported to Coroner Berryman, the latter ordered the remains to be removed to the morgue. The deceased had been a resident of the North End and for some time was living at the ains house.

A Pollet River correspondent of the Transcript writes: Mr. A. L. Stiles, a well known resident of this place and one of the oldest church members met with a sad and fatal accident a week ago last Tuesday (July 30th). Mr. Stiles while milking one of his cows was shoved over by the cow and then kicked in the stomach. After suffering more than tongue can tell, God relieved him of his agonies last Tuesday morning. His many friends are deeply grieved, but are comforted in that, their loss is his gain. Mr. Stiles before he died professed his faith in Christ to his sister, Mrs. Powers, of Salisbury, and said he had no fear of death. Mrs. Stiles (his wife) died just ten months before him, leaving three orphan children. May God bless and comfort them in their sad and lonely hours. They have the heart felt sympathy of the whole community.—Moncton Transcript.

FREDERICTON, Aug. 8.—Sergeant Major James Pringle, of Stanley, one of the heroes of the first Canadian South African contingent and Miss Minnie Mullin, third daughter of Rev. Mr. Mullin, were wedded at Stanley Wednesday. The ceremony took place in St. Peter's Presbyterian church at 2.30 o'clock and was performed by Rev. Dr. McLeod. Camp McFarlane, Sons of Scotland, of which the groom is a member, marched from their hall to the church in regalia, headed by their piper, Daniel Hasscock, and after the ceremony led the procession from the church to the manse, where a reception was held. Nearly all of Stanley's military men were present in uniform. The groom himself wore his military uniform, as did also the groomsmen, Lieut. Stanley Douglas. The bride was attended by her sister, Miss Josie Mullin. Over five hundred people were present and gave the bride and groom such a send-off as no bride or groom before them ever saw in Stanley. The happy couple drove to Fredericton Wednesday evening and left by the Victoria this morning for St. John, whence they go to Boston to spend a week or two of their honeymoon. The bride was fairly show-

ered with gifts from friends far and near. A number were sent to her from Fredericton.

St. John Telegraph: The schooner Two Sisters with her foremast carried away arrived in port Thursday evening in tow of the pilot boat David Lynch. The Two Sisters was bound from Sackville with a cargo of lumber for Boston. During Wednesday night when off Point Lepreau she met with the accident, the mast being carried away in a heavy blow. Yesterday the David Lynch with Pilot Martin Spears on board came across the crippled schooner and took her in tow. Early last evening this port was reached. The schooner is anchored in the Beacon Eddy.

Many of the Hardwicke men say cattle down there will have to be killed to prevent them from starvation. There is no after grass in the fields, and the forest fires have destroyed all the pastures. The cattle have come out of the woods hungry, and there is nothing but the light crop of hay and grain to feed them on.—Chatham World.

A man named Trenholm, who lives on the Tyndall Road, Amherst, met with a severe accident Thursday afternoon. He was shooting with an old muzzle loading gun when the barrel burst, probably from being overloaded, and a piece of the metal struck him in the nose, inflicting a severe wound and breaking the nasal bones. He was brought to Amherst and his wound attended to by physicians.

A cowardly assault was committed on south side of King square Thursday morning by James Connors on Alex. Brayley, for which Connors was shortly afterwards arrested by Officer Finley. Brayley has been following the sea for a living and was recently shipwrecked and had one of his wrists broken. Thursday morning with one arm in a sling he was strolling along the north side of the square carrying a bouquet of flowers. He was accosted by Connors and asked what he would take for the flowers. Brayley refused an offer of 10 cents and a drink and Connors struck him in the face twice, cutting his head badly and bruising his face. After the assault Connors tried to get away but was restrained by the crowd that had gathered and held until the officer arrived and he was taken in charge. Brayley was attended by Dr. D. E. Berryman.—St. John Telegraph.

The death occurred at her home at Great Village, Colchester county, N. S., Thursday morning, of Mrs. Wylie, widow of the late Rev. A. L. Wylie, for many years a prominent Presbyterian clergyman of the sister province. The deceased lady was the youngest sister of Hon. A. G. Blair, minister of railways, and was much esteemed by a large circle of friends. She leaves no children. She had not been in the enjoyment of good health for some months, nevertheless news of her demise will be a great shock to her numerous friends. She was 50 years of age, and had been a widow for some years.

