#### The Outwitting of Sorrowful Jim.

Allyn rode across the prairie joyously, and looked longingly toward the east, where the sun was scarce an bour high The fresh, bracing air seemed to permeate every fibre of his being, and he drew in great breaths of it, feeling a wild sort of pleasure in the mere fact of being alive.

For once in three years he was happyand he had been in that beatific state for two whole days. The rest of the cowboys of the outfit did not know what to make of it. Cayuse Ike swore he had been 'locoed.' For Allyn had been nicknamed by the camp Sorrowful Jim, and to see him boyishly exuberant and in a gay humor was an unheard-of thing-until the last day or so.

Allyn had once made the mistake of considering life a very serious matter, indeed. And when, after trying for a year to practice law, and not getting any one to practice upon, he had given it up in disgust, and migrated to the home of op portunity in hope of getting rich. But

there was another reason-a woman. During his idle hours, Allvn had fallen in love. And he took that very seriously also. It went hard with him, for he had nothing on earth except a few bonds an old aunt had left him, and the revenue from them did not amount to \$300 a year. At this rate his practice was not increasing. Methuselah would have been a youngster compared with Allyn, if he waited for the revenue from his profession to enable him to marry.

Nelly, however, looked at the matter in a very common sense light. Common sense was her strong point, until she met him. Then it deserted her, and an unreasoning love for him took its place Still, even then, she had more of it left

than he had to start with. Jim,' she said, 'you are acting very

-l've got enough, or will have, when I get control of it. The income from \$200, 000 would keep us very nicely, and would hold us up until you could establish a paying practice. Now, don't be silly.'

'Nelly,' he replied, solemnly, '1 cannot afford to marry you now. People would say that I married you for your moneyand I don't intend to put myself in a posi tion where such a motive could be imputed to me. It would be unjust to me, and to you.'

'Well, Jim,' and there were tears in her voice. 'I don't think you are acting fair ly to me. Here I am, an orphan, with nobody on the earth to love except an old guardian-and I despise him, You've made me love you so that life without you will be worse than no life at all-and now you say you cannot marry me until you make what it took my father a lifetime to accumulate. Why, by that time, I'll have wrinkles, and, maybe, false teeth and glasses, and be a horrid, snuffy, fussy tunity." old woman,'

'No, Nell. I don't want to make \$200,-000-if I had \$100,000 it would be all right. And it will not take long-out west I will make it quickly. Just you stand fast, and wait for me.'

'Oh, I'll wait, but I think you are hate ful, and pig-headed, just the same. Would you marry me if I didn't have any

money at all? too. We would manage somehow. But | 000; now, my self respect will not allow me.' So it was that he went to make his for-

tune, and at the same time, peace with his unduly active conscience. To his utter disgust, however, he found, after a year's prospecting, that gold mines were not at all plentiful, and that every foot of the mountains had been prospected over time and again. A year in Mexico assured him that the business of finding silver mines lying around loose had also said: played out long ago, and that it took lots basis. Funds were getting low, so he the XXX 'outfit,' and, on account of his grave demeanor, was promptly named by the other cowpunchers 'Sorrowful Jim'and the name stuck to him.

During all his wanderings he had written to Nellie as regularly as possible, and had begun to regret in a measure his Puritanical conscience. At \$40 a month and grub, he did not see that a fortune was in immediate prospect. Absence had indeed made his heart grow fonder, and he longed for a sight of Nelly's laughing eyes and dimpled face.

Yet he would not acknowledge himself beaten, or that he would give in. Much against his inclination he remained, consumed with a desire to see her yet impelled to remain in stiff-necked pride, acting as avant courier and escort for a lot of wild-eyed, long-horned steers, all which cursing himself for a fool. So he and the rest of the outfit did not have very much in common together, and he grew more and more unsociable and lone-

Small wonder was it, then, that when he received a letter from her he felt that And were planted that very nightorium! his voluntary exile was broken-his penance was done and he was free to return to civilization and Nelly.

'You can come on, Jim dear,' the letter said: 'that is, of course, if you care to take an almost dowerless bride. I have now only enough left to bring me in \$300 a year-exactly what you had. I do not own another thing on earth. I have concluded that the money without you is not worth having, and as long as you are so stubborn about it, I saw that I must give in, so I have done so gladly. I have gotten to be 24. as you know, and have absolute control over my property. So in order to get you I have given away my

The ceremony was over, the few intimate friends had taken their departure, and Jim and Nell looked at each other in a bewildered sort of way.

"I think we ought to take a trip, Jim I'm so deadly tired of this place I don't know what to do. Let's go to Europe, I've always wanted to go there."

"Nellie, are you daft? I can't afford a trip to Europe and you know it -and you haven't any money, either, so how are we

But there may be times when your catarrh is so bad you can't breathe through it. Breathing through the mouth is always bad for the lungs, and it is especially so when their delicate tissues have been weakened by the scrofulous condition of the blood on which catarrh depends.

Alfred E. Yingse. Hoernerstown, Pa., suffered from catarrh for years. His head felt bad, there was a ringing in his ears, and he could not breathe through one of his nostrils nor clear his head.

Atter trying several catarrh specifics from which he derived no benefit, he was completely cured, according to his own statement, by

"Nell, dear, if I could afford it you know I would be delighted to take you."

'Well, you can afford it.' 'I tell you I cannot.'

'I know better-you can. Why just look at these,' and she handed him a bundle of books and papers. He picked up the first one and read from the inside page: 'First National Bank, in account with James M. Allyn.
