

DOMINION NEWS.

are lost because of drunken officers. If we could but know, it would be to learn that hundreds of the fine vessels that have been posted as missing in the last ten years turned into Davy Jones' harbor as a result of drink."

The same writer, after mentioning the names of several vessels wrecked by whiskey, says:

"There are dozens of cases which I have not mentioned, but in which it is absolutely known that drunken captains and mates caused the loss of their ships through their follies. I am pleased, both from a financial and Chastianlike standpoint, that within the last few weeks one of the largest of the Liverpool steamship companies has issued a circular letter to its employees, calling attention to the increase in drinking among sailors, and warning them that they must not, either on or off duty, imbibe, under the penalty of immediate dismissal. A few more letters like this and we will have a big reduction in the annual tribute to Neptune."

BETTER NOT.

Dr. Young prints this paragraph in The Central Christian Advocate. It contains both truth and warning. "We overheard a conductor on a train, the other day, counselling a casual acquaintance, a young girl, after the following fashion, avowing at the same time that he was not religious but only a 'decent sort of a railroad man': 'Never go to a dance—there is always harm in it. It has proved many a time the first step toward ruin for both men and women. Not while I live would I allow a daughter of mine to go. I know too much about the harm that there is in it to allow a daughter of mine to dance. Not long before that we heard a man, who for years had been a consistent Christian, but who had been before conversion very dissipated, say in prayer-meeting, 'I wish I could make others see as plainly as I do the evil of card-playing. I have tested it—it led me down almost to hell. It brought me into bad company, it started me to gambling, it threw a strange fascination over vice, it almost ruined my life forever. I hate cards now, and I wish I could make others hate them!'"

If you take a Laxa-Liver Pill to-night before retiring, it will work while you sleep without a gripe or pain, curing biliousness, constipation, dyspepsia and sick headache, and make you feel better in the morning.

CHICAGO, Aug. 12.—A dynamite bomb or a bottle of nitro-glycerine, presumably the latter, was exploded in the rear of George Little's saloon on Clark street, last night, killing Vincenzo Alfano, aged thirty, and injuring five other persons who were in the place at the time. The rear part of the saloon was wrecked. While mystery surrounds the affair, the police are inclined to believe that the man who was killed caused the explosion.

BOSTON, Aug. 12.—The Plant Line steamer Halifax, Captain Pye, from Charlottetown, Port Hawkesbury and Halifax, N. S., struck a ledge off Minot's Light while coming into port, in a thick fog early to-day. She freed herself, however, and was beached in a sinking condition. Tugs and lighters have gone from here for the passengers and baggage.

Vigorous Womanhood

Made Perfect by Dr. Chase's Nerve Food—A Common Sense Treatment which Does Exactly What is Claimed for it.

The happiness of every home depends very largely on the health of the wife and mother. If she is nervous, peevish and irritable, worried by the little cares of every day life, and tormented by pains and irregularities that are sure to accompany a rundown system, there can be no happiness in the home for husband and children.

Too many women are victims of nervous exhaustion, and do not know it. They suffer from indigestion and dyspepsia, nervous headache and sleeplessness, and drag themselves about the house feeling languid and tired out. You can be healthy and vigorous if you follow the advice of Dr. Chase, the famous Receipt Book author. He would not deceive you, and his treatment never disappoints. Dr. Chase's Nerve Food is intended for just such cases as are here described. By supplying to the thin, watery blood and weak, exhausted nerves the very materials of which nature constructs new nerve cells and new bodily tissue it gradually and certainly reconstructs and revitalizes the weakened and debilitated nervous system, cures nervous headaches and dyspepsia, and permanently overcomes weakness and irregularities. 50 cts. a box, all dealers, or Edmansons Bates & Co., Toronto.