St. John Telegraph: Two boys escaped from the reformatory Friday afternoon and their whereabouts has not yet been located. Their names are Holm and Connors, 16 and 14 years old respectively. The former came originally from Buffalo, and the latter lived previously at Pokiok.

It seems that they were at work in a hay field near the institution and taking advantage of a convenient moment "flew the coup."

They were in shirt sleeves at the time and left the coats on the field. A vigilant watch has been kept since at the trains and boat centres, but without any result.

A Fredericton despatch to the St. John Globe says: Queen street Saturday morning witnessed one of the wildest runaways that has been seen here for a long time past. Charles Shortwell left his span of horses, attached to a heavy farm wagon, standing in front of the post office. While he was in the building they took fright and dashed over on to Queen street and up as far as York at full speed. At the corner of York street they collided with three other teams, knocking down some of the horses and upsetting the wagons. There was a great rush from all directions to the spot and the horses were brought to a standstill without anybody being seriously hurt. It was the worst looking mix-up, however, made by runaway horses in Fredericton for many a day.

HAMILTON, Aug. 7.—Rev. A. H. Tyrer, pastor of Unity church, has resigned. It is said members of his congregation have been shocked by his recent pulpit utterances. VICTORIA, B. C., Aug. 7.—Great floods caused by the overflowing of the Yang Tse have caused the death of many thousands in China. The river has risen 40 feet and for hundreds of miles the country is a great lake with only tops of trees and an occasional roof showing. Boatmen estimate that 20,000 were drowned in the district. Chong Teh was wiped away by flood and ten thousand drowned there.

QUEENSTOWN, Aug. 8.—The White Star Line Steamer Oceanic, Captain Cameron, which sailed from Liverpool yesterday for New York via Queenstown, arrived here this morning and reported having been in collision last night in the Irish channel with steamer Kincoira, Waterford, Ireland. "CHAMBERLAIN."

SYDNEY, Aug. 8.—As a result of a desperate quarrel over cards at the coke ovens yesterday Alexander Verrigero, an Italian, is lying at death's door with a bullet hole through his abdomen, and Giusseppe Vigloria is suffering from a bullet wound underneath the collar bone. Frank Sciene is under arrest as having committed the shooting. The three men and a number of other Italians were playing cards in a saloon kept by an Italian at the coke ovens all day. Frank was losing heavily and became desperate. He bore an old grudge against both of the men for some time. Suddenly Frank was seen to rise from the table, and, throwing down his cards, whipped out a revolver and in the twinkling of an eye Alexander was pierced with a bullet. In the same breath he fired at Giusseppe, aiming at the heart in both instances. The wounded men ran out of the barroom, but fell on the street. Frank still held his revolver, ground his teeth, and expressed sorrow that the men were not killed outright. Alexander is expected to die.

His ante-mortem statement was taken. He is prepared for death. It appears that Sciene accused these two men of stealing a revolver and had sued them and the trial was to have been held to-day. Sciene got drunk and meeting the two men in the saloon, became desperate and shot them one after the other.

OTTAWA, Aug. 8.—It has been arranged that the Duke of Cornwall and York will present Victoria Cross decorations that have been won by Canadians in South Africa. Shaughnessy, president of the Canadian Pacific, when the duke arrives. It is also stated that Mayor Prefontaine's name will appear.

TORONTO, Aug. 8.—Dr. Overton F. Macdonald, a prominent physician of this city, committed suicide at his home this evening by shooting himself in the heart with a shot gun. He had been in poor health for some time as the result of an attack of la grippe and had acted peculiarly of late, apparently having a religious mania. He was 36 years of age and leaves his wife and one daughter.

OTTAWA, Aug. 9.—From reports made by farmers, who reside in Carleton county, it would appear that a hail storm yesterday, almost totally destroyed crops that were standing. The hail stones were so large and descended in such quantities that the standing grain was beaten to the ground, and nearly every farmer in that neighborhood will suffer heavy loss as a result of the storm, the damage will amount to thousands of dollars.

The storm passed over Huntley, North Gower, Osgood and Carp townships.

Hon. Mr. Sifton returned to-night and Sir Wilfrid Laurier will arrive in the morning.

Fire broke out to-night in the basement of Cummings Bros.' boot and shoe store, Spark street. The fire was soon put out but the goods are badly damaged with water. The stock is said to be valued at \$18,000 on which there was \$4,000 insurance.
