### SO GOES THE WORLD.

Laugh and the world laughs with you; Weep, and you weep alone, For this brave old earth must borrow its mirth; It has trouble enough of its own. Sing, and the hills will answer; Sigh, it is lost on the air; The echoes bound to a joyful sound, But shrink from a voicing care. Re-joice, and men will seek you; Grieve, and they will turn and go; They want full measure of all your pleasure. But they do not want your woe. Be glad, and your friends are many; Be sad, and you lose them all; There are none to decline your nectared wine, But alone you must drink life's gall. Feast, and your halls are crowded; Fast, and the world goes by; Succeed and give, and it helps you live, But no man can help you die. There is room in the halls of pleasure For a long and lordly train; But one by one we must all file on Through the narrow aisles of pain.

## MARITIME PROVINCE NOTES.

The St. John Telegraph says:—"Partridge are reported very scarce at Digby and throughout Digby and Annapolis counties, N. S. They are said to be quite plentiful through Shelburne, Queens, Kings and other counties to the eastward. As the sale of New Brunswick partridge is at present forbidden the only way to get them is to import them and if Digby had an abundance she might do a good business with them in this direction. DORCHESTER, N. B., Nov. 7.—Tuttle Allen, prisoner confined in Dorchester jail, escaped this afternoon and is still at large.

While Fred, the son of Jailer Bowes, was entering the corridor with prisoner's supper, the prisoner tried to pass him. Bowes grappled with him, but another prisoner named Jim Allen also tried to pass. Bowes grappled with the last mentioned, who has the longest term to serve, and held him, but young Allen got away. He passed through the house and took the road towards Sackville.

He has neither hat nor coat with him. He was serving a term of 80 days for Scott act fines. Allen is well known around here, having served a term in the Maritime penitentiary.

Jim Allen, who was caught before leaving the jail, is serving a sentence of eight months for violation of the Scott act. He is a big man and much credit is due Mr. Bowes, who successfully foiled his attempt to escape.

## THE ONTARIO PROVINCIAL WINTER FAIR—THE MARITIME PROVINCIAL WINTER FAIR.

The Ontario Provincial Winter Fair was for many years conducted by the Agricultural and Arts Association. In 1892 the Provincial Live Stock Association took a controlling interest in this important exhibition. The results have been most gratifying. In 1891 there were 91 entries in all classes; \$102 were received as entry fees, and \$86 as gate receipts. A total of \$188 was therefore received, and there was \$325 paid in premiums. Under the supervision of the Associations there has been a steady growth until in 1898 there were over 800 entries, over \$1,000 gate and entry receipts. The amount paid in prizes was \$4,500. In 1899, there was over \$5,500 paid in prizes. In 1900, there was over 3,000 entries and over \$7,000 was paid in prizes, and 11,600 persons visited the show. In 1898 9 block tests and lectures by the judges in the rings were introduced, and have since been continued and have proven of great value. It is safe to say that this is now the most important Show, from an educational standpoint, held in any part of the world. The Dairy Department is also most complete and valuable, in fact, it is the most valuable and instructive show of dairy cattle held anywhere. In connection with the Show, poultry exhibits and experiments have been introduced which are proving of great value to the country.

The judges after making awards are requested to deliver addresses and explain why they placed the awards as they did. They are most carefully chosen and are men of wide experience who fully understand the requirements of the home and foreign markets. After the animals are judged alive, each one entered for the block test is sent into the slaughtering room where it is killed and dressed; being first privately marked by the director in charge of the ring. Other judges, also experts, now judge the carcasses and again address the audience and explain their awards and outline the requirements of the various markets and of the consumers.

A building costing over \$20,000 has been erected and equipped in Guelph for the purpose of holding the Show. Lecture rooms capable of seating 600 persons are provided. Last year these were not large enough, and an overflow meeting was held. The success of this exhibition proves that it is not necessary to provide questionable entertainments in order to draw a large, intelligent and appreciative audience.

Last winter a deputation of 60 persons from the Maritime Provinces visited this exhibition. The result is the Government of each of the Eastern Provinces has decided to co-operate with the Maritime Stock Breeders' Association and establish a Winter Show at Amherst, N. S. This point was chosen because it was central and of easy access from each Province.

The Ontario Provincial Winter Fair will this year be held in Guelph, December 10th to 13th inclusive. It is held under the auspices of the Dominion Cattle Breeders' Association, the Dominion Sheep Breeder's Association, the Dominion Swine Breeders' Association, and a committee from the City of Guelph. The exhibit of cattle, sheep, swine and poultry, alive and dead, will this year eclipse any previous exhibit.