OTTAWA, Aug. 11.—W. L. Griffiths immigrant agent, Wales, leaves Liverpool by S. S. Liguria on the 22nd of August en route for the Welsh colony in Patagonia, South America, for the purpose of inducing the emigration of Welshmen to Canada. J. Reese, one of the three Welsh delegates who visited Canada in 1899, will accompany Mr. Griffiths. There are about 4,000 Welshmen in the colony they intend visiting and it is reported that they are very much dissatisfied with the treatment accorded them by the Argentine government and desire to locate somewhere under the British flag. No better settlers could be secured and the immigration department hopes to induce a good portion of them to come to this country.

TORONTO, Aug. 11.—An old man named William Jones, porter at the Ocean House, was found dead on a bank outside the eastern city limits, with a bullet hole through his head. No blood was on the grass where the body was found, and it is thought Jones was murdered and the body carried to the spot where it was found.

MONTREAL, Aug. 11.—J. T. Wilson, St. Louis, Mo.; Joseph Lennon, Agassiz, B. C., and A. F. Stout, Arden, Ont., officials of the Brotherhood of Railway Trackmen of America, have been committed for trial on a charge of criminal libel laid against them by R. C. Montgomery, row-master of the Canadian Pacific railway. It is alleged the libel was contained in a circular, signed by Lennon and Stout in connection with the trackmen's strike.

A delegation representing a number of English trades unions arrived here to-day on the steamer Lake Champlain to study labor conditions in Canada. They are guests of the Elder Dempster Company and will make a tour of Canada.

OTTAWA, Aug. 11.—Sir Wilfrid Laurier has received the following letter from Premier Barton, of the Australian commonwealth:

Sir,—I have the honor on behalf of myself and my honorable colleagues, the members of the commonwealth government, to convey to you our most cordial thanks for the representation of Canada at the opening of the commonwealth parliament.

The presence of Mr. Mulock was largely appreciated and his representation of your dominion entranced the importance of the most historic event in the history of Australia.

The action of your government was received with much satisfaction by all Australians and unquestionably emphasized the vastness and solidity of the great British empire.

W. C. T. U. COLUMN.

"And let us not be weary in well-doing for in due season we shall reap if we faint not."—Galatians 6: 9.

"It's nothing to me," the mother said; "I have no fear that my boy will tread The downward path of sin and shame, And crush my heart and darken my name."

It was something to her when her only son From the path of life was early won, And madly quaffed of the flowing bowl, Then—a ruined body and shipwrecked soul!

"It's nothing to me," the merchant said, As over the ledger he bent his head; "I'm busy to-day with tare and tret; I have no time to fume and fret."

It was something to him when over the wire A message came from a funeral pyre— A drunken conductor had wrecked the train; His wife and child were among the slain!

"It's nothing to me," the young man cried; In his eye was a flash of scorn and pride; "I heed not the dreadful things you tell; I can rule myself, I know full well!"

'Twas something to him when in prison he lay, The victim of drink, life ebbing away, As he thought of his wretched child and wife, And the mournful wreck of his wasted life!

It is nothing to us who idly sleep While the cohorts of death their vigils keep, Alluring the young and thoughtful in To grind in their midst a grist of sin! It is something for us—for us all who stand And clasp by faith our Saviour's hand; To learn to labour, live and fight On the side of God and changeless right.

STRONG DRINK.

BY THE REV. JAMES COOKE SEYMOUR. Strong drink injures the body, all the way from giddiness to delirium tremens. It blunts and confuses the mind, so that a man does not know what he is saying or doing, even when he is committing murder. It destroys the moral sense, for a drunken man does not care what he says or does. It dethrones the will, for the drunkard is powerless to obey any other dictates than those of the furious lust for alcohol.

It destroys all natural affection, so that a man is no longer—in any proper sense of the terms—a husband, father, son, or brother, but a being with less regard for others than a beast of the field.

It causes him to lose all self-respect and all respect for everybody else.

It turns him into the most degraded, wretched, and despised of all paupers.

It makes him a walking pestilence on the earth, and a pestilence that is transmitting disease to many in the coming generations.

It blasts all his hopes for the world to come, and shuts him out from God and heaven forever.

All this is quite true—in greater or lesser degree—according as men proceed in the path of drunkenness.

What is the best way to be free from all the evils of the drinking habit? NEVER BEGIN IT.
