A CRIMSON KISS.

He was a bold carnation
And she a sweet, shy rose;
He was a red as warm, red wine,
She, white as winter snows.
He lived beside the window,
His home a jardiniere;
Hers, just above his ardent reach,
A vase of Sevres ware.

He grew till close beside her
He bent his regal head;
She trembled just a little,
But listened while he said,
"I've dreamed, while climbing upward,
Of this one moment's bliss."
Then pressed upon her petals pure
One long, sweet, crimson kiss.

The winsome rose blushed deeply
And whispered sweet and low:
"I've waited all my lifetime, dear,
For this one hour, I know.
My bold carnation lover,
King of all flowers thou art;
I'll keep the kiss thou gavest me
Forever in my heart!"

That evening in the twilight
My Lady Leonore
Swept, smiling, through her parlor;
A silken gown she wore.
She bent above the blossom
Her queenly, golden head,
Then called, "Why, Jack, my white, white
rose,
Has changed to burning red!"

Fall Goods Have Arrived.

The most of our Fall Goods have arrived and are being opened up and placed in stock for sale. We wish to call attention to the following lines:—

DRESS GOODS.

We have a large stock of medium-priced Dress Goods, and are anxious to reduce it, so have marked the prices down very low. Space here will not allow us to describe them, but if you will call at our store we shall only be too pleased to show them to you.

CHOSE FOR MEN'S WEAR.

A large range of excellent values in Worsteds, Serges, Vicunas, English and Canadian Tweeds, etc. If in need of a suit call and see them.

UNDERWEAR

For men and women, sure to suit everybody. Among the best are Stanfield's Unshrinkable, but besides these we have some great values, both in knitted and fleece-lined goods.

BOOTS AND SHOES.

Just received another shipment of those boots which have been giving such great satisfaction for style, comfort and durability.

There are lots of other things we would like to say here, but space will not permit. Our Flannels, Flannellets, Wrapperettes, Cretones and table linen, all deserve special mention, but must leave these for another time.

It would be much more satisfactory if you would call and see these goods for yourself, they are open for your inspection at any time, and then you can see for yourself, just what we are doing.

DIRECTIONS TO SECRETARY OF FARMER'S INSTITUTES.

An afternoon meeting may be put on, if desired, (as well as the evening session), at points that the Delegates can reach in time from their last place of meeting.

The responsibility of advertising and arranging for meetings is with each local institute.

As soon as this Bulletin is received make out a draft of poster, advertising the meeting, and send it to the Department of Agriculture, Fredericton, for approval. It will be immediately returned to you, with any suggestions for improvement. Select such subjects as you prefer from the Advertised list of the Delegates who are going to your locality.

If any local people are willing to read papers or address the meeting on Agricultural subjects, have their names and subjects put in the posters.

If you cannot get posters printed in your locality, the Deputy Commissioner will get them printed for you here. 50 posters should cost not more than one dollar and twenty-five cents.

It is suggested that all posters should be printed on a good quality of white paper, with red ink. It improves the appearance to have a border on them. If all posters are so printed, they will be distinct from ordinary bills and will soon become known.

Head your posters with the name of Institute and Number, (the No. will be the same as Ag. Sos. No.) and sign with name of President and Secretary. Canvas each meeting for members. Those joining now should be members for 1902. Every member will receive all the publications issued by the Dept. of Agriculture.

Any further information required will be cheerfully given.

THOS. A. PETERS, Supt. Farmers' Institute. Department of Agriculture, Fredericton, N. B., Sept. 16, 1901.

Nervously Exhausted

Sleepless, poor digestion, easily tired, blue as indigo, that's how you feel. Do you want to feel strong, make plenty of blood, enjoy buoyancy, strength and vim. You can do so by using Ferrozone. How it sharpens the appetite and imparts a feeling of buoyancy, strength and vim! Improves the appetite, digestion, assimilation, sleep. How surely Ferrozone does this, you can ascertain by using it. Ferrozone is a blood builder, nerve strengthener and brain invigorator. Sold by R. O'Leary, General Merchant, Richibucto.

CZOLGOSZ IN CONDEMNED CELL.

HE IS TERRORIZED AND PAINTS AWAY WHEN IRONS REMOVED IN PRISON.

AUBURN, N. Y., Sept. 27.—Czolgosz, President McKinley's murderer in the custody of Sheriff Caldwell, of Erie county and 21 regular and special deputies arrived in Auburn at 3.15 a. m. The prison is just across the road from the depot, the distance which the party had to walk after alighting from the car being less than fifty yards.

Awaiting the arrival of the murderer was a crowd of only about 200 people, but either from fear of the crowd which was not very demonstrative, and which made no attempt to harm the man, or from sight of the prison, Czolgosz legs gave out and two burly deputy sheriffs were compelled to practically carry the man into the prison.