The following is the first draft of the programme for lecture room.

- 1.—All animals to be judged from a feeders' and consumers' standpoint.
- 2.—Fancy points or breed points are not to be considered in judging or lecturing.

As usual there will be a cramming machine on exhibition, also crates of birds which will be fed from the machine twice each day during the Fair.

The following experts will be present: Mr. F. C. Hare, Superintendent of the Dominion Patterning stations; Mr. A. G. Gilbert, Manager of the Poultry Department of the Central Experimental Farm, Ottawa; Mr. W. R. Graham, Manager of the Poultry Department of the Ontario Agricultural College, Guelph.

**Deafness is Curable!** Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear, but results probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhazone are reported, and on the highest authority we recommend this treatment to our readers. Catarrhazone quickly restores lost hearing, and its efficiency is placed beyond dispute by the case of Mr. Foxall of St. Thomas, who recovered perfect hearing by using Catarrhazone, after years of deafness. Price \$1. At R. O'Leary's General Store, Richibucto, or Polson & Co., Kingston, Ont.

## HONOR CONFERRED ON DUKE OF CORNWALL.

NEW YORK, Nov. 9.—Commenting upon the announcement that King Edward has conferred the title of Prince of Wales and Chester upon the Duke of Cornwall and York, the Tribune's London correspondent says, "King Edward appears to have the happy knack of doing the right thing at the right moment, and his action in conferring the title on the Duke meets with a chorus of approval. The Duke richly deserved the honor. It is a reward for the skilful manner in which he accomplished his difficult mission to the British Dominions beyond the seas. When the Duke and Duchess returned from their seven months' tour, it was stated in these despatches that many days would not elapse before the heir apparent would be created Prince of Wales, and the only reason why announcement was not officially published a week ago, was because the King wished it to be made known on his birthday."

## THE NEW DESIGNS SENT FREE TO ANY ADDRESS.

The manufacturers of the popular Diamond Dye Mat and Rug Patterns are filling orders daily from all sections of Canada and the United States. The pretty designs are attracting the attention of all women who are interested in the making up of household mats and rugs. Each pattern is brought out in full, rich colors on the best imported Scotch Hessian, ready for hooking. Scores of pretty creations made from the Diamond Dye Mat and Rug Patterns were exhibited at the autumn fairs and attracted much attention. The Wells & Richardson Co., Limited, 200 Mountain St., Montreal, P. Q., will send postpaid to any address sheets of new designs to enable ladies to make proper selections.

TORONTO, Nov. 8.—Joseph Larkin clerk in the express department of the custom house, charged with stealing a bag containing \$586 in gold from the office safe, was to-day committed for trial at the next assizes.

TORONTO, Nov. 8.—A special from Woodbridge says that T. F. Wallace, brother of the late Hon. N. Clarke Wallace, will be nominated at the West York Conservative convention to-morrow. Many Conservatives were anxious that Capt. Tom Wallace, son of the late member, should contest the constituency, but Capt. Wallace has decided to forego his claims to nomination.

MONTREAL, Nov. 8.—The Star's special cable from London, says: "Enquiry at the war office to-day regarding Canada's offer of mounted infantry made last May, elicited the reply that the imperial government had taken no steps as yet to avail themselves of the offer which is still regarded as open. The war office would have to receive the sanction of the cabinet before accepting the offer."

Col. Dent has received a cable from the imperial government instructing him to ship all horses purchased in Canada from a Canadian port. In consequence, the shipment arranged to be sent from Portland, Maine, will be sent from St. John, N. B.

BROCKVILLE, Nov. 8.—Anthrax has broken out here in the herd of Davidson Bros. The Dominion government is taking prompt measures to prevent its spread. Fifteen years ago twenty cows died of the same disease on this farm, and the bodies were buried on the marshy ground in which the cattle were recently found.

### TOO GREAT A RISK.

It is dangerous to neglect a simple case of itching piles as the trouble is likely to become chronic and develop into fatal incurable fistula or cancer of the rectum. A single application of Dr. Chase's Ointment will quickly relieve the itching and burning sensation, and a few boxes will cure any case of piles. This standard ointment has probably relieved more suffering than any preparation you can mention.

## ROYALTY DRINK

# RED ROSE TEA!

The Tea used by the Duke and Duchess of Cornwall and York during their stay in St. John was RED ROSE—the gold label. All grades of Red Rose have the same distinguishing characteristics, and whether it is the gold label or any other, it is good Tea—better than other Teas at the same price. Are you drinking Red Rose Tea?