CZOLGOSZ COLLAPSES.

Inside the gate his condition became worse and he was dragged up the stairs and into the main hall. He was placed in a sitting posture on the bench while the handcuffs were being removed but he fell over and moaned and groaned, evidencing the most ardent terror. As soon as the cuffs were unlocked the man was dragged into the principal keeper's office. As in the case of all prisoners, the officers immediately proceeded to strip him and put on a new suit of clothes. During this operation Czolgosz cried and yelled making the prison corridors echo and re-echo with evidence of his terror. The prison physician, Dr. John Gerin, was summoned and on his arrival he examined the man and ordered his removal to the cell on the condemned row which he will occupy until he is taken to the electric chair.

The doctor declared that the man was suffering from fright and terror, but declared that he was shamming to some extent. The collapse of the murderer was a surprise to every one. En route from Buffalo he showed no indication of breaking down. He talked some and expressed his regret for his crime. He said: "I am especially sorry for Mrs. McKinley." He reiterated his former statement that he had no accomplices and declared that he never heard of the man under arrest in St. Louis who claimed to have tied the handkerchief. He says the handkerchief was not tied. He went behind the Temple of Music arranged the handkerchief so as to hold the weapon and then took his place in the crowd.

DIGESTION WITHOUT A STOMACH.

The fact that people live and digest food after the stomach has been removed proves that the important part of digestion takes place in the intestines. Hence it comes that Dr. Chase's Kidney-Liver Pills are so wonderfully successful in curing chronic indigestion and dyspepsia. They act directly on the kidney, liver and intestines, making them healthy, active, and vigorous and so insure perfect digestion and prompt removal of poisonous waste matter.

MARITIME PROVINCE NOTES.

Miss Edith Johnston, of Paradise Row, St. John, daughter of Mr. John Johnston, the contracting painter and decorator, will be wedded to Mr. Thos. Wran, of Campbellton, druggist, on Oct. 9th, in St. Stephen's Presbyterian church. Mr. Wran is an old St. John boy, being at one time head clerk for C. K. Short, Garden street.

About a month ago a number of St. John men arrived here to work on the sewerage. They were tough looking chaps, and turned out to be as tough as they looked. When pay day came they quit work and started in to enjoy themselves, one of them saying that if ever Chatham's lockup was full they would fill it. He was right, for one day last week each of the seven cells in the jug held a St. John man. A couple of them had money enough to pay their fines, but the others had nothing, not even a corkscrew, so Judge Connor gave them two hours to leave the town. They went.—Chatham Commercial.

HALIFAX, Sept. 26.—Some of the fishermen quarantined at Lawlor's Island were complaining strongly against their detention there and some of them were overheard talking of taking some dories and running off the island. They, however, thought better of the proposal, being told that they would be caught and have quarantine under less favorable conditions. The yellow flag was displayed today from a house on Lockman street, in which smallpox was reported yesterday. There are two cases there now. They will be removed to the infectious diseases hospital as soon as arrangements for their reception are completed. The city doctors have been kept busy to-day vaccinating citizens. A case has been discovered at the Victoria general hospital, and as a result the institution has been closed to visitors and incoming patients.

Mr. John McAllister, grocer at Newcastle, has made an assignment to the sheriff of Northumberland county. His liabilities are about \$650 and assets about \$250.

DIGBY, Sept. 26.—The little village of Victoria Beach, which is now well known as the terminal of the New Victoria Beach and Middleton Railway, experienced a big fire early yesterday morning. The fire started in Mrs. Hettie Ellis's house and is supposed to have been caused by a defective flue. Before the flames could be subdued, 10 buildings were destroyed, most of which were fish houses, the only dwelling being the Ellis homestead.

The loss is heavy, and there is no insurance. Only a few chairs and a bed were saved. A sick woman narrowly escaped being burned to death. The big fire, driven by the high wind, was seen for many miles on both sides of Digby Gut. Great sympathy is felt at Digby for those who have lost buildings in the conflagration.

A shooting accident took place at Brighton Saturday night, when John Gibson accidentally shot his brother Andrew. The young men were after woodcock when the accident occurred. Andrew's face and arm are well filled with shot, but it is thought that the young man will recover.

Chatham Advance: Guy Tait, a lad about 13 years old, son of Mr. W. G. Tait, who lives on Cunard street, was unharnessing the Chatham Steam Laundry horse on Tuesday evening at the barn where it is kept, on the premises occupied by Mr. W. J. Smith. There were with him at the time, his brothers, Elmer aged ten and Burton, still younger; also Howard Luke, a lad of about 12. They had a lantern, which was about to go out from lack of oil and they undertook to replenish it from a tin measure of "oil" pouring it from the measure through a funnel into the oil holder of the lantern, the wick of which was still burning. All at once there was a great flash and blaze which set Elmer Tait's clothing on fire. His brother, Guy, endeavored to extinguish the flames, but they seemed to burn the harder and before they had burned themselves out, the poor lad was so badly injured that he lingered in great suffering until one o'clock a. m., Wednesday, when he died. He had every possible attention from Doctors Ritchie, Richard and McDonald, but was beyond their skill. There is little doubt that what the lads were using as oil was gasoline, a barrel of which was kept in the stable on tap—an extraordinary place and condition in which to have such a dangerous fluid.

DONCHESTER, Sept. 27.—The residence of Mr. Albert Cook was the scene of a very happy event on September 18th, when his youngest daughter, Mary Etta, was wedded to Mr. Walter E. Cole, of the same place. The nuptial knot was tied by the Rev. Wm. Harrison. The bride

looked charming robed in white muslin trimmed with lace and satin ribbon, and carried a bouquet of white astors. She also wore a handsome gold bracelet a wedding gift of the groom. The bridesmaid, Miss Mabel Cole, was very prettily attired in white organdie trimmed with pink ribbon, and carried a bouquet of flowers. The groomsmen were Mr. Percy Buck, of Harford, Conn., cousin of the bride. The little flower girls were Misses Lilly Ward and Ludella Maxwell, nieces of the bride. A large number of relatives and friends witnessed the ceremony. After the service and general congratulations were over, a bountiful lunch was served. The bride received many handsome and costly presents.

The marriage of Mr. John Weldon, of Sackville, and Miss E. May Brownell, daughter of Mr. Wilson W. Brownell, of Dorchester, took place at the residence of the bride's father on Wednesday evening. The ceremony was performed by Rev. Wm. Harrison. The bride received a large number of presents. About 9 o'clock the bridal party left for Sackville by carriage.

While returning to his place of business in St. Stephen on Tuesday evening seated behind his speedy mare Maud K., John Keyes was run into by James McCrossen, who was driving his fast horse. Mr. McCrossen and his daughter were thrown violently to the ground, escaping with only a severe shaking up, and Mr. Keyes, who was sent skyward by the shock, had his back somewhat injured. Both rigs were completely wrecked by the collision.

The sixty-ninth annual session of the Free Baptist General Conference of New Brunswick will convene in the Free Baptist church at Marysville, York County, on Saturday 5th of October.

One of the crew of the barque Velona, at Newcastle, Miramichi, fell from the royal yard on Thursday and was instantly killed. Deceased belonged to Liverpool.

The Acadian Orchardist, Wolfville, N. S., says: Rev. E. N. Archibald has sold his residence and fruit farm on Highland avenue to Mr. Peck, of Albert county, N. B.

J. Darrell Jago, Fredericton, has disposed of his farm, the Estey farm, to Mr. Henderson, who recently came from England, for about \$3,000. Mr. Jago has bought from C. H. Thomas the latter's farm at Doak Settlement, paying about \$2,000.

Elwood Wallace, arrested at Moncton in connection with the murder of Poirier at Glace Bay, was released on Thursday on receipt of a telegram from Crown Prosecutor Herne that there was no evidence to cruse his detention any longer.

C. H. Clarke, St. Stephen, has sold his wholesale grocery business to W. C. Purvis, of St. John. The business will be conducted under the name of Purvis & Graham. It is understood that all the old employes will be retained.

The Charlottetown Guardian Thursday morning says: About dusk last evening a small schooner, probably a fishing boat, was seen trying to beat into Malpeque harbor. The sea was rough at the time, with a north-west wind blowing, and four men were seen to be on board. In course of time the vessel was seen to sink, and it is feared that all on board are lost. The spars of the vessel can be seen above the water near the entrance to the harbor. At the time when our correspondent telephoned the news, last evening about eight o'clock, nothing further was known, but it is surmised the boat and men might belong to Caracquet, N. B.

CHATHAM, N. B., Sept. 27.—One of the crew of the barque Velona, now being loaded by Ritchie at Newcastle fell from the royal yard yesterday afternoon and was instantly killed. The inquest is now going on. Deceased belonged to Liverpool.

MONCTON, Sept. 27.—The annual meeting of the directors of the I. C. R. Insurance association was held in the I. C. R. paint shop on Wednesday night, to elect officers and choose delegates to attend the annual meeting on Oct. 9. The following officers were elected by acclamation: Secretary, F. B. Wood; executive committee, Miles Wilson, A. F. Tait, F. Dickson, R. J. Kelly; delegates, Isaiah Steves, Thos. Sands. The secretary stated at the meeting there were 620 sick orders issued from Oct. 1st last to date, and from three to twenty-six weeks' benefits paid, and ten received the full 26 weeks. There were 71 in the temporary feature who had been injured, receiving benefits from one to thirteen weeks.
